To:-

H.Q.
 Rome Area Allied Command.

1. This Mission is at present deficient of 7 vehicles against a W.R. Entitlement of 52.
2. In order to provide for travelling throughout the whole of Italy, vehicles of the strongest and most reliable type are needed for Lt. Cols. and above, who have to make these extended tours of duty.
3. It is not known what types of vehicles, within the scope of this demand, you may at present have for disposal: thus a tentative application is made for the following:-

- (a) 5 Chevrolet H.U.P. 8 cwts, of which the Mission already possesses 12.
- (b) 2 Four Seater Staff cars for the use of full Colonels only.

2396

At present the only cars held within this last category are very old Fordsons, and in view of their general unreliability and poor performance in work for this Mission, a preference would be given to 2 Humber Snipes 2 x 4.
