13084221 Pte. Acton, W. Pioneer Corps.

Reference your 2/JFM/1 dated 4th April, 1945, it is pointed out that the a/m was attached to this unit for administrative purposes only and never actually passed through our hands. He was originally with the Allied Commission and was lent by them to the 56 BLU for a month's trial. On proving unsatisfactory after this period of probation he was returned to you. Our sole function during this time was to hold his documents and to act as clearing agent for the quite considerable correspondence that arose in this matter.

We have, however, been in touch with the Allied Commission on the various points you raise and they inform us

- (1) Pte. Acton should be in possession of the items of clothing of which he is deficient and this would appear to be a straightforward P.1954 charge.
- (2) They have no record of this man's being excused wearing boots.
- (3) He was in possession of his rifle when he left them to join the 56 BLU.

We have to-day written to the 56 BLU regarding his rifle and will let you know their reply in due course.
