1647

A collection of various geometric shapes, including rectangles, triangles, and a large chevron, arranged on a light background. The shapes are dark and appear to be cut out or drawn. There are several small rectangular pieces at the top, a large horizontal rectangle in the middle, and a large chevron shape below it. At the bottom, there is another large horizontal rectangle. The shapes are scattered across the page, with some overlapping.

Ministry of War.
Dir Gen di Sanita.

The Signals training school have to rely on a well for their water supply. They have a perfectly good plant for sterilising, pumping, etc., but state they have difficulty in obtaining chemicals for sterilising.

The amount of water used each day is 400 cubic metres and sterilising agents as under are required.

CHLORO	200 GMS daily.
PERCHLORATE DI SODIUM	2 LITRES daily.

Could you please arrange for the necessary sterilising powders to be supplied.

The Italian War Ministry still hold stocks of Pentothal Sodium 0.5.G. amps, Batch No 3158.

This should have been destroyed in accordance with your letter No M.4216 dated 21 June 1945.

The stocks in possession appear to have been received from Allied sources since the date of the above quoted letter. May I be informed, please, whether the order to destroy the batch in question has ever been cancelled.

ISTITUTO CHIMICO FARMACEUTICO
MILITARE
FLORENCE

Reference your 5952/4 dated 29.7.46.-

MMIA with letter M/4/2483, which is attached, had ordered that
"" all stocks of Pentothal Sodium, Batch No. 3158, must be destroyed
forthwith.""

On the 27th June 45, the Medical Depot of Magliara gave
assurance that the order had been ~~met~~ observed & that he had
struck off charge the ampoules eliminated.

The circumstance now that at your Establishment there are
3690 amps 0.5 of the same lot, makes you believe that the amps have
been issued later directly to your Institute by the Allies.

If that is so please ask the British LO about the validity of
the product &, if it has to be destroyed :-

- a) Obtain from the Allies the accreditation of the lot.
- b) Issue orders to Units to whom eventually the product
has been issued, for the destruction of same.

We are waiting a reply on the matter.

for the Minister
Sgd General S. Padda.-

FROM: Ministry of War.

REF: 6/11680/MT/18439

TO: M.M.I.A.

DATE: 21 November 1946.

SUBJECT:- Issue to Italian Army of medical materials supplied from overseas.

With reference to the proposal of the Military Chemical Pharmaceutical Institute of Florence to cease issue of certain medical materials supplied from overseas, we would point out the following:

MEDICINES:

We are interested in all medicines in good condition with exception of the following:

- Acridines: (Mepacrin, Atebrin, etc.) in tablets or fials for hypodermic use;
- Quinine: in tablets and fials for hypodermic use;
- Serums and vaccines in general;
- Tablets for hypodermic use.

OTHER MATERIALS:

We are interested in:

- Complete outfits
- Materials of Italian production (radiological, surgical, etc,) in good condition.

785020

In merito alla proposta avanzata dall'Istituto Chimico Farmaceutico Militare di Firenze, di far cessare la consegna di determinati materiali sanitari provenienti da oltremare, si precisa quanto segue:

MEDICINALI:

Interessano tutti i medicinali in buono stato, ad eccezione dei seguenti:

- Acridinici: (Nepacrina, Atebrin, ecc.) sia in tavolette che in fiale per uso ipodermico;
- Chinina: in tavolette e in fiale per uso ipodermico;
- Sieri e vaccini in genere;
- Tavolette per uso ipodermico.

ALTRI MATERIALI:

Interessano:

- I complessi interi;
- I materiali (radiologici, chirurgici, ecc.) di produzione italiana, purchè in buono stato.

I have investigated and report that This consignment was inspected by me with Captain H.A. Stephens M.B.E. R.A.M.C. & found to be perished & quite unfit for issue. The war dates, period expended in 1934-1943-44. I discussed this matter with R.A. Quigley M.M.I.A. who agreed that there was no alternative but to strike the consignment off charge. Receipt to be acknowledged and this form & correspondence retained as authority for "Write Off".

1/8/46 Issues dated 22nd Aug 46.

1. No warranting period is allotted to Condoms of British origin therefore those of Italian origin are treated similarly.
2. It is suggested that if this consignment of Condoms of Italian origin are now considered unserviceable they should be brought before a Board of Survey. (Army Form A2) at the Depot receiving the stores and dealt with under existing regulations.
3. It is considered that probable exposure and transit conditions are the cause of unserviceability of any which have become unfit for issue.
4. I would be grateful if you would return cleared voucher plus discrepancy Report in respect of this consignment.

Divisione II Sez. 1^a

Prot. N° 4/13711 Allegati

Risposta al f. del

Dir. Sez. N°

OGGETTO: Polvere sterilizzante.

Roma 16 settembre 1946

ALLA LAND FORCES SUB COMMISSION
A.C. (M.M.I.A.)

R O M A

Con riferimento al foglio M/4/9 del 9 settembre si assicura che il funzionamento dell'impianto di depurazione dell'acqua con ipoclorite di sodio esistente presso la Caserma Scuola Collegamento Genio alla Cecchignola è regolare e non verranno a mancare i necessari quantitativi dei predetti depuranti.

Il Comando Genio Territoriale di Roma ha affidato il funzionamento di tutti gli impianti di depurazione dell'acqua esistenti alla Cecchignola alla Ditta Atti specializzata in servizi idrici.

Subject: Medical Supplies in Alleged Short Supply.

Land Forces Sub Commission,
A.C., (M.M.I.),, Rome.
Reference: M/4/264.
13th May 1946.

Officer Commanding,
No. 1 British Liaison Unit,
TURIN.

With reference to your report for the month of April 1946 in which you notify shortage of certain drugs and medical equipment.

This matter was taken up with the War Ministry and stock sheets examined. The following reply has now been received:-

"An examination of the return of the TURIN Military Hospital shows that it's pharmacy has never been short of the following items:-

Medicines for V.D. Treatment, syringes, needles, and thermometers, notified as deficient by 1 B.L.U.

As far as the surgical gloves are concerned, we would point out -

1. That the TURIN Hospital were requested to notify us of stores deficiencies, they made no request for gloves which lead us to suppose that it was equipped with them.
2. That this Ministry - in view of your Mission's report - have again requested a list of deficiencies in order that a supply may eventually be ordered."

Harvey

Major,

TO: Land Forces Sub Commission,
A.C., (M.M.I.A.), Rome.

Attention: Major L.J. Harvey, B.A.D.M.S.

Subject: Medical Supplies - Replacement

In answer to your letter of the 29th April 1946, reference M/4/261, I wish to inform you that the medical supplies referred to will be returned to the Istituto Ciencias Farmaceutico, Florence, within the course of a week or so. You will be kept fully informed when shipments are made and the nature of same.

I should state that slight has not been lost of this matter - the reason for the delay being that for the past two months we have been very heavily engaged in distribution of UNRSCA medical supplies. However, this distribution is now completed which will enable us to go right ahead with such replacement.

Reference: W/4/262.
30th April 1946.

Ministry of War,
Director General di
Sanita Militare.

With reference to this office letter No. W/4/220 dated 11th March 1946 and your No. 6/2735/1416 dated 14th March 1946 in reply thereto regarding medical stores in short supply.

This matter was put up to A.P.H.Q. and the following reply received: -

"No medical supplies could be made available from Allied stocks since all surpluses have been made over to the respective disposal agencies."

In view of the foregoing it is suggested that you increase your efforts to obtain medical supplies from A.R.A.R. and Italian firms.

29th April 1946.

Chief Commissioner,
D.N.H.F.D.A.,
(Medical Stores Section), Rome.

Some few months ago the Italian Army handed over certain medical supplies to UNRRA in Sicily on the understanding that they would be returned at varying periods up to 90 days.

Approximately six weeks ago arrangements were made - at your request - for all the stores to be replaced at the Italian Medical Stores, Florence.

Up to date no replacements have been made by you. As the Italian Army is now in urgent need of a number of the items may I be informed please of the date when all or part of the items issued on loan will be replaced.

SUBJECT: Medical Supplies for ITALIAN Interim Army

TO : President
Allied Commission
APO 394
FOR: Land Forces Sub-Commission (MMIA)

1. Attention is invited to letter, your headquarters, file M/4/243, dated March 1946 (See GHQ CMF letter, file ESD/81/3, dated 25 March 1946).

2. The method by which the ITALIAN Interim Army obtains medical supplies is set out in paragraph 11 (b), AFHQ letter, file as above, dated 2 November 1945.

3. It is considered that there is no justification for requesting the Combined Chiefs of Staff to make any change in this procedure.

4. In any case, no medical supplies could be made available from Allied stocks since all surpluses have been made over to the respective disposal agencies, and neither GHQ nor MTCUSA has taken any provision action on account of the ITALIAN Interim Army.

Subject: Medical Materials.

The quantities of medicines reported by your Mission as the allocation for February to the "MANTOVA" Infantry Division are actually rather small and the Health Directorate of GENOA, due to the availability of the pharmacies in the area, could have used a larger assignment.

This Ministry will therefore call the attention of the aforesaid Directorate and Hospital of GENOA in order that the inconvenience is not repeated; on the other hand, we take the opportunity of pointing out how there is a general tendency, by Units, to effect excessive withdrawals, a reason for which the writer has still recently been compelled to instruct all departments under its Command to use the utmost economy.

I quantitativi di medicinali segnalati da codesta Missione, quale assegnazione di febbraio alla Divisione di Panteria "Mantova", sono effettivamente un po' scarsi e la Direzione di Sanità di Genova, date le disponibilità delle farmacie del territorio, avrebbe potuto usare una maggiore larghezza.

Questo Ministero si riserva pertanto di richiamare la predetta Direzione e l'Ospedale di Genova, perchè l'inconveniente non abbia a ripetersi; d'altra parte, prende occasione per rilevare come vi sia in genere la tendenza, da parte dei reparti, ad effettuare prelievi eccessivi, motivo per cui ancora recentemente lo scrivente è stato costretto ad invitare tutti gli organi dipendenti alla massima economia.

SUBJECT: - Medical Supplies for C.A.R. (branch of) Sacile.

No. 5 Territorial H.Q.,

Udine,

25th. March '46.

TO: No. 5 British Liaison Unit.

With reference to your A/13/13 of 22 March 1946.

1. The medical materials necessary to a detached hospital provided with 25 (not 20) single beds have regularly been forwarded and delivered to C.A.R. (branch of) Sacile. Besides the materials wanted to set up the said hospital, the aforementioned C.A.R. has been supplied with those necessary to build up a dressing station and a room for the treatment of Venereal Diseases.

2. Medical supplies to cover a months requirements, including vaccines and prophylactics, have regularly been forwarded and delivered.

No request has been suggested or submitted, so far as it concerns a first set-up. The dependant Army Corps Medical Directorate has instead taken this matter up and already provided the above necessities.

3. It has been suggested that any following monthly withdrawals should take place at the Military Hospital Dispensary of Udine, through bills, which are to be forwarded, on 5th. of each month, to Army Corps Medical Directorate, for the necessary authority.

In cases of exceptional emergency withdrawals may be allowed as the above dispensary is able to comply with such requests.

No request has been suggested or submitted, so far as it concerns a first set-up. The dependent Army Corps Medical Directorate has instead taken this matter up and already provided the above necessities.

3. It has been suggested that any following monthly withdrawals should take place at the Military Hospital Dispensary of Udine, through bills, which are to be forwarded, on 5th. of each month, to Army Corps Medical Directorate, for the necessary authority.

In cases of exceptional emergency withdrawals may be allowed as the above dispensary is able to comply with such requests.

Ministry of War,
ROME.

On a recent inspection of "Mantova" Infantry Division by the G.O.C., M.M.I.A., it was reported that insufficient medical stores were being issued to meet the needs of the Divisions.

The undermentioned instances were quoted. The figures shown were to meet the needs of the Division for February, 1946.

Quinine Bisulphate	250 Tablets.
Aspirin	1000 "
Athofan	500 "
Charcoal	200 "
Culacum	500 "
Periamidon	500 "
Dovers Powder	500 "
Salphonomides	NIL
Periodine	NIL
Thiazoles	1000 "

It will be appreciated by you that these drugs were insufficient.

The Division is supplied with their requirements by the Terr. Hospital, VILLA SANTA.

Will you cause enquiries to be made, reporting the result to this office, as to why insufficient drugs were not issued.

Subject Medical Supplies.

The returns from the Main Military Hospital At Milan, entrusted to arrange to the medicine requirements of all hospital s and units belonging to the 3° Terr. HQ, was at the 15/2/46 as follows:

Sulfamides	tablets	162.000 (40.000 of which at Bresc
"	phials	1.500
Vitamins B, C	tablets	840.000
thermometers	N	104
Films for X rays		(report not received)

We point out:

- 1°) The quantities of sulfamides and vitamins B and C were and still must appear large, more than sufficient for a long period of time.
 - 2°) Thermometers, taking into consideration consumption, should be enough to last at least four months.
 - 3°) Medical supplies for the pharmacy at Milan have never been lacking and the last large allotment (a few wagons) was ordered on the 9 inst.
 - 4°) The X ray films were supplied, last time, at the end of Dec. by the Magliana depot (960 films). Bearing in mind however the Nov. supply (1080 films) and the purchase recently carried out from the local market (480 films), we do not think that X ray films are in short supply, also because no report has been received concerning them.
- Milan hospital has already been approached to report any requirement.

(segnalazione non pervenuta)

Si observa:

- 1°) Le quantità di sulfamidici e di vitamine B,C erano e devono tuttora risultare rilevanti; più che sufficienti per un lungo periodo di tempo.
- 2°) I termometri, stando al consumo, sarebbero dovuti bastare per almeno 2 mesi.

30) I rifornimenti di medicinali alla farmacia di Milano non sono mai venuti a mancare e l'ultima forte assegnazione (alcuni vagoni) è stata disposta il giorno 9 c.m.

Le pellicole radiografiche sono state fornite, l'ultima volta, a fine dicembre dal Deposito della Magliana (960 pellicole). Tenuto però conto del rifornimento di novembre (1080 pellicole) e dell'acquisto dal commercio locale recentemente effettuato a Milano (480 pellicole), si deve ritenere che le pellicole radiografiche non siano venute a mancare, anche perchè nessuna segnalazione è pervenuta al riguardo. Comunque, l'Ospedale di Milano è già stato

UNRECEIVED

A report on the situation of the Regional Training Centre Detachment, SACILS, as at 28.2.46, contained the following remarks:-

1. "Stores required for a 25-bedded C.R.S. are being sent from Udine before the end of February."
2. "Medicines and medical stores - none in possession."

May I be informed please,

- (a) If the stores mentioned in 1 above have now been received.
- (b) If any medicines and medical stores have been received. If they have not, will you please ascertain if they have been indented for, to whom the indent was sent and the date. It is also requested that I be informed of what steps - if any - have been taken by the DRS Territorial Command has taken to ensure that he receives a regular supply of medical stores.

Reference your S/592 dated 6 March 46 in reply to this Directorate's M.4206 (3) dated 4 March 46.

The following items were apparently received and taken on charge in your Depot from Mid-East in error, as they were originally intended for consignment to the Italian Military Depot:-

SUB SECTION 3C.

Grettes, evacuation.	No.	144
Cystotome.	No.	149
Forceps, Chalazion, oval.	No.	202
Gouge, Cornea, foreign body.	No.	257
Keratome, Jaeger, curved.	No.	335
Scissors, iris, de Weckers.	No.	476
Spoons, Eye, D.E.	No.	524
Speculum, Eye.	No.	515

Please arrange issue to the Central Italian Military Depot Medical stores - Address to ISTITUTO CHIMICO FARMACEUTICO MILITARE, FLORENCE.

Forward the vouchers for costing and signature to the DAIMS, Land Forces Sub-Commission, A.C. (MMIA) Rome, receipted copies in duplicate are to be submitted to the Financial Adviser, GHQ, CMP, in accordance with existing instructions.

Notify this Directorate on completion of action

Officer Commanding
No. 10 Command Depot Medical Stores
NAPLES C.M.F.

Reference your CMS/4/46 dated 21st February 1946 forwarding a list of captured laboratory equipment held in your Depot.

All items of Italian origin are to be packed and forwarded to the Central Depot Italian Medical Stores, Istituto Chimico Farmaceutico Militare, Rifredi, Florence.

Vouchers for same are to be forwarded to D.A.D.M.S Land Forces Sub-Commission, A.C., Rome, for signature and costing in accordance with existing instructions.

The remainder of the equipment can be issued when necessary in lieu of similar items of British manufacture. When the Section 8 equipment theatre surplus is being declared to the Ministry of Supply Disposals Officer any items considered surplus among captured material held at your Depot will be included.

The Generator, Electric Petrol driven, would appear to be an Ordnance item in which case it should be handed in to the Ordnance Returned Stores Depot.

15 Feb 46.

No.2 BLU

With reference to your monthly progress report for January 1946 in which you reported shortage of Medical Officers and Drugs in No.2 Territorial Command.

The War Ministry has informed me that 30 Medical Officers are being posted to Terr. HQ., for duty with hospitals and the Mantova Division.

Drugs, with the exception of Penicillin, reported in short supply are being forwarded as soon as possible. Penicillin is not at present available from Italian sources but efforts are being made to obtain supplies elsewhere.

No.1 BLU

With reference to your monthly progress report for January 1946 in which you reported shortage of drugs at Alessandria and Novara Hospitals.

These hospitals are not part of the Italian Interior Army but are known as "Military Hospitals on civilian rations."

Drugs for these hospitals should be obtained by the Territorial Command Headquarters from civilian sources.

Land Forces Sub Comm.

A.C. (MIL)

10/1/46

27/1/46

27 Feb 46.

C.O. 3 BIL.

With reference to your progress report for Feb. 46.

Condoms for the Italian Army are in very short supply and issue is restricted to two per man per month. Authority for issue from British sources will not be given by Higher Authority.

In view of this shortage and to lessen the risk of a man contracting V.D., it is recommended that instructions be given that preventative capsules be used immediately after exposure to infection. These capsules are in plentiful supply.

Translation

From M.of W.

Ref.6/380/293/MC

To M.M.I.A.

Date 17/I/46.

Subject Medical Supplies for the Armed Forces.

Further to a conversation which took place on the 10/I/46 between ~~our~~ Lt.Col.Guglielminetti and your Capt.Stephens, we report that the Gen.Directorate of Military Health is arranging to contact the National Industry concerning the possibilities of medical supplies for the Armed Forces.

We do not attempt to hide the serious difficulties which will have to be met and it is foreseen right from the start that many of the items, for which there is great need, will not be available from Italian sources.

Thus, the Mil.Health is compelled to place more faith on the stores still held at present in the Pharmaceutical Establishment at Merano, whose forthcoming return to the Italian Government is planned.

It appears anyway that the Allied Authorities have ordered that, before this forthcoming return, large quantities of the medicines located at Merano be granted to the Public Health whose officials will already be there for the withdrawal.

We suggest instead that you approach the competent Allied Authorities, in order that any grant be suspended, while waiting for the return of the establishment at Merano to the Italian Government to take place, the latter deciding concerning the issue, in accordance with requirements, without prejudice to supplies for the Armed Forces.

DIREZIONE GENERALE DI SANITA' MILITARE

No. 17 GEN 1946

ALLA LAND FORCES SUB COMMISSION
AC. (INTA)

ROMA

Divisione III⁷ Sez. OT

Int. M. B. 1389/43 Allegato

Medical

Risposta al foglio del
Dir.

OGGETTO Rifornimento medicinali alle Forze Armate.

A seguito del colloquio intercorso il 10 corrente mese tra il ten. Col. Guglielminetti di questa Direzione e il Capitano Stephens di codesta Missione, si precisa che la Direzione Generale di Sanità Militare sta provvedendo ad interpellare l'industria nazionale nei riguardi della possibilità del rifornimento medicinali alle Forze Armate.

Purtroppo la scrivente non nasconde le gravi difficoltà che dovrà incontrare e prevede fin d'ora che molte delle voci, di cui vi è esposto bisogno, non saranno disponibili da fonte italiana.

Ciò stante, la Sanità Militare è costretta a fare tanto più affrettando sui materiali ancora esistenti presso lo Stabilimento Farmaceutico di Merano, di cui è prevista imminente la restituzione al Governo Italiano.

Risulta peraltro che la Autorità Alleata hanno disposto che, prima ancora della predetta imminente restituzione, notevoli quantità di medicinali dislocati a Merano vengono ceduti alla Sanità Pubblica, i cui funzionari sarebbero già colà per il ritiro.

Questa Direzione Generale propone invece che codesta Missione intervenga presso la competente Autorità Alleata, perchè qualsiasi cessazione venga sospesa, in attesa che, a restituzione avvenuta dello Stabilimento di Merano al Governo Italiano, possa quest'ultimo decidere in merito alla distribuzione, secondo le esigenze, senza pregiudicare il rifornimento delle Forze Armate.

A seguito del colloquio intercorso il 10 corrente mese tra il Ten. Col. Guglielmotti di questa Direzione e il Capitano Stephens di codesta Missione, si precisa che la Direzione Generale di Sanità Militare sta provvedendo ad interpellare l'industria nazionale nei riguardi della possibilità del rifornimento medicinale alle Forze Armate.

Purtroppo la scrivente non nasconde le gravi difficoltà che dovrà incontrare e prevede fin d'ora che molte delle voci, di cui vi è es- soluto bisogno, non saranno disponibili da fonte italiana.

Ciò stante, la Sanità Militare è costretta a fare tanto più affi- danamento sui materiali ancora esistenti presso lo Stabilimento Farmaceu- tico di Merano, di cui è prevista imminente la restituzione al Governo Italiano.

Risulta peraltro che le Autorità Alleate hanno disposto che, prima ancora delle predetta imminente restituzione, notevoli quantitativi di medicinali dislocati a Merano vengano ceduti alla Sanità Pubblica, i cui funzionari sarebbero già colà per il ritiro.

Questa Direzione Generale propone invece che codesta Missione intervenga presso la competente Autorità Alleata, perchè qualsiasi cessio- ne venga sospesa, in attesa che, a restituzione avvenuta dello Stabilimento di Merano al Governo Italiano, possa quest'ultimo decidere in merito alla distribuzione, secondo le esigenze, senza pregiudicare il rifornimento del- le Forze Armate.

Subject Deficiencies of Medicines at Udine and Naples.

Concerning the deficiencies reported in the letter to which we reply, we point out:

1°) NAPLES.

Having examined the situation in that area on the 15/12/45, we report;

a) Alcohol: stocks are as follows:

Denatured alcohol

1569 Kg.

Superquality alcohol

1014 "

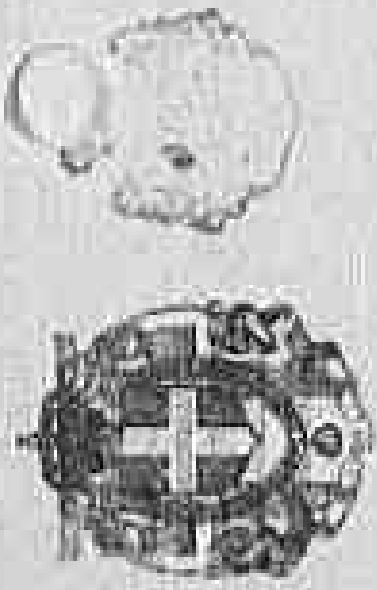

b) Diuretics: the most important diuretics (theobtomide and diuretine) are lacking, and has been the same for the rest of Italy for a long time. On the other hand such products have never been available not even from British sources? Therefore the shipment of a certain number of phials of "marsalili" (500) has been ordered from Magliana.

c) Tonics: there is no scarcity either of cardiatonics (phials of caffien, camphor etc.) or the main reconstituents (phial of arsenical compounds, etc;)

d) Expectoratives: 159000 Dower powder tablets are available (103000 of them at Naples) and large amounts of therpin, solfoquaiacolato potash and carbonated quaiacolo. In any case a further shipment of cough and carbonated quaiacolo tablets have been ordered as well as some poligala (roots and extract).

2°) UDINE

During October last a large supply of medicines was ~~ordered~~ ^{shipped} for the Udine area by the Mil. Pharm. Chem. Institute at Florence. The shipment also included large quantities of cotton wool etc. Said supply reached destination in time, as shown by the local return at the 15/12/45 in which are shown the following items:

Dir. Sec. N. 2/4/36

OGGETTO : Deficienze di medicinali a Udine e a Napoli.

medical.

In merito alle deficienze segnalate col foglio cui si risponde, si fa presente:

1° - NAPOLI

Esaminata la situazione al 15/12/45 di quella circoscrizione, si

rileva:

a) - Alcool: la consistenza é la seguente:

alcool denaturato	kg.	1569
alcool fino	"	1014

b) - Diuretici: i più importanti diuretici (teobromina e diuretina)

mancono, come del resto da molto tempo in tutta Italia. D'altra parte tali prodotti non sono stati mai disponibili neppure da fonte inglese. E' stato perciò disposto l'invio da un certo numero di fiale di murellili (500) dalla Magliana.

c) - Tonici: sia i cordiatonici (fiale di caffeina, canfore, ecc.) che i ricostituenti principali (fiale di composti arsenicali, ecc.) non difettano.

Esaminata la situazione di quella circoscrizione, si

785020

alcohol fino

b)- Diuretici: i più importanti diuretici (teobromina e diuretina) mancano, come del resto da molto tempo in tutta Italia. D'altra parte tali prodotti non sono stati mai disponibili neppure da fonte inglese. E' stato perciò disposto l'invio di un certo numero di fiale di mercuriali (500) dalla Magliana.

c)- Tonici: sia i cardiotonici (fiale di caffeina, cortex, ecc.) che i ricostituenti principali (fiale di composti arsenicali, ecc.) non difettano.

d)- Espettoranti: sono disponibili 150000 tavolette di polvere del Dover (di cui 103000 a Napoli) e notevoli quantità di terpine, potassio solfoguaiacolato e guaiacolo carbonato. Ad ogni modo è stato disposto un ulteriore invio di tavolette di cough e di carbonato di guaiacolo, nonché di poligala (radice ed estratto).
