Subject: Local Administration

1. In order to correct our records of your accommodation, you are requested to complete and return proforma attached as Appx 'A' not later than 8 Dec 46.

2. No opportunity should be lost prior to the final closing down of your appropriate (Sub) Area HQs to acquire necessary premises in addition to or in place of those at present occupied, and to have them put in a good state of repair.

It is essential that distances from HQ offices be reduced to a minimum and desirable that at least one building be occupied as a combined "Officer's Mess and Single Officers accommodation" including "Visiting Officers".

3. It is realised that living expenses are liable to be high and that the strictest economy must be exercised. This problem is already under discussion with GHQ and certain recommendations for financial help on the welfare side have been made. Each BLU must endeavour to make the best of local circumstances and the information now sought is to enable this HQ to be in the picture and to know where assistance is most required.

1. (a) A table showing locations, strengths and general accommodation layout of HQ MMIA and its BHIs is attached (Appendix A). Serial 1 refers to ROME.

(b) There is no information available regarding any future change in strengths or locations; it is assumed that these will remain approximately as at present until after Allied troops have left Italy.

(c) The present accommodation is adequate under present conditions but, being to some extent a share of requisitioned hotels would need considerable augmentation (particularly for married families) if these hotels are to be derequisitioned. It is assumed that hotels requisitioned entirely for ORs and single officer accommodation will remain in our hands for as long as necessary. If not, suitable accommodation will be needed. A detailed statement of hotel accommodation at present occupied in ROME is attached (Appendix B).

1. The following report is sent you in reply to your Q.121 of 25 October 1946.

1. (a) A table showing locations, strengths and general accommodation layout of HQ MEDIA and its BDs is attached (Appendix A). Serial 1 refers to ROME.

(b) There is no information available regarding any future change in strengths or locations; it is assumed that these will remain approximately as at present until after Allied troops have left Italy.

(c) The present accommodation is adequate under present conditions but, being to some extent a share of requisitioned hotels would need considerable augmentation (particularly for married families) if these hotels are to be derequisitioned. It is assumed that hotels requisitioned entirely for ORs and single officer accommodation will remain in our hands for as long as necessary. If not, suitable accommodation will be needed. A detailed statement of hotel accommodation at present occupied in ROME is attached (Appendix B).

(d) Present accommodation is in a reasonable state of repair. Any necessary demands to comply with para 3 (a) of 5 District letter 362 Q dated 27 October 46 will be put in hand at once.

(e) It is difficult to estimate for additional married families which may arise in future but it might not be unreasonable to assume a 20% increase in which case additional accommodation for 3 officer and 2 OR families is needed in ROME.

(f) Bulk storage, additional to present holdings will be needed for approximately 10 tons Ordnance Stores, Reserve Rations etc.

3. In view of the above and of GHQ policy to meet all commitments before accommodation is derequisitioned, it would be appreciated if this HQ could be given early notification of any accommodation suitable for married families (Officers and ORs) and for Bulk Storage space which becomes available with a view to immediate occupation.

2602

2/.....

Declassified E.O. 12065 Section 3-402/NNDC No. 785020

4. In the above connection it seems possible that a considerable amount of Ordnance Stores (in accordance with the entitlements published in CHQ letter 6986/1/Q Maint of 25 October 1945) will be needed if families are to occupy quarters in lieu of hotels.

It would therefore seem necessary to ensure that these should not be declared surplus to military requirements until it is certain that they are not in fact needed.

Dear

1. I would like to take up the question of married officers' accommodation in ROME - I am NOT aware of the originating authority for the present ruling, which I gather is as follows:-

(a) Only officers of and above the rank of Colonel are to be given requisitioned houses or flats.

(b) Officers below the rank of Colonel may make private arrangements for accn in houses or flats, but are NOT entitled to accn in requisitioned quarters.

(c) When requisitioned houses and flats are vacated they are automatically de-requisitioned.

2. I do not know whether this ruling is a local one or whether it was given by G.H.Q. but I do know that it does not apply in other towns where we have HQs, the officers of which are all permitted to occupy requisitioned houses or flats without question of rank.
As officers of this HQ are in addition frequently cross-posted considerable criticism and domestic inconvenience (over the matter of chattels) are the result.

3. In addition I would like you to consider that officers of this Mission stationed in ROME are as far as we know likely to remain in ROME for a longer period than any other officers of other units, and with the consequent closing down of Hotel accommodation officers of this Mission may well be financially embarrassed if no requisitioned property is available to accomodate them.

4. If the present system is a local one I would ask you to reconsider it in the light of my remarks above and to permit any married officers of this Mission to occupy appropriate house or flats if they so request. If however the decision is NOT one I would be glad

2. I do not know whether this ruling is a local one or whether it was given by G.H.Q. but I do know that it does not apply in other temps where we have HQs, the officers of which are all permitted to occupy requisitioned houses or flats without question of rank.

As officers of this HQ are in addition frequently cross-posted considerable criticism and domestic inconvenience (over the matter of chattels) are the result.

3. In addition I would like you to consider that officers of this Mission stationed in [redacted] are as far as we know likely to remain in [redacted] for a longer period than any other officers of other units, and with the consequent closing down of Hotel accomodation officers of this Mission may well be financially embarrassed if no requisitioned property is available to accomodate them.

4. If the present system is a local one I would ask you to reconsider it in the light of my remarks above and to permit any 259 married officers of this Mission to occupy appropriate houses or flats if they so request. If however the decision is GHQ one I would be glad to have particulars of it so that my G.O.C. may refer the matter to GHQ.

Yours

WP

1. Addressees are requested to ensure, before making further de-requisitions, that units which are likely to remain in their present locations after the withdrawal of normal maintenance facilities, are housed in good accommodation, since it will be difficult, if not impossible for them to find alternative accn when all derequisitioning has been completed without resort to re-requisitioning or fresh requisitioning, with consequent bad effects on relations with the civilian population.

2. It is envisaged that units which are likely to remain off the L of C will be MMIA ILUs, Claims and Hirings, dets of the Allied Screening Commission, and controlling personnel of DP & RSC Camps.

3. The following points will be borne in mind in assessing the adequacy or otherwise of accn for these units : -

(a) Accn should be in such good repair that further RE work will be unnecessary except for such small maint as can be done under local contract within the scope of AOI 860/41. (GHQ letter 6745/1/Q2 dated 12 July 46 refers)

(b) The provision of accn for families who may be expected to arrive in the future.

(c) The provision of storage accn for bulk holdings of rations, and stores, etc.

(d) Any future commitments.
