SUBJECT: Rations.

TO : Commanding General, Land Forces Sub Comm. AG (L.F.S.C.) Rome.

1. In compliance with paragraph 2 of L.F.S.C. letter ST/33/6 of 30 March 1945 and telephone conversation between Albert and Nelson 16 April changing 90 day to 60 day supply, we shipped on the S/S Joseph G. Cannon recently to mainland, 40 tons meat and fish, 20 tons of dehydrated vegetables and 0.1 ton pepper. We based the above on 60 days from date of shipment. The Italians also shipped 10 tons of soap. All the above are included in the ST/12 report (see our signal Y 530 of 10 July) for 21 June - 5 July period because shipment was made subsequent to report.

2. Inviting your attention to the fact that 16.25 tons of dehydrated vegetables was shipped to Sardinia from mainland on the Abbia 20 June. This shipment was not considered when computing amount to be shipped on the S/S Cannon because it had not been included in report ST/12 for period 6-20 June upon which we based our figures for shipment on the S/S Cannon.

SUBJECT:- Shipment of cardboard containers from
Allied sources from Sardinia to mainland.

There are 30.000 cardboard containers from
Allied sources that are stored in the Sardinia depots
and that could be well used by the Commissariat directorate
for the packing of cigarettes and soap.

We therefore beg MMIA to include as soon as it is
possible the shipment of those containers in one of the
movement orders that is to take place in the near future
from the island to the mainland.

We would be grateful to be informed as soon as
possible of the action adopted, and to know whether the
containers will be unloaded at Bari or Naples.

SUBJECT: Shipment of Food to Mainland.

TO : Commanding General, Land Forces Sub Com A.C. (MMA). 27.

1. Your attention is invited to our signal Y 315 of 17 April in which we bid for shipping space to ship 110 sacks (approx 5 long tons) of dry beans to mainland in period 26 May - 4 June, and your ST/20 dated 7 May to ship 36,000 pounds dried vegetables from Naples to Sardinia during the period 16 - 23 June.

2. In view of the fact that the above mentioned food is non perishable and to save handling and shipping space recommend the 110 sacks dry beans be deleted from our bid of 17 April. The 110 sacks are about 5 days supply for Sardinia.

SUBJECT:- Transfer of surplus stocks to the mainland.

Please contact the Allied HQ immediately for seeing to the transfer to the mainland of all stocks surplus to 90 days' requirements for the area. On the basis of the stock state on the 20th of March and estimating the consumption of rations from the 20th of March to the 20th of April, we have calculated that the following stocks will be surplus, taking the aforesaid 90 days to be from the 20th of April to the 20th of July.

The above-mentioned surplus stocks must be sent to Naples Bulk Depot. In regard to the above it is added:

- biscuits (gallette). It is presumed that the 700 quintals of gallette are the remains of stock made sometime ago. Therefore, before you make arrangements for its transfer, you will ascertain if it is fit for human consumption. If this is not the case, it can be used for animal consumption.
 - aniseed and cognac. The transfer of 500 quintals of aniseed and 49 quintals of cognac has already been ordered by this Ministry. Since they have not yet been sent, they will be included in this transfer.
 - soap tablets. This confirms the order for their shipment in our signal 6509/S/1 of the 22nd of March.
 - Old oil barrels. Taking into consideration that the local Consorzio Agrario will shortly return 400 barrels that have been lent to it, a further 400 empty oil barrels, which are surplus to your requirements, will be sent to Naples Bulk Depot.
