The question of clearing captured equipment
Issue Vouchers unchecked, has been discussed with
AFHQ (Major Morrish - Lieut Cooper).

The ruling given is that discrepancy reports
must be submitted.

It is suggested that the easiest way to do this
is first of all make a list of items received and then
work out a comparison with the voucher from which
a discrepancy report can be compiled.

Reference your M/4/1683 dated 24 August 1944.

According to the circumstances explained by you regarding consignments received, the best method to adopt would be to take on charge what has actually been received, sign the vouchers and forward a discrepancy report with them to the consignor, do not alter his figures on the vouchers.

If you are not in possession of the discrepancy report forms, you may obtain same from the nearest British Depot of Medical Stores on application through D.M.S., A.A.I.

Should any cases, bales, or other containers go astray in transit, the Port Commandant should be informed and numbers checked with the shipping invoice.
