231 Div has informed me that requirements for soap for the month of April are:

5400 Kg

based on a strength of 18,000 at 300 gr per man.

The shortage of soap has constituted a serious problem since last November since which time our total receipts have been as follows:

December	1/3	ration per men from Ministry of War.
January	1/3	" " " " ST
February	NIL	
March	NIL	(up to March 8).

The results of this shortage are manifest in the incidence of scabies in Div a danger which will become even more acute with the coming of the warm weather.

The following are the estimated figures for items of Italian provision in respect of February 1945.

Fresh Vegetables	225000 lbs	} local purchase
" Fruit	112500 "	
Olive Oil	Nil	
Nuts	14062 lbs	
Salt - 1/4 grammes	14062 lbs ?	
Wine	Nil	
Cigarettes (Italian Type)	5625 lbs	
Matches	60000 boxes	
Soap	5000 Kilos	

These figures are based on an estimated strength of 15,000, and do not include the Friuli and Cremona Gruppi. ✓

M It has been observed that the forecast given by this H.Q. in previous months in respect of Hospital and Disinfectant items has borne little relationship to the quantities subsequently allocated, and it is hoped that the inclusion of a strength figure will suffice in this instance.

HQ 5th Army (Rear)

Your 5078 ST1 of 8 Nov 44 refers.

1. December requirements of oil, nuts, salt and wine are noted for action by this HQ.
2. There is no Italian Military hospital u/o British Increment at this time therefore milk, semolina, meat extract, margarine and rice, issuable only to authorized Italian Military hospitals, have been deleted from your demand.
In this connection it is understood that 521 Italian Military hospital will shortly be moving to Ancona. Arrangements have already been completed to enable this unit to receive medical diet items, and future requirements should be demanded through Italian Medical channels vide para 3 below.
3. The items of disinfectants, with the exception of Iodol which is not an authorized issue, are obtainable on demand through Italian Medical channels against bulk releases from Allied stocks at the RASC.
Your procedure should be, therefore, to present your requirements of these items to HQ 210th Division, for the Medical Director's attention. The latter is then responsible for arranging supply from the Italian Army Medical Depot at Florence, or, if not available there, from Rome.
4. If you will continue to send copies of your demands to this HQ it will enable us to follow up and ensure that the Italian authorities are meeting their commitments.
