IMPORTANT INSTRUCTIONS.

REPLACEMENTS OF RASC DRIVERS EMPLOYED ON NON-DRIVING DUTIES WITH LOW MEDICAL CATEGORY PERSONNEL.

The men on the Replacement Order enclosed are posted to the permanently attached strength of your unit in lieu of RASC drivers IC, and will count against your WE as such. They will perform the duties at present being carried out by the ORs nominated for replacement.

Transfer to RASC is NOT being effected.

Please submit AF W3011A reporting arrival and quote the Replacement Order reference as your authority.

The undermentioned relevant extracts from DST letter reference AFHQ/4208/45/ST dated 14 Feb 45 are given for your information:

"Replacements will therefore probably be of two categories:-

(a) A soldier who is in fact a driver but who has been obtained from Other Arms because he is no longer fitted to be a driver in his previous Arm.

(b) A category of personnel who will NOT be accepted into the RASC or mustered as a driver unless in fact it is proved that they can be trained and possess the necessary qualifications required of a RASC driver.

The object of this circular is primarily to ensure that if there are qualified drivers who are permanently employed on non-driving duties that they can be relieved by men of lower medical category or by men unable to drive, but who will retain their own regimental badge unless it is proved they can be eventually mustered as RASC drivers."

8714

NOTES:-

1. Ref para (a) it is NOT the present intention of this HQ to replace RASC drivers employed on NON-driving duties with LMC personnel able to drive.

2. Ref para (b) if any of the LMC personnel on the attached Replacement Order are eventually trained as drivers, they will be tested in the normal way and application made to this HQ for their transfer to RASC.

Gdsm.Finnon has proved quite unfit for the duties that he has been called upon to perform - that of Batman-Driver to an Officer whose liaison duties mean a considerable amount of travelling and lengthy absences from this HQ. In view of the particular establishment of this Mission we are unable to employ this man in any other capacity. He has recently had two charges preferred against him for careless driving and it is felt that a period at the IRTD would prove beneficial to him.

With reference to the last paragraph of your letter,in view of the fact that 7011475 Gdsm.Marrow is 49 years of age,could authority please be given for his attachment to this Mission as Batman-Driver in place of the above.

Letter

6101473 W/Cpl. Danin O. Queen's

With reference to your RC/CMF/14 dated 19 Dec 44.

There was no vacancy on the War Establishment of 159 Transit Camp for a Sgt whilst Cpl Danin was serving in that formation, and this NCO was held on the attached strength only of the Camp. Cpl Danin held the Local Unpaid ranks of Sgt and WOII, and this has been confirmed by Camp Comdt, 159 T.C.

The question of whether or not this NCO was Wounded in Sep 43 whilst serving with 2/5 Queen's is the subject of correspondence between OC that unit and this HQ, and you will be informed as soon as a reply is received. It is however pointed out that should confirmation be received that the a/n NCO was Wounded in Sep 43, he will retain the PA/Rank of Sgt for a period of 3 months, but will not be eligible for grant of War Subst Rank. Until A.O. 153/44 was published, any period of retention of rank under A.O. 70/41 was not reckonable towards War Subst Rank.

16387 Cpl. CARPANINI I.

Ref. your G2/4385/49/P/4 of 14 Dec/44.

1. The undermentioned points are forwarded:-

a) The work of this Mission includes the closest liaison with the Italian Ministry of War, which involves interpretation and translation of a large volume of official Italian, both verbal and written, on Specialist and technical Subjects. It is therefore essential that the Interpreter Staff at this H.Q. should consist of Grade I Interpreters.

b) Cpl. Carpanini has been tested by the Officer i/c Interpreters at this H.Q., who rates him as a Grade III interpreter, and as such he can be of very little practical value at this H.Q.

c) R3/7619 Sgt. PAGE G, Queens, who is the AI Interpreter who's posting is ordered in your above quoted letter is a Grade I Interpreter, and it is not felt that Cpl. Carpanini can be regarded as a replacement for him.

8558

2. The W.E. of this H.Q. (G/341/2 of 15 June/44) allows for 1xS/Sgt, 1xSgt, 7xCpls and 1xL/Cpl Interpreters, against which are held 1xS/Sgt, 2xSgts, 2 Cpls and 1xPte Interpreters. This gives a deficiency of 4 Interpreters, on an entitlement of 10 i.e. a deficiency of 40%.

With reference to the a/m soldiers. Both these men who have been partly performing the duties of Driver-Batmen have been found unsatisfactory.

The M.T. Officer reports that every effort has been made to raise their standard of driving.

I should be glad if these men could be returned to Re-Allocation Centre and other down graded driver batmen sent in replacement.

SUBJECT :- Employment of PN and LMC Personnel.

You will be aware of difficulties that are being experienced owing to the extreme seriousness of the existing Manpower situation.

In order to ensure the best use of all available personnel, it is essential that every man, whether he be of low medical category for reasons of sickness or wounds sustained in action, or psycho-neurosis as a result of his former service, be employed in the type of employment to which he is best suited.

The purpose of this letter is to ensure that the LMC and PN personnel who are now being posted to the unit under your command, receive sympathetic consideration and are not treated as unwanted personnel thrust upon you.

All PNs have undergone a month's training with a view to adjusting their mental outlook. They have been encouraged to feel that they are still useful members of His Majesty's Army and that their services are valuable. They have not been allowed to feel, or given the impression, that they are failures.

In many cases their mental condition has been created because of family troubles. These have been investigated, and in many cases eradicated, with the result that the men's efficiency has greatly increased. It has been proved that if such personnel feel that an interest is being taken in them as individuals, they become enthusiastic soldiers, with a greater determination to prove to the Officer or N.C.O., who has given them a helping hand, that they are efficient members of that unit.

It has also been proved that where PNs have been made to feel that they are welcome members of their new unit and that their work is essential and valuable, they have proved to be reliable and efficient soldiers. All these factors call for the tactful assistance of both officers and senior N.C.Os in connection with their mental problems.

Regarding LMC personnel. These soldiers have also to adjust themselves to their new circumstances. In many cases they have been fighting soldiers, a fact of which they are very rightly proud. They do not always take the trouble to analyse for themselves the importance of their new employment, and are apt initially to feel some quite unjustifiable sense of inferiority vis-a-vis their late front-line comrades..

Here again they should be made to feel that they are welcome members of their new unit, and that here also there exists that comradeship and esprit

All PNs have undergone a marked change in their mental outlook. They have been encouraged to feel that they are still useful members of His Majesty's Army and that their services are valuable. They have not been allowed to feel, or given the impression, that they are failures.

In many cases their mental condition has been created because of family troubles. These have been investigated, and in many cases eradicated, with the result that the men's efficiency has greatly increased. It has been proved that if such personnel feel that an interest is being taken in them as individuals, they become enthusiastic soldiers, with a greater determination to prove to the Officer or N.C.O., who has given them a helping hand, that they are efficient members of that unit.

It has also been proved that where PNs have been made to feel that they are welcome members of their new unit and that their work is essential and valuable, they have proved to be reliable and efficient soldiers. All these factors call for the tactful assistance of both officers and senior N.C.Os in connection with their mental problems.

Regarding LMC personnel. These soldiers have also to adjust themselves to their new circumstances. In many cases they have been fighting soldiers, a fact of which they are very rightly proud. They do not always take the trouble to analyse for themselves the importance of their new employment, and are apt initially to feel some quite unjustifiable sense of inferiority vis-a-vis their late front-line comrades..

Here again they should be made to feel that they are welcome members of their new unit, and that here also there exists that comradeship and esprit de corps which they had formerly known. They must also be made to realize the value which their new employment contributes to the war effort and to the well-being of their former comrades, all of whom are dependent on L. of C. Units.

Before posting, both PNs and LMCs are interviewed by Personnel Selection Staff who assess their qualifications and recommend them for various types of employment. With the exception of General Dutymen, Os.C. Units must employ men in trades or tasks as recommended by P.S.S. It has been known in certain cases that men posted to units to perform specific tasks have merely been used as General Dutymen. Naturally as some of these men were probably tradesmen they have tended to develop a low morale.

..... /2

Declassified E.O. 12065 Section 3.4(b)(3) NND No. 785020

I am anxious that all PNs and LMC personnel who are now being posted to the Unit under your command shall be given every opportunity to settle down in your unit as efficient soldiers. I look to you to see that no efforts are spared by yourself, your officers and N.C.Os. to ensure that these men are afforded the encouragement and the personal interest which is so necessary to enable them to prove themselves to be efficient members of your Unit.
