SUBJECT: Order of Battle and Staff Tables for Interim Army and CC.HR.

LAND FORCES SUB COM. A.G. (NELA)

SD/109

Dec 45

TO : AFHQ C(SD) - (20 Copies)

Ref your FX 53377 dated 16 Nov 45.

1. Herewith details of Order of Battle and Staff Tables for personnel, weapons and vehicles as requested for both the Interim Army and the CC.HR.

2. I must point out that the figures are an approximation only and cannot be considered accurate in detail, for the following reasons.

(a) Considerable discussion as to the organisation and equipment of the Inf Divs, Independent Regts and Internal Security Divs is in progress with the Ministry of War, as regards detail, though the general framework has been agreed. This discussion includes the policy of placing all inf units of all three types of formation upon the same WE, as well as amendments considered necessary in view of past battle experience and of future requirements. It will involve the detailed re-writing of the WE of nearly every unit in the formations mentioned.

(b) The Ministry of War are not yet firm as to their detailed requirements for personnel, weapons or vehicles in the WE of administrative units or of training establishments. The responsibility for this detail lies with the Ministry of War, and it is impossible to reconcile possibly divergent views in a few days. Until agreement has been reached, new WE cannot be written.

(c) This HQ awaits the arrival of the officers for the CC.HR. Section charged with the detailed examination of the present organisation of the CC.HR. and with agreeing with the Ministry of War any reorganisation considered necessary. This reorganisation is likely to be extensive.

(c) This HQ awaits the arrival of the officers for the CO.RR. Section charged with the detailed examination of the present organization of the CO.RR. and with agreeing with the Ministry of War any reorganization considered necessary. This reorganization is likely to be extensive.

(d) Even when the views of the Ministry of War have crystallised in detail and agreement with them has been reached on this detail, considerable time must be allowed for the Ministry of War to re-write the WEs of an army, even of small size, and to have their figures checked by this HQ.

Figures submitted to you are accordingly arrived at as follows:

(a) INF DIVS AND INDEPENDENT REGTS

General agreement with Ministry of War upon the new ^{CO.RR.} of these formations mutually desired by the Ministry and by this HQ.

Detailed requirements have NOT been received from the Ministry. Calculations have therefore been made by G(3D) of this HQ from existing IT.II.W WE reconciled with appropriate JHINISH standard WE, in the case of additions to the old organization.

(b) INTERNAL SECURITY DIVS

On the assumption that the inf element of these Divs will be interchangeable with that of the inf divs and Independent Regts.

(c) TRC ESTS and ADM UNITS

On figures supplied by the ITILLIN during the past week, in most cases varying from those previously shown by them. These figures have been only generally agreed and roughly checked by this HQ.

(d) CC.RR.

Entirely upon ITILLIN ORBAT:

ITILLIN org, and ITILLIN figures unchecked and unaltered by this HQ, who are not necessarily in agreement with them. It is, however, anticipated that the figures arrived at after eventual reorganisation of the CC.RR. by the CC.RR. Sec of this HQ, when those officers are posted, will be substantially lower than those at present submitted.

CEILINGS

(a) Ceilings for Command and administrative units conform exactly to those laid down in your AG C91.711 G(SD)-0 of 2 Nov 45.

(b) Request has been made in my G/3/1 of 1 Dec 45 to transfer 2,500 bodies from the Local Reserves block to the Training and Reinforcements block, making the former 37,500 instead of 40,000 and the latter 12,500 instead of 10,000.

(c) (i) In order to provide a sound tactical organisation for the Inf Divs, Independent Regts and Internal Security Divs, it has been found provisionally necessary to exceed, on paper according to personnel Tables of WEs, the ceiling of 50,000 (Mobile Reserve) plus 37,500 (new figure for Local Reserves) total 87,500, by some 1,250.

(ii) In agreement with this HQ, the Ministry of War propose in fact to offset this paper excess by physical non-implementation of certain sub-units (one MG pl per Bn of Inf in all formations and one tp of 40mm in each LJA bty is suggested) giving a saving of some 4,000.

(iii) This will in fact keep the number of men present with the Local and Mobile Reserve blocks well within the ceiling prescribed by

from the Local Reserves block to the training and reinforcements block, making the former 37,500 instead of 40,000 and the latter 12,500 instead of 10,000.

(c) (i) In order to provide a sound tactical organization for the Inf Divs, Independent Regts and Internal Security Divs, it has been found provisionally necessary to exceed, on paper according to personnel Tables of MBs, the ceiling of 50,000 (Mobile Reserve) plus 37,500 (new figure for Local Reserves) total 87,500, by some 1,250.

(ii) In agreement with this HQ, the Ministry of War propose in fact to offset this paper excess by physical non-implementation of certain sub-units (one MG pl per Bn of Inf in all formations and one tp of 40mm in each Lia bty is suggested) giving a saving of some 4,000.

(iii) This will in fact keep the number of men present with the Local and Mobile Reserve blocks well within the ceiling prescribed by you. Your approval of this policy is requested.

5. The Ministry of War have requested verbally that, in spite of the fact that no such units exist in the Interim Army, they should be allowed to maintain a small nucleus of officers and men trained for Med arty, Hy and by bridging. If you are in agreement with this policy, small quantities of suitable equipment would be required to be held by the respective schools. This equipment is NOT included in the Staff Tables prepared.

6. The standardization of transport in the IT-ILIN Army and the ability of the IT-ILIN Government to obtain an adequate quantity of "B" vehicles of new IT-ILIN manufacture is under consideration with the IT-ILIN Government and Allied Commission. An appreciation will be forwarded on this subject at an early date.

7. Full details as to equipment and vehicles at present held by the Italian Army are in course of preparation and will be forwarded as a separate ~~enclosure~~ *enclosure* in due course.

8. The delay in completion is due to the time necessary for the War Ministry to collate the figures gained by them from subordinate formations, particularly with regard to the Combat Divs.
