THIS FORM WILL ONLY BE USED FOR CONSOLIDATED DEMANDS. PLAIN PAPER
WILL BE USED FOR DEMANDING ONLY A FEW ITEMS.

1. This form will be completed and sent to the appropriate Stationery Depot at least a week before the items demanded are required for use.
2. Army Forms and Books will be listed in numerical (not alphabetical) order. One line is enough for each item.
3. Commanding Officers are required to keep quantities as low as is compatible with efficiency, and to check any excessive consumption.
4. Supplementary indents will if possible be avoided. Commanding officers will ensure that all the items required are included in their regular periodical indents. If a supplementary indent is unavoidable, it will, if small, be submitted as a letter, if many items are required this form will be used.
5. Army Forms, Books and Stationery are costly. The need or the strictest economy in their use must therefore be brought home to all ranks. No attempt must be made to hold a large stock.
6. Attention is drawn to King's Regulations, 1935, para. 1633, under which all "nil" returns will be made on plain paper and not on printed forms.
7. Where several copies of an Army Form have to be made out, it is often possible to make some of them on plain paper. Where the number of entries to be made on a large and expensive Army Form is small, a saving can sometimes be effected by using plain paper even for the original, and putting "In lieu of A.F. so-and-so" in the top right-hand corner.
8. Wooden packing cases sent by Stationery Depots to Units must be returned, with their lids, as soon as possible. Failure to return cases promptly is likely to delay the despatch of the next consignment demanded.
9. Only H.Qs. of formations and units will submit indents.
10. Office Machinery and Publications will NOT be demanded on this form.

NOTES AND INSTRUCTIONS.

1. This form will be completed, and despatched in time to reach the appropriate Stationery Depot at least a week *before* the items demanded are required for use.
2. Army Forms and Books will be listed in numerical (not alphabetical) order. One line is enough for each item.
3. Commanding Officers are required to keep quantities as low as is compatible with efficiency, and to check any excessive consumption.
4. Supplementary indents will, if possible, be avoided. Commanding Officers are expected to ensure that *all* the items required are included in their regular periodical indents. If a supplementary indent is unavoidable, it will, if small, be submitted as a letter; if many items are required, this form will be used.
5. Indents will be met so far as Stationery Depot stocks permit. Items of which no issue can be made forthwith will be demanded on the next indent if still required.
6. Army Forms and Books and stationery are costly, and supplies may be small and irregular. The need for the greatest economy in their use must, therefore, be brought home to all ranks. No attempt must be made to hold a large stock.
7. Attention is drawn to King's Regulations, 1935, para. 1633, under which all "Nil" returns will be made on plain paper and NOT on printed forms.
8. Where several copies of an Army Form have to be made out, it is often possible to make some of them on plain paper. Where the number of entries to be made on a large and expensive Army Form is small, a saving can sometimes be effected by using plain paper even for the original, and putting "In lieu of A.F. so-and-so" in the top right hand corner.
9. Wooden packing cases sent by Stationery Depots to units must be returned, with their lids, through Sal. age.

OFFICER Commanding,

STATIONERY DEPOT,

No. 21.

FOLD HERE.

NOTES AND INSTRUCTIONS.

1. This form will be completed, and despatched in time to reach the appropriate Stationery Depot at least a week before the items demanded are required for use.
2. Army Forms and Books will be listed in numerical (not alphabetical) order. One line is enough for each item.
3. Commanding Officers are required to keep quantities as low as is compatible with efficiency, and to check any excessive consumption.
4. Supplementary indents will, if possible, be avoided. Commanding Officers are expected to ensure that all the items required are included in their regular periodical indents. If a supplementary indent is unavoidable, it will, if small, be submitted as a letter; if many items are required, this form will be used.
5. Indents will be met so far as Stationery Depot stocks permit. Items of which no issue can be made forthwith will be demanded on the next indent if still required.
6. Army Forms and Books and stationery are costly, and supplies may be small and irregular. The need for the greatest economy in their use must, therefore, be brought home to all ranks. No attempt must be made to hold a large stock.
7. Attention is drawn to King's Regulations, 1935, para. 1633, under which all "Nil" returns will be made on plain paper and NOT on printed forms.
8. Where several copies of an Army Form have to be made out, it is often possible to make some of them on plain paper. Where the number of entries to be made on a large and expensive Army Form is small, a saving can sometimes be effected by using plain paper even for the original, and putting "In lieu of A.F. so-and-so" in the top right hand corner.
9. Wooden packing cases sent by Stationery Depots to units must be returned, with their lids, through Sal. age.
