SUBJECT : Civilians Employees

LAND FORCES SUB COMMISSION
A.C. (M. M. I. A.) R O M E
A 398
6 Aug. 46

TO : HQ Allied Commission

1. W.e.f. 1 Aug. this Sub-Commission ceased to be affiliated to 611 RASC Workshop Platoon for vehicle maintainance.

2. As a result of this a considerable amount of vehicle repair work must be done in the Super Garage from our own resources.

3. It is therefore requested that authority be obtained for the employment of 6 civilian artificers in excess of the civilian WE of the HQ.

Vehicle Maintenance.

1. W.e.f. 1 Aug 45 this HQ ceased to be affiliated to 611 RASC S/Thope Western for vehicle maintenance.

2. As a result of this a considerable amount of vehicle repair work must be done in the Depot Garage from our own resources.

3. It is therefore requested that authority be obtained for the employment of 6 civilian artificers in excess of the civilian WE of the HQ.

Declassified E.O. 12356 Section 3.3/NND No. 785020

## STANDING ORDERS FOR MAIA DOMESTIC TRANSPORT

1. All drivers not on a detail will report to the MT Sergeant at the Super Garage at 0800 hrs and 1400 hrs daily.

2. All drivers not on detail will remain in the garage during the recognised working hours.

3. Drivers of allotted vehicles will not leave the garage during working hours except on instruction from their own Officer or on his or the MT Sergeant's authority.

4. All vehicles will be inspected twice monthly, once by Workshops and once by the Section Corporal at the Garage. Dates on which vehicles are due to be inspected will be adhered to as far as operationally possible; these inspections will be recorded in AB 406 relative to vehicles.

5. The Daily Task system of maintenance will be rigidly enforced, no excuse will be accepted for poor maintenance.

6. Tyre pressure will be checked daily and will correspond with those laid down for the type of vehicle. Relevant tyre pressures will be painted on the mudguards of vehicle.

7. ABs 842 will be up to date and vehicles correctly signed over to drivers, they will contain a complete weekly record of mileage and POL consumption and have entries of all repairs carried out on vehicles.

8. No vehicle will leave the garage except on the authority of the MT Sergeant or his deputy, except as in 3 above.

9. Drivers will remain with their vehicles when in workshops unless otherwise ordered by Workshops Officer or MT Sergeant.

10. Work Tickets will be correctly completed for all journeys with record of mileage and POL drawn and consumed.

11. Drivers will report any defects, on completion of detail, to the MT Sergeant or his deputy at the garage.

12. Vehicles will only be driven by their allotted drivers, the only exceptions being under the terms of CROs 559 and 1060 of 1945 (attached to these orders as Appx 'A' and 'B').

13. Fire precautions in the garage will be strictly adhered to, and smoking will only be permitted in the MT office.

14. Repairs to vehicles will only be carried out by the workshops to which the vehicles are affiliated unless emergency repairs are necessary when the vehicles are away from ROME on detail.

on the mudguards of vehicle.

7. ABs 442 will be up to date and vehicles correctly signed over to drivers, they will contain a complete weekly record of mileage and POL consumption and have entries of all repairs carried out on vehicles.

8. No vehicle will leave the garage except on the authority of the MT Sergeant or his deputy, except as in 5 above.

9. Drivers will remain with their vehicles when in workshops unless otherwise ordered by Workshops Officer or MT Sergeant.

10. Work Tickets will be correctly completed for all journeys with record of mileage and POL drawn and consumed.

11. Drivers will report any defects, on completion of detail, to the MT Sergeant or his deputy at the garage.

12. Vehicles will only be driven by their allotted drivers, the only exceptions being under the terms of CROs 559 and 1060 of 1945 (attached to these orders as Appx 'A' and 'B').

13. Fire precautions in the garage will be strictly adhered to, and smoking will only be permitted in the MT office.

14. Repairs to vehicles will only be carried out by the workshops to which the vehicles are affiliated unless emergency repairs are necessary when the vehicles are away from ROME on detail.

15. A register will be kept in the garage of all details carried out. 1809

16. Vehicles will be registered in and out when entering or leaving the ninth floor of the Super Garage.

17. Tuesday of each week will be regarded as a 'petrol less' day, and no vehicles will be used on that day other than those that are operationally necessary.

18. AF 3676 (Accident Form) will be in the possession of all drivers when on detail.

19. No vehicle will at any time be left unattended outside the Super Garage unless in an authorised guarded car park (GRO 169/45 refers).

Declassified E.O. 12356 Section 3.3/NND No. 785020

## APPENDIX 'A' TO STANDING ORDERS FOR MILITARY DOMESTIC TRANSPORT

559. Driving of WD Vehicles.

1. Cases continue to be reported of unauthorised driving of staff cars and other vehicles.

2. No person, other than the following, will at any time be permitted to drive any WD vehicle except in an operational emergency.

(a) The properly appointed driver or drivers.
(b) Officers and NCOs responsible for the maintenance of the vehicle.
(c) Those duly appointed to testing, inspecting and instructional duties.
(d) Men under instruction on journeys specially authorised for that purpose.
(e) User Drivers duly authorised under GHQ 160/45.

3. When, owing to fatigue or other reasons, the driver is not in a fit state to carry out his duties, motor-cars may be driven on duty journeys by officers other than those referred to above, provided that:-

(a) such officers are fully qualified to drive.
(b) The driver allotted to the vehicle always accompanies his vehicle.

4. Any officer or other rank who in the future contravenes this order will will be subject to disciplinary action. The substance of this GRO will be republished in formation and unit orders and commanding officers will bring to the attention of all ranks that under King's Regulations, 1940, para. 681 (a), a Court-Martial may pay regard to the fact that this warning has been issued when awarding sentence.

5. GROs 329/43 and 358/44 are cancelled.

(Applicable to all troops).

GI/11/4380/A3

Declassified E.O. 12356 Section 3.3/NND No. 785020

APPENDIX 'B' TO STANDING ORDER FOR MMIA DOMESTIC TRANSPORT

1060. DRIVING OF WD VEHICLES.

1. Owing to the shortage of drivers due to release, PTTION and leave, it has been decided to modify the provisions of GRO 559/45 to allow officers to drive WD vehicles in certain circumstances.

2. In future, in any unit where, owing to a temporary shortage of personnel, drivers cannot be allotted to each vehicle, an officer of the unit may be authorised to drive a unit vehicle on military duty provided:-

(a) He is fully qualified to drive.
(b) He is in possession of a certificate signed by his Commanding Officer in person in the form set out in Appendix 'A' to this order. Such certificate will not be issued for a period exceeding one month, but may be renewed.
(c) He is made responsible for ensuring that daily maintenance and routine inspections are properly carried out.
(d) He is responsible at all times for the safe custody of the vehicle under the same conditions as laid down in GRO 169/45, nor do they cancel para 3 of GRO/223/45 in respect of transport used for recreational purposes.

(Applicable to all troops).

GA/B/4380/A3

29 Jan 46 Top Secret

Major Calabrini.

You will proceed to GENOA via Florence and arrange with 2 B.I.U. to inspect personally a Mercedes Benz car which they will show you and which is required for the personal use of the G.O.C.

You will be accompanied by an experienced soldier driver and will if possible return with the Mercedes leaving the Utility with 2 B.I.U.

You will ascertain as far as possible the back history of this car and what is known of its mechanical condition.

If it is impossible to take delivery of the Mercedes you will return in the same vehicle as you used for the journey to GENOA.

Before leaving you will complete arrangements for the Mercedes to be delivered safely to Rome at the earliest possible date.

RECEIVED 25 JUL 1946

Ref. telephone conversation (Lt.Col.Hardy MMIA - Capt. Eaton RAAC) 22 July 46.

1. The following letters from GHQ CMF to Allied Commission define the present position regarding maintenance of vehicles on charge to Allied Commission, sub-commissions and attached units including BLU's:-

8070/10/Q1 dated 19 June 46
8070/10/Q1 dated 20 June 46
2521/Q1 dated 11 June 46 (deals particularly with BLU's).

2. Briefly, Allied Commission is responsible for all second echelon repairs from its own resources. Recovery and third and fourth echelon repairs are a RAOC responsibility. Detached vehicles of BLU's are the maintenance responsibility of the Italian unit to which they are attached, with certain provisions for emergency assistance from RAOC.

3. RASC maintenance commitments in RAAC are being reduced on staff instructions. It was assumed that you would be notified through staff channels before 611 German W/Shops were ordered to cease facilities w.e.f. 1st August 1946.

SUBJECT:- Report on civilian driver VALENTINI.

Land Forces Sub Comm. AC.
(M.M.I.A.).
Tel : 489081 Ext 526
ST/25

22 July 46

A.D.S.T.

Copy to:- Camp Commandant
M.T. Sgt.

1. The a/m civilian was the driver of taxi number one due to report to the ELISEO at 0900 hrs on Sunday 21st July, he arrived 35 minutes late although he left the garage before 0900 hrs.

2. 15 kilometres from Rome where the road narrows and turns sharply to the left with high banks on either side we caught up with two civilian light trucks and to my amazement instead of falling in behind as we came to the blind corner he changed down and proceeded to pass them completely on the wrong side of the road.

3. Unfortunately for everyone concerned another light civilian truck was coming the other way and although everyone did their best the road was too narrow for three abreast and a collision was inevitable, however to avoid a head-on smash my driver pulled slap across the bows of the truck on his right and caused it to go up the bank but the driver miraculously righted it and escaped with a broken wing and bent tail board. The on coming vehicle laden with produce was not so fortunate and practically turned over throwing off a civilian lying on top of the load to the ground who fortunately only sustained bruises. The truck's windscreen was broken and the inmates badly shaken.

4. I ordered Valentini to stop and take the names and addresses of the two trucks drivers and to give them his own. I am not sure he understood my bad Italian but certainly writing was carried out. I did not leave my car as I did not want to get involved in the emotional scenes that followed but the civilians treated me with the utmost courtesy and their attitude was rather one of wonder that I had allowed myself out in the hands of such a lunatic. Our taxi (No. 5906024) sustained no damage bar a few dents on the n/s rear wing.

5. The object of this report is not only an endeavour to get this driver dismissed before he endangers the lives of further personnel and possibly brings the Mission into bad favour but also to point out that should these Italian civilians decide to claim. they would in my opinion and on the weight of evidence, have every right to compensation.

1791

Declassified E.O. 12356 Section 3.3/NND No. 785020

[illegible] kilometres from some where the road narrows and turns sharply to the left with high banks on either side we caught up with two civilian light trucks and to my amazement instead of falling in behind as we came to the blind corner he changed down and proceeded to pass them completely on the wrong side of the road.

3. Unfortunately for everyone concerned another light civilian truck was coming the other way and although everyone did their best the road was too narrow for three abreast and a collision was inevitable, however to avoid a head-on smash my driver pulled slap across the bows of the truck on his right and caused it to go up the bank but the driver miraculously righted it and escaped with a broken wing and bent tail board. The on coming vehicle laden with produce was not so fortunate and practically turned over throwing off a civilian lying on top of the load to the ground who fortunately only sustained bruises. The truck's windscreen was broken and the inmates badly shaken.

4. I ordered Valentini to stop and take the names and addresses of the two trucks drivers and to give them his own. I am not sure he understood my bad Italian but certainly writing was carried out. I did not leave my car as I did not want to get involved in the emotional scenes that followed but the civilians treated me with the utmost courtesy and their attitude was rather one of wonder that I had allowed myself out in the hands of such a lunatic. Our taxi (No. 5906024) sustained no damage bar a few dents on the n/s rear wing.

5. The object of this report is not only an endeavour to get this driver dismissed before he endangers the lives of further personnel and possibly brings the Mission into bad favour but also to point out that should these Italian civilians decide to claim, they would in my opinion and on the weight of evidence, have every right to compensation. 1731

SUBJECT:- Cars of German manufacture.

Land Forces Sub Comm. AC.
(M.E.I.A.).
Tel : 403381 Ext 326
ETC/25

Comm Commandant.

18 July 46.

Copy to:-
[redacted]
1st Battalion - Inner Defence.

1. Nine cars of German manufacture are being brought from MILAN to ROME by the R.A.S.C. Officer of 5 BDE. They are expected to arrive at the Super Garage on Saturday evening (July 20th).

2. Will you please arrange for a vehicle to be standing by to take the drivers (Italian) of these vehicles to No. 1 Compagnia Trasporti Speciali (21 H.P.) which is situated in the Caserma Mamo in Via Castro Pretorio where they will report to the Italian Duty Officer.

3. Please also arrange transport for 0 i/c convoy (Capt. HARRIS R.A.S.C.) to take him to the Continental Hotel after delivery of cars.

4. These vehicles are in no circumstances to be used without prior authority of ADDE.

ALC/gmb

Lt.-Col. R.A.S.C.
ADDT, Land Forces Sub Comm. AC.(M.E.I.A.).

Reference conversation CURTIS - CATTLE of 13 July 1946.

1. It will be appreciated if release can be approved of the above mentioned vehicles to M.M.I.A.

2. A statement is being prepared which will show the current position of all M.M.I.A. transport and deficiencies if any after these vehicles have been absorbed into M.M.

GENERAL HEADQUARTERS
CENTRAL MEDITERRANEAN FORCE
REME.

FREEDOM 506

ME/3B/3835

24 May 46

Subject :- Humber Snipe Staff Car- Stub Axles.

To :- All REME Units.

1. Recent reports received at this Directorate indicate that there may be a fairly high incidence of failure of Humber Snipe Stub Axles Part Nos. P. 71654 and P. 71655.

2. This failure usually occurs after fairly high mileage, and takes to form of a hair-crack or fracture at the radius between the shaft and flange on the under side of the stub axle, immediately behind the distance piece Part No. P 54009, and in many cases is extremely difficult to detect.

3. In order to prevent serious accidents in the future therefore, addressees are requested to arrange immediate inspection of all vehicles of this type under their jurisdition, and submit reports to this Directorate on any vehicles found defective.

Sgd. J.B. MITCHELL, Major
DADME,
for Brigadier,
Director of Mechanical Engineering.

Copy to :- CDMT, RASC, CMF. (6)

SUBJECT:- Report on Humber Box Car no. 1430628.

Land Forces Sub Comm. AC.
(M.M.I.A.).
Tel : 470207
3T/25

M.T.O.

13 June 45.

Pump unable to keep float chamber full and in consequence the engine stalls about every 10 miles and can only be started by using the hand primer very energetically.

1. Both petrol pipes to and from pump are loose.
2. Suspect filters in pump are choked.
3. Fault in electric cable from starter button to starter motor.
4. Batteries resting on edge of cylinder block and being badly chafed.
5. No horn.
6. Hand brake needs taking up, at present won't hold the car on any sort of slope.
7. Choke wire broken and pulled out of cable.

Declassified E.O. 12356 Section 3.3/NND No. 785020

Gear box, Top gear worn
Silencers broken
Petrol tank leaking

STANDARD P/U
Defects:
CLASS 1 Minus

WD/No 6176234
Engine leaks oil
Gear box leaks oil
Distributor shaft

AUSTIN 4 x 2
Defects:

WD/No 4887017
Engine requires TOP OVERHAUL
Dynamo noisy, check ignition, change fan-belt, leads of battery to be changed

CLASS 4

General check and adjust brakes
Overhaul front wheel bearing
Shackle pin loose
Engine leaks oil
Silencer and braket broken

CHEVROLET 4 x 4
Defects:

WD/No 5906024
Transfer box leaks oil
" " worn
shackle pin loose
Tappets noisy
Front bearing loose
Complete clean down

CLASS 3

CHEVROLET 4 x 4
Defects:

WD/No 5905855
Steering box very loose
Transfer box noisy and leaking
Rear differential leaks
Check dynamo or water pump for noise
Tighten air cleaner
Clean engine

1742

CLASS 3

FIAT 1500
Defects:

WD/No 5954781
ENGINE requires Top/Overhaul, Ignition check, Fan belt change
Slight knock from No 2 Cylinder may be small end
Steering worn, track-rod joints bad
Oil leak front suspension.
Transmission needs overhaul
Silencer required

CLASS 3

FORDSON S/C
Defects:

WD/No 4565025
ENGINE Head Gasket Poor
Gear Box (badly worn)
Transmission requires checking
Electrical system needs check

CLASS 4

S & T. MMA.
Recd MAY 31 1946
File ST/ 25

Declassified E.O. 12356 Section 3.3/NND No. 785020

Steering needs adjusting throughout
Brakes Reline and adjust
Oil leaks (1) Rear axle (2) Gear Box (3) Engine
Spring shackles need attention

CHEVROLET 4 x 4 — WD/No 5906073

CLASS 3

HUMBER 4 x 2 — WD/No 5576628
Defects:
ENGINE Tappets and Ignition requires attention
Transmission worn
Handbrake US
Footbrake needs adjusting
Charging system
Oil leak from Engine and Gear Box
Through cleaning required

CLASS 3

CHEVROLET 4 x 4 — WD/No 5906065
Defects:
Oil pressure very low
No Radiator Cap
CLASS 3
Shackle ~~Spacer~~s pins worn
Front wheel bearings need adjusting

CHEVROLET 4 x 4 — WD/No 5905853
Defects:
Steering, Brakes, Engine and Transmission (Serviceable)
Adjust Tappets
CLASS 3
Repair Silencer
Transfer Box noisy
Shackle Pins worn

CHEVROLET 4 x 4 — WD/No 5910537
Defects:
Tighten left hand Rear Shock Absorber
Adjust ball joints on Steering
CLASS 3
Check exhaust Manifold Gasket
Transfer Box noisy
Clean down engine

DODGE 15 cwt — WD/No 4852448
Defects:
Engine leaking oil crankshaft pulley
Gear box leaking oil
Ignition and carburettor needs checking
Hand brake needs checking
Hand brake pulley loose
CLASS 4
U bolts slack
Shackle pins loose
Spring shackle broken
Reset front spring
Adjust front wheel bearing
Wear in steering ball joints
Adjust steering box
Oil leaks rear diff
Rivet loose rear engine bracket

Declassified E.O. 12356 Section 3.3/NND No. 785020

CHEVROLET 4 x 4 — WD/No 5905853
Defects: Steering, Brakes, Engine and Transmission (Serviceable)
Adjust Tappets
CLASS 3 — Repair Silencer
Transfer Box noisy
Shackle Pins worn

CHEVROLET 4 x 4 — WD/No 5910537
Defects: Tighten left hand Rear Shock Absorber
Adjust ball joints on Steering
CLASS 3 — Check exhaust Manifold Gasket
Transfer Box noisy
Clean down engine

DODGE 15 cwt — WD/No 4832448
Defects: Engine leaking oil crankshaft pulley
Gear box leaking oil
Ignition and carburettor needs checking
Hand brake needs checking
Hand brake pulley loose
CLASS 4 — U bolts slack
Shackle pins loose
Spring shackle broken
Reset front spring
Adjust front wheel bearing
Wear in steering ball joints
Adjust steering box
Oil leaks rear diff
Rivet loose rear engine bracket
Exhaust pipe to silencer needs packing

1741

CHEVROLET 4 x 4 — WD/No 5906084
Defects; Adjust Tappets
Transfer box out of line
CLASS 2 — Shaft from gear box to transfer box US
Adjust ball of steering and steering box
Spring shackle pins badly worn

HILLMAN — WD/No 4776466
Defects:
Engine. Flywheel starter ring worn
Bad oil leaks from sump and tappet covers
CLASS 3 — Carburettor requires overhaul
Steering. Badly worn throughout
Kings pins slightly worn
Suspension. All shackle pins badly worn
All shock absorbers rubbers to be replaced
Transmission. Gearbox worn
Gearbox leaking oil

Declassified E.O. 12356 Section 3.3/NND No. 785020

HILLMAN PU
Defects

CLASS 4

WD/No 4776946
Engine. Bad oil leaks from all points
Cylinders worn, tappets knocking
Gear box. General wear, oil leak
Suspension. Shackle pins worn
Springs require resetting
Check Shock absorbers
Steering. Worn at all points
General wear in king pins
Transmission, General wear on transmission
Brakes. Require relining and adjusting

STANDARD 4 x 2
Defects:

CLASS 3

WD/No 6175674
ENGINE. Oil leaks from sump
Retard distributor
Gearbox Oil leaks
Steering Ball joints
Front wheel bearing } TO BE ADJUSTED
Shackle pins
Ignition Repair starter switch
Brakes Adjust hand brake
General Clean down and lubricate

CHEVROLET 4 x 4
Defects:

CLASS 3

WD/No 5906022
Gearbox. Oil leaks
Transfer Box Noisy and leaking
Steering. Adjust ball joints
Adjust front bearing
Shackle pin loose

HILLMAN PU
Defects:

CLASS 4

WD/No 5100607
Engine. Check compression
Check exhaust manifold gasket
Gearbox. Oil leak
Oil end bearing
Rear axle. Differential oil leak
Check pinion bearing
Steering. Steering box to be tightened
Adjust ball joint
Adjust front wheel bearing
Shackle pin loose
Brakes. To be checked
Ignition. Check all wiring

CHEVROLET 4 x 2
Defects:

CLASS 3

WD/No 5905871
Engine. Oil leak
Adjust tappets
Advance engine
Gearbox. Oil leak
Transfer box noisy and leaking
Steering Adjust front wheel bearing
Adjust ball joint

Declassified E.O. 12356 Section 3.3/NND No. 785020

CHEVROLET 4 x 4
Defects:

CLASS 3

WD/No 5906022
Gearbox. Oil leaks
Transfer Box Noisy and leaking
Steering. Adjust ball joints
Adjust front bearing
Shackle pin loose

HILLMAN PU
Defects:

CLASS 4

WD/No 5100607
Engine. Check compression
Check exhaust manifold gasket
Gearbox. Oil leak
Oil end bearing
Rear axle. Differential oil leak
Check pinion bearing
Steering. Steering box to be tightened
Adjust ball joint
Adjust front wheel bearing
Shckle pin loose
Brakes. To be checked
Ignition. Check all wiring

CHEVROLET 4 x 2
Defects:

CLASS 3

WD/No 5905871
Engine. Oil leak
Adjust tappets
Advance engine
Gearbox. Oil leak
Transfer box noisy and leaking
Steering Adjust front wheel bearing
Adjust ball joint
Shackle pin loose
Rear axle. Differential oil leak
Brakes. To be adjusted
Front axle. Differential oil leak

1740

CHEVROLET 4 x 4
Defects:

CLASS 3

WD/No 5906083
Ignition. Requires check
Steering ball joints worn
Tighten wheel bearings
Oil leaks (1) Gearbox (2) Sump (3) Differential
Tighten all U/Bolts

CHEVROLET 4 x 4
Defects:

CLASS 2

WD/No 5906057
Engine good. (slight adjustments required)
Steering (General wear)
Transmission ( " " )
Springs Shackles worn require replacement
Oil leaks Engine and Gearbox

Declassified E.O. 12356 Section 3.3/NND No. 785020

FORD S/C
Defects:

CLASS 2

WD/No 4508564
Steering Box on chassis
Axles Half nuts loose
Oil leaks from U/Joints and Differential

FORDSON 15 cwt
Defects:

CLASS 3

WD/No 5504210
Engine. Check Ignition
Oil leaks
Steering. Ball joints worn
Front wheel bearings loose
Shock absorbers loose
Gearbox Oil leaks
Differential Oil leaks
Rear Axle Stays loose
Petrol tank Cover bolts loose
Silencer to be tightened
Sub Chassis. Bracket supporting wish-bone loose at rear

CHEVROLET 4 x 4
Defects:

CLASS 2

WD/No 5906085
Steering. Tighten wheel bearings
Ball joints worn
Tighten U/bolts
Ignition requires check
Oil leaks Sump, Gearbox, Differential

FORD S/C
Defects:
CLASS 2

WD/No 4508564
Steering box loose on chassis
Oil Leaks Differential, U/joints
Axle Half shaft nuts loose

CHEVROLET 4 x 4
Defects:

CLASS 2

WD/No 5906057
Engine Good slight adjustments required
Oil leaks
Steering (General wear)
Springs Shackles worn require replacement
Transmission (General wear)
Gearbox Oil leaks

Declassified E.O. 12356 Section 3.3/NND No. 785020

Defects:

CLASS 2

WD/No 5906083
Steering. Tighten wheel bearings
Ball joints worn
Tighten U/Bolts
Ignition requires check
Oil leaks Sump, Gearbox, Differential

FORD S/C
Defects:
CLASS 2

WD/No 4503564
Steering box loose on chassis
Oil leaks Differential, U/joints
Axle Half shaft nuts loose

CHEVROLET 4 x 4
Defects:

CLASS 2

WD/No 5906057
Engine Good slight adjustments required
Oil leaks
Steering (General wear)
Springs Shackles worn require replacement
Transmission (General wear)
Gearbox Oil leaks

Declassified E.O. 12356 Section 3.3/NND No. 785020

Directive No 3
Annexure C

1. The general position of British transport in this theatre remains unchanged.

Units must exist on theatre stocks which are not being replenished and consist only of reconditioned vehicles.

Responsibility for maintaining Domestic Transport up to W.E. is as under

(a) HQ MMLA (i) replacement of vehicles for which BLR certificates are received.

(ii) distribution of available vehicles to the best advantage.

(iii) compilation of GHQ Census Returns.

(b) BLUs (i) accurate and prompt rendition to HQ MMLA of proforma at Appx "A".

(ii) careful supervision of unit maintenance and control of "employment".

(iii) close liaison with affiliated workshop.

(Camp Commandant similarly responsible in case of HQ transport)

2. BLUs are advised in their own interests to keep themselves informed as to the best Allied repair facilities remaining available and arrange to be affiliated for this purpose.

Immediately it is apparant that a vehicle will be off the road for an indefinite period a BLR certificate should be obtained and forwarded to HQ MMLA.

3. HQ MMLA will obtain release of a replacement vehicle immediately a BLR certificate is received. If any BLU can furnish particulars of a WD vehicle which it is desired to acquire in replacement GHQ will be asked to approve the release of the particular vehicle in question. With units continuing to disband this may be a possibility. Physical possession of the vehicle should be obtained by the BLU if the Allied HQ concerned can be persuaded to concur.

Your 8158/Q of 17 Apr 46 and conversation CURTIS-PROUDFOOT 16 May 46.

1. The vehicles held against W.E. at this H.Q. and listed at Appendix "A" have now all been classified by 638 W/S (REME).

It will be seen that the present state of efficiency of these vehicles is:-

| CLASS | | | | TOTAL | W/E |
|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | | |
| 2 | 6 | 16 | 8 | 32 | 34 |

The Chevrolet 4 x 4 H.U.P. is not considered a suitable vehicle for long distance tours as although reliable it is extremely noisy and fatiguing. A "staff car" is designed to enable senior officers to work and travel and that is precisely the vehicle required by this Unit. The objections raised to the Chevrolet do not apply to the Humber 4 x 4 staff and command car and if these are available they would be far more suitable than the light utility type.

2. It is desired to draw attention to the nature and scope of the duties of this Mission for which transport is provided.

Although the functions of the Mission are primarily those of an advisory nature it is at present necessary to exercise a measure of control and supervision owing to the quantity of British equipment "on loan" and the present stage of re-organisation of the Army. This necessitates frequent personal contact between Officers on the strength of the Mission and their [illegible]

1. The vehicles held against W.E. at this H.Q. and listed at Appendix "A" have now all been classified by 638 W/S (REME).

It will be seen that the present state of efficiency of these vehicles is:-

| CLASS | | | | TOTAL | W/E |
|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | | |
| 2 | 6 | 16 | 8 | 32 | 34 |

The Chevrolet 4 x 4 H.U.P. is not considered a suitable vehicle for long distance tours as although reliable it is extremely noisy and fatiguing. A "staff car" is designed to enable senior officers to work and travel and that is precisely the vehicle required by this Unit. The objections raised to the Chevrolet do not apply to the Humber 4 x 4 staff and command car and if these are available they would be far more suitable than the light utility type.

2. It is desired to draw attention to the nature and scope of the duties of this Mission for which transport is provided.

Although the functions of the Mission are primarily those of an advisory nature it is at present necessary to exercise a measure of control and supervision owing to the quantity of British equipment "on loan" and the present stage of re-organisation of the Army. This necessitates frequent personal contact between Officers on the strength of the Mission and their "opposite numbers" at the War Ministry and the Territorial Commands.

1729

It further necessitates a considerable number of tours of inspection, visiting Italian Depots and Schools of Instruction and effecting personal contact between Officers on the H.Q. Staff and those belonging to the Liaison Units attached to the Italian Territorial Commands in all parts of ITALY.

3. Apart from the question of prestige, which is not enhanced by senior officers meeting Italian Generals in derelict looking vehicles, reliability of transport is essential to the duties which have to be performed. The rapidly diminishing scale of workshop breakdown and repair facilities is rendering it more precarious to commence a journey in an

3.(cont'd). unreliable vehicle and results in vehicles "off the road" remaining longer than before out of commission.

4. In common with most other units in the C.M.F. the transport of the Mission is for the greater part almost worn out.

In view of the probable long term policy which will retain the Mission after the closing down of C.M.F. it is particularly requested that special consideration may be given to the early release of suitable staff cars in exchange for those now listed below Class 2.

D.S.T.,
M.M.I.A.

ST. 25

Ref:- 611/27.

RECEIVED 5 JUN 1946

Subject:- Ford Saloon. W.D. No. 5664915.

Ref. your ST/25 dated ? May 46. Herewith report requested therein in respect of above vehicle.

It is considered that the following Major replacement parts are required to ensure this Vehicle being throughly serviceable.

a) New Radiator.
b) New Rear Axle & torque tube complete.
c) New Gearbox mainshaft.
d) New front axle bearings.
e) Front axle to be replaced or corrected.
f) Minor repairs.

It is pointed out however, that assemblies such as these have been non-available in this theatre for some considerable time, and the only possible way of keeping a vehicle of this type on the road is through improvisation. In this particular case, NLR is recommended in view of this. In the meantime, the following action is being taken to improve the vehicle as much as possible under the circumstances.

a) All possible action to repair radiator.
b) Fitting of service second hand parts to rear Axle, to improve where possible. While this will be serviceable, it cannot be guaranteed perfect.
c) New Gearbox mainshaft. As for B.
d) New front axle bearings. These are N/A.
e) Front Axle. All possible correction to be made consistant with available equipment.
f) Minor repairs.

Short lighting circuit. To be rectified.
Clutch to be adjusted. This may prove on inspection to be caused by wear.
Speedometer disconnected. This to be reconnected. It is not yet known if speedometer is in order however.
Dash light Defective. To be corrected.
Windows Defective. Nothing can be done in this case.
Rear springs and shocks absorbers loose. This is wear, and not looseness. The springs are being reset and rebushed.
Tyres, headlamps, Fire extinguisher, tools, spare wheel. All possible assistance will be rendered in this respect on receipt of necessary demands. Most of these items are however in Short supply.

It must be pointed out however that despite this attention, the vehicle is generally in a very worn condition, and that such improvised repairs cannot be considered to be totally effective.

G.S.O. I (SD)

20

1. In reply to your DO/5 of 7 May, and particularly with reference to paragraph 6 thereof.

A) The tyres were not changed in workshops as had been arranged because the vehicle for which a one for one tyre change was to be effected had had to be evacuated before your car was available in workshops.

B) The headlight in question (more specifically the glass and bulb socket assembly) are of civilian pattern and the replacement of them is properly a function of the M.M.I.A. garage. It is unfortunate the workshop were unable to provide these.

C) The " short circuit" was due to the insulation of a wire being frayed and " earthing" to the bodywork.

D) The radiator did not leak on leaving the workshop and subsequent tests have failed to make it leak. However if the engine is run at high speed, a large amount of water is lost from the overflow pipe, giving the impression of a radiator leak.

E) The clutch adjustment appears correct; but the clutch return spring appears to be disconnected (or missing).

F) Whilst investigating the disconnection of the speedometer cable yesterday the car was called out on duty.

G) The dash light works quite well if a single pole bulb is inserted instead of a double pole bulb.

H) The window winding gear is still inoperative and winding gear of this civilian pattern will not be easy to find.

J) The shock absorbers appear worn (or empty) and in the past this has overstrained the rear spring. Setting up and re-tempering of both front and rear springs is required.

K) On production of the appropriate receipt, no doubt the workshop will produce the fire-extinguisher, etc.

2. Most L of C workshops control strictly the number of drivers

1724

Declassified E.O. 12356 Section 3.3/NND No. 785020

replacement of them is properly a function of the M.M.I.A. garage. It is unfortunate the workshop were unable to provide these.

C) The " short circuit" was due to the insulation of a wire being frayed and " earthing" to the bodywork.

D) The radiator did not leak on leaving the workshop and subsequent tests have failed to make it leak. However if the engine is run at high speed, a large amount of water is lost from the overflow pipe, giving the impression of a radiator leak.

E) The clutch adjustment appears correct; but the clutch return spring appears to be disconnected (or missing).

F) Whilst investigating the disconnection of the speedometer cable yesterday the car was called out on duty.

G) The dash light works quite well if a single pole bulb is inserted instead of a double pole bulb.

H) The window winding gear is still inoperative and winding gear of this civilian pattern will not be easy to find.

J) The shock absorbers appear worn (or empty) and in the past this has overstrained the rear spring.
Setting up and re-tempering of both front and rear springs is required.

K) On production of the appropriate receipt, no doubt the workshop will produce the fire-extinguisher, etc.

1724

2. Most L of C workshops control strictly the number of drivers allowed in the actual shop in an attempt to reduce losses of equipment.

3. A scruting of your letter of 5 April suggests that the wiring system of your car requires thorough investigation and possibly large scale renewals, in addition to renovation of front and rear springs and shock absorbers, one of which has broken since leaving workshops.

In addition a change of radiator (if one can be found) would help to restore your confidence in the car.

Col A/Q

1. On about 25 Apr my allotted car was sent into RASC Workshops, primarily for repair to the radiator which was leaking. (It had been leaking for weeks and at least two unsuccessful attempts had previously been made to repair it).

2. On arrival in workshops RASC noted and complained of bad maintenance to rear springs and shock absorbers which were loose.

3. The car had been off the road from about 15 - 20 Apr specifically for repairs to the shock absorbers. I had used it twice only for short journeys in the interim.

4. I gave orders that the car was to remain in workshops for as long as was necessary to restore it to perfect condition.

5. On 4 May the car was sent out of workshops.

6. On 5 May I used it in POOL.

The tyres had not been changed (outstanding four weeks)
One headlight was still missing (outstanding three months)
There was a short in the lighting circuit (new defect)
The radiator still leaks
The clutch requires adjustment (new defect)
The speedometer is disconnected (new defect)
The dash light is defective (new defect)
The windows are defective (outstanding six months)
The rear springs and shock absorbers are still loose
The fire extinguisher, tools and spare wheel are missing.

7. I have previously requested that the driver should in the ordinary manner accompany the car into workshops. This is apparently never done.

8. I am informed that RASC garage possesses hardly any tools (certainly they possess no jack complete with handle on the one occasion I went in there).

9. The waste of time and effort, and the scandalous lack of supervision, demonstrated in the foregoing, are self-evident.

Declassified E.O. 12356 Section 3.3/NND No. 785020

4. I gave orders that the car was to remain in workshops for as long as was necessary to restore it to perfect condition.

5. On 4 May the car was sent out of workshops.

6. On 5 May I used it in HYDE.

The tyres had not been changed (outstanding four weeks)
One headlight was still missing (outstanding three months)
There was a short in the lighting circuit (new defect)
The radiator still leaks
The clutch requires adjustment (new defect)
The speedometer is disconnected (new defect)
The dash light is defective (new defect)
The windows are defective (outstanding six months)
The rear springs and shock absorbers are still loose
The fire extinguisher, tools and spare wheel are missing.

7. I have previously requested that the driver should in the ordinary manner accompany the car into workshops. This is apparently never done.

8. I am informed that MAIN GARAGE possesses hardly any tools (certainly they possess no jack complete with handle on the one occasion I went in there).

9. The waste of time and effort, and the scandalous lack of supervision, demonstrated in the foregoing, are self-evident.

1721

10. May appropriate steps please be taken to tighten up the whole of the MT situation, and if necessary may notice be taken against CC MAIN Workshops?

Reference your ST/25 of 11 Apr 46 para 2.

1. It is requested that you forward to this Branch details of Cars held, by types and makes, showing REME classification.

2. Please clarify expression used with reference to 10 Heavy Utilities as it is considered that these cars if HUMBERS are most suitable for long journeys being the most reliable type in this theatre.

3. On receipt of your reply position will be investigated.

C M F.

Ref. BC/611/27.

SUBJECT: Vehicle repairs, M 1510429, Fordson Utility.

The above vehicle reported to this workshop on 5/4/46 with rear axle trouble.

On examination, it was found that this axle was completly dry of lubrication. The condition of all parts in consequence was such that repairs with the aid of spare parts was impossible, and a new axle assembly complete will have to be obtained.

The condition of this axle is due entirely to gross negligence, and this report is therefore forwarded for necessary action.

Smith Capt. RASC

SUBJECT :- Domestic Transport.

Land Forces Sub Comd. A.C.
( M.M.I.A.)
Tel : None A/8031 Ref 525
57/25

11 ARP AG

To :- G.H.Q. (For D.C.M.G.)

1. Once again the present state of Domestic transport in this M.M.I.A. gives cause for grave concern.

2. MMIA Headquarters M.T. includes 34 cars which are at present made up of 11 different types and makes of British, Canadian and Italian origin.
For reliability I would classify these as follows :-

14 Thoroughly reliable (Excludes 10 Heavy Utilities unsuitable for long journeys)
6 Reliable for short journeys
7 Unreliable
5 Useless.

3. Officers of the Mission have to cover great distances throughout the whole of Italy to visit Italian Army Headquarters, Units, Training Centres etc, and it is important that they should keep appointments punctually with Senior, Italian and other Officers concerned.
Many of these journeys are on roads no longer maintained by Allied Recovery or Service Stations, where a breakdown would involve considerable delay, inconvenience and expense.
Apart from these emotional considerations, the Military Mission has a certain prestige to maintain in relation to other Allied organisations, which it is impossible to do in existing circumstances.

4. Since the prospect of the life of this Mission is greater than most, if not all, other Units and Formations at present functioning in this theatre, it would seem reasonable to give some priority to MMIA in the allocation of reliable vehicles.

5. As a step towards rectifying the present deplorable position it is urgently requested that an immediate release in lieu of up to 12 [illegible]

Declassified E.O. 12356 Section 3.3/NND No. 785020

For reliability I would classify these as follows :-

14 Thoroughly reliable (Includes 10 Heavy Utilities unsuitable for long journeys)
3 Reliable for short journeys
7 Unreliable
5 Useless.

3. Officers of the Mission have to cover great distances throughout the whole of Italy to visit Italian Army Headquarters, Units, Training Centres etc, and it is important that they should keep appointments punctually with Senior, Italian and other Officers concerned. Many of these journeys are on roads no longer maintained by Allied Recovery or Service Stations, where a breakdown would involve considerable delay, inconvenience and expense.
Apart from these practical considerations, the Military Mission has a certain prestige to maintain in relation to other Allied organisations, which it is impossible to do in existing circumstances.

4. Since the prospect of the life of this Mission is greater than most, if not all, other Units and Formations at present functioning in this theatre, it would seem reasonable to give some priority to MMIA in the allocation of reliable vehicles.

5. As a step towards rectifying the present deplorable position it is urgently requested that an immediate release is made of up to 12 Class I Harber cars in order that 12 vehicles of variable types and makes and of most doubtful reliability can be disposed of. This would not entirely rectify the position for all time, but would go a long way towards raising the standard of transport held by this M.M. for the time being.

It is requested that such steps be taken to verify the statements contained below.

| Action Date | |
|---|---|
| 30 Jan - 16 Feb. | Car developed steering trouble on 4.P.U.Q.: otherwise in good condition. |
| 11 Mar. - | Sent to workshops. |
| 12 Mar. - | Returned to workshops. Kingpin fault found. |
| 22 Mar. - | Out of workshops. Engine all over. Battery, engine flat due to short circuit. Car stood still for prolonged period. |
| 21 Mar. - | Into workshops. Worthwhile inspection. Result in fault in fuel system causing engine to stall. |
| 24 Mar. - | Out of workshops. Car steadily ordered for 20 min. |
| 25 Mar. - | Into workshops. Kingpin fault found. |
| 30 Mar. - | Out of workshops. |

30 Jan - 18 Feb. Car in garage for overhaul listed by me. Nothing whatever done.

11 Mar - Car developed steering trouble on return from A.F.H.Q.: otherwise in good condition.

12 Mar - Sent to workshops.

20 Mar - Released from workshops reputedly in order. Steering still wrong. Special petrol filter removed. Headlamp missing. Firing on six cylinders.

21 Mar - Returned to workshops. King-pin found U/S.

24 Mar - Out of workshops. Engine all over the place. Battery going flat due to short circuit(deduced from strong smell of burning insulation).

26 Mar - Into workshops. Workshops insist battery trouble due to fault in pet system causing difficult starting. Car specially ordered for 30 Mar.

30 Mar - Out of workshops. Two hoses to radiator detached in first mile. Radiator leaking (Front bumpers detached from supports and slamming, probably straining radiator). Coil apparently melting. Missing atrociously. All shock absorbers deficient of buffers. Headlamp still deficient. Wing-stays still deficient. Window winders ordered Nov 45 still deficient. 1761

1 Apr - Above reported by driver U/ to 4 Apr. NO ACTION BY ANYONE.

It is requested that I may be lent an adequate vehicle forthwith and that my car may be put into workshops WITH ITS OWN DRIVER until such time as it is roadworthy. It is requested that in view of the gross inefficiency of MMIA garage and of all workshops over a period of months, this job may be given priority, and that adequate supervision, so far lacking, be arranged at all stages of repair and maintenance.

2 Apr. '46.

To : All M.T. Personnel of M.M.I.A.

1. I want to emphasise again the importance of careful driving, so as to avoid casualties to personnel and vehicles, both of which are difficult to replace. If we sustain losses to either we shall probably have to do without them for sometime.

2. The increasing amount of petrol becoming available and the increasing number of Italian vehicles on the road, most of them mechanically unsound and many of their drivers (by our standards) mentally unsound make driving for British personnel a very dangerous task unless undertaken with extreme care.

3. On the other hand it generally takes two parties to make an accident, so that if you are careful - more careful than you would have to be if competing only with English drivers, you should be safe; but it does mean that you must take no risks and always be on the alert, assuming that someone is always going to come round a blind corner perhaps on the wrong side, or shoot across your road without warning.

4. It may be comforting after an accident to be told that you were not to blame, but it is not good enough; it does not replace your vehicle or repair the injuries to yourself or your passengers.

5. Most accidents can be prevented by taking more time; it is worth it. Start earlier in the day and, if necessary, take longer on your journey. It is better to be ten minutes late in this world than 20 years too soon in the next.

1703

6. I am responsible to General BROWNING for the personnel and vehicles of M.M.I.A. and I ask you always to make sure that your vehicle is mechanical-

INTER OFFICE MINUTE ST/25

To :- A.D.S.T.

SUBJECT :- Domestic Transport.

The scheme outlined in Appendix "A" to Q/204 dated March 21st is considered impracticable for the following reasons :-

1. It is thought desirable that the Officer who is responsible for the control and discipline of M.T. Personnel including the engagement and dismissal of civilian drivers should be nominally responsible to the AQMG for operation of HQ transport.

2. No distinction can be made between drivers and vehicles since they go together. Detailing drivers and personnel is the normal function of Camp, it follows therefore that vehicles will also have to be detailed by him.

3. Standing orders are put out by Camp, these, of course, effect drivers and consequently vehicles from which allotment of transport follows.

4. Control of transport by a RASC (Regimental) Officer is only effective when transport and personnel are of the same Corps and the Officer has disciplinary powers.

5. For obvious reasons it is necessary to have one M.T.O. and not three doing parts of the same job which overlap.

The following scheme, based on above Appendix, is suggested as being more practicable :-

1. Camp to be nominally responsible to AQMG as M.T.O. for Standing Detail and allotment of Domestic Transport (a normal function of Camp on any HQ where RASC Company transport is not employed).

2. S&T to give advice to Camp on such matters as 406 inspections (from unit point of view), 412 compilation etc.

3. S&T, if desired by Camp, to prepare pro-formas etc, and work out system for showing availability etc.

4. Camp to ask ST for any advice he may require as to how RASC transport is run.

5. ST to carry out physical unit inspection of vehicles from time to time, submitting reports on them and advice on drivers handling of them. (from RASC point of view)

1698

Declassified E.O. 12356 Section 3.3/NND No. 785020

3. Standing orders are put out by Camp, these, of course, affect drivers and consequently vehicles from which allotment of transport follows.

4. Control of transport by a RASC (Regimental) Officer is only effective when transport and personnel are of the same Corps and the Officer has disciplinary powers.

5. For obvious reasons it is necessary to have one M.T.O. and not three doing parts of the same job which overlap.

The following scheme, based on above Appendix, is suggested as being more practicable :-

1. Camp to be nominally responsible to AQMG as M.T.O. for Standing Detail and allotment of Domestic Transport (a normal function of Camp on any HQ where RASC Company transport is not employed).

2. S&T to give advice to Camp on such matters as 406 inspections (from unit point of view), 412 compilation etc.

3. S&T, if desired by Camp, to prepare pro-formas etc, and work out system for showing availability etc.

4. Camp to ask ST for any advice he may require as to how RASC transport is run.

5. ST to carry out physical unit inspection of vehicles from time to time, submitting reports on them and advice on drivers handling of them. (from RASC point of view)

1698

6. REME to carry out Workshops inspections and repairs, and to advise Camp as to the roadworthiness of vehicles, decision being made by them as to whether or not the vehicle should be on the road.

7. Spare parts, tyres and tools etc to be obtained through ORD.

8. In support of above scheme it is pointed out that under War Establishment CM/244/3 dated 23rd March 45 Camp Commandant "also acts as Transport Officer".

10 Dec 45.

P.M.C. "B" Officers Mess,
HQ, MMIA.

1. Under Q authority this HQ, five cars have been placed at the disposal of the ADST for the use of officers requiring transport in order to attend official functions after working hours (such as Ministry of War invitations etc).

2. These five cars which will be available from Mondays to Fridays inclusive and approximately eight cars on Saturdays and Sundays are sub-allotted to P.M.C. "B" Mess.

3. P.M.C. "B" Mess will ensure that a fair allocation is made to officers of the Mess and to ensure this, it will be necessary to maintain records which are liable to scrutiny by Colonel AQ at any time.
Please ensure that cars out on detail are returned to the garage at a reasonable hour.

4. Please arrange to put the above system into effect on 15 Dec 45.

Declassified E.O. 12356 Section 3.3/NND No. 785020

Appendix "D"

1. The Officer in charge of M.T. is responsible that each passenger vehicle is allocated to an individual driver, to be detailed by Camp. Every endeavour will be made to avoid changing drivers so allocated. The driver will thus be encouraged to take a personal interest in his vehicle.

Drivers allocated will receive their instructions daily either from:

(a) the officer to whom the car has been allotted,

or

(b) the Officer i/c M.T. either directly, or through the N.C.O. i/c transport.

2. The officer i/c M.T. will detail daily cars as under:

(a) Stand by for duty journeys of more than 12 hours duration - 3

(b) Off the road for maintenance - 5

(c) At the disposal of A.D.S.T. - 5

3. The exception to paragraph 2 above will be that on Saturdays and Sundays the number of cars to be detailed as off the road for maintenance will be reduced to those actually undergoing repairs in workshops and the number of cars at the disposal of A.D.S.T. will be proportionately increased.

4. All officers will be informed by A.D.S.T. of the method by which cars at his disposal are to be allocated.

I 447
