Subject: Areas Military Medical Inspectorate.

I) In the Medical organisation, previous to the 8th September 1943, there were 5 area Military Medical Inspectorates (Torino- Verona- Rome- Naples- Bari.-)

At present, further to M.M.I.A. autorisation, only the Medical Inspectorates of Bari, Naples and Rome ~~now in extent.~~ exist.

To meet the Medical requirements in Northern Italy, without, however increase the authorised strength for said inspectorates, it is suggested that:
- Bari area Medical Inspectorate should be disbanded on the 30th inst., and their responsibilities should be taken over by Naples Inspectorate.
- Form, under the same date, Verona area Medical Inspectorate, to carry out also the duties of Torino Medical Directorate.
We await for your decisions.

Ref. I6147/ORD/I
Date 25/8/45

Subject Disbandment of Units.

With ref. to letter M/29/2916 dated 13 inst.
This S.M.R.E. is of the opinion that:
- it is adviseable to disband Field Hospitals 23I-29I-292-964- and 52I
- It is not adviseable for the time being to disband the other
auxiliary units listed in the a/m letter

It seems adviseable to establish what is to happen to said units
and to other similar ones, shortly, i.e; as soon as the details of
the Transition Army has been decided upon.

2. If the Medical Director cannot cope, we will replace him with one who can.
3. Medical Directors are responsible for treatment. Hospitalisation should be carried out in Territorial Military Hospitals.

"Military personnel returning from Yugoslavia" are not recognised. The practice of treating them in Military Hospitals will cease forthwith.

Someone may be called upon to account for the fact that such has in fact, been the practice.

4. The Hospital at Montre is also being disbanded in the immediate future.
5. NO

6. The Italian Army is coming down to a peace establishment which allows 3% Hospital bed cover. Under no circumstances can this figure be exceeded. This means that No. 5 Territorial Command will probably have to give up some of the beds at present authorised.
