1. I have today visited factory at CAPUA as requested in your Q 009 dated 17 May and 15 Jul. The manufacture of 6.5 mm has not yet commenced although about 500 sample rounds are in process.
2. An order from the Ministry of War No 6295/DT dated 14 Feb 46 signed by General P.G. PROPERZO and General RUSSO for 5,000,000 rounds 9 mm is progressing satisfactorily. Produced to date 1,371,720 rounds, last month 178,920 rounds.
3. Monthly production differs considerably, varying in quantity from 450,000 to 175,000 rounds. This is not entirely accounted for break downs in electricity which prevents production each week on a Wednesday and Thursday.
