Subject: Transport.

Confirming telephone conversation Major HYATT - Capt GORDON.

1. This H.Q. holds 19 m/cycles against a total WS of 26. Of this number it is anticipated that several more, at present in workshops, will be WR'd.
2. As this H.Q. uses quite an extensive D.R. service, which is now crippled through m/cycles being off the road, it is requested that at least 3 Class I m/cycles be released to this H.Q. which will make all necessary arrangements for collection.

1. Prior to our departure for Bologna on 3 Nov. I left a written note with you regarding Fiat 1500 car 31024954 saying that arrangements had been made for the rear axle to be rectified in Italian workshops at Via Pintoriccio. I pointed out that this should be done at once to avoid damage to the crown wheel and pinion through loss of lubricant.
2. May orders please be given for this car to be sent to this workshop on 22 Nov. without fail as I am informed that no action has been taken as indicated in para 1 above.
