YEAST

Reasons for Bid.

1. Ration of Flour does not allow for losses caused by widespread use of the "old dough" process.
2. Such stocks of Yeast as were held by the Italians are now exhausted.
3. Bread produced by old dough process is heavy and soggy. Troops are complaining.
4. The Bread yield demanded from the Flour ration requires the use of a proper Yeast?
5. General result would be -

No Yeast = Less Bread = More Flour needed to maintain ration.

(Monthly requirements = 18 Tons Yeast)

(Molasses NOT available from ITI sources);

LR file

18 Ton Yeast has been allocated to Blas Mis for months of Jan. Have seen Food Sub Comm 77 Dec & they now state that the yeast will Not be available until 23 AFHQ transport the Malaga & the factory to increase Production. Food Sub Comm will confirm MMIB when the final arrangements will be ready for allocation.

1. On a basis of bread production for 425,000 troops a month at a scale of 12 ozs of flour per man per day and working on a 133% yield, it is estimated the monthly requirement of yeast for the Italian Armed Forces amounts to 18 long tons.
