Reference Appendix B your Liaison Log No. 7 of 4 Aug 45.

1. MEDICAL SUPPLIES

Hospital Diet Items and disinfectants are supplied in bulk from British RASC sources to the Italian Armed Forces. Releases are made monthly on the basis of a demand by ADMS, this HQ. Hospital Diet Items are taken into Italian Army Bulk Food Depots or Food Distribution Depots for eventual distribution to hospitals only.

Disinfectants are taken into Italian Army Medical Supply Depots, under the control of the "Direzione di Sanita'", each Territorial HQ. Detail issue is made from Medical Supply Depots, not Food Depots.

Release of Hospital Diet Items and disinfectants ex 46 BMD for September is being forwarded to you today under separate cover.

Accounting for bulk receipts ex British depots is the same as for rations; i.e., Acceptance Notes MIA Form ST/3.

2. P.O.L.

Diesel oil is not allocated for cooking purposes. Supply of fuel oil for cooking for BR-ITI units may be allocated at the discretion of the local Sub-Area, Area, or District Commander. Application should be made to 'Q' of the local British formation for BR-ITI units.

No provision is made for the supply of fuel for cooking for other categories of Italian Armed Forces from Allied sources. Normally, fuel (firewood) is procured from Italian sources under arrangements of the local Territorial Commissariato.
