1. Regarding para 3 of your above quoted letter arrangements will be made to accept 50% of P/B/L in the form of sound stocks already specified as to be released at NAPLES and BARI. It is considered however that it would be preferable to arrange for the remaining 50% P/B/L to be supplied ex Italian Ministry of Food stocks in part repayment of 388 tons loan of P/B/L made ex British stocks (AFHQ signal C 47119 of 15 Dec 45 refers). It is understood that you would have no objection to this arrangement. Conversation Col. DARLOW/Maj. NELSON refers.

2. It is further understood that you will be good enough to arrange for the rail bid for wagons necessary to transfer requisite quantities from BARI to NAPLES.

1. Further to this branch letter ST/159 of 8 Feb 46 GHQ GME have deemed it necessary to release a large portion of the Air Force maintenance for March 46 at BARI instead of NAPLES as originally agreed.
2. All supplies for March will be released at BARI with the exception of P.WEAT/FISH which will still be released in accordance with the a/q letter. 50% only of quantities of F/B/L scheduled will be released at NAPLES and BARI. It is proposed that the remainder of F/B/L will be forthcoming at NAPLES and BARI ex Italian Ministry of Food stocks and will form part repayment of loan of 388 tons due to British Depots.
3. Para 4 of this branch letter ST/159 of 8 Feb 46 will still apply.
4. DGT GHQ GME has however undertaken to submit rail-bid for transfer of supplies ex BARI to NAPLES in view of the difficulty that would be likely to be experienced by the Air Force authorities.

RATIONING - I.A.F.

1. As you are aware arrangements have been made for bulk issues of rations from British sources to be made direct to I.A.F. depots in Bari and Naples.
2. Every attempt is being made to effect issue by January 7. This issue will be for 43 days - 28 days for February 1946, when you will issue from your bulk stores to Italian Air Force units, the remaining 15 days rations is reserve stocks.
3. It is emphasised that the 15 days reserve is not on any account to be used except in emergency. On the other hand it is advisable in order to prevent deterioration not to keep the original issue in stock but to issue it during the following months and to retain as reserve fresh issue when the monthly allocation is received from British Depots. It is requested that this is made clear to officers commanding the Ration Depots at Bari and Naples.
4. From February 1 BRIT/ITI will no longer draw the British portion of their rations from British depots but will do so from Italian depots at the same time they draw the Italian supplied items. This will mean that rations will be drawn from one source instead of two.
5. US/ITI personnel, however, will continue to draw the American portion of their rations from American Quartermaster Depots as at present.

1. Reference your application for a four months holding of supplies for maintenance of the Italian Air Force in SARDINIA. In view of the uncertainty of future supply policy for the Italian Air Force, the Director of Supplies and Transport is unwilling to accede to your request as there is a possibility that this maintenance may cease to be a British responsibility before June 1946.
2. If you still consider that a holding of one month plus fifteen days reserve is inadequate to cover possible difficulties or delays in transit between the mainland and SARDINIA perhaps you will notify this branch of any alternative proposals.

RETURN OF RATIONS TO THE MINISTRY OF MARINE BEING RATIONS
FOR C.A.V. OF VENICE FROM THE 6th TO 21st AUGUST 1945.

The C.A.V. at Venice, before the constitution of the Italian Army Ration Depot of Mestre (Venice) and exactly for the period 6th-26th August, 1945, drew 561 rations from the Navy Centre of Venice.

Such withdrawal was effected from the Navy Centre of Venice instead of from the Allied Depot of Padua, as at that time the above-mentioned Unit had not yet received the instructions which authorised withdrawals from Allied Stores.

As the Ministry of Marine has requested this Ministry to return the rations released and owing to the fact, on the other hand, that the above-mentioned Unit is not in a position to do this as with the constitution of the Ration Depot of Mestre the ration issues had been demanded on the basis of the strict fortnight requirements, it would be appreciated if your Sub-Commission would authorise the "Centrale Assistenza Volo" of Venice, to draw a supplementary issue of 561 rations from the Depot of Mestre to meet the request of the Ministry of Marine.

SUBJECT:- Food provisioning - Italian Air Force.

MMIA has authorized the issue to your Ministry of 30 days food rations (Allied provided items) for the requirements of period 21 Nov to 20 Dec 45.

Rations will be drawn from following depots.

No. 3 Food Distribution Depot MILAN	1561 rations per day
No. 5 Bulk Food Depot MESTRE	1618 " " "
No. 8 Food Distribution Depot ROME	7889 " " "
No. 9 Bulk Food Depot BARI	11071 " " "
No. 10 Bulk Food Depot NAPLES	5667 " " "
No. 11 Food Distribution Depot PALERMO	1482 " " "
No. 12 Bulk Food Depot CAGLIARI	1990 " " "
total	29298 " " "

as a single issue

The issue will take place ~~once~~ only, provided that commodities are available, after the requirements of the Army and of the Navy have been met to including 30 Nov and 5 Dec respectively.

In case of not-availability Commissariat Directorates will see to the issue to take place in such a way to meet - according to signal 21809/S/4 of 12 Nov - the requirements of the Italian Air Force for periods 21 Nov - 5 Dec and 6 - 20 Dec 45.

For Commissariat Directorates it is pointed out that further food provisions to the Italian Air Force will presumably take place only ex BARI and NAPLES Bulk Food Depots.

For the Air Ministry only copy of MMIA letter ST/159 of 6 Nov is attached.

Rations- Issues to Italian Air Force.

1. Further to our letter of even reference dated 31st October 1945, arrangements in accordance with para 1.(iv) thereof have now been completed and M.M.I.A. has issued instructions to the Italian War Ministry, under reference ST/159 dated 2 Nov. 45, authorising the bulk issue of 30 days' rations to each of the regional I.A.F. depots in accordance with the table of requirements drawn up by your Ministry. It may eventuate that in certain areas notably BARI, NAPLES and ROME the full 30 day supply cannot be issued at once owing to shortage of stocks. The balance remaining to make up the 30 day level will, however, be issued as soon as possible.

2. It is now understood that all I.A.F. units have drawn their detail ration issue from Italian War Ministry depots for the period 6th to 20th November. Your first detailed issue to I.A.F. units from I.A.F. depots will, consequently, be for consumption in the 15 day period commencing 21st November and not 15th November as previously stated.

3. It is requested that all necessary instructions may be issued to all Headquarters and units if this has not already been done.

Further to and amplifying this branch letter ST/159 of 2 Nov.

1. With effect 21 November 45 Italian Air Force will make detail distribution of rations to units of Italian Air Force.

2. (a) Italian Air Force is authorized to draw 30 days supply of Allied items from 5 Nov on Italian Army depots at MILAN, MESTRE (for PAVIA), ROMA, BARI, NAPLES, PALERMO and CAGLIARI.

(b) This 30 day stock represents requirements 21 Nov to 20 Dec 45.

(c) It is appreciated that it may not be possible in some instances to make 30 day supplies available in a single issue and in such cases handovers will be made so that the Air Force can arrange distribution to their units for ration periods 21 Nov to 5 Dec and 6 to 20 Dec.

3. Detail issues have been made from Italian Army Depots to Italian Air Force for consumption period 6 - 20 Nov 45.

4. Eventually bulk issues will be made at BARI and NAPLES only for the Italian Air Force - probably during January.

5. Bulk withdrawals ex depots, para 2 above, should not disturb present procedure since all Air Force units have been drawing from respective depots.

Rations - Issues to Italian Air Force.

1. Confirming recent meeting General GIACHEDDU - Lt/Col. DONADIO - W/C KNOWLES and subsequent telephone call to General GIACHEDDU, the following information is given regarding the new system of ration issues to the Italian Air Forces: -

- i) With effect from 15th November rations will be issued by Italian Army depots to the Italian Air Force in bulk instead of in detail to units as at present.
- ii) Detailed distribution to I.A.F. units will be effected under arrangements to be made by your ministry.
- iii) As a result of the foregoing your Ministry must ensure that regional I.A.F. ration depots are in full operation by November 15th and can issue rations to all I.A.F. units for consumption on that date. It has since been agreed that rationdepots will be opened at Milan, Padua, Rome, Bari, Naples, Palermo and Cagliari.
- iv) Arrangements have been made with M.M.I.A. for regional depots at iii) to draw a 30-day level of rations as soon as possible in order that detailed issues may be prepared in time for the initial issue on November 15th. Captain Anselmi has, accordingly, today been asked to provide immediately a list showing personnel strengths served by each depot and bulk quantities of allied - provided ration items required by each. Personnel strengths were to include all I.A.F. personnel, including personnel serving with R.A.F. units and Carabinieri, but excluding US/IFI troops.

under arrangements to be made by you.

iii) As a result of the foregoing your Ministry must ensure that regional I.A.F. ration depots are in full operation by November 15th and can issue rations to all I.A.F. units for consumption on that date. It has since been agreed that rationdepots will be opened at Milan, Padua, Rome, Bari, Naples, Palermo and Cagliari.

v) US/ITI troops will be rationed directly from US Ration depots w.e.f. 1st November, 1945.

vi) The whole of the Italian Air Force, excluding US/ITI troops, will remain a ERIT/ITI feeding commitment until 30 April, 1946.

2. Finally it is desired to warn your Ministry that in the near future it is possible that rations for the whole of the I.A.F. may be made available at one point only, for example, at Naples. It would then be necessary for your Ministry to arrange for distribution to your regional depots from that point. In that eventuality as much notice as possible will be given but you are advised to give careful study to the various aspects of the question.

3. It is requested that all necessary instructions to implement para. 1 may given at once to all Z.A.T. Headquarters and units.

Ration Maintenance - Italian Air Force.

1. With reference to your letter ST/159 dated 1st October, 1945, the Italian Air Ministry has again confirmed that all I.A.F. units have been instructed that they must draw only from Italian Army Depots and not from Allied Depots.

2. It is requested that you will note, however, that of the units listed in your above letter only the undermentioned units are Italian Air Force, the remainder being presumably Army units.

SUBJECT:- Drawing of Rations.

M.M.I.A. has revealed that the 8th Labour Coy Royal Airforce, which is authorised to draw 63 rations, has drawn 200 rations for the period 6-20 July from Foggia Distribution Depot.

Since we authorise units of the Airforce to draw rations on a basis of your fortnightly request made for every distribution depot, please see that units under your command are not authorised to draw rations above their authorised war establishment strength.

If a unit has to draw extra rations for personal attached, the name of the units to which the personal belong must be shown on the back of the form.

Please exercise an accurate and constant control on rations drawn, so as to avoid unauthorised withdrawals - to make up for which in accordance with the orders of M.M.I.A., it would be necessary to reduce correspondingly the rations for all units for a given period.

TRANSLATIONMEMORANDUM

The CC RR contingent, under the orders of the Italian Air Force, is not considered as being "on the strength" of units under command of G.H.Q. CC RR, and therefore surplus to the maximum war establishment authorized for the said G.H.Q. (about 60,000).

The CC RR of the Air Force therefore, are completely dependent upon Air Force administration which, apart from providing for the expenses incurred with a suitable ~~entry~~ in their own accounts, maintains, under command, the CC RR as an actual Air-force unit, within the limits of the ~~ceiling~~ of its own W.E.

This also happens with regard to rationing, and this special situation is shown, with the necessary explanations in the fortnightly return that the G.H.Q. CC RR sends to Allied sub-commission for Public Security.

In Actually, these carabinieri substitute ~~for~~ ^{for} similar quantity of airmen (officers, N.C.O.'s and Men) ~~on ordinary~~ ^{on} military police duties.

R. A. METEOROLOGIC OBSERVATORY OF MONTE CIMONE (MODENA) - RATIONS.

1. The observatory of Monte Cimone (Modena) situated at the height of 2163 m. above sea-level has been re-established for aerial navigation requirements. Temporarily the duty is carried out by three persons (of which 2 soldiers and a civilian attached); within the end of this month three other soldiers will be appointed to the observatory, which makes a total of 6 persons.
2. The local particular climatological conditions preclude during winter-time -owing to the snow- every possibility of transport of material, it is, therefore, extremely necessary to ensure previously the ration-supplies for the personnel belonging to the above-mentioned observatory for the period 1st September 1945 31st March 1946. It has to be considered, in fact, that the personnel can only reach the village of Sestola, for eventual necessities of life and duty, by skiing and walking for about 4 hours.
3. In stating the above we are requesting to your A.S.S.C. to kindly allow:
 - a) that, owing to exceptional climatic conditions of the observatory and consequent difficulties of communications, a supply of rations lasting seven months for 5 soldiers (one thousand and sixty rations) be constituted at the observatory contrary to instructions in force;
 - b) that rations (two hundred and twelve rations) for the civil meteorologist be ensured for the same period of time.
4. It would be appreciated if you would kindly treat on highest priority this question, being necessary to prepare the above-mentioned rations within the end of this month.

Q1, MMIA.

1. Units of the III E.A.F. referred to, are authorised to draw requisite number of travel rations for the journey to their destination.
2. Upon arrival in the forward areas rations may be drawn from the nearest Allied Food Distribution Depot on an MMIA Form ST/8.
3. It is regretted that the designation of the depots in the forward areas can not be given; however, at each of the locations to where the units are destined there is an Allied Depot from which rations may be drawn.

- a. Issues made to units from Air Force Depot after inventory.
- b. Receipts from Army Bulk Depot made on 6 March, before Army Director of Comsubsary ordered Bulk Depot to cease issues to Air Force.
- c. Decayed items, mostly of Italian origin, such as tomato paste salvaged from sunken ship and cheese eaten by rats are not shown as received because they can not be issued.

d. Flour and pasta in excess was turned in from a pasta manufacturing plant.

e. Allied canned meat in excess was turned in from another Italian Air Force Warehouse, which we did not see in our inventory.

3. We have received a certificate from the Italian Air Force that all rations have been turned in.

4. Special attention is being paid to items of Italian Origin received from the Air Force to insure that they are being re-issued to all units of the Italian Armed Forces.

From: Air Forces Sub Commission,

"C & T. M. 1945"

To: Italian Air Ministry,
Direzioni di Commissariato.

Recd 20 June

Date: 19th March, 1945.

File ST/ 55

Ref: APSC/674/40.

ISSUE OF RATIONS TO ITALIAN AIR FORCE.

1. Further to this Sub Commission's letter of even reference dated 14th March, 1945 on the above subject it is notified that the M. M. I. A. liaison officer accompanied by the Senior Equipment Officer of this Sub Commission today visited the Ration Depot at the CASERNA CAVOUR and stocktaking of the rations held is now in progress. Advice that this visit was taking place was given to Colonel REGGIA.
2. It was noted that a considerable quantity of rations had been issued since the Senior Equipment Officer last visited the Depot a few days ago but it was explained that in view of the limited storage space available all Italian Air Force units had been issued with sufficient rations to cover their requirements until April 6th, 1945 with the exception of sugar, flour and cheese.

Under these circumstances the present position may be summarised as follows:-

3. (i) All Italian Air Force units supplied by the Ration Depot CASERNA CAVOUR have been rationed up to April 6th, with the exception of flour, sugar and cheese.
- (ii) Stocks of rations remaining in the Depot are now being checked and these will be listed by the M. M. I. A. representative.
- (iii) From the list of rations obtained at (ii) the number of days' rations now held will be computed, allowance being made for the amount of sugar, flour and cheese still to be issued to units at (i).
- (iv) Rations required by Italian Air Force units for consumption after April 6th will be drawn by individual units direct from the Italian Army Depot in the Via Re Boris di Bulgaria after the stocks now held have been depleted.

(v) The Italian Air Ministry

3. Under these circumstances the present rationing of the Italian Air Force units supplied by the Ration Depot CASSERIA CAVONIA have been rationed up to April 6th, with the exception of flour, sugar and cheese.

- (i) Stocks of rations remaining in the Depot are now being checked and these will be listed by the M. M. I. A. representative.
- (ii) From the list of rations obtained at (i) the number of days' rations now held will be computed, allowances being made for the amount of sugar, flour and cheese still to be issued to units at (i).
- (iv) Rations required by Italian Air Force units for consumption after April 6th will be drawn by individual units direct from the Italian Army Depot in the Via de Boris di Bulgaria after the stocks now held have been depleted.

4. With particular reference to para 3 (iv) above the Italian Air Ministry will be responsible for ensuring that stocks of rations held at the CASSERIA CAVONIA are issued against regular unit entitlements and that the number of rations drawn from the Italian Army Depot for consumption after April 6th is correspondingly reduced.

5. It is requested that immediate action may be taken with the Italian War Ministry to ensure that the change-over indicated at para. 3 (iv) above may take place without any confusion. All Italian Air Force units and the Officer Commanding the CASSERIA CAVONIA should be issued with detailed instructions after the matter has been fully discussed between the Air and War Ministries.

Ser.No.1215/SG/17

Date, 21 March 1944.

Reply to form No 601/1/EQ dated March 16th 1944.

(1) Sanitary materials.

The monthly procedure normally in effect is herewith forwarded from the Sanitary Director (Col Blundo) of the Military Director of Sanitation for the Ministry of War, such direction include the request for medical necessities listed for the R,Aeronautica.

It is usual to draw monthly by voucher action medicinal supplies directly from the dispensaries of the Military Hospitals at Bari and Lecce. The vouchers to be signed by Sanitation Section 4th Z.A.T. and by the Army Sanitation Corps.

Medicinal Requests made by various Depts; up to, the 15th Inst; have not been complied with owing to shortage of the following medicines.

Alcohol Raw - Alcohol Pure - Silver Nitrate - Cognac - Tincture of Quinine  
Ether - Chlorine - Liniment of soap and Camphor - Gaster Oil - Iodised Ointment  
Liquid Laudnam - Tabs KAFAN  
Tabs Bismuth with Opium - Tabs Coal Tar - Tabs IODINE  
Tabs Utopine - Tabs EPHEDRINE  
Tabs Quinine - Belladonna Plasters - Tabs QUININE  
Sulphate of Magnesia - Talcum - Phials of Iodine - Bismuth Crystallized  
N.E.O. I.C.I. ENDOGENE Quinine.

The undermentioned medicines have been reduced in quantity.

Solid Creosol and disinfectants in general, Sulphate of Soda, Anti Scabies pomade  
Sulphor ointment Bicarbonate of Soda, Sulphor Tablets, Medicinal Soap, Cotton  
Gauze and bandages.

There is a good quantity of Quinine phials to be found at  
324 Magazine R.A. of MUNGIVACCA here normally the requirements of the various  
departments are complied with.

(2) RATIONS.

Referring to rations, the situation is as follows:

Alcohol Raw - Alcohol Pure - Silver Nitrate - Cognac - Tincture of Quinine  
 Ether - Chlorine - Liniment of soap and Camphor - Castor Oil - Iodised Ointment  
 Liquid Laudnam - Tabs KIOFAN  
 Tabs Bismuth with Opium - Tabs Coal Tar - Tabs PIRAMUCINE  
 Tabs Utopine - Tabs ELMITEK  
 Tabs Quinine - Belladonna Plasters - Tincture of Iodine  
 Sulphate of Magnesia - Talcum - Phials of Iodine - Bismuth Crystallized  
 N.E.O. I.C.I. FULLER'S Quinine.

The undermentioned medicines have been reduced in quantity.

Solid Creosol and disinfectants in general, Sulphate of Soda, Anti Scabies pomade  
 Sulphur ointment Bicarbonate of Soda, Sulphur Tablets, Medicinal Soap, Cotton  
 Gauze and bandages.

There is a good quantity of Quinine phials to be found at  
 324 Magazine R.A. of MUNGIVACCA here normally the requirements of the various  
 departments are complied with.

# RATIONS.

Referring to rations, the situation is as follows :- 6234

(a) Supplies from Allied sources. Sauce and Cheese. The deficiency of  
 these two items is highly stressed. Cheese has not been issued by the 22  
 B.P.O. for the first period 5 - 14th January, while tomato sauce was never  
 issued. According to the Commissariat Section of the 4th Z.A.T., by circular  
 No. 30516 dated 29th January, the marketing conditions made it impossible to  
 acquire provisions in considerable proportions by outside sources.

Papier; has not been issued since February 24th, apparently owing to shortage  
 at 22 B.P.O. Bair, but will be available apparently as soon as circumstances  
 permit.

Dried onions. After a long time, 7842 lbs were issued on the 3rd March to  
 4th Stormo Palata by 22 B.P.O. on the 9th of March by Commissariat Section,  
 Phone 3 60' were assigned 230 kilos for the needs of 500 men. Again on the  
 16th March the same section Phone 21902 the 4th Stormo Palata assigned a further  
 300 kilos of onions for 500 men. From facts ascertained the shortage of the  
 above item was apparently due to lack of space in transport.

Matches. Matches have been issued by the Allies but in small quantities  
 which are being held until sufficient to make full distribution.

Cigarettes. The consignments made have so far been insufficient to needs,  
 but the deficiency was made up by supplement of National cigarettes added to  
 the "V" cigarettes.

SUPPLIES FROM ITALIAN SOURCES.

The provision of fresh greens and vegetables do not come from central ration stores. These items are usually obtained direct from markets. As the result of the above, the shortage stated by 4th Stomach Palata as a result of shortage in the British stores, this shortage has been periodically signalled to the Minister of War and Capt. Walton.

We fully understand your point of view about precedence to be given to Operational Departments in respect to the other departments who enjoy greater comfort.

Inspired by this, the operational Units have been exclusively provided with tinned meats.

TO: THE AIR MINISTER.  
-----1. Medical Supplies.

I have been informed that the Regia Esercito have received from Allied sources, certain quantities of essential medical supplies which are destined for all three Italian Armed Forces.

Can I have assurances that the Regia Aeronautica have properly indented on the Regia Esercito for those medical supplies required and if so whether any have been received and have since been distributed to the Units.

2. Rations.

I am not satisfied that the machinery is yet working quite smoothly.

On the one hand I am assured that the full quantities of those items which come from Allied sources are being regularly delivered for the Italian Armed Forces.

On the other hand complaints continue to be heard of deficiencies covering both Allied items and those which should be provided from local resources by the R.E.

Enquiries by one of my Officers at Palata recently, resulted in the following deficiencies coming to light.

From Allied Sources.

|              |         |
|--------------|---------|
| Tomato Paste | 257,000 |
| Cheese       | 410,000 |
| Pepper       | 3,700   |
| Dried Onions | 667,000 |
| Matches      | 17,400  |
| Cigarettes   | 75,300  |

From Italian Sources.

|                  |         |
|------------------|---------|
| Fresh Vegetables | 397,000 |
|------------------|---------|

I would be grateful if I could be informed whether :-

- (a) Full quantities are really being received from Allied sources of those items agreed upon and if the R.A. are getting an equitable share.

- (b) If proper scale purchases of vegetables are being made and whether they are being properly distributed to the Units of the R.A.
3. In the event of temporary shortages, the operating Units, and especially those in the field, must be the last to suffer. If sacrifices are to be made, they should be supported by these in more comfortable circumstances.

With this I am sure you agree and will issue the necessary directive.

2. While it is appreciated that biscuits will off-set flour and that other variations do not amount to anything serious, it is requested that particular attention be paid to Cheese which is an important item of diet. The cigarette question is also a serious one.

3. Would it be possible to arrange for the deficiencies in Cheese and Cigarettes to be made up :-
