1. Herewith B.L.R. Certificates in duplicate for the above named vehicle held within WE of this unit.
2. A replacement is URGENTLY required for this vehicle since the only remaining transport available for duty is a 15 cwt which is used for camp details, thus leaving no transport available for officers IO duties on the Island.
3. The shortage of JEEPS in E.V.P's is appreciated, but this type of vehicle is essential to the nature of the work performed in SICILY. The roads are in a deplorable state of repair. Journeys have to be made to all parts of the Island over mountainous terrain and frequently through narrow mountain tracks in order to visit isolated Italian Army detachments. It is therefore requested that every effort be made to issue this unit with a Class I JEEP.
