Reference DOS Circular No. 68.

1. (a) The following blank forms are being despatched to you under registered cover in the quantities indicated in Appendix "A" to this letter (the APO registration number of each parcel is also shown).

Census Forms 187 "A" Vehicles
Census Forms 188 "B" Vehicles

(b) Census Forms 187 ("A" Vehicles) are for use at 30 Apr 46 and should be completed in accordance with GRO 1171/45.

(c) Attention is drawn to Census Form 188 ("B" Vehicles) which is a new form designed to standardise the "B" Vehicle return formerly made on units' own proforma. All "B" Vehicle returns will now be made on this form.

(d) Further supplies of above forms can be obtained from this Branch if necessary.

2. Nil returns are required in respect of Census Forms 187 and 188 and these forms should be routed by units through the appropriate ADOS or DADOS where applicable.

3. All Italian units under British Command are required to render census returns and to follow normal census procedure. It is realised, however, that many of these units are incapable of rendering such returns unaided. To overcome this the Italian Ministry of War has been requested to order all Italian Units to contact their Br Comd on this point. COs are requested to assist by making the Br Unit under whom the Italian Unit is working and under whose command it has been placed responsible for obtaining census returns and submitting them to the CO concerned.

4. All units of British employed German military personnel are required to render monthly census returns in respect of all vehicles held, including captured enemy vehicles. All movements of such vehicles must be covered by the publication of Part X Orders in accordance with normal census procedure. COs

319

5. Points raised in previous distribution letters regarding the correct rendition of census returns by units will be emphasised by COs as may be considered necessary and the remarks in para 12 below will be stressed particularly.

6. It is essential that all units are covered by the census. Ordnance Officers must ensure that NO unit is omitted due to confusion as to the CO responsible. This letter has been sent to the addressees in Appendix "A" to this letter which shows in general terms only, the responsibility of each addressee. Details of the obligations of COs in regard to the monthly census are set out in DCS Circular No. 68.

Subject: Monthly Vehicle Census.

To : HQ. MMIA.

Reference DOS Circular No. 68.

1. (a) The following blank forms are being despatched to you under registered cover in the quantities indicated in Appendix "A" to this letter (the APO registration number of each parcel is also shown).

Census Forms 187 "A" Vehicles
Census Forms 188 "B" Vehicles

(b) Census Forms 187 ("A" Vehicles) are for use at 30 Apr 46 and should be completed in accordance with GRO 1171/45.

(c) Attention is drawn to Census Form 188 ("B" Vehicles) which is a new form designed to standardise the "B" Vehicle return formerly made on units' own proforma. All "B" Vehicle returns will now be made on this form.

(d) Further supplies of above forms can be obtained from this Branch if necessary.

2. Nil returns are required in respect of Census Forms 187 and 188 and these forms should be routed by units through the appropriate ADOS or DADOS where applicable.

3. All Italian units under British Command are required to render census returns and to follow normal census procedure. It is realised, however, that many of these units are incapable of rendering such returns unaided. To overcome this the Italian Ministry of War has been requested to order all Italian Units to contact their Br Comd on this point. COs are requested to assist by making the Br Unit under whom the Italian Unit is working and under whose command it has been placed responsible for obtaining census returns and submitting them to the CO concerned.

4. All units of British employed German military personnel are required to render monthly census returns in respect of all vehicles held, including captured enemy vehicles. All movements of such vehicles must be covered by the publication of Part X Orders in accordance with normal census procedure. COs

4. All units of British employed German military personnel are required to render monthly census returns in respect of all vehicles held, including captured enemy vehicles. All movements of such vehicles must be covered by the publication of Part X Orders in accordance with normal census procedure. 5. Points raised in previous distribution letters regarding the correct rendition of census returns by units will be emphasised by OOs as may be considered necessary and the remarks in para 12 below will be stressed particularly.

6. It is essential that all units are covered by the census. Ordnance Officers must ensure that NO unit is omitted due to confusion as to the OC responsible. This letter has been sent to the addressees in Appendix "A" to this letter which shows in general terms only, the responsibility of each addressee. Details of the obligations of OOs in regard to the monthly census are set out in DOS Circular No. 68.

(b) Attention is drawn to Census Form 45 Ed 5 which is divided into 3 copies. A copy of completed returns is no longer to be sent to Q(Stats) GHQ, CMF. The procedure to be followed for the 3 copies is set out in the Instruction Page.

2. 'B' Vehicle returns are required as usual and should be routed by units to the appropriate ADOS or DADOS with Census Forms 45, 45C and 187 where applicable.

3. NIL returns are required. In the case of Census Forms 45, see Instruction Page.

4. Information required for the census of Radar Equipment will be obtained by this Headquarters direct from the units concerned and returned by them direct to the appropriate addressees.

5. All Italian units under British Command are required to render census returns and to follow normal census procedure. It is realised however that many of these units are incapable of rendering such returns unaided. To overcome this the Italian Ministry of War has been requested to order all Italian Units to contact their Br Comd on this point. CO's are requested to assist by making the Br Unit under whom the Italian Unit is working and under whose command it has been placed responsible for obtaining census returns and submitting them to the O.C. concerned.

All movements of such vehicles must be covered by the publication of Part X Orders in accordance with normal census procedure. CO's will arrange for such assistance as may be necessary to be given to ensure the correct rendition of these returns.

7. Points raised in previous distribution letters regarding the correct rendition of census returns by units will be emphasised by COs as may be considered necessary and the remarks in para 14 below will be stressed particularly.

8. It is essential that all units are covered by the census. Ordnance Officers must ensure that NO unit is omitted due to confusion as to the CO responsible. This letter has been sent to the addressees in Appendix 'A' to

RECEIVED 25 FEB 1946 1331 G.M.T.

Reference DOS Circular No. 68 and our letter ref 6502/7/Q(AE) dated 17 Jan 46.

1. (a) The following blank forms are being despatched to you under registered cover in the quantities indicated in Appendix 'A' to this letter (the APO registration number of each parcel is also shown.)

Census Forms 187 'A' Vehicles
Census Forms 188 'B' Vehicles

(b) Census Forms 187 ('A' Vehicles) are for use at 28 Feb and should be completed in accordance with GRO 1171/45

(c) Attention is drawn to Census Form 188 ('B' Vehicles) which is a new form designed to standardise the 'B' Vehicle return formerly made on units own proforma. All 'B' Vehicle returns will now be made on this form.

(d) Further supplies of above forms can be obtained from this Branch if necessary.

2. Nil returns are required in respect of Census Forms 187 and 188 and these forms should be routed by units through the appropriate ADOS or DADOS where applicable.

3. All Italian units under British Command are required to render census returns and to follow normal census procedure. It is realised, however, that many of these units are incapable of rendering such returns unaided. To overcome this the Italian Ministry of War has been requested to order all Italian Units to contact their Br Comd on this point. COs are requested to assist by making the Br Unit under whom the Italian Unit is working and under whose command it has been placed responsible for obtaining census returns and submitting them to the OO concerned.

4. All units of British employed German military personnel are required to render monthly census returns in respect of all vehicles held, including

4. All units of British employed German military personnel are required to render monthly census returns in respect of all vehicles held, including captured enemy vehicles. All movements of such vehicles must be covered by the publication of Part X Orders in accordance with normal census procedure. OOs will arrange for such assistance as may be necessary to be given to ensure the correct rendition of these returns.

5. Points raised in previous distribution letters regarding the correct rendition of census returns by units will be emphasised by OOs as may be considered necessary and the remarks in para 12 below will be stressed particularly.

6. It is essential that all units are covered by the census. Ordnance Officers must ensure that NO unit is omitted due to confusion as to the OO responsible. This letter has been sent to the addressees in Appendix 'A' to this letter which shows in general terms only, the responsibility of each addressee.

4. All units of British employed German military personnel are required to render monthly census returns in respect of all vehicles held, including captured enemy vehicles. All movements of such vehicles must be covered by the publication of Part X Orders in accordance with normal census procedure. 5. Points raised in previous distribution letters regarding the correct rendition of census returns by units will be emphasised by OOs as may be considered necessary and the remarks in para 12 below will be stressed particularly.

6. It is essential that all units are covered by the census. Ordnance Officers must ensure that NO unit is omitted due to confusion as to the OO responsible. This letter has been sent to the Addressees in Appendix "A"
