SUBJECT:- Supplies to BOLOGNA and FLORENCE Depots.

Having examined the situation of the BOLOGNA Depot, it has been disclosed that supplies stocked there are not sufficient for the next issued for period 20 Oct to 5 Nov.

Considering that supplies to the above mentioned Depot, till the Bulk Food Depot of LEGHORN will operate, are made directly by the Allied Depot in Leghorn, will you please urgently provide for the release to the above mentioned Depot of 450,000 Allied rations, for 15 days issue and 15 days reserve.

It is also necessary to despatch 360,000 dried vegetables rations and 180,000 coffee rations to the 7 Food Depot in FLORENCE to guarantee the 15 days issue for period 20 Oct to 5 Nov and the constitution of the prescribed stock.

Then, in order to be able to maintain constantly at the above mentioned Depots the prescribed 15 days reserve, it would be necessary that you provided for the supply every 15 days of 225,000 rations to BOLOGNA and 180,000 rations to FLORENCE to be used for the issue of 15 days rations to the ration strength in each sector.

We will see to notify you about the variations of the ration strength in order to regulate the periodical supply of commodities and to notify you about the variations to the quantity of commodities required to balance the stocks in each sector.

Oggetto: derrate per i Magazzini di Bologna e Firenze

Esaminata la situazione del Magazzino Mil.Viv. di Bologna, è risultato che le derrate ivi accantonate non sono sufficienti per effettuare la distribuzione per la prossima quindicina 20 ottobre 5 novembre.-

Tenuto conto che i rifornimenti al cennato Magazzino, fino a quando il Deposito Speciale Viveri di Livorno non sarà in grado di funzionare, vengono fatti direttamente dal Deposito Alleato di Livorno, si prega cotesta Sottocommissione di voler disporre con particolare urgenza, l'assegnazione a favore del suddetto Magazzino di 450.000 razioni di viveri di provenienza alleata, pari ad una quindicina di distribuzione ed a 15 giornate di scorta.-

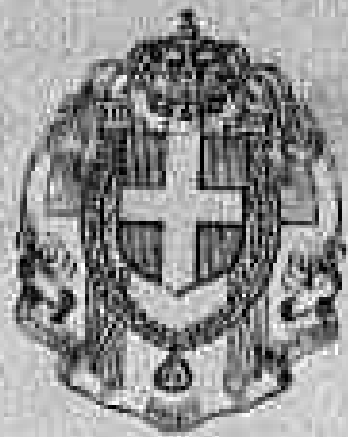

Inoltre, al 7° Magazzino Mil.Viv. di Firenze è necessario fare affluire per assicurare la distribuzione quindicinale per il periodo 20 ottobre 5 novembre e per la costituzione della scorta prescritta 360.000 razioni di legumi secchi e 180.000 razioni di caffè.-

Infine, per poter mantenere costantemente accantonata presso i Magazzini in parola la scorta prescritta di 15 giornate, sarebbe, peraltro, opportuno che cotesta Sottocommissione disponesse successivamente l'assegnazione periodica quindicinale di 225.000 razioni per Bologna e 180.000 razioni per Firenze, valevoli per il vettovagliamento di 15 giornate della forza prevista per ciascun settore.-

Sarà cura di questo Ministero di segnalare le eventuali modifiche alla forza vettovagliata per poter regolare l'afflusso dei rifornimenti periodici e di co-

SUBJECT:- Supplies for Bologna and Florence depots.

As is already known, at present the Bulk Depot of Leghorn is not in a position to operate and supplies for the Bologna and Florence depots, as ordered by MMIA, are sent directly from the Allied Depot at Leghorn, on a thirty days' basis - i.e. 15 days for issuing and 15 days as a reserve.

However, in our opinion this reserve is inadequate, since it is not sufficient to overcome the difficulties of transportation, an increase in strength or other unforeseen circumstances.

It would therefore be opportune if the reserve in the above depots could be raised to 30 days.

Thus the rations for Allied provided items would be:

675,000 for BOLOGNA Distribution Depot  
520,000 " FLORENCE " "

representing 45 days' supply, of which 30 are reserve and 15 for issue for the period 20 October - 5 November 1945.

OGGETTO: rifornimenti per i magazzini militari di  
Bologna e Firenze

Come è noto, fino a quando il Deposito speciale viveri di Livorno non sarà in grado di funzionare, i rifornimenti ai magazzini viveri di Bologna e Firenze, su disposizione di codesta Sottocommissione, vengono fatti direttamente dal Deposito Alleato di Livorno, sulla base di 30 giornate, cioè di 15 giorni per la normale distribuzione e 15 giorni per scorta.

Tale scorta però, a parere della scrivente, è da considerarsi inadeguata alle necessità perchè non sufficiente a superare le difficoltà che eventualmente dovessero verificarsi sia nelle operazioni dei trasporti, sia per aumento di forza che per altre circostanze non previste.

Sarebbe quindi opportuno che la scorta presso i citati magazzini di Bologna e Firenze venisse elevata a 30 giornate.

In merito, le razioni di derrate di provenienza alleata da assegnare dovrebbero essere:

n. 675.000 per il Magazz. Milit. Viveri di Bologna  
n. 520.000 " " " " " " " " Firenze

rappresentanti 45 giornate di rifornimento, di cui 30 di scorta e 15 per la normale distribuzione per il periodo 20 ottobre-5 novembre 1945.-

Ref your ST/6 of 10 Sept 45.

1. It is agreed that it is impracticable for you to exercise any supervisory control over BOLOGNA area; however, in view of the shortage of SE officers, it may develop, should an emergency arise, that you would be requested to take some action on a given situation in the BOLOGNA sector.

2. It is for the above that important correspondence relative to the BOLOGNA sector has been forwarded to you, as information.
