27 Apr 44

1. Absentees and Deserters

The attention of all units is drawn to GRO 322/43, the importance of strict compliance with which cannot be over-emphasized.

2.Local/Paid/Corporal Cooks

Under provisions of AGI 2089/41 the following personnel were digible for appointment as Local/Paid/Cpl Cooks.

(a) Non-tradesmen Cooks Class I
(b) Tradesmen Cooks.

As the grade of Non tradesmen Cooks Class I has been abolished wef 1 Jan 44, all personnel who have not been subsequently mustered as tradesmen cooks must relinquish appointment of Local/Pa/Cpl wef 1 Jan 44, on reverting to Non-tradesmen Cooks Class II. In such cases AFW 3011A will be submitted to this HQ as quickly as possible. Immediate action will be taken to have these personnel trade-tested, and reappointment to Loc/Pa/Cpl can be made wef date of mustering as Tradesmen Cooks. All action must be reported on AFW 3011A to this HQ.

Os C Units in the field and units stationed abroad will submit a nominal roll of the soldiers who are eligible for the award by length of service to the AG's Office at the base of the force or the Headquarters of the command in which they are stationed for transmission to the Os i/c Records concerned.

2. The nominal roll will be accompanied by certified true copies of AFB 122, and Os C Units will state against each name on the roll whether or not they recommend the award of the medal.

3. Os i/c Records will prepare, in accordance with King's Regulations 1940 para 1061 the cases recommended by the Os C, and forward them to the GOC in C the command in which the records are kept, for consideration by the half yearly boards.

A certificate as required by King's Regulations 1940 para 1060 will be placed in the documents of those who are not recommended for the award.

Os C Units will submit recommendations to this HQ as above for onward transmission to O i/c Records.

ACI 840/39 refers.

5. Unpaid Acting Rank.

The existing rules with regard to the re-instatement to paid acting rank in respect of WOs and NCOs admitted to hospital who return to their units within twenty one days will in future apply also to unpaid acting rank. It is pointed out that re-instatement in the case of unpaid acting rank, although authorised by the CO on the date the soldier rejoins must be wef the date of admission to hospital in order that the unpaid acting rank may be held for the twenty one consecutive days necessary before conversion to paid acting rank.

Os C Units will report action taken under above to this HQ on AFW 3011A.

6. Pay - Soldiers Auxiliaries ATS and VAD members - Awards involving arrear payments ACI 289/44

The following instructions are issued in substitution of ACI 1020 of 1941, which is hereby cancelled.

1. Initial awards of pay (including re-classification under Army Order 14 of 1943) additional pay, increments of pay, and long service and good conduct pay, made at the discretion of an OC Unit normally take effect from a current date. In certain circumstances such awards may be antedated in their effect by OC if the conditions governing the grant of the emolument were fulfilled at an earlier date but the actual award has been delayed. In such cases the antedate of an award involving a period in excess to that which an OC has discretion to allow may, at present, subject to certain conditions, be sanctioned by a regimental paymaster, not below the rank of Lieutenant-Colonel in the case of commands at home, or by a GOC in C, in the case of commands abroad.

2. For the remainder of the present war, the powers delegated to GOs C of commands abroad will be exercised by the paymaster holding the soldier's account at the date on which the claim is made.

3. The powers at present conferred on COs to deal with arrears claims are detailed in ACI 1246 of 1940, and in Army Order 14 of 1943 (as regards reclassification of non-tradesmen). In future, the period of arrears which may be authorised by COs will be six months under all the heads in that ACI or Army Order : any proposal to grant arrears for longer periods than six months will be submitted to the paymaster holding the soldiers account. Similar rules and limits of delegations will apply in the case of other effective emoluments, eg. pay of rank or appointment, extra pay and additional pay.

NOTE: Initial grants of tradesmen's rates of pay, up-gradings or remusterings are admissible only from the concluding date of the trade test or from the date of the vacancy for the trade in the establishment of the soldier's corps or regiment, if later, and are, therefore, excluded from the scope of this instruction.

4. In all cases of arrears claims, reasonable care will be taken to verify that the admissibility of the emoluments from the dates claimed has been fully established before the case is submitted. The paymaster will return any claims found to be inadmissible to the OC concerned, explaining why the claims are invalid. In the case of proficiency pay or re-classification under Army Order 14 of 1943, the ante-dating of the award is dependent upon certification regarding efficiency by the OC, or where he is not available or is otherwise unable to express an adequate opinion, by any other officer of the unit in which the soldier was serving at the date from which the award will be effective. This certification must be obtained before the

This certification must be obtained before the claim is submitted to the paymaster. If an antedate is authorised, it will be confirmed in a published Part II or Part III Order.

5. Any appeal against the decision of the paymaster will be submitted to the GOC in C through the paymaster concerned. Any proposal to grant arrears for a period before the outbreak of the war (3 September 1939) will be submitted to the War Office by the paymaster, together with a statement of all the relevant factors.

6. Arrears claims of auxiliaries of the ATS and members of the VADs will be dealt with in the same manner as those of soldiers.

7. Cases already submitted to GOs C in C and not yet disposed of will be dealt with in accordance with the above procedure.

+ Increments of pay for current service are normally automatically credited by the paymaster when they become due, but the CO is required to initiate action for the verification of previous colour service.

In connection with the above ACI the following points are brought to the notice of Os C Units.

(a) Cases in which arrears are involved in excess of six months will be submitted together with the full circumstances in which the omission occurred to Command Paymaster, No 2 Command Pay Office for units in BNAF and Command Paymaster No 8 Command Pay Office for units in CMF. The regulations governing the form in which arrears should be submitted to command paymasters are contained in GROs 413 and 415 of 1943.

(b) In cases under (a) above, AFW 3011A or 3012A will be submitted to this HQ granting awards from a current date. This date will be published in Part II Orders and the claim for arrears from the date of entitlement to day prior to publishe date will be submitted as detailed above.

(c) When authority for arrears has been obtained from Command Paymaster, the necessary casualty return will be forwarded to this HQ quoting details of such authority.

1. Absentees and Deserters

The attention of all units is drawn to GRO 322/43, the importance of strict compliance with which cannot be over-emphasized.

2.Local/Paid/Corporal Cooks

Under provisions of ACI 2089/41 the following personnel were eligible for appointment as Local/Paid/Cpl Cooks.

(a) Non-tradesmen Cooks Class I
(b) Tradesmen Cooks.

At the grade of Non tradesmen Cooks Class I has been abolished wef 1 Jan 44, all personnel who have not been subsequently mustered as tradesmen cooks must relinquish appointment of Local/Pd/Cpl wef 1 Jan 44, on reverting to Non-tradesmen Cooks Class II. In such cases AFW 3011A will be submitted to this HQ as quickly as possible. Immediate action will be taken to have these personnel trade-tested, and reappointment to Loc/Pd/Cpl can be made wef date of mustering as Tradesmen Cooks. All action must be reported on AFW 3011A to this HQ.

5. Unpaid Acting Rank.

The existing rules with regard to the re-instatement to paid acting rank in respect of WOs and NCOs admitted to hospital who return to their units within twenty one days will in future apply also to unpaid acting rank. It is pointed out that re-instatement in the case of unpaid acting rank, although authorised by the CO on the date the soldier rejoins must be wef the date of admission to hospital in order that the unpaid acting rank may be held for the twenty one consecutive days necessary before conversion to paid acting rank.

Os C Units will report action taken under above to this HQ on AFW 3011A.

6. Pay - Soldiers Auxiliaries ATS and VAD members - Awards involving arrear payments ACI 289/44

The following instructions are issued in substitution of ACI 1020 of 1941, which is hereby cancelled.

1. Initial awards of pay (including re-classification under Army Order 14 of 1943) additional pay, increments of pay, and long service and good conduct pay, made at the discretion of an OC Unit normally take effect from a current date. In certain circumstances such awards may be antedated in their effect by OC if the conditions governing the grant of the enclument were fulfilled at an earlier date but the actual award has been delayed. In such cases the antedate of an award involving a period in excess to that which an OC has discretion to allow may, at present, subject to certain conditions, be sanctioned by a regimental paymaster, not below the rank of Lieutenant-Colonel in the case of commands at home, or by a GOC in C, in the case of commands abroad.

2. For the remainder of the present war, the powers delegated to GCs C of commands abroad will be exercised by the paymaster holding the soldier's account at the date on which the claim is made.

3. The powers at present conferred on COs to deal with arrears claims are detailed in ACI 1246 of 1940, and in Army Order 14 of 1943 (as regards reclassification of non-tradesmen). In future, the period of arrears which may be authorised by COs will be six months under all the heads in that ACI or Army Order : any proposal to grant arrears for longer periods than six months will be submitted to the paymaster holding the soldiers account. Similar rules and limits of delegations will apply in the case of other effective emoluments, eg. pay of rank or appointment, extra pay and additional pay.

NOTE: Initial grants of tradesmen's rates of pay, up-gradings or remusterings are admissible only from the concluding date of the trade test or from the date of the vacancy for the trade in the establishment of the soldier's corps or regiment, if later, and are, therefore, excluded from the scope of this instruction.

4. In all cases of arrears claims, reasonable care will be taken to verify that the admissibility of the emoluments from the dates claimed has been fully established before the case is submitted. The paymaster will return any claims found to be inadmissible to the OC concerned, explaining why the claims are invalid. In the case of proficiency pay or re-classification under Army Order 14 of 1943, the ante-dating of the award is dependent upon certification regarding efficiency by the CO, or where he is not available or is otherwise unable to express an adequate opinion,

In the case of proficiency pay or re-classification under Army Order 14 of 1943, the ante-dating of the award is dependent upon certification regarding efficiency by the CO, or where he is not available or is otherwise unable to express an adequate opinion, by any other officer of the unit in which the soldier was serving at the date from which the award will be effective. This certification must be obtained before the claim is submitted to the paymaster. If an antedate is authorised, it will be confirmed in a published Part II or Part III Order.

5. Any appeal against the decision of the paymaster will be submitted to the GOC in C through the paymaster concerned. Any proposal to grant arrears for a period before the outbreak of the war (3 September 1939) will be submitted to the War Office by the paymaster, together with a statement of all the relevant factors.

6. Arrears claims of auxiliaries of the ATS and members of the VADs will be dealt with in the same manner as those of soldiers.

7. Cases already submitted to GOs C in C and not yet disposed of will be dealt with in accordance with the above procedure.

+ Increments of pay for current service are normally automatically credited by the paymaster when they become due, but the CO is required to initiate action for the verification of previous colour service.

In connection with the above ACI the following points are brought to the notice of Os C Units.

(a) Cases in which arrears are involved in excess of six months will be submitted together with the full circumstances in which the omission occurred to Command Paymaster, No 2 Command Pay Office for units in ENAF and Command Paymaster No 8 Command Pay Office for units in CMF. The regulations governing the form in which arrears should be submitted to command paymasters are contained in GROs 413 and 415 of 1943.

(b) In cases under (a) above, AFW 3011A or 3012A will be submitted to this HQ granting awards from a current date. This date will be published in Part II Orders and the claim for arrears from the date of entitlement to day prior to publishe date will be submitted as detailed above.

(c) When authority for arrears has been obtained from Command Paymaster, the necessary casualty return will be forwarded to this HQ quoting details of such authority.

R.A.S.C. RECORDS INSTRUCTIONS TO UNITS. No. 1 - 1944.

Absentees and Deserters.

1. The attention of all units is drawn to G.R.O. 322/43 which specifies reports of Absentees and Deserters to be rendered to this Headquarters. The importance of strict compliance with this G.R.O. cannot be over-emphasized.

2. Casualties - Rendition of.

Much unnecessary correspondence is caused by units quoting incorrect Regimental Numbers when submitting casualties. In view of the fact that a soldier can only be correctly identified by his correct number, rank, name and arm of service it is requested that units will take particular care to ensure correct regimental particulars being quoted.

3. Hospital Admissions and Discharges - Acting Ranks.

Attention is directed to G.R.O. 101/43, para. 1.

In amplification it should be noted that Paid Acting Rank is relinquished automatically from the date of admission to hospital. If the soldier remains in hospital beyond a period of 21 days he is eligible for the regrant of Paid Acting Rank only from the date of his discharge from hospital and only providing a vacancy exists in the war establishment of the unit to which he is posted. It should also be noted that he must serve a further 21 days in the unpaid acting rank before becoming eligible for pay of rank. A.F. W3011A MUST be submitted, regrant of Paid Acting Rank is NOT made automatically.

The existing rules with regard to the re-instatement to paid acting rank in respect of W.Os. and N.C.Os admitted to hospital who return to their units within 21 days will, in future, apply also to unpaid acting rank. It is pointed out that re-instatement to unpaid acting rank, although authorised by the C.O. on the date the soldier rejoins, must be w.e.f. the date of admission to hospital in order that the unpaid acting rank may be held for the 21 consecutive days necessary before conversion to paid acting rank.

4. Vehicle Mechanics.

Reference A.C.Is. 1560 and 1562 of 1943 and this H.Q. Circular Letter G2E/R4/1/CC dated 1 Jan 44. The period allowed for training and trade-testing of Fitters (MV) and Motor Mechanics (as Vehicle Mechanics has been extended to terminate on 23 October 44.

5. Command Pay Offices.

Units are reminded that all questions of pay which do not necessitate reference to a soldier's Record of Service should be forwarded to the appropriate Command Pay Office as shown in G.R.O. 144/44 viz:

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

3. Hospital Admissions and Discharges - Acting Ranks.

Attention is directed to G.R.O. 101/43, para. 1.

5. Command Pay Offices.

Units are reminded that all questions of pay which do not necessitate reference to a soldier's Record of Service should be forwarded to the appropriate Command Pay Office as shown in G.R.O. 144/44 viz:

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

6. Relinquishment of Acting Rank for inefficiency.

(a). It has been noted that in certain cases, W.Os and N.C.Os have been ordered to relinquish acting rank for inefficiency within a few days of becoming due for War Substantive rank and have been almost immediately promoted again to acting rank.

(b). The qualifying periods of acting rank are, in most cases, sufficient to judge the efficiency of a W.O. or N.C.O. and appointment to acting rank immediately after such rank has been relinquished, is either inconsistent with the reason as given for relinquishment or else shows that inefficiency is not considered a bar to promotion.

(c). In future, therefore, when reporting cases referred to in para. (a) above, C.Os will submit full report on the circumstances necessitating such action.

Guide for R.E. units in matters dealt with by Records Section.

Circular Memo No. 13
Dated 18 April 1944.

57. RE-TESTING ON REDUCTION OR REVERSION IN RANK OF TRADESMEN.

The following extract from War Office memorandum P.M.470/42(PS/4) dated 10 December, 1943, is published for information and guidance.

"Doubt appears to exist as to the correct interpretation of Article 932, Pay Warrant, which governs re-testing on thereversion or reduction in rank of tradesmen. The following directions are accordingly issued for guidance during the present emergency.

Soldiers in receipt of tradesmen's rates of pay and holding War Substantive rank of Serjeant or above, will be re-tested when reduced or reverted at their own request to a rank below that of Serjeant. Such re-testing is not required, however, in cases where the soldiers in question are in possession of a recognised civil qualification, unless the reduction or reversion is on account of lack of diligence or inefficiency at their trade.

Re-testing is not required in cases of reduction or reversion to a lower rank of a soldier holding war substantive rank below that of Serjeant.

The cases of acting and lance ranks are already clearly covered in paragraph 3 of the Army Council's Instructions to Article 932, Pay Warrant."

58. NON-TRADESMEN COOKS - ADDITIONAL PAY.

From casualty returns received it is apparent that units are not conversant with the present regulations governing the rates of pay which may be granted to non-tradesmen cooks. G.H.Q. 32/44 and A.C.I. 1755/43 dealing with this matter are not being complied with.

Under A.C.I. 1745/43 the classification of Class I Non-Tradesman Cook was abolished w.e.f. 1 Jan 44. All such classified cooks will be trade tested with a view to re-mustering as Tradesman Cook, Group "D", Class II or Class III and application made for their transfer to the R.A.O.C. Until they are re-mustered they may continue to draw additional pay at 6d. per diem as Class II Non-Tradesmen Cooks.

To ensure that the emoluments of Non-Tradesmen Cooks shall not exceed those for Group "E" tradesmen cooks, the following limitations will be placed upon the grant of additional pay :-

9845

Class II - Tradesmen, Group "D" Class III or Class II, may continue to draw 6d. per diem as the emoluments do not exceed those for a Group "D" Class II, Cook. If, under exceptional circumstances, a Group "C", Class III, tradesman has to be employed as a cook, he may only draw additional pay at 3d. per diem, although he may be a Class II Non-Tradesman Cook.

lower rank of a soldier holding the substantive rank below that of Sergeant.

The cases of acting and lance ranks are already clearly covered in paragraph 3 of the Army Council's Instructions to Article 932, Pay Warrant."

58. NON-TRADESMEN COOKS - ADDITIONAL PAY.

From casualty returns received it is apparent that units are not conversant with the present regulations governing the rates of pay which may be granted to non-tradesmen cooks. G.R.O. 6644 and A.C.I. 1755/43 dealing with this matter are not being complied with.

Under A.C.I. 1745/43 the classification of Class I Non-Tradesman Cook was abolished w.e.f. 1 Jan 44. All such classified cooks will be trade tested with a view to re-mustering as Tradesman Cook, Group "D", Class II or Class III and application made for their transfer to the A.C.C. Until they are re-mustered they may continue to draw additional pay at 6d. per diem as Class II Non-Tradesmen Cooks.

To ensure that the emoluments of Non-Tradesmen Cooks shall not exceed those for Group "D" tradesmen cooks, the following limitations will be placed upon the grant of additional pay :-

Class II - Tradesmen, Group "D" Class III or Class II, may continue 9015 6d. per diem as the emoluments do not exceed those for a Group "D" Class II, Cook. If, under exceptional circumstances, a Group "C", Class III, tradesman has to be employed as a cook, he may only draw additional pay at 3d. per diem, although he may be a Class II Non-Tradesman Cook.

Class III - Only soldiers on normal rates of pay and Group "D", Class III, tradesmen may draw additional pay at 3d. per diem as Non-Tradesmen cooks Class III. A Pioneer, Group "D", Class II, can NOT draw this emolument as his total pay would exceed that for a tradesman cook, Group "D" Class III.

In assessing 'total emoluments', any additional pay granted to parachute or airborne troops will be excluded. All other forms of additional pay or extra pay will be taken into consideration.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

Notification in Part II Orders.

The monthly repetition in Part II Orders will be discontinued. In future, only the initial grant will be published in Part II Orders at the end of the accounting period in which the casualty occurs, and the additional pay will continue to be credited by Regimental Paymaster until receipt of a further casualty notifying cessation of entitlement. Os.C. units must, therefore, publish a further entry on their INITIAL casualty returns as follows - "To continue in receipt of additional pay under A.C.I. 1755/43 until further notice".

Additional pay depends on the actual performance of the duties, with the exception that it may continue when a soldier is absent owing to sickness or leave, up to a maximum of 21 days. When a soldier takes the place of a cook who is sick or on leave, he cannot begin to draw additional pay until the 22nd day of such absence. Os.C. units are, therefore, responsible for ensuring that a casualty is submitted immediately the soldier ceases to carry out his duties, and when additional pay is notified in respect of a replacement, the casualty will indicate the soldier who has been replaced. Under the name of the replacement will appear the trade group and Class.

It is essential under this new system that Os.C. units notify this H.Q. on the appropriate casualty return when a cook ceases to perform his duties for any other reason, e.g., surplus to establishment, lack of diligence, etc., with full details of the replacement if any has been made.

59. EFFICIENCY MEDAL (TERRITORIAL).

Reference G.R.O. 111/44. In order to clarify existing doubt regarding the entitlement to the award of the Efficiency Medal (territorial) of members of the Territorial Army who were embodied in September, 1939, the following explanatory details are issued.

Regulations for the Territorial Army, 1936, provide: The medal will be granted to W.Os., N.C.Os., and men of the T.A. who, on or after 23 Sep 30, complete 12 years' efficient service with a minimum of 12 trainings and who are recommended by their C.O. A clasp will be awarded to those who, having been awarded the medal, complete a total of 18 years' efficient service, and a further clasp on completing 24 years, with a minimum of 18 and 24 trainings respectively.

Therefore, it will be seen that personnel who enlisted in the T.A. in 1939 and who were embodied into the Regular Army in September, 1939, are not eligible at present for the award of the above quoted medal. They are required to serve for a further 12 years' embodied service (to count two-fold) until Sep 1945, before they complete the requisite 12 years to qualify for the award, although they have already gained the necessary minimum number of 12 trainings.

The 12 years' qualifying service referred to above is calculated as follows :-

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

It is essential under this new system that O.s.C. units notify this H.Q. on the appropriate casualty return when a cook ceases to perform his duties for any other reason, e.g., surplus to establishment, lack of diligence, etc., with full details of the replacement if any has been made.

5. EFFICIENCY MEDAL (TERRITORIAL).

Reference A.C.I. 1171/44. In order to clarify existing doubt regarding the entitlement to the award of the Efficiency Medal (Territorial) of members of the Territorial Army who were embodied in September, 1939, the following explanatory details are issued.

Regulations for the Territorial Army, 1936, provide: The Medal will be granted to W.Os., N.C.Os., and men of the T.A. who, on or after 25 Sep 30, complete 12 years' efficient service with a minimum of 12 trainings and who are recommended by their C.O. A Clasp will be awarded to those who, having been awarded the Medal, complete a total of 18 years' efficient service, and a further Clasp on completing 24 years, with a minimum of 18 and 24 trainings respectively.

Therefore, it will be seen that personnel who enlisted in the T.A. in 1939 and who were embodied into the Regular Army in September, 1939, are not eligible at present for the award of the above quoted Medal. They are required to serve for a further 12 years' embodied service (to count two-fold) until Sep 1945, before they complete the requisite 12 years to qualify for the award, although they have already gained the necessary minimum number of 12 trainings.

The 12 years' qualifying service referred to above is calculated as follows :-

Period of Embodied Service.	Total Years.	To count two-fold as
3 Sep 39 - 3 Mar 44	4½	9 years
4 Mar 44 - 3 Sep 45	1½	3 years
Total	6	12 years

Service for the clasps will be similarly calculated.

Territorial Efficiency Decoration and the Efficiency Medal.

The question of whether service as a Regular Army emergency commission may be allowed to count as qualifying service for the award of the Territorial Efficiency Decoration and the Efficiency Medal has been postponed for consideration until after the war.

Declassified E.O. 12065 Section 3-402/NNDC MD. 785020

Accordingly, no claim will in the meantime be submitted where the full period of qualifying service has not been earned independently of service on a Regular Army emergency commission.

60. COURSES IN MIDDLE EAST COMMAND.

A few occasions still arise of personnel proceeding from units to attend courses held at centres in the Middle East Command. Such personnel will immediately be struck off strength of their units and posted to X (5) List, regardless of the length of the Course being attended. Os.C. units will ensure that all such casualties are reported to this H.Q. on A.F.W. 3011A immediately on departure.

61. ABSENTEES AND DESERTERS.

The attention of all units is drawn to O.R.O. 322/43, the importance of strict compliance with which, cannot be over-emphasized.

62. INTRODUCTION OF TRADE OF VEHICLE MECHANIC.

With reference to Circular Memo No.12, sub-para 52, the War Office have now extended the period allowed for training and trade testing to 23 Oct 44.

1755. PAY - ADDITIONAL - SOLDIERS EMPLOYED AS COOKS.

1. In view of the abolition of the Army Trade Group E, para 3 of the Army Council's instructions to the Pay Warrant, 1940, Article 885 which restricts the employment as cooks of tradesmen of other trades in the R.E. and R.Sigs, has been modified with effect from 30th January, 1943, to permit the employment of Group D tradesmen as regimental cooks. Such tradesmen will be eligible for additional pay according to their qualifications as laid down in para 1 of the Army Council's instructions to the Pay Warrant, 1940, Article 885, subject to the modifications which are introduced in the following paragraphs of this A.C.I. and which are applicable to all regimental cooks.

2. Under A.C.I. 1745 of 1943, all qualified regimental cooks, class I, will be given an opportunity of mustering as cooks, Group B. They are required to be trade tested by 31st December, 1943. After that date the class 1 regimental cook classification will be abolished, and those who have not qualified and been mustered as cooks, Group B will be re-classified as regimental cooks, class II.

1755. PAY - ADDITIONAL - SOLDIERS EMPLOYED AS COOKS.

1. In view of the abolition of the Army Trade Group E, para 3 of the Army Council's instructions to the Pay Warrant, 1940, Article 885 which restricts the employment as cooks of tradesmen of other trades in the R.E. and R.Sigs, has been modified with effect from 30th January, 1943, to permit the employment of Group D tradesmen as regimental cooks. Such tradesmen will be eligible for additional pay according to their qualifications as laid down in para 1 of the Army Council's instructions to the Pay Warrant, 1940, Article 885, subject to the modifications which are introduced in the following paragraphs of this A.C.I. and which are applicable to all regimental cooks.

2. Under A.C.I. 1745 of 1943, all qualified regimental cooks, class I, will be given an opportunity of mustering as cooks, Group B. They are required to be trade tested by 31st December, 1943. After that date the class 1 regimental cook classification will be abolished, and those who have not qualified and been mustered as cooks, Group B will be re-classified as regimental cooks, class II.

3. To ensure that the emoluments of regimental cooks shall not exceed those of cooks (Group B tradesmen), with effect from 1st January, 1944, the following limitations will be placed upon the grant of additional pay to regimental cooks:-

(a) Regimental cooks, class II - The rate of additional pay, within a maximum of 6d. a day, will be limited so that the total emoluments do not exceed the rate for a cook, Group B (class II) of equivalent length of service, e.g., a Group C (class II) tradesman (exceptionally) employed as regimental cook, class II will be granted additional pay of 3d a day only.
(b) Unqualified cooks - The rate of additional pay, within a maximum of 3d a day, will be limited so that the total emoluments do not exceed the rate for a cook, Group B (class III) of equivalent length of service, e.g., a Group D (class II) tradesman employed as an unqualified cook will not be eligible for additional pay.

To Sheet 2.

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

4. In assessing the "total emoluments" for the purpose of para 3 above, the additional pay granted to parachute or airborne troops will be excluded. All other forms of additional pay or extra pay will be taken into account.

5. Notification of cooks' additional pay in Part II or Part III Orders.

(a) The monthly repetition, in Part II or Part III Orders, of entitlement to cooks' additional pay will be discontinued. In future, the initial entitlement will be published in Part II or Part III Orders, as the case may be, at the end of the pay accounting period in which the casualty occurs and the additional pay will continue to be credited by the regimental paymaster until the receipt of a further Part II or Part III Order notifying the cessation of entitlement. When publishing Part II and Part III Orders due at the end of the pay accounting period in which this instruction is promulgated, OsC units will publish a further entry as follows.-

"To continue in receipt of additional pay under A.C.I.1755 of "1943 until further notice."

(b) This new system does not in any way affect the conditions under which cooks' additional pay may continue in issue. These conditions are laid down in Army Order 215 of 1941 (as amended by Army Order 65 of 1942). Additional pay depends upon the actual performance of the duties with the exception that it may be continued when the soldier is absent from these duties owing to sickness or leave, up to a maximum of 21 days: a soldier who takes the place of a cook who is sick or on leave cannot begin to draw additional pay until the 22nd day of such absence. OsC Units will be responsible for ensuring that a Part II Or Part III Order is published immediately the soldier ceases to carry out the duties. When notifying additional pay in respect of a replacement the Order will indicate the soldier who has been replaced.

6. The necessary amendments to the Pay Warrant, 1940, are being promulgated in Amendments (No.100) notified in Army Orders for November, 1943.

30/Miscellaneous/3306(P.2 (m)).

EFFICIENCY MEDAL(TERRITORIAL).

Reference C.R.O. 111/44.

In order to clarify existing doubt regarding the entitlement to the award of the Efficiency Medal(Territorial) of members of the Territorial Army who were embodied in Sep 1939, the following explanatory details are issued:-

Regulations for the Territorial Army 1936 provide: The Medal will be granted to WOs, NCOs and men of the TA who on or after 29 SEP 1950 complete 12 years' efficient service with a minimum of 12 trainings and who are recommended by their CO. A Clasp . . . . . will be awarded to those who, having been awarded the Medal complete a total of 16 years' efficient service, and a further clasp on completing 24 years, with a minimum of 18 and 24 trainings respectively.

Therefore it will be seen that personnel who enlisted in the Territorial Army in 1939 and who were embodied into the Regular Army in Sep 1939 are not eligible at present for the award of the above quoted Medal. They are required to serve a further 12 years embodied service (to count two-fold) until September 1945, before they complete the requisite 12 years to qualify for the award, although they have already had the necessary minimum number of 12 trainings.

The 12 years' qualifying service referred to above is calculated as follows:-

Period of Embodied Service	Total years	To count two-fold as
3 Sep 39 - 3 Mar 44	4½	9 years
4 Mar 44 - 3 Sep 45	1½	3 years
TOTAL	6	12 years

Service for the clasps will be similarly calculated.

Territorial Efficiency Decoration and the Efficiency Medal.

The question of further service in Regular Army emergency commission may be allowed to count as qualifying service for the award of the Territorial Efficiency Decoration and the Efficiency Medal, is been postponed for consideration until after the war.

Accordingly no claim will in the meantime be submitted where the full

Therefore it will be seen that personnel who enlisted in the Territorial Army in 1939 and who were absorbed into the Regular Army in Sep 1939 are not eligible at present for the award of the above quoted Medal. They are required to serve a further 1½ years qualified service (to count two-fold) until September 1945, before they complete the requisite 12 years to qualify for the award, although they have already passed the necessary minimum number of 12 trainings.

The 12 years' qualifying service referred to above is calculated as follows:-

Period of Embodied Service	Total years	To count two-fold as
3 Sep 39 - 3 Mar 42	4½	9 years
4 Mar 44 - 3 Sep 45	1½	3 years
TOTAL	6	12 years

Service for the Z Reserve will be similarly calculated.

Territorial Efficiency Decoration and the Efficiency Medal.

The question of whether service in a Regular Army emergency commission may be allowed to count as qualifying service for the award of the Territorial Efficiency Decoration and the Efficiency Medal has been postponed for consideration until after the war.

Accordingly no claim will at the present time be submitted where the full period of qualifying service has not been earned independently of service on a Regular Army emergency commission.

EFFICIENCY MEDAL - T.A. & S.R.

1. Reference CRO 111 dated 18 Feb 44.

Numerous applications are being received in respect of soldiers who have attended the required number of annual trainings but who have NOT the requisite qualifying service.

The following instructions regarding conditions of award and method of application for the Efficiency Medal are notified for guidance of Officers Commanding Units:-

2. The Medal has a subsidiary title of "Territorial" or "Militia" denoting whether the recipient qualified whilst serving with the Territorial Army or Supplementary Reserve.

3. Conditions of Award. (T.A. Regns 1936 para 559 and SR Regns 1939 Sec VIII).

Claimants must serve continuously for 12 years with the T.A. or S.R. (categories 'A' and 'B') and attend an equal number of annual trainings. In cases where a break in service does not exceed six months, and is certified by O.C. Unit as NOT due to fault of the individual, such prior service is reckonable. Service in Category 'C' of the S.R. is not reckonable for the award, as attendance at annual camps is not a condition of service of that category. Clasps are awarded for further periods of six years service and six annual training camps. Embodied service counts double for either award of medal or clasp. (A.O. 17 of Feb 1942).

Periods of not less than two months embodied service in any calendar year during the present war reckons as the equivalent of two annual trainings, but not more than two trainings shall be reckoned in any one calendar year. (A.O. 17 of 1942).

Continuity of qualifying service will be admitted in the case of 8989 soldiers who, having been discharged from the T.A. or S.R. during the present war by reason of wounds or illness contracted on service, subsequently during the present period of embodiment, voluntarily re-enlist into the T.A. after recovery. (A.O. 17 of 1942).

Periods during the present war in which a W.O., N.C.O. or man of the Territorial Army is released from military service to Class W(T) Territorial Army Reserve, otherwise than at his own request, for the

2. The Medal has a subsidiary title of "Territorial" or "Militia" denoting whether the recipient qualified whilst serving with the Territorial Army or Supplementary Reserve.

3. Conditions of Award. (T. Regns 1936 para 599 and SR Regns 1939 Sec VIII).

Claimants must serve continuously for 12 years with the T.A. or S.R. (categories 'A' and 'B') and attend an equal number of annual trainings. In cases where a break in service does not exceed six months, and is certified by O.C. Unit as NOT due to fault of the individual, such prior service is reckonable. Service in category 'C' of the S.R. is not reckonable for the award, as attendance at annual camps is not a condition of service of that category. Clasps are awarded for further periods of six years service and six annual training camps. Embodied service counts double for either award of medal or clasp. (A.O. 17 of Feb 1942).

Periods of not less than two months embodied service in any calendar year during the present war reckons as the equivalent of two annual trainings, but not more than two trainings shall be reckoned in any one calendar year. (A.O. 17 of 1942).

Continuity of qualifying service will be admitted in the case of 8989 soldiers who, having been discharged from the T.A. or S.R. during the present war by reason of wounds or illness contracted on service, subsequently during the present period of embodiment, voluntarily re-enlist into the T.A. after recovery. (A.O. 17 of 1942).

Periods during the present war in which a W.O., N.C.O. or man of the Territorial Army is released from military service to Class W(T) Territorial Army Reserve, otherwise than at his own request, for the purpose of work of national importance, and if he is recalled for military service before his disembodiment, will rank as single qualifying service towards the award of the Efficiency Medal. If he is not recalled to service before disembodiment of the Territorial Army his service in Class W(T) Territorial Army Reserve will not rank as qualifying service, but the period on the Reserve will not be regarded as breaking continuity of service. (See Army Order 55/1943).

4. Applications for Award.

Nominal rolls of personnel recommended for award of the Efficiency Medal and/or Clasp, showing qualifying service claimed, should be submitted to this HQ for transmission to Officer i/c R.Signals Records.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

O&C Units should consider the cases of soldiers who become prisoners of war, and who, before their capture, were eligible for the medal by length of service. They should forward to this HQ a certificate in each case stating whether or not the award of the medal is recommended. Such certificates will be forwarded to Officer i/c R.Signals Records for filing with the soldiers' attestations. Action on such cases will be taken after the War (ACI 1085/41).

5. Notification of Award.

When awards of the medal are authorised, Officer i/c R.Signals Records will advise this HQ, and awards will be promulgated in Part II Orders. Notification will also be despatched to O&C Units by memo.

6. Wearing of ribbon.

The notification in para 5 above will be the authority for the soldier to wear the ribbon of the medal.

7. Issue of Medals.

No issue of Efficiency Medals will be made during the war.

Circular No. 12
Dated 8 Mar 44.

52. INTRODUCTION OF TRADE OF VEHICLE MECHANIC.

With reference to circular memo. No. 10, para. 39 (ii), the six months period allowed to reckon for training and trade testing has now been ruled to take effect from 1 Jan 44 and will, therefore, expire on 30 Jun 44. Only a small percentage of Motor Mechanics have so far been trade tested and casualties rendered to this H.Q. and it is requested that the matter be given early attention.

53. TRADES.

The attention of all units is drawn to circular memo. No. 7, para. 29, which sets out the correct procedure for submission of trade casualties. At the moment far too much correspondence in connection with musterings is being received at this H.Q. and this would not be the case had the circular memo. mentioned been correctly interpreted.

54. RANKS AND APPOINTMENTS - REINSTATEMENTS.

The attention of all units is drawn to para. 20 of circular memo. No. 3, dealing with reversions and reinstatements. The responsibility for publication of reinstatement devolves entirely upon O.C. unit, whose discretionary powers as to the desirability of such reinstatement are paramount. Officers Commanding units are requested to give this matter their personal attention in the interests of the O.C.Os. concerned.

It should be noted that where reinstatement proper is involved, i.e., where the O.C.O. is not absent for a period exceeding 21 days, no covering authority of this H.Q. is required.

53. TRADES.

The attention of all units is drawn to circular memo. No. 7, para. 28, which sets out the correct procedure for submission of trade casualties. At the moment far too much correspondence in connection with mustering is being received at this H.Q. and this would not be the case had the circular memo. mentioned been correctly interpreted.

54. RANKS AND APPOINTMENTS - REINSTATEMENTS.

The attention of all units is drawn to para. 20 of circular memo. No. 3, dealing with reversions and reinstatements. The responsibility for publication of reinstatement devolves entirely upon O.C. unit, whose discretionary powers as to the desirability of such reinstatement are paramount. Officers Commanding units are requested to give this matter their personal attention in the interests of the N.C.Os. concerned.

It should be noted that where reinstatement proper is involved, i.e., where the N.C.O. is not absent for a period exceeding 21 days, no covering authority of this H.Q. is required. 8974

55. DOCUMENTS.

Units are forwarding to this H.Q. various medical documents, e.g., notifiable disease notification forms, hospital discharge recommendations, etc. Such documents will be retained by units, thus avoiding much unnecessary correspondence.

56. CASUALTY RETURNS.

The attention of Officers Commanding units is drawn to the fact that serial numbering of all casualty returns must be consecutive and re-numbering should not commence on the opening of a new book of A.F.s. W.3011.

Guide for O.C. Units in matters dealt with by Records Section.

Circular Memo. No. 11.
Dated 16 February 43.

44. RELINQUISHMENT OF ACTING RANK FOR INEFFICIENCY.

(i) It has been noticed that in certain cases, W.Os. and N.C.Os. have been ordered to relinquish acting rank for inefficiency within a few days of becoming due for War Substantive rank and have been almost immediately promoted again to [illegible] rank.

(ii) The qualifying periods of acting rank are, in most cases, sufficient to judge the efficiency of a W.O. or N.C.O. and appointment to acting rank immediately after such rank has been relinquished is either incompatible with the reason as given for relinquishment or else shows that inefficiency is not considered a bar to promotion.

(iii) In future, therefore, when reporting cases referred to in para (i) above, Commanding Officers will submit full report on the circumstances necessitating such action.

45. TRADES.

With reference to Circular Memo No. 10, para 39, the trade of Vehicle Mechanic is within Group "A" and consists of Classes I, II and III.

It is essential that in all cases where trade casualties are submitted on A.F.W.3011A the soldier's present trade rating must be shown immediately under the name in column 3.

With reference to Circular Memo No. 10, para 40, it is not necessary to submit a casualty showing re-classification from Clerk, Group C, Class III(C) to Clerk, Group C, Class III. This is automatic.

46. CLASSIFICATION UNDER ARMY ORDER 14 OF 1943.

Casualties are still being received for classification or re-classification where a period of more than three months has elapsed between date of enlistment and date of casualty. Where time has been allowed to elapse [illegible] casualty on A.F.W.3011A, claiming re-classification w.e.f. date of casualty return and, in the remarks column, confirm that they have forwarded Appendix "A" of A.M.O. 475 of 1943 to Command Paymaster for authority for grant of arrears.

47. RE-CLASSIFICATION OF SOLDIERS.

Casualties are being received from units showing soldiers in receipt of tradesman's rates of pay, quoting A.C.I. 617 of 1943 as the authority. It must be noted that this A.C.I. only applies to Malaya, [illegible]

45. [illegible].

With reference to Circular Memo No. 10, para 39, the trade of Vehicle Mechanic is within Group "A" and consists of Classes I, II and III.

It is essential that in all cases where trade casualties are submitted on A.F.W.3011A the soldier's present trade rating must be shown invariably under the name in column 3.

With reference to Circular Memo No. 10, para 40, it is not necessary to submit a casualty showing re-classification from Clerk, Group C, Class III(b) to Clerk, Group C, Class III. This is automatic.

46. CLASSIFICATION UNDER A.C.I. ORDER 14 OF 1942.

Casualties are still being received for classification or re-classification where a period of more than three months has elapsed between date of entitlement and date of casualty. Where time has been allowed to elapse unnecessarily and submit casualty on A.F.W.3011A, claiming re-classification w.e.f. date of casualty return 337 and, in the remarks column, confirm that they have forwarded Appendix "A" of C.R.O. 415 of 1943 to Command Paymaster for authority for grant of arrears.

47. RECLASSIFICATION OF SOLDIERS.

Casualties are being received from units disputing soldiers in receipt of tradesman's rates of pay, quoting C.R.O. 647 of 1943 as the authority. It must be noted that this C.R.O. only applies to Drivers R.C. (and Mot. and Wood personnel in receipt of proficiency pay, i.e. personnel transferred from other arms and re-trained mustering) in the Corps of Royal Engineers, and in no way affects personnel on Groups "A" to "D" tradesmen's rates of pay.

48. AFRICA STAR.

Publication at present is for the award of the Africa Star only. A further publication of entitlement to either First or Eighth Army Clasps will be made as soon as instructions are received from higher authority as to what constitutes entitlement. In the meantime, units will not enter into unnecessary correspondence on the subject.

Declassified E.O. 12065 Section 3-402/NNDC NO. 785020

49. PART "C" OF ARMY FORM W.3009A.

It is essential that the "Remarks" column of Part "C" of the above-mentioned Army Form is completed as far as possible with the present location of personnel whose return to the Unit is particularly desired. At the present time personnel other than those admitted to hospital are being included and unnecessary work is being caused at this H.Q.

50. FIELD PUNISHMENT.

With reference to sentences of Field Punishment which are served in Unit Lines, many Units are taking the commencement of the sentence to be the date of commencement of serving same. All sentences commence with effect from the date of award. Through this misinterpretation men have served longer periods than those awarded, for example, 59 days Field Punishment on a sentence of 56 days.

It is again emphasized that sentences of Field Punishment served away from Units do not constitute striking off strength to A (iii) List, and personnel will remain on Unit strength.

51. AWARD OF PUNISHMENT INVOLVING PAY.

It will save unnecessary correspondence and enquiries if Units will insert wherever possible the A.P.C., Part II Pay Book entry number and date of award on Army Forms B. 252 forwarded to this H.Q. in accordance with C.I.O. 37 of 1944.

It is again emphasised that sentences of Field Punishment served away from units do not constitute anything off strength to X (iii) Dist, and personnel will remain on unit strength.

51. AWARDS OF PUNISHMENT INVOLVING PAY.

It will save unnecessary correspondence and entries in Part II orders if units will insert wherever possible the A.F.G. 64, Part II Pay Book entry number and date of award on Army Forms L. 252 forwarded to this H.Q. in accordance with G.R.O. 37 of 1944.
