SUBJECT :- Vehicles - 10 BLU

Land Forces Sub Comm: AC (MILIA)
ROATE ("G" Branch) (SD)

1. This BLU holds two jeeps in lieu of cars Light Utility. Both jeeps were drawn by 56 BLU in Nov 44, and have run over 3200 miles. One jeep has its original engine which cannot now be replaced as jeep engines are frozen.

2. When these jeeps are worn out it will be necessary to replace them by Cars Light Utility. These vehicles are inconvenient for long runs (our furthest commitment is 350 miles South of NAPLES) and, being 'trucks' as opposed to 'cars', cannot be used by senior officers of the BLU without serious loss of prestige in the eyes of the Italians.

3. It is understood that a number of staff cars will become available in the theatre when certain Headquarters close down. To keep this BLU suitably equipped the following alternatives are recommended :-

- (a) That one jeep engine be 'unfrozen' and released for this BLU.
- (b) That a captured enemy, civilian, or staff car be allotted to this BLU in place of one of the vehicles at present held by this unit.

4. It is thought to be most desirable that the WE should be amended for all Type 'A' BLU's but action as in para 3 above would tide over the immediate difficulties of this BLU.
