R.A.C.C. RECORD INSTRUCTION NO.4

DOCUMENTATION.

From many queries received at this HQ it is evident that entries are being made in AB's 64 before casualties have appeared in Part II Orders. This particularly refers to promotions, appointments, and reversions. It cannot be too strongly stressed that, until entry has appeared in Part II Orders, no casualty is valid. The co-operation of OCs Units is requested, bearing in mind that undue hardship can easily be caused to a soldier by anticipating the publication of casualties.

EFFICIENCY MEDAL (TERRITORIAL)

Reference RACC Record Instruction No.1

Army Order 158/44 provided for the award of additional clasps to the Efficiency Medal for each period of six years' efficient service after award of the First Clasp. The following amendment will therefore be made to RACC Record Instruction No.1:-

'A clasp will be awarded to those who, having been awarded the Medal, complete a total of 18 years' efficient service, and further clasps on completing each succeeding period of six years' efficient service'.

5. Pay - Additional - Soldiers employed as Cooks.

1. Under A.C.I. 1745 of 1943 all qualified Regimental Cooks, Class I, were to be given an opportunity of mustering as cooks, Group B. They were required to be trade tested by 31st December 1943. After that date the Class I regimental cook classification would be abolished, and those who had not qualified and been mustered as cooks, Group B, would be reclassified as regimental cooks, Class II. (In this connection attention is drawn to the provisions of G.R.O. 62/44).

5. Pay - Additional - Soldiers employed as Cooks. (Cont)

3. In assessing the "total emoluments" for the purpose of para 3 above, the additional pay granted to parachute or airborne troops will be excluded. All other forms of additional pay or extra pay will be taken into account.

4. Notification of cook's additional pay in Part II Orders.

(a) The monthly repetition, in Part II Orders, of entitlement to cook's additional pay will be discontinued. In future, the initial entitlement will be published in Part II Orders at the end of the pay accounting period in which the casualty occurs and the additional pay will continue to be credited by the regimental paymaster until the receipt of a further Part II Order notifying the cessation of entitlement. When publishing casualty due at the end of the pay accounting period in which this instruction is promulgated, Os.C units will publish a further entry as follows :- "To continue in receipt of additional pay under A.C.I. 1755 of 1943 until further notice"

(b) This new system does not in any way affect the conditions under which cook's additional pay continues in issue. Conditions are laid down in Army Order 215 of 1941 (as amended by Army Order 65 of 1942). Additional pay depends upon the actual performance of the duties with the exception that it may continue when the soldier is absent from these duties owing to sickness or leave, up to a maximum of 21 days; a soldier who takes the place of a cook who is sick or on leave cannot begin to draw additional pay until the 22nd day of such absence. Os.C units will be responsible for ensuring that the necessary casualty is published on AF W3011A immediately the soldier ceases to carry out the duties. When notifying additional pay in respect of a replacement the casualty return will indicate the soldier who has been replaced.

6. Pay - Soldiers, Auxiliaries, A.T.S. and V...D. Members - Awards involving arrear payments. (A.C.I. 289/1944)

The following instructions are issued in substitution of A.C.I. 1020 of 1941, which is hereby cancelled.

1. Initial awards of pay (including reclassification under Army Order 14 of 43) additional pay, increments of pay, and long service and good conduct pay, made at the discretion of an O.C. unit normally take effect from a current date. In certain circumstances such awards may be antedated in their effect by the O.C. if the conditions governing the grant of the emolument were fulfilled at an earlier date but the actual award has been delayed. In such cases, the antedate of an award involving a period in excess of that which an O.C. has discretion to allow may, at present, subject to certain conditions, be sanctioned by a regimental paymaster, not below the rank of Lieutenant Colonel in the case of commands at home, or by a G.O.C. in C. in the case of commands abroad.

2. For the remainder of the

are laid down in Army Order 215 of 1941 (as amended by Army Order 65 of 1942). Additional pay depends upon the actual performance of the duties with the exception that it may continue when the soldier is absent from these duties owing to sickness or leave, up to a maximum of 21 days; a soldier who takes the place of a cook who is sick or on leave cannot begin to draw additional pay until the 22nd day of such absence. 6. Pay - Soldiers, Auxiliaries, A.T.S. and V...D. Members - awards involving arrear payments. (A.C.I. 289/1944)

The following instructions are issued in substitution of A.C.I. 1020 of 1941, which is hereby cancelled.

1. Initial awards of pay (including reclassification under Army Order 14 of 43) additional pay, increments of pay, and long service and good conduct pay, made at the discretion of an O.C. unit normally take effect from a current date. 2. For the remainder of the present war, the powers delegated to G.Os C in C of command abroad will be excerised by the paymaster holding the soldier's account at the date on which the claim is made.

3. The powers at present conferred on C.Os to deal with arrears claims are detailed in A.C.I. 1246 of 1940, and in Army Order 14 of 1943 (as regards re-classification of non-tradesmen). In future, the period of arrears which may be authorised by C.Os will be six months under all the heads in that A.C.I. or Army Order; any proposal to grant arrears for longer periods than six months will be submitted to the paymaster holding the soldier's account. Similar rules and limits of delegations will apply in the case of other effective emoluments, e.g. pay of rank or appointment, extra pay and additional pay.

3. (Cont)

Note - Initial grants of tradesmen's rates of pay, up-gradings or re-musterings are admissible only from the concluding date of the trade test or from the date of the vacancy for the trade in the establishment of the soldier's corps or regiment, if later, and are, therefore, excluded from the scope of this instruction.

4. In all cases of arrears claims, reasonable care will be taken to verify that the admissibility of the emoluments from the dates claimed has been fully established before the case is submitted. The paymaster will return any claims found to be inadmissible to the O.C. concerned, explaining why the claims are invalid. In the case of proficiency pay or re-classification under Army Order 14 of 1943, the ante-dating of an award is dependent upon certification regarding efficiency by the O.C., or where he is not available or is otherwise unable to express adequate opinion, by any other Officer of the unit in which the soldier was serving at the date from which the award will be effective. This certification must be obtained before the claim is submitted to the paymaster. If an antedate is authorised, it will be confirmed in a published Part II or Part III Order.

5. Any appeal against the decision of the paymaster will be submitted to the G.O.C. in C through the paymaster concerned. Any proposal to grant arrears for a period before the outbreak of the war (3rd September 1939) will be submitted to the War Office by the paymaster, together with a statement of all the relevant factors.

6. Arrear claims of auxiliaries of the A.T.S. and members of V.A.Ds will be dealt with in the same manner as those of soldiers.

7. Cases already submitted to G.Os.C in C and not yet disposed of will be dealt with in accordance with the above procedure.

+ Increments of pay for current service are normally automatically credited by the paymaster when they become due, but the C.O. is required to initiate action for the verification of previous colour service.

Attention is also drawn to the provisions of G.R.O. 453/44.

7. Promotions - O.Rs. - R.A.M.C.

1. Units, wherever situated in the theatre of war, will not be permitted to make promotions above the rank of corporal so long as there are war substantive WOs and NCOs of the required rank available at No.1 G.R.T.D.
