SUBJECT: Servants.

On joining Naples in January 1945 I had a driver-batman who, after a short stay was returned to the U.S.

He was relieved by Pte Voller who arrived in Naples in February and was registered to the U.S. on 22nd May 1945.

2. No Officers Mess existed at the time of my arrival. As we had 6 Officers it was decided to start one. For this purpose A.C. authorised the employment of 1 cook and 1 maid who were paid from A.C. funds.

3. From the time of my arrival here however, I have hired a servant whom I have paid myself and on the departure of Pte Voller I obtained the services of an Italian Soldier as a driver.

It is not possible nor yet desirable for the Italian soldier to "bat" as well as drive as his time is fully occupied with driving and maintenance.

4. The Officers Mess has now had to be closed down owing to the drastic reduction of British Officers and the present position is that I am living in a requisitioned billet and have the privilege of obtaining meals in an Officers Mess when necessary although this still entails the services of a servant whom I pay privately.

5. I would be grateful if servant allowance or other remuneration could be granted.

Naples.

1. Now that the revised U.S. (OM/241/3 of 23rd March 45) for M.M.I.A. has been approved, it is requested that this unit may be made up to strength in officers and men at the earliest possible moment as exceptionally heavy duties are falling on these present men, some of whom are shortly to leave the unit on demobilisation or leave in U.S.

2. In this connection I wish to emphasize the fact that the duties of M.M.I.A. are and will continue to be heavier now than the war is over in Italy and the recruitment period has begun and that, unlike any other units, cannot afford to go short of staff or to accept continual changes. It would therefore be appreciated if when postings are made officers or men shortly due for release were not included.

3. I attach a table showing the approved U.S. of officers for this HQ giving the names of officers at present filling these appointments. The age/service group of each officer is also shown.

4. The following recommendations are submitted regarding 375 vacancies to be filled in each case.

3

AP. 21940 in respect of this officer has been forwarded with this HQ Letter A330/75 dated 16 May 45. Your approval to the above suggestions is requested.

5. The position in regard to British OMI is the subject of a separate letter.
