Retention of the above vehicles is not approved.

A more than generous scale of transport was approved with the new WE. Moreover all vehicles in ROME should be standard types and you should report to this GHQ any difficulties you may have in carrying out this policy.

The provision of spares for ROME is based on complete standardisation.

British/Rome Area Allied Command.

The Director of our Overseas Department has just written asking me to pass to you the thanks of our Association for the most handsome donation of £109. 1s. 6d. which has recently been received through London District as a donation from A.W.S., British/Rome Area Allied Command, to the funds of S.S.A.T.A.

In his letter the Director writes: "Will you inform them (if they are still in existence) that the draft has been received and express to them the deep appreciation of the Association and that such a generous sum will be a very welcome addition to the Funds."

Now that I am able to tell the Director that you are still established in Rome, he will I am sure be writing to you direct. In the meantime, however, will you please accept this acknowledgment and thanks via myself. I can assure you that this money will be most scrupulously used for

Further to the conference in respect of the realignment of the administration of Rans Area, herewith proposed plans of the transfer of vehicles.

Application for the disposal of all other vehicles on charge should be made through the normal channels.

Until actual transfers are completed physically each Unit is responsible for its own M.T.

On the attached lists for "OC Troops Base" read "HQ (Br) R.A.C." and for "Camp Commandant" read "OC Troops (Br) R.A.C."

SUBJECT: Control of 'A' Vehicles

ORIGIN: "A" (British)

1. In view of shortages of almost every class of vehicle Stock Control is now exercised by 'A' Branch and on all Staff Cars, MUs, Jeeps and 15 Oct 45. There is a shortage of 5 Ton vehicles and as a result the control of all vehicles by G-4 has been reviewed.

2. It has been decided that the control of all fit and repairable vehicles will be exercised by "A" G-4, through G-4 (Br) this HQ, to whom all applications for replacement vehicles will be processed in future; future fortnightly wastage returns will be submitted direct to "A" which will act on the instructions.

3. 'A' Orders will continue to be made out by units taking on or standing on charge vehicles as hitherto. Orders will be sent

- See G-4 Original - G(4) HQ HQ
- Amendment Duplicate - HQ 30 Vehicle Coy HQ
- Triplicate - AGCS, 11004 etc Formation etc
- Quadruplicate - Retained by Unit

4. Vehicles from disbanding units will continue to be dealt with in accordance with paras 9 and 10 of HQ Instruction No. 5, as amended, 1903 circular 25, will be processed by "A" to the extent that they are in the course of being issued. HQ G-4 will continue to deal with vehicle issues and other matters as related to the control in the foregoing paragraphs.

SUBJECT: Physical Check of Equipment

1st Lt
4/17/47

DISTRIBUTION: "R" (British)

1. The Physical Check of vehicles (this HQ letter Q 256 dated 15 Feb 47) will in future be maintained by HQ 38 Vehicle Coy. Amendments will be submitted to this HQ as instructed to cover the situation until 0900 hrs 1 May 47 after which further amendments will be unnecessary and HQ 38 Vehicle Coy will maintain this record up to date Part X Orders, published on or after 1 May 47:

- (a) In accordance with existing GQG instructions (except for 1st Lt Div to whom they are not applicable) no transfers of vehicles of the following categories will be made between units without specific GQG authority:

Sts 13 Cars

RVs

Jeeps

15 Cuts GS

GQG authorities for the transfers of these categories of vehicles will invariably be quoted as Part X Orders.

1. Statcentre (Census) MEMP state that they are experiencing great difficulty in accounting for vehicles in this theatre.
2. The reasons being that:
 - (a) Units Disbanding are not rendering Part X Orders showing final movement of the vehicles on their charge.
 - (b) Units moving in and out of the theatre are not rendering Marching In and Out States in accordance with GRO 395/46 as amended by GAO 5/3/46 and 624/46.
3. Units will ensure Census returns are prepared with the greatest care, accuracy and punctuality when submitted to Statcentre (Census) MEMP.

SUBJECT: Collection and Hand in of Vehicles to
Vehicle Park.

DISTRIBUTION: "R" (British)

1. Unit administration of vehicle parks is being seriously hampered owing to personnel, reporting to vehicle parks to collect vehicles, not being in possession of rations and sometimes without blankets.
2. The small strengths of RACC units does not permit rationing of visiting driving teams.
3. It is essential that all unit personnel, proceeding to vehicle parks to collect or hand in vehicles, are self contained in regard to rations and blankets.

Subject: Transport earmarked
for British Embassy

Reference your CG 222 dated 18 Feb 47.

1. Following phone conversation Howell Jones - Clare, Clare - Curties the vehicles provisionally earmarked for transfer to the British Embassy were notified to you and to Major Howell Jones. These were subject to inspection and disposal orders on disbandment of L.F.S.S.

2. It must be realised that few of these vehicles are better than Class 3 and it is recommended they should be officially classified before disposal.

3. It is difficult to forecast date of availability as the vehicles in question are in use and can not be dispensed with until L.F.S.S. ceases to function, and more details are known of its successors, which now appear likely to materialise and should have just call on its residual equipment.

It is pointed out that all MP on charge of LMA (recently disbanded) has been handed in to Veh Parks as directed.

1. Capt SEWELL, late Ordnance Officer of this BLU was despatched by road to you on Mon 27 Jan 47 on posting to your unit.
2. He was given charge of the e/m vehicles, and was instructed to hand them in to 18 Veh Park, and then to report to you for duty.
3. He was provided with the necessary AF G 1033's, and was instructed to hand the receipted forms to an OR of this unit who accompanied him.
4. When the OR returned to this unit he reported that the vehs had not been handed in to 18 Veh Park. He states that the Humber car was required by your unit so that it could be cannibalized for the benefit of a Humber veh held by your unit.
5. In support of this statement he produced a single copy of the original AG 1033's signed "5 BLU W. MCCASBY Sgt" but not bearing your unit stamp.
6. It will be appreciated that this irregular action ceases us great inconvenience, at a time when we are endeavouring to complete disbandment of the unit.
7. You are requested to arrange the handing in of the vehs to 18 Veh Pk forthwith, and to forward AF G 1033's receipted by a representative of the Veh Pk, direct to HQ 218 Sub Area copy to HQ MMIA, quoting this letter.

31 Jan. 1947.

AFHQ letter AG 386.3 Q2-0 of 26 Sept. 1946 is cancelled and the following substituted.

1. It is considered that with the run-down of this theatre that the number of Allied personnel at present handling questions relating to CEM at various Headquarters should be reduced.
2. Therefore effective forthwith any CEM (other than material of the former Italian Army, or Air Force) becoming surplus to Unit requirements will be dealt with as follows:-

(a) CEM Vehicles, Machinery and Stores will be returned direct to the nearest ARAR Parks (See Appendix 'A') after disposal instructions have been obtained from GHQ. Duplicate receipts will be obtained and forwarded together with full details of the items to HQ Allied Commission (CEM Sub Division) CMF.

(b) CEM Vehicles etc of Allied origin such as Russian, French etc will be referred direct to Q Branch GHQ for disposal instructions.

3. CEM with Italian Organizations or individuals will be disposed of through the Italian Ministry of Transport.

4. CEM items in VENEZIA GIULIA - provided that these items have not been listed by the War Booty Committee for return to JUGOSLAVIA, will be treated as CEM captured in Italy and action taken as in 2(a) and (b) above. Items will be evacuated therefore to the nearest ARAR Depot outside VENEZIA GIULIA.

5. The Genio Militare and the British Claims Department are the offices concerned with the settlement of questions relating to Fixed Assets installed in Allied property, and with requisitioned supplies such as furniture etc.

1.- It is presumed that your letter referred to above is with regard to two cars issued to this Unit by MMIA. They have no I.D. GAP numbers painted on their bodies.

2.- When these vehicles were issued to this Unit it was stated by H.Q. MMIA that GAP numbers had been applied for, but as yet no notification has been received of any being allotted.

3.- No order has ever been received by this Unit from any Allied Authority to dispose of these vehicles to ARAR. Your letter quoted above is the first correspondence from any organization on the subject.

4.- A man from ARAR called on Lt. Col. DOUGLAS on about the 23 Dec. with a release order for these vehicles. Col. Douglas replied that

a) he had no authority to hand them over,
b) that since this Unit is not self accounting from the point of view of transport (census returns and issues of vehicles are made by H.Q. MMIA) he regretted that he would be unable to hand over these vehicles without MMIA instructions or instructions from some competent military authority and that he would write and ask for these instructions.

5.- Col. DOUGLAS wrote immediately to MMIA (our Qd-83 of 23 Dec) and asked for instructions. As yet no reply has been received to this letter. This was followed by a further letter to MMIA (our Qd- of 31 Dec. 45) to which no reply has been received.

6.- Your Signal CEM Br A.S. 979 of 13 Jan received to-day vehicles on being handed over to

When these vehicles were issued to this Unit it was stated by H.Q. MIA that GAP numbers had been applied for but as yet no notification has been received of any being allotted.

3.- No order has ever been received by this Unit from any Allied Authority to dispose of these vehicles to A.I.A.R. Your letter quoted above is the first correspondence from any organisation on the subject.

4.- A man from A.I.A.R. called on Lt. Col. DOUGLAS on about the 23 Dec. with a release order for these vehicles. Col. Douglas replied that
a) he had no authority to hand them over,
b) that since this Unit is not self accounting from the point of view of transport (census returns and issues of vehicles are made by H.Q. MIA) he regretted that he would be unable to hand over these vehicles without MIA instructions or instructions from some competent military authority and that he would write and ask for these instructions.

5.- Col. DOUGLAS wrote immediately to MIA (our Q6-87 of 23 Dec) and asked for instructions. As yet no reply has been received to this letter. This was followed by a further letter to MIA (our Q6- of 17 Dec. 45) to which no reply has been received.

6.- Your Signal CEM Br A.C. 979 of 13 Jan received to-day is being complied with i.e. vehicles on being handed over to A.I.A.R. immediately.

Re: your Signal GEN BR AC 979 dated 13 Jan 47.

Attached is a receipt from ARAM for the above vehicles.

It will be noted that this receipt shows only the engine numbers of the vehicles and not the Cap number. This is due to the fact that we have not been notified that the above numbers had been allotted to the vehicles and still have no notification to this effect, but since we only hold two vehicles of the makes in question it is assumed that the Cap numbers quoted refer to these vehicles.

- (f) All the above instructions are contained in GHO747/46 amended by GHO 796/46 which will be further amended in a forthcoming GHO to read 8 Composite PSS Unit instead of 'a' Composite PSS Unit. 5211

HORSES.

- 13. On disbandment of units all horses held will be handed in to the V & R unit on whose detached strength they are held, i.e.
 - (i) TRINISTE/UDINE handed in to V & RCS at Palmanova,
 - (ii) VENEZIA/BOLOGNA handed in to 803 CMVS at SIONARA(Nr. PADUA).
 - (iii) SOUTH of ALPENNINES will be handed in to 803 CMVS.

POSTAL.

- 14. (a) Instructions for redirection of mail are contained in GHO 681/43 as amended by GHO 1312/45 and GHO588/46. These GHOs are consolidated at Appendix 'A' for easy reference.
- (b) Postal Directorate GHQ CMF has now moved to HQ BTA and is now known as Postal Directorate HQ BTA. A liaison officer is attached to GHQ CMF to deal with any local queries but all executive correspondence should be sent to HQ BTA.
- (c) The following instructions amplify those contained in GHOs.
- 15. A redirection section is attached to Base AFO and compliance with the following points is necessary if mistakes are to be avoided which will cause unnecessary hardships to personnel of disbanding units.

(a) The nominal rolls and, where appropriate, the unit representative should be despatched in time to reach the Base APO WILLACH at least two clear days before the date of disbandment. Unless this is done continuity of postal services cannot be provided. If the future addresses are not all known when the nominal rolls are despatched, supplementary details can be sent later by post. The Postal Address Redirection Card AF A20420 should not be used for this purpose.

(b) In addition to the particulars of personnel serving with the unit at the date of disbandment the nominal rolls should include full particulars with new addresses of all personnel who left the unit within the previous month. This should include personnel returning to UK together with their addresses there. If the address in UK is unknown the indicator "Returned UK Release" or "Returned UK Python" etc., should appear.

(c) It will be seen that the GRO requires the post orderly to be attached to 15 Base APO for a period not exceeding six weeks. The selection for this duty of an individual with less than six weeks to serve within the Command will prejudice speedy and accurate redirection of the unit mail. Units are requested, therefore, to ensure that the representative despatched to 15 Base APO is not due for Python or release within six weeks, and is not under consideration for compassionate posting etc.

(d) It is not intended to continue redirection beyond two months from the date of disbandment and it is, therefore, imperative that units ensure that all ranks take action in accordance with para 4 of the GRO. At the expiry of two months any correspondence still received for the old address will be returned to the senders.

16. Should the major portion of a disbanding unit be re-posted to another unit in the Command it may be more desirable to have all mail for the disbanding unit sent there. In that event Postal Directorate HQ BIA should be informed without delay of the unit to which mail should be delivered and from what date. Complete nominal rolls should be made available to the new unit in order that any redirection necessary may be carried out.

17. Units will complete Section 'A' or 'B' of the draft letter 'A' in Appendix 'B' to this instruction immediately the date of completion of disbandment is known and return it to Postal Directorate HQ BIA.

APPENDIX 1A TO GHS, JAM INSTR NO 54DISBANDED UNITS - DISPOSAL OF CORRESPONDENCE

1. On receipt of instructions regarding the disbandment of any unit, the OC will notify the British Postal Directorate, HQ ETL and the Army Post Office from which mail is collected of the latest date up to which correspondence for the unit can be accepted for delivery and the new location if any alteration in the existing arrangements is required. Thereafter, correspondence will be dealt with as follows:

2. Official correspondence, i.e. addressed impersonally to the unit (e.g. 'OC' 'Quartermaster') will be redirected to the HQ of the District or Sub-District supervising the disbandment, who will be responsible for opening correspondence and taking the following action:-

- (a) Dealing with all questions of their concern e.g. accommodation, billeting, compensation, etc.
- (b) Referring personnel questions relating to Officers which cannot be dealt with under (a) above to Head of Service or Arm concerned at GHQ.
- (c) Referring personnel questions relating to ORs to SAC GHQ 2nd Echelon.
- (d) Referring pay questions relating to ORs to the Command Paymaster, and
- (e) For any subject which cannot be classified under (a) to (d) above, forwarding the letter to the appropriate Branch of Service at GHQ.

3. Private correspondence i.e. addressed to individual officers or ORs. OC Unit will furnish CG 15 Base APO with complete nominal rolls in duplicate of officers and ORs (number, rank, name and CRT of service) indicating the formation or unit to which each officer or OR will be posted or attached on completion of disbandment. Private correspondence will be redirected accordingly. Units of minimum strength of 500 disbandment will despatch the unit post orderly to 15 Base Army Post Office. He will be attached to the Base APO for a period not exceeding six weeks for the purpose of redirecting mail received for the unit.

All ranks will be instructed to notify their new addresses to correspondents as quickly as possible to avoid delay to correspondence. Cards in A2042C are suitable for this purpose, and personnel who have recently joined should notify any previous unit(s) to which mail may still be addressed.

Reply to letter Q.204 dated November 1946. -

- 1. - We are in agreement with you regarding paras a), b), c) of the above referred letter.
- 2. - We confirm that the ^{Serial 7.} ~~7th~~ series has been taken on charge by the 8th Repair Unit.
- 3. - At the moment, due to the present unavailability, it is not possible to assign two 4 seater vehicles in place of ~~these of the 4th and 5th series~~ ^{4+5.}

This ministry will provide two vehicles of the requested type as soon as the Repair Unit of Rome has rendered them serviceable and fitted with tyres.

The assignment of the Lancia Dilambda MI.025166 to the Infantry School of Cesano has been ordered.

Ref your letter Q 204 dated 17 Oct 46 in application of same number dated 27 Aug 46, the following 2 vehicles were received by this unit

- (1) Mercedes Chassis No 1533
- (2) Opel " " K38-35966

*ATTN
file 83*

SC REME informs me that it has not been possible to carry out a workshops inspection prior to this due to deficiencies of batteries, tyres etc.

The inspection has now been carried out and report is attached at Appendix 'A'.

A representative from ARAR has now called on this unit with a release note for these two cars: I attach herewith a copy of same. I have informed ARAR that I am unable to release these vehicles meantime pending receipt of instructions from your HQ.

I would point out that the MERCEDES is actually in running order now: being a German Army Model it is a very solid vehicle, and could be put to very good use by this unit,

There are vacancies on the WE of this unit and it would be appreciated if this car (Mercedes) could be allotted a CAP number and taken on our strength.

The Opel however is not considered suitable as a replacement car on any WE.

It would be appreciated therefore if arrangements could be made to inform ARAR that the Mercedes cannot be released, but that the Opel can be; and if you can arrange for the Mercedes to be allotted to this unit.

Subject: MMA Disposal of Transport.

Reference copy of latest Vehicle Census Return forwarded to you under this HQ HQ 14/Q/T of 14 December 1946.

Already the Italian Army are in possession of a considerable number of British vehicles and are in need of more until they are in a position to convert to "all Italian MP".

In the case of vehicles at present on charge to MMA the majority have been retained for some time in Italian Army workshops. Although of little potential value to the British Army and presumably likely to be "declared surplus" they would be of some use to the Italian Army.

Bills are very scattered and it is recommended as the most satisfactory method of disposal approval be given for MMA transport to be transferred direct to the Italian Army. *Under the Charge of*

Vouchers would be prepared as in the case of former transfers of "M" vehicles.

To : Land Forces Sub-Commission A.C.
M.M.I.A. R O M E

1.- A few days ago R.E.M.E.-Officer 4 B.L.U. decided that an AUSTIN Utility on charge of this Unit was quite irreparable.

2.- The vehicle was therefore sent to MESTRE and both work-shops there refused to accept this vehicle saying that they could not issue a BLR certificate unless an indent had been submitted for spares and been returned by ordnance marked NOT AVAILABLE. They estimated that this would take from about 1 to 2 months: in point of fact the last indent we submitted which was returned marked thus took six months to complete the circuit.

3.- In view of the above it looks as if a vehicle will remain on our strength return as "efficient" for a period of from two to six months after it is obvious that it will never be a runner again.

4.- Would it be possible for GHQ to authorize REME-Officers of "A"-Type BLU's to issue BLR certificates. Could a ruling also be given as to how vehicles in this condition should be marked in the monthly return.

ROME AREA ALLIED COMMAND ROUTINE ORDERS. 64

28 November 46.

Serial No. 13

No. 14 'B' Vehicle Policy in CMT.

Reference ARO No 145/46(see above).

There are now three Ministry Of Supply Compounds open for the reception of vehicles handed in under the direct method. They are located at (1) CASALNUOVO (2) TORSAPIENZA (3) PERUGIA. CESENA will no longer accept vehicles from units within Rome Area.

No. 150 'B' Vehicle Policy.

Instances are occurring of units handing in vehicles direct to Tor Sapienza Compound without complying with the documentation instructions issued in ARO 145/46.

Units will ensure that the necessary documentation is carried out; failure to do this will result in all vehicles being handed into 18 Vehicle Park, UDINE. (Q.136)

Serial No. 12

No. 145 'B' Vehicle Policy in CMT.

5235

All units handing in vehicles under the direct method to the Ministry of Supply Campounds at CASALNUOVO (416 RVP) and CESENA must comply with the system of documentation detailed at Appendices 'A' and 'B' to this ARO.

With regard to those to be handed in at NAPLES they must be delivered to the Ministry of Supply Compound, CASALNUOVO, NAPLES, and not to 416 RVP which is now closed for further receipts from units. (OS/300/10)

Subject: Vehicles - retention

1. 756 Mobile Armourers Shop has recently disbanded and Armourers have been posted to MMIA.
2. British Small Arms held throughout the Italian Army are in a very bad state and to prevent further deterioration the above Armourers have been posted to this Mission with a view to forming a mobile team to visit Italian Units to examine Small Arms, effect repairs, train Italian Armourers and generally raise the standard of maintenance.
3. 756 Mobile Armourers Shop have been instructed to return their vehicle, Truck 2 1/2 ton 6 x 6 GMC. Small Arms Repair WD No L.4750291.

May authority please be given for this vehicle to be held on a 'Retention Certificate' by HQ MMIA to enable Armourers to visit Units and carry out their intended work, as without this vehicle the Armourers will be at a standstill and the whole object of their posting will be defeated.

On 8th Jan. 1946, 8th Repair Unit-Rome handed over to Capt. PRAGNELL of your MMIA a car Lancia Augusta licence plate NA 18268, chassis 3I-4744 temporarily requisitioned in Dec. 1943 by Italian Mil. Command of Naples.

Said car is now requested by the owner Sig. FERRARA Vincenzo.

In order to decide whether the car can be returned, ~~we~~ we beg your M.M.I.A. to inform us whether ~~you~~ ~~still need~~ the car in question *is still needed.*

In case the car is no longer required by you, kindly return it to 8 Repair Unit, reporting the matter to this Ministry.

Ref your 6/1138/serv of 30 Mar 46.

1. The assistance which you have rendered in this respect is much appreciated.

It is desired with your approval to retain temporarily five cars under the same conditions as heretofore viz:

- (a) The vehicles will be held at the Super Garage Rome and are available for inspection at any time;
- (b) Maintenance and provision of P.O.I. will be the responsibility of M.M.I.A. with the exception of spares of Italian origin;
- (c) Due care will be exercised in the use and employment of these vehicles.

2. Details of cars held are given at appendix "A".

You are requested to confirm that Serial No 7 has been brought on charge a unit of the Italian Army.

3. You are requested to substitute two 4 seater 6 cylinder cars for Serials 4 and 5.

5197

It is suggested Serial 6 be allocated to HQ Infantry school.

No replacement is required for this vehicle.

Ref your Q.204 of 17 Oct 46.

1. The Opel Olympic Captured vehicle which was sent to this Unit is now under repair at 5 Repair Section, BASILLANG.
2. A considerable amount of work has been put in on this vehicle already and it is anticipated that it will be a first class vehicle when completed.
3. Most of the minor components which it required have been obtained and it is unlikely that you will be asked for assistance in this respect.
4. At present this vehicle has a set of four tyres (of three different sizes) which are mostly well worn but should be sufficient to enable it to be delivered when completed. It would be safe to say, however, that a complete set is required, size 3.25 or 5.50 x 16, but 6.00 x 16 would be suitable if the others are not obtainable.

1. Ref. HQ. M.M.I.A. letter Q.204 dated 17 Oct. 46, as requested in para 3, we attach a detailed list of MT. Spares and tyres required for the two CAP vehicles issued to 6 B.L.U.
2. Neither of these vehicles could be considered acceptable as replacements for Class III British Vehicles, the Mercedes is Class VI and the Auto Union only just warrants Base Overhaul. If repaired the question of maintenance scalings would require attention and in view of the present position regarding German Spares (ex C.E.M.) this in itself makes the repair of these vehicles uneconomical.
3. In view of the above and the proposal for maintenance of B.L.U. transport By Italian Army it is strongly recommended that only Italian or British vehicles should be considered and even with these the all important question of maintenance scalings be given full consideration.
A decision is also required in connection with the repair by the O.A.R.E. of obsolete British Vehicles, spares for which are unobtainable; also in view of the large deficiencies in the O.A.R.E. personnel it is considered that we should stress to HQ. M.M.I.A. the impossibility of the O.A.R.E. undertaking any further repair of B.L.U. Vehicles. This will possibly be more apparent from consideration of the fact that a normal Base Overhaul requires 1000 man-hours which with two tradesmen permanently employed is equivalent to 63 days
The spares required to repair CAP Vehicles are detailed in App. I

SUBJECT:-- MIA Transport

TO:-- HQ Land Forces Sub Commission (MIA)

Reference your Q 204 dated 4 Sep.

1. The copy of Census return referred to by you is sent to MELF and therefore is not held by this HQ; it is requested that a copy may be forwarded as no details of your transport are available later than those shown in Appendix 'A' to your letter Q 204 dated 16 May 46.
2. The domestic transport position in MIA is fully appreciated and it is agreed that improvement is most desirable. In this connection you have recently been requested to review your War Establishment for the permanent mission and in doing this you should recommend inclusion of vehicles suitable for the task. In the meantime every effort will be made to supply better vehicles which you will be authorised to hold in lieu of types at present shown.
3. In respect of your para 3 arrangements are being made for the release of 10 x 3-ton lorries, 4 towards completion of your WE and 6 in lieu of 15cwt vehicles.
4. (a) Passenger vehicles cannot however be brought entirely up to the standard required. No new production from industry is being allowed to War office and in consequence no new vehicles are available for this theatre.
 (b) Your criticism that heavy and light utilities are unsuitable from both the reliability and prestige point of view cannot be admitted.

(i) Reliability

It is thought that the cause of this criticism is largely based on experience of your present vehicles. The Heavy Utility is accepted universally as interchangeable with Car 4 str 4x2 and is in fact as reliable. The Light Utility is not intended for long and arduous journeys and if used for such consistently cannot be reliable.

(ii) Prestige

As stated above the heavy utility is accepted universally as interchangeable with Car 4str 4x2 though it is agreed that the latter is preferable. The supply of Cars 4str 4x2 is however low and efforts are being made to improve the output from 4th Echelon Workshops; the maximum possible availability will be given to you. going this you should recommend... the meantime every effort will be made to supply better vehicles which you will be authorized to hold in lieu of types at present shown.

3. In respect of your para 3 arrangements are being made for the release of 10 x 3-ton lorries, 4 towards completion of your WE and 6 in lieu of 15cwt vehicles.

4. (a) Passenger vehicles cannot however be brought entirely up to the standard required. No new production from industry is being allowed to War office and in consequence no new vehicles are available for this theatre.

(b) Your criticism that heavy and light utilities are unsuitable from both the reliability and prestige point of view cannot be admitted.

(i) Reliability

It is thought that the cause of this criticism is largely based on experience of your present vehicles. The Heavy Utility is accepted universally as interchangeable with Car 4 str 4x2 and is in fact as reliable. The Light Utility is not intended for long and arduous journeys and if used for such consistently cannot be reliable.

(ii) Prestige

As stated above the heavy utility is accepted universally as interchangeable with Car 4str 4x2 though it is agreed that the latter is preferable. The supply of Cars 4str 4x2 is however low and efforts are being made to improve the output from 4th Echelon Workshops; the maximum possible availability will be given to you. The Light utility is not intended as a substitute for a staff car but as a runabout vehicle on routine duties for junior officers.

(c) Release notes are attached for:

Cars 4 str 4x2	Qty 1
Cars 4 str 4x4 (HY Utility)	" 4
Cars 5 cwt 4x4	" 5

Further releases will be made as soon as possible.

Ref your 8158/C1 dated 4 Oct 46.

Col Hidsley wishes me to forward attached Polcorps "release" to you D/O and to explain that we have no knowledge of how this originated.

Our AEME has recently been in touch with 26 B.I.U. and it may be that an inquiry as to the disposal of their vehicles led to this issue.

It would appear contrary to your policy to release these vehicles to M.M.I.A. but we should be grateful if we could be considered for the 4 x 2 Humber and Ford de Lux.

1. The original information concerning these two publications was received from the Bureau of Information and Public Relations, Department of State, Washington, D.C.

It was understood that the work involved was primarily a check on the validity of the information.

2. The information has been distributed to the extent that can be obtained from the Italian authorities.

It is for consideration, in view of the nature of the information, whether they should be retained for reference.

3. You are requested to advise and forward a written report for each including:

- (a) your recommendations as to whether the information should be retained.
- (b) your recommendations as to whether the information should be disseminated.

(c) If you recommend retention, a list of types and areas where retention is desired to describe them as accurately as possible.

4. Please treat as urgent in this matter and advise to the extent considered desired for such types and areas as are needed. It is requested that the information be retained for reference on the purchase of the same from the Italian authorities.

5163

Reference to 201 of 27 August 1946.

1. The original intention concerning these cars, vehicles and so on was to replace them with new ones of British origin.

It was understood that the cars involved was primarily for use in the field and that the vehicles were mechanically in good condition.

2. The vehicles have been distributed on that basis on that can be divided between four Italian divisions.

It is for consideration, in line of later reports as to their condition, whether they should be repaired or scrapped.

3. You are requested to obtain and forward a supporting report for each category:

(a) your recommendation as to whether the vehicle should be retained.
The criterion should be whether the vehicle could be repaired to any use in replacement of a lost British vehicle.

(b) If you recommend retention forward a list of types and serial numbers required being care to describe them as accurately as possible.

4. Unless there is urgent need for these vehicles to be used in the field for such types and numbers as are needed, it is my intention that the War Ministry should pay money on local purchase rather than make loans for equipment.

5. The vehicles will continue to be shown in your areas return in 'A' until disposal instructions are received from HQ.

- 1. Census return of all vehicles held on display as of 1st October 1946 forwarded through to H. J. P. Smith, 20, 21st St., under reference 01/4, dated 10 Oct 46.
- 2. Vehicles, both cars and light trucks, are proposed will be shown on next census return and this information is very much appreciated. Vehicles numbered 4-7 are considered suitable for replacement will, on replacement, be reported for mechanical examination.
- 3. As instructed our proposal for revised 01, will include vehicles suitable for the tank. Number 4-7 vehicles are considered suitable in lieu of cars 4, 5, 6 & 7 but not the 8 car Chevrolet 1946. This 1946 vehicle has a high engine of capacity and is unsafe on wet roads. The four wheel drive being inoperable in such conditions rain and vibration on a long run on wet roads.
- 4. It is noted that further replacements may be expected when the output from the National Production Authority.

Vehicle 14 is considered that the maintenance problem of vehicles held on display will be eased if the replacement can be brought forward. Vehicle 14 (now numbered 01/4 of 12 Oct 46) is a car and can be repaired in States any further only if the necessary spare parts are available and a considerable saving of time would result if they could be supplied from the proposed N.P.A. stock at T.H.M.

Introduction of further type vehicles would greatly simplify the problem.

Dear *Lauree*

Thank you very much for your letter of 4 Oct and for the M.T. efforts you have made on our behalf. We do appreciate very much what you are doing for us in face of this ridiculous situation.

The ten cars, if reasonably efficient, will just about keep our heads above water. In view of what you say I think it is only a matter of time before someone will have to tell the War Office that (whatever may be the state of other units) the Military Mission to the Italian Army cannot advise the Italian War Ministry on how to administer an Army unless we can show that we are able to maintain our own.

However many thanks so far; perhaps something good will turn up unexpectedly.

Yours *all*

P.S. Up to to-day no official letter has yet reached us. I wonder if it has gone astray somehow.

Dear *Pidsley*
4th Sep 46

4th Sep
4th Sep 46

I am sorry that delay in replying to your Q 204 of 4 Sep 46 has caused you the concern expressed in your DO dated 27 Sep 46. Please do not think that this represents any lack of appreciation on our part of your difficulties, or that we have been idle in the matter. Whilst our move has undoubtedly delayed matters a little we have been trying to find a satisfactory and more lasting answer rather than a stop gap solution out of an impossible supply situation and this is the cause of our apparent procrastination.

We have now replied officially to your letter of 4 Sep 46 from which you will see that we have found you:-

Cars 4 str 4x2	Qty 1
Cars 4 str 4x4 (Hy Utility)	" 4
Cars 5 owt 4x4	" 5

This represents the maximum which we can do for at least a month and probably two months because our current effort is at the direct expense of field formations in AUSTRIA and ITALY and these cannot be subordinated indefinitely.

I know that you are well aware of our difficulties and realise that your present transport is no worse than any other formation in the theatre. Your officers may have observed some of the GHQ transport stranded on the roads of ITALY during our recent move!

51

Yours

Sincerely
Ian Laurie

SUBJECT: MIA Transport

TO: HQ Land Forces Sub Commission (MIA)

Reference your Q 204 dated 4 Sep.

1. The copy of Census return referred to by you is sent to MIA and therefore is not held by this HQ; it is requested that a copy may be forwarded, as no details of your transport are available later than those shown in Appendix 'A' to your letter Q 204 dated 16 May 46.
2. The domestic transport position in MIA is fully appreciated and it is agreed that improvement is most desirable. In this connection you have recently been requested to review your War Establishment for the permanent mission and in doing this you should recommend inclusion of vehicles suitable for the task. In the meantime every effort will be made to supply better vehicles which you will be authorized to hold in lieu of types at present shown.
3. In respect of your para 3 arrangements are being made for the release of 10 x 3-ton lorries, 4 towards completion of your WE and 6 in lieu of 15 cwt vehicles.
4. (a) Passenger vehicles cannot however be brought entirely up to the standard required. No new production from industry is being allowed to War Office and in consequence no new vehicles are available for this theatre.

(b) Your criticism that heavy and light utilities are unsuitable from both the reliability and prestige point of view cannot be admitted.

(i) Reliability

It is thought that the cause of this criticism is largely based on experience of your present vehicles. The Heavy Utility is accepted universally as interchangeable with Car 4 str 4x2 and is in fact as reliable. The Light Utility is not intended for long and arduous journeys and if used for such consistently cannot be reliable.
