SUBJECT:- Forage services in Sardegna.

INTENDED

The Independent Section of the Military Commissariat of CAGLIARI has pointed out that because of the seasonal trend they foresee that the cereal crop in SARDEGNA will be scarce and that they will therefore be unable to provide (as intended by the Local Allied Authorities) for the supply of hay and straw, relying solely on local resources, to cover the requirements for the year 1945-46 for the remounts of the Island.

This Ministry in view of the difficult transportation of such voluminous material from the mainland and having already requested the a/m section to carry out a prompt and active work to ensure that they will cover the requirements so far as is possible, with local resources begs the L.F.S.C. to kindly examine the possibility of the supply of forage continuing to be supplied from Allied sources, to the extent that it will not be available from local resources.

OGGETTO: Servizio foraggi in Sardegna.--

La Sezione Autonoma di Commissariato Militare di Cagliari ha fatto presente che a causa dell'andamento stagionale si prevede che il raccolto cerealicolo in Sardegna sarà scarsissimo e che pertanto essa si troverà nella impossibilità di provvedere - come sarebbe intendimento delle locali Autorità Alleate - per l'annata 1945 -46 al fabbisogno di fieno e paglia per i quadrupedi della circoscrizione facendo esclusivo affidamento sulle risorse locali.

Questo Ministero, pur rendendosi conto delle difficoltà esistenti per il trasporto dal Continente di generi così ingombranti e pur avendo già richiesto alla predetta Sezione di Commissariato un'opera attiva e sollecita intesa ad assicurare per proprio conto il servizio nella massima misura possibile, rivolge preghiera a codesta Sottocommissione di voler esaminare la possibilità che rifornimenti di foraggio continuino ad essere effettuati dagli Alleati in quella misura per la quale non si renderà possibile la provvista sul posto.

CC.RR TERRITORIAL LEGION
Cagliari

No. 2040/66

25 May 1945

SUBJECT: Forage Ration and Straw for Bedding.

TO : MMIA Cagliari

The Commissary Section has notified us that it was not possible to give action to dispositions contained in Circular 4260/S/1 dated 22 February of the War Ministry on the forage ration and straw for bedding, forwarded to this Legion through the Bridge Headquarters (copy attached) because waiting your approval.

This Headquarters calls to your attention that many horses of this Legion are underfed due mainly to the insufficient ration and in such conditions they cannot carry out the heavy works which are essential for an efficient guarding of the zone. It is also called to your attention that the insufficient ration is causing diseases for which there was a large loss of animals in the last period and further losses could take place in the future. We request you to consider the request of the Commissary Section and issue to the CC.RR horses, the rations provided by the attached circular.

This is necessary for the good conservation of the horses and in order that a good service may be performed.

Subject: Supply of forage to the animals in SARDINIA.

This Ministry has been informed that the Allies intend in SARDINIA not to concede in the future the forage needed for the animals held by Italian Units on the Island.

Bearing in mind that there is no availability of forage in SARDINIA, neither is there any availability in the Depots on the Mainland, to whom as you know, periodical allotments are made through you of forage, will you please examine the possibility of avoiding the application of the above intention, and to lay down that the Allies will see to the supply of forage to the animals on the Island (1897 animals, nearly all horses) as in the past.

The matter is of an urgent nature.

Viene segnalato a questo Ministero che sarebbe intendimento delle Autorità Alleate della Sardegna di non concedere per il tratto avvenire il mangime occorrente ai quadrupedi dei Reparti Italiani dislocati nell'Isola.

Tenuto presente che in Sardegna non vi sono disponibilità di mangimi, nè tali disponibilità si hanno nei magazzini del Continente ai quali, come è noto, vengono fatte a cura di cotesta Sottocommissione periodiche assegnazioni di grapaglie, si prega di esaminare la possibilità di evitare l'applicazione del provvedimento di cui sopra e di disporre invece che al rifornimento dei foraggi per i quadrupedi dell'Isola(1879 quadrupedi, quasi tutti cavalli) provvedano, come per il passato, le Autorità Alleate.

La pratica riveste carattere di urgenza.-
