1. It is observed that the 562 and 563 Italian Mine Clearing Companies have recently moved into the Emilia region.
2. Rations for authorized units of the Italian Armed Forces may be drawn from any Allied Depot. All Allied Food Depots do not stock the Italian portion of the ration. As a consequence of this when an Italian unit moves into a locality where no Italian units have been previously provisioned there may be a delay in securing the Italian provided items of the ration, which appears to be the case under review.
3. DDST No. 1 District has confirmed that there are adequate stocks of Italian provided items (including cigarettes and soap) in the Emilia region, and specifically at 16 DID, FORLÌ, from which the a/m units draw.

(a) 55 AREA. All commitments met. 1,4000 boxes issued. (14,000)

(b) 71 Sub Area. A consignment of American matches was received. No issue was made as it was thought a mistake had been made, the matches not being of local manufacture.

(c) 61 AREA. A similar confusion arose but IO8 D.I.D. made full issues on 12, 19 & 26 of March. II D.I.D. made full issue on 8 March and two-thirds issue on 12 March.

 It is requested that this information be included with the nightly transport return which is telephoned to this office. The time at which the return is prepared can be arranged mutually between yourself and 209 Division.
5. It is suggested that no detailed issues should be made to units from the Wine Store until a seven days reserve of stocks has been accumulated. The Wine Store and this involves storage of 100,000 litres of wine. Wine will be issued to units on a barrel for barrel basis.
6. ADT 61 Area will please render a report to this office on the working of the scheme, one month from the date of its receipt of the initial RM.

[Handwritten initials]

1. It has been confirmed that 209 Adm. Division (Italian) have now made all the necessary arrangements as defined in para 5 of the above quoted letter, for the handling of wine for the Italian Military Forces in 61 Area.

2. AFHQ have accordingly been requested to despatch one ADM daily until further notice, to 108 DLD (this office signal 526/92 of even date refers), and details of all despatches made, will be signalled to your office.

3. Although 209 Adm. Division have undertaken full responsibility for this work, it is nevertheless very much an ADM interest to ensure that the system to be operated, works smoothly and that the Italian troops in 61 Area receive the wine to which they are entitled. ADAT 61 Area will therefore maintain close cooperation with the representatives of 209 Division operating the scheme and will give any possible assistance that may be required from time to time.

4. In addition to the accounting procedure laid down in para 2 of the above quoted letter, 209 Division have been requested through the AUSA in this IM, to render the following return nightly to your office:-

- (a) Opening Stock.
- (b) Receipts.
- (c) Issues.
- (d) Remains.

It is requested that this information be included with the nightly transport return which is telephoned to this office. The time at which the return is prepared can be arranged mutually between yourself and 209 Division.

5. It is suggested that no detailed issues should be made to units from the wine store until a seven days reserve of stocks has been accumulated in the wine store and this involves storage of 100,000 litres of wine. Further wine will be issued to units on a barrel for barrel basis.

6. ADAT 61 Area will please render a report to this office on the workings of the scheme, one month from the date of the receipt of the initial IM.

1. A meeting of all interested parties was held yesterday at H.Q., 55 Area to discuss the handling of wine at AREZZO Railroad. The following were present at this meeting :-

- (a) Representative D.D.S.T. No. 1 District.
- (b) Representative A.D.S.T. 55 Area.
- (c) Representative 20 C.R.A.S.C. Supply Units.
- (d) Representative 209 Adm Division (Italian).
- (e) M.M.I.A., L.O. 1 District.

2. At present at AREZZO there are eight storage vats with a total capacity of 126,300 litres.

3. Wine arriving in R.C.Ws is pumped by pipe-line into these vats and the average time taken to empty one R.C.W. is approximately 6 hours.

4. Arrangements exist for the barrelling of the wine and in a normal 8 hour working day, 15,400 litres can be barrelled and made available for issue.

5. The process of discharging from the R.C.Ws to the vats, storage and subsequent barrelling is done under a civilian contract arranged by A.D.S.T. 55 Area, brief details of which are as follows :-

- (a) Discharging from R.C.Ws to Vats - 16 lire per 100 litres.
- (b) Storage - 1 lire per 150 litres per 24 hours.
- (c) Barrelling (including the washing and repainting of barrels) - 10 lire per 100 litres.

A small loss allowance of 1% for the first two weeks, rising to 17% is made to the contractor, but this is being closely watched and will be varied should the necessity arise.

The whole operation is at present being supervised on behalf of 20 C.R.A.S.C. Supply Units by an Officer and 2 N.C.Os from 204 D.I.D.

Handwritten note: The contractor will charge 17% for the first two weeks.

Handwritten note: Discharge from R.C.Ws to vats is done under a civilian contract arranged by A.D.S.T. Area.

A small loss allowance of 1% for the first two weeks, rising to 2% is made to the contractor, but this is being closely watched and will be varied should the necessity arise.

The whole operation is at present being supervised on behalf of 20 C.R.A.S.C. Supply Units by an Officer and 2 N.C.Os from 204 D.I.D. and although the contractor is financially responsible for the stocks held, additional security is given by the provision of a guard under arrangements by A.D.S.T. 55 Area.

6. On arrival at Railhead, the wine comes under the control of 20 C.R.A.S.C. Supply Units and is taken on charge by O.C. 37 D.S.D. to whom all barrelled stocks are delivered for subsequent distribution to all troops based on AREZZO.

7. Of the Italian Military Forces so based, approximately 45,000 are Forward troops and approximately 4,500 1 District troops.

8. Due to the co-operation of all concerned, the arrangements made are working extremely well and it was agreed by all concerned that it would be very unwise to make any radical changes such as the handing over of the whole operation to 209 Am Division, as was at one time under serious consideration. These conclusions were reached for the following reasons :-

- (a) By far the largest consumers are the Forward troops, whereas the responsibilities of 209 Division are restricted to the Italians in 1 District only.
- (b) Although 209 Am Division were prepared to undertake the additional commitment of decanting and barrelling for 20 C.R.A.S.C. Supply Units, it was felt that whilst the present large turnover was being maintained, S & T representatives on the spot were in a far stronger position to deal with such problems as the rapid clearance of R.C.Ws when accumulations at Railhead occur, and also for the provision of additional labour and transport should it become necessary to increase the rate of discharge and clearance of barrelled wine into 37 B.S.D.
- (c) The number of British personnel engaged on supervisory duties is very small, and in the event of 204 D.I.D. being required to operate elsewhere, alternative arrangements could be made probably from 37 B.S.D. personnel.

9. It was agreed therefore that so long as the bulk of the wine received at AREZZO was for operational troops, 20 C.R.A.S.C. Supply Units would continue to be responsible for the operation, and that the present close co-operation would be maintained with A.D.S.T. 55 Area.

10. It was further agreed however, that on the move forward of the operational troops with the consequent opening up of a Railhead further forward, 209 Division should take over and be responsible for all the Italian troops in 1 District. In this connection it was considered advisable that representatives of the Division should be attached to 37 B.S.D. so that all points of the operation could be watched, and this arrangement becomes operative to-day. *Furtherhead* *4/6*

11. It is hoped that it will be possible to make similar arrangements in 61 Area, but final details have not yet been completed, and further information will be forwarded as soon as possible.

1. The supply of items of Italian origin continues to raise serious difficulties for units in this area.

2. CIGARETTES. The supply of the daily 5 free cigarettes from D.I.Ds is satisfactory.

209 Div. inform me that they have not drawn any Milit on repayment from NAPLES. Their last collection of Milit cigarettes was a fortnight ago from ORTONA, where it had come from BARI. This last consignment was for the month of December. For the months of January and February they have had nothing at all.

3. MATCHES. No matches have been received from the D.I.Ds for the last two months.

4. SOAP. In December there was no soap from Italian sources. In January, there was a partial issue from D.I.Ds. At the end of February, a distribution was made from the D.I.D.

5. Could these matters please be taken up with the Italian authorities concerned as it will be appreciated that the non-arrival of these items, particularly soap, makes the situation here very difficult. Wine is another item which is continually breaking down.

1. The proposals outlined in the above letter have been discussed with A.D.S.T., M.M.I.A., and it is not considered that the individual purchase of wine by 209 Division (Italian) in a distant part of ITALY is either practicable or desirable.
2. Arrangements for the provision of wine in bulk to 14 C.R.A.S.C. (Supply Units) in adequate quantity to meet all demands are now being satisfactorily made by M.M.I.A. and the Italian War Ministry. The main difficulty in the supply of wine in the past to all consignees has been their inability to accept in bulk in R.C.W's.
3. It is however noted from your letter that 209 Division (Italian) are prepared to accept wine in bulk and decant at R.H's, and confirmation has further been received from M.M.I.A. that arrangements have been made to decant wine by Italian personnel at 1 District Railheads. Thus the short supply, which has been due to lack of decanting and barrelling facilities at the Base, is not likely to re-occur.
4. The final decision as to purchase of the wine naturally rests with the Italian War Ministry, but it is not considered likely that consent will be given in view of the factors given above. In any case this Directorate is not prepared in the circumstances to arrange the provision of the necessary R.C.W's at SQUINANO.
5. Information has been requested (ADML - WHITE) as to the number of R.C.W's (approx 15,000 litres each) that will be required at each R.H., and these will be despatched as soon as firm requirements are notified. Will you also please liaise with D.D.S.T., 2 District regarding requirements of Italian units in 59 area?

Supplies. Movement Orders:

The normal procedure is for MIA Peoples to hand over supplies or Italian sources to 14 G.R.A.S.C. who despatches according to A.P.H.Q. instructions. If he has sufficient of each commodity, the demands are usually met in full, but if not, he issues proportionately to forward areas. Para 4(a) on reverse of Movement Order needs amending as M.M.I.A. L.G. is not in a position to signal as he does not know amounts despatched by 14 G.R.A.S.C.

Wine for 209 Division:

Provision is already made to supply wine through 14 G.R.A.S.C. and now that 209 can carry out their own decanting, requisite quantities should be forthcoming. It is doubtful whether 209 Division can make its own arrangements as the Italian War Ministry is responsible for supply.

PERSONNEL:

Italian War Ministry also makes arrangements to supply this centre. It is presumed that wine is only purchased when the demand has not been met from the base.

Cash Allowance:

Your remarks regarding the 20 lire are noted. The position is under consideration at this HQ.

Herewith copy letter received from GROUP Staff on the subject of the soap ration.

It is considered that the statements contained in it are reasonable, and that the soap ration should be increased, as has been previously indicated. With the very active co-operation and assistance from the Med Services of 1 DIST and 55 Area an intensive Hygiene campaign is in progress : such a campaign is NOT assisted by a lack of soap for hospital purposes.

May this matter please be taken up most strenuously and urgently in the necessary quarter.

Il Comando 209^a Divisione ftr. ha segnalato che spesso, per momentanea indisponibilità, le sussistenze Alleate non distribuiscono i generi della razione di provenienza italiana.-

Tanto si comunica con preghiera di esaminare la possibilità di assicurare regolarmente i rifornimenti, dai depositi italiani alle sussistenze Alleate che vettovagliano reparti italiani, del sale, vino, olio, tabacchi e fiammiferi.-

SUBJECT:- Supply of additional rations to 209 Division.

H.Q. 209 Division has informed us that often, through momentary lack of supplies, the Allied Army Service Corps do NOT issue rations of Italian origin.

We inform you of this so that you may examine the possibility of assuring a regular supply from Italian Depots to Allied Army Service Corps of Salt, vino, oil, tobacco and matches.
