SUBJECT:- Compassionate Reversion to UK.

List "B"(British)

Further to this HQ letter 47A2 dated 6 Sep 45.

1. Increasing numbers of applications for compassionate reversion to the UK on "one-man" or other business grounds are now being received at this HQ.

2. In a large proportion of the cases received, it is found necessary to refer back to the formation or unit concerned for further information regarding the business before it is possible for CMF to give a decision in the matter.

3. In order, therefore, to avoid delay and unnecessary correspondence, please ensure that in future all applications submitted on business grounds state, if and where applicable:-

(a) The exact nature of the business.

(b) The date when the business was established.

(c) Who owns the business, including details of all the partners or directors.

(d) Whether it is intended that the business shall pass to the applicant as sole proprietor on his father's or mother's retirement.

(e) The applicant's date of enlistment, his previous connection with the business and whether engaged in the business up to the time of enlistment.

3. In order, therefore, to avoid delay and unnecessary correspondence, please ensure that in future all applications submitted on business grounds state, if and where applicable:-

(a) The exact nature of the business.

(b) The date when the business was established.

(c) Who owns the business, including details of all the partners or directors.

(d) Whether it is intended that the business shall pass to the applicant as sole proprietor on his father's or mother's retirement.

(e) The applicant's date of enlistment, his previous connection with the business and whether engaged in the business up to the time of enlistment.

(f) The number of employees in the business.

(g) Whether any of the present employees are fit to assume management.

(h) Whether there is any likelihood of obtaining a manager elsewhere.

3697

(i) Whether there are any other relatives, and, if so, why none of them is able to assist.

(j) How the business has been carried on up to the present.

(k) Why the business cannot continue to function under the present arrangements.

4. In connection with para. 3(c) of the above-quoted letter, it should be noted that if applications are re-submitted to GHQ CMF for consideration, the information called for above must always be given together with up-to-date medical or other necessary supporting evidence.

/Contd...

Declassified E.O. 12356 Section 3.3/NND No. 787920

5. Finally, it is strongly emphasised that applications for reversion to re-open businesses which have been closed for a considerable period of time will not be granted and that applications can only succeed where it is clearly established that the reversion of the applicant is essential for the continued existence of a business which is at present a "going concern".

Further to this H[illegible]s letter Camp/11/24 dated 4th/Oct/45, and in reference to your Signal AC 5488 of the 26th/Oct/45.

The Pay Corporal concerned in the payment of £2000 to the above named on the 25th/Aug/45 has been interviewed and while recalling the above payment, cannot state definate as to the currency paid. As it is possible that Metropolitan lire was paid on account of Civilian employees being paid from the same office, the practice is unusual.

1. Attached at Appendix 'A' is shown the composition of party which will proceed to the UK on LIAP 28 via "MEDLOC B".

2. Personnel will assemble outside the RTO's office, Rome Termini Station at 2300 hrs on 21 and 22 Oct 45 for onward routing to Milan. The RTO will detail the senior officer or NCO to take charge of the party as far as Milan.

3. Representatives will bring with them a certificate signed by the OC Unit stating that these documents are for personnel proceeding on LIAP 28. Appropriate serial numbers, as per reverse, will be shown. Numbers of officers and other ranks will be shown separately.

SUBJECT:- Compassionate Reversion to the United Kingdom.

DISTRIBUTION:- List "B" (British).

1. Certain difficulties are being experienced at AFHQ and by formations and units in cases where reversion to UK on compassionate grounds is authorised and the applicant is already in UK on LIAP. It is desired to clarify the procedure to be adopted in such cases.

2. On receipt of an authority for reversion in respect of personnel already on LIAP the formation or unit concerned will immediately notify AFHQ by signal of the fact, stating the date of despatch on LIAP, the LIAP serial number and the home address in the UK if known. AFHQ will authorise retention in the UK by the Home Authorities, and no further action is required by the formation or unit in this respect. The original authority will be cancelled and the authority for reversion will be the notification from AFHQ to the Home Authorities to retain the applicant in the UK. A copy of such notification, together with cancellation of the original authority, will in all cases be sent by AFHQ to the formation or unit concerned and will be quoted in the appropriate casualties rendered to CMQ 2nd Echelon, CMF.

3. A similar procedure will be adopted in cases where notification has been sent by AFHQ to the Home Authorities to retain personnel in the UK and the Home Authorities are unable to act in time to prevent such personnel returning to this theatre on LIAP. The formation or unit concerned will immediately notify AFHQ of the position by signal, and a further authority for reversion will be issued and the previous authority cancelled. No other action is required by formations or units and personnel must not be detained in UK until after receipt of the fresh authority.

2. On receipt of an authority for reversion in respect of personnel already on LLAP the formation or unit concerned will immediately notify AFHQ by signal of the fact, stating the date of despatch on LLAP, the LLAP serial number and the home address in the UK if known. AFHQ will authorise retention in the UK by the Home Authorities, and no further action is required by the formation or unit in this respect. The original authority will be cancelled and the authority for reversion will be the notification from AFHQ to the Home Authorities to retain the applicant in the UK. A copy of such notification, together with cancellation of the original authority, will in all cases be sent by AFHQ to the formation or unit concerned and will be quoted in the appropriate casualties rendered to GHQ 2nd Echelon, CMF.

3. A similar procedure will be adopted in cases where notification has been sent by AFHQ to the Home Authorities to retain personnel in the UK and the Home Authorities are unable to act in time to prevent such personnel returning to this theatre on LLAP. The formation or unit concerned will immediately notify AFHQ of the position by signal, and a further authority for reversion will be issued and the previous authority cancelled. No other action is required by formations or units and personnel must not be detained to UK until after receipt of the fresh authority.

4. In certain cases it may be decided that LLAP is sufficient to enable the private affairs on which the original reversion to UK was authorised to be dealt with satisfactorily. In these cases the formation or unit concerned will be notified by AFHQ of the cancellation of the original authority and the reason for such cancellation.

5. Many applications are being received at AFHQ for compassionate reversion to UK where it is not stated that the applicant has already visited UK on MILD, or is at the time of the application on LLAP or by virtue of his position on his unit roster is due for LLAP in the immediate future. As this fact may have a very material bearing on the merits of a case, care will be taken in future to ensure that this information is clearly stated in the application. In this connection attention is drawn to paragraph 25 of the Appendix to GRO 165 or 1945.

Subject:- LIAP - Ineligibility Age/Service Groups

List "E" (Br)

From time to time notification is made that personnel in certain age/service groups are ineligible to proceed on LIAP. Invariably warning is given a week or ten days before this becomes effective so that it is possible for units to send certain personnel who are in the age/service groups specified prior to the date of ineligibility.

It is pointed out, however, that length of service overseas is the governing factor when selecting personnel to proceed on LIAP and in all units a priority roster should already be in existence from which personnel are selected in rotation.

Personnel due to proceed on LIAP in accordance with the unit roster who are in an age/service group declared ineligible may be sent prior to the effective date of ineligibility, but personnel must not be brought forward out of turn on their unit roster in order that they proceed on LIAP before becoming ineligible.

1. More information has now been received about entry into the Channel Islands.

(a) Leave to all the Islands except ALDERNEY is open but is limited by the availibility of transport and the requirements of returning civilian evacuees to 180 per week for the whole Army, out of which this theatre has been allotted 15.

(b) All applicants having homes or close relatives on the Islands are graded A, B or C by the War Office according to urgency, those graded C being those whose ground is long separation without other aggravating factors.

(c) Men on LIAP are treated on their merits, but their leave only begins to run on arrival in the Islands.

(d) Men reverted to the UK on compassionate grounds and PYTHON do not count against the theatre quota. Disembarkation leave is extended where necessary.

(e) Leave to ALDERNEY is not open yet as there is no life on the Island except small military HQ and Port Office.

2. Owing to the quota established by the War Office and the undesirability of allowing a large backlog to accumulate in the UK it is necessary to fix a LIAP quota within this theatre. For the month of October Home Area Allied Command has been allotted 3 vacancies.

MS/7208 Cpl. C.C.R. CARTER, QUEENS R.R., M.M.I.A., C.M.F.

Dear Sirs,

I hereby submit this my application in respect of the above named, my husband; the following are the reasons for his being posted from C.M.F. to EGYPT, on COMPASSIONATE GROUNDS.

1. The a/m N.C.O. has been wounded in the front in ITALY, on January, 1944, when serving with the Black Cats, and is now still suffering from Neuralgia, owing to his being wounded seriously when in action. He is at present employed as a clerk, serving under the command of M.M.I.A., C.M.F.

2. On July 1944, we celebrated our wedding, after being engaged since 1940, when he passed through Egypt on the reorganisation of his Division; but he moved again suddenly for Italy, during the same month. In 1942 he joined H.B.M. Forces, and after a training in the I.T.D. he has ever since been serving in C.M.F., since January 1943, with the exception of the short period when his division passed through EGYPT for reorganisation.

3. My personal state of health is growing weaker and weaker rapidly, and I am suffering from neurosity as per attached certificates provided by my private Doctors Messrs GAMIS and COSTALIAS, will show you. Moreover, I shall be glad if authority may be given through HQ 16 Area for a Military Doctor from Mustapha Barracks, to examine me and give you further details about my health. This I am sure will support the reports of my Private Doctors and the grounds of my application for my husband's posting on Compassionate grounds.

4. Hoping that my application will meet your kind approval and consideration, and that I shall soon be knowing about your decision,

I am,

Yours faithfully,

Personnal Address:(Permanent).

Moreover, I shall be glad if authority may be given through HQ 16 Area for a Military Doctor from Mustapha Barracks, to examine me and give you further details about my health. SUBJECT:- MEDLOC Personnel for UK.

Distribution:- List "B" (British).

1. Modifications to Routes.

With effect from 1 Oct 45 there will be certain alterations in MEDLOC routes, as follows:-

(a) "C" Route (Road) is closed;
(b) Fourth train on "B" route running;
(c) "A" route remains unchanged;
(d) Air lift from NAPLES and BARI. No flying from FOGGIA.

2. Medloc "B" Route.

The fourth train on "B" route will increase the flow through MILAN Camp, and it is therefore essential that personnel do NOT arrive at these Camps before they are ordered to report. This date should be as late as possible so as to minimise the numbers in Camps. Up to date there have been some cases of personnel being called forward unnecessarily early and many cases of personnel reporting some days prior to that ordered. This latter failing seems to be more prevalent among officers.

3. All authorities responsible for the calling forward or despatch of personnel will take the necessary steps to prevent this in future.

4. Medloc Air Lift.

Although the Air Lift in October is likely to be decreased slightly from that carried in September, the problem is likely to be aggrevated by the weather and consequent fewer flying days. All personnel for Air Lift will accordingly be warned before leaving units that the length of their stay in the Transit Camp is dependent on the weather and cannot be forecast. 2. Medloc "B" Route.

The fourth train on "B" route will increase the flow through MILAN Camp, and it is therefore essential that personnel do NOT arrive at these Camps before they are ordered to report. This date should be as late as possible so as to minimise the numbers in Camps. 4. Medloc Air Lift.

Although the Air Lift in October is likely to be decreased slightly from that carried in September, the problem is likely to be aggravated by the weather and consequent fewer flying days. All personnel for Air Lift will accordingly be warned before leaving units that the length of their stay in the Transit Camp is dependent on the weather and cannot be forecast. In view of this it has been decided that Release Personnel who are to travel by Air will be called forward one week before those travelling by train. In this way a man stands a chance of arriving in the UK one week early, on time, or one week less, which is considered to give him a sporting chance of gain over loss. This will be explained to all ranks.

3562

5. Python.

PYTHON personnel of the December Group will be called forward to BARI Transit Camps for despatch to the UK as a second priority to calling forward the release and leave personnel. However, should they arrive in a camp ahead of release or leave personnel they will be despatched by air at the discretion of the Camp Commandant in their turn of arrival.

6. Routing.

Until further orders the following routes will serve this command:-

(a) Air from NAPLES - Some release and Leave personnel;
(b) Medloc "A" - Some Release and Leave personnel;
(c) Air from BARI - December PYTHON;
(d) Medloc "B" - Majority of Release and Leave (less December PYTHON).

Declassified E.O. 12356 Section 3.3/NND No. 783020

7. ATS and other women's service personnel will travel by MEDLOC "B" as soon as suitable arrangements are made. Further details will be issued in due course, but owing to change in arrangements there will be a period at the beginning of October when it will not be possible to send any in this category.

8. Civilians, male and female, will continue to travel on Courier Air Service, when sea transport is not available.

2. Personnel will assemble outside the RTO's office, ROAD TERMINI Station, at 2300 hrs on the days stated, for onward routing to MILAN. The RTO will detail the Senior Officer or NCO to take charge of the party as far as MILAN, except where one unit comprises a complete party in which case the unit will be responsible for detailing the officer or NCO IC.

3. Attention is directed to "Instructions for Documentation - MEDLOC" forwarded under cover of this HQ Letter 51A dated 21 Jul 45, "Provisional Administrative Instructions" forwarded on 27 Jul 45, and this HQ letters 51A dated 31 Aug 45, and 22A2/POL dated 3 Sep 45.

All units concerned will send an officer representative to G.1 (British) this HQ (Room 51, 1st floor) between the hours of 0930 and 1400 only on Tuesday and Thursday, 18th and 20th Sep 45, for the purpose of collecting necessary documents. Representatives will bring with them a certificate signed by OC unit stating that these documents are for personnel proceeding on LLAP 24. Appropriate serial number, as per reverse, will be quoted. Numbers of officers and other ranks will be shown separately.

5. All personnel will leave units with two blankets which will be retained until arrival at Channel Ports where they will be handed in and AF A 1157 adjusted accordingly. Blankets will be re-issued at Channel Ports to returning leave personnel.

6. Units will ensure that all ranks will carry water bottles.

3. Attention is directed to "Instructions for Documentation - NEDLOC" forwarded under cover of this HQ letter 51A dated 21 Jul 45, "Provisional Administrative Instructions" forwarded on 27 Jul 45, and this HQ letters 51A dated 31 Aug 45, and 22A2/POL dated 3 Sep 45.

6. Units will ensure that all ranks will carry water bottles.

7. It is regretted that some units have not received the full number of vacancies for which application was made, but the allocation made to this HQ for LEAP 24 is very much less than the total number of bids received. It has therefore been necessary in most cases to exclude units who received allocations on LEAP 23, and in others to allot only a proportion of the bid made.

8. It will be appreciated if units will be content to abide by the figures allotted to them in Appendix "A", and to avoid, if possible, making requests or raising queries by telephone except in cases of extreme urgency.

In view of the smallness of the allocation units will only permit those with the closest ties to proceed on leave there. It is not proposed to set up quotas, but in the event of a backlog being created this authority will be suspended by signal until such time as it is cleared.

6. The importance of all personnel being properly documentated in accordance with the LIAP instructions is again emphasised. It has been particularly requested that all ranks carry water-bottles.

This HQ letter A 281 dated May 45 is cancelled and will be substituted by the following with reference to G.R.O. 974/45.

1. LOCAL LEAVE (i.e. leave in ITALY) will normally be for 6 days, not more frequently than once in six months. In special circumstances the length and frequency of this leave may be extended.

2. In view of the spirit underlying G.R.O. 974/45 viz. That the 15 days leave is NOT a right but a privilege, which will be given ONLY in special circumstances, with due consideration to the following:-

(c) The generous weekly time-off allowed.

Local Leave may be granted as follows:-

Distribution "B" British

1. LEAP 24 is expected to depart from ROAR on date or dates not yet advised, between 21 and 27 September.

2. Addressees are invited to make firm bids IN WRITING for vacancies, to reach G.1 (British) this HQ by 1200 hours on 16 September 45. Allocation of vacancies is dependent on the final allotment made to this HQ, but priority will be given to those units not receiving vacancies on the last air LEAP.

3. It is again requested that units abide by their original bids and vacancies required. It is becoming increasingly difficult to deal with the numerous last minute requests either for additional vacancies or surrenders. Telephone calls on matters affecting LEAP should not be made except in cases of extreme urgency.

Comp. Commandant (IIAF).

Reference your Comd 12 of 31 Aug, and further to para 3 of my ST/25 of 27 Aug 45.

1. Para 1 of your s/m letter is not altogether correct: because Cpl Goodwin is 70th on the IIAF list, it does not necessarily follow that he will not be due at the end of October.

2. Information in this area is that men with 2.1/2 years or more overseas service will be on IIAF by end of Sep. Cpl Goodwin's estimate of his due does not therefore appear to have been unreasonable.

3. Will you please inform me of the date he will proceed, in ordinary circumstances. He has already asked his Padre to initiate proceedings in U.K. for earlier IIAF.

4. Will you please inform ADST that he was discharged from 22 Gen Hospital to-day. Discharge certificate is enclosed.

Reference you letter SF/25 dated 27 Aug 1945, Cpl Goodwin will not be due for LIAP at the end of Oct., as he approximately 70th on the LIAP list.

Due to the fact that to bring Cpl Goodwins leave forward, entails inserting him in somebody elses place, who is also anxious to return home, it will be therefore neccessary for him to obtain a Doctor's certificate, stating that his presence at home is desirable, or even neccessary.

If Cpl Goodwins place in the roll, had not been so far back, the difference of a few days would have made very little difference, and he could have been brought forward without causing any discontent. You will appreciate, that if we permit personnel to proceed on LIAP before their normal time purely on the information as rendered in your above quoted letter, it would naturally follow, that the privilege would be abused.

1. Cpl Goodwin has heard from his brother that his mother, Mrs. A. GOODWIN, of 8 Grove Street, Leek, Staffs, is suffering from suspected paralysis of the side. The only help in the house is her husband.

2. Cpl Goodwin tells me that he is due for LIAP about the end of October.

3. In view of his mother's illness, he is anxious to get home as soon as possible to give his help in the home.

4. May his LIAP please be accelerated on above grounds?

Ref your correspondence with Camp Commandant

1. The LIAP roster of this HQ, compiled in strict order of embarkation ex U.K. is at present headed by personnel who embarked in Jan 43. This means that those men who are due for leave have had 2years 8 months overseas service, and that according to the present rate Cpl Goodwin will not be due for LIAP until approximately November.

2. If, however, you consider that Cpl. Goodwin has a good claim for advanced LIAP on compassionat grounds, will please forward particulars, together with any supporting evidence for consideration by Colonel "A".

3. If you are able to obtain a vacancy for Cpl. Goodwin from your local HQ which will mean that he can proceed to U.K. earlier than he would on the M.M.I.A. roster then there would be no objection from this H.Q.
