SUBJECT: Departments and war establishments of  
the commissariat service.

Further to letter 865/I.C./Ris. dated 12th.inst.

This Ministry is of the opinion that the war establishments of the Commissariat Directorates fixed by M.M.I.A. in letter SD/94 dated 22nd.ult. would not be sufficient to ensure the external services, as already submitted in para.7 of the quoted letter 865/I.C./Ris. Moreover, the assignment to each of the Commissariat Directorates of a quota of personnel for the Commissariat Sections and Offices outside of the seat of the Directorates, would also be required, as in the proposal contained in para.5 of the above quoted letter.

On this basis, this Ministry would propose that the war established strength of each Commissariat Directorate, taking into consideration the increase of personnel for the Commissariat Sections and Offices, and for the variable functional war establishment of those Directorates, is fixed as follows:

	<u>Officers</u>	<u>N.C.O.s and O.R.s</u>
I Turin	26	39
II Genoa	20	30
III Milan	23	30
IV Bolzano	20	39
V Udine	20	39
VI Bologna	21	39
VII Florence	19	30
VIII Rome	28	56
IX Bari	33	36
X Naples	26	39
XI Palermo	18	39

We enclose a detailed list of the calculations of the war establishment strengths above indicated, adding that the personnel of the Taranto Independent Commissariat Office have, for the time being been assigned to the Bari Commissariat Directorate.

In expectation of the eventual closing down to come of that office, the personnel would be subsequently posted to the Florence Commissariat Directorate for the forming of a Commissariat Section at Leghorn.

SUBJECT:- Units and W/E's of Commissariato Services.

Ref your SD/94 dated 22 Feb 45, to the part dealing with units and W/E strength of Commissariato Services.

It is our duty to point out the following:-

- 1) A W/E strength of 15 officers and 30 ORs has been earmarked for Milan Territorial HQ Comm/to Directorate. Although this strength does not appear in the copy forwarded to this office, it has been added to the grand total.
- 2) We noted that the W/E strength for Military Bakeries has been fixed at 2 officers and 30 ORs.
- 3) We note that the number of Distribution Depots has been brought up to 72.

However, as regard to W/E strength of each Depot, it is thought necessary to point out that in case some Depots require a larger W/E, these will have to be increased while for others of minor importance, a reduction in W/E will have to be made although, bearing in mind, that the totals will be within the limits of the strength authorized by you.

- 4) The Independent Comm/to Office, TARANTO has not been shown. This office was formed on your suggestion and had a W/E of 3 officers and 6 ORs. (at present, this office has a superior officer in excess to the W/E as requested by you.)

It is thought that this Office has been erroneously omitted. However, unless contrary instructions are received, the office will not be disbanded and will remain formed as at present.

- 5) As already pointed out to you in letter 657/Og dated 1 March 45 Comm/to Sections of CAGLIARI and CATANZARO have been formed in lieu of Cagliari and Catanzaro Comm/to Direct, respectively for I and II Territorial HQ.

The formation of these Comm/to Sections is in accordance with Territorial requirements so that the Depots of the area are directed and supervised in a direct contact and less space of time especially as regard to rations.

Moreover, in accordance with the territorial organization laid down, 5 other Detached Sections of Commissariato have been foreseen. These will be formed in most suitable areas in accordance with requirements of Comm/to Direct and their W/E will be as follows:-

	Officers	ORs
Cagliari Independent Comm/to Section	8	26
6 Detached Comm/to Sections (including Catanzaro)	18	54

officers and 30 ORs.  
 5) We note that the number of Distribution Depots has been brought up to 72.

However, as regard to W/E strength of each Depot, it is thought necessary to point out that in case some Depots require a larger W/E, these will have to be increased while for others of minor importance, a reduction in W/E will have to be made although, bearing in mind, that the totals will be within the limits of the strength authorized by you.

4) The Independent Comm/to Office, TARANTO has not been shown. This office was formed on your suggestion and had a W/E of 3 officers and 6 ORs. (at present, this office has a superior officer in excess to the W/E as requested by you.)

It is thought that this Office has been erroneously omitted. However, unless contrary instructions are received, the office will not be disbanded and will remain formed as at present.

5) As already pointed out to you in letter 657/Og dated 1 March 45 Comm/to Sections of CAGLIARI and CATANZARO have been formed in lieu of Cagliari and Catanzaro Comm/to Direct, respectively for I and II Territorial HQ.

The formation of these Comm/to Sections is in accordance with Territorial requirements so that the Depots of the area are directed and supervised in a direct contact and less space of time especially as regard to rations.

Moreover, in accordance with the territorial organization laid down, 5 other Detached Sections of Commissariato have been foreseen. These will be formed in most suitable areas in accordance with requirements of Comm/to Direct and their W/E will be as follows:-

	Officers	ORs
Cagliari Independent Comm/to Section	8	26
6 Detached Comm/to Sections (including Catanzaro)	18	54

Please include the section referred to above in Appendix A of a/m letter. For your guidance, it is pointed out that pre-war territorial organization had 17 detached sections.

6) It is understood that escorts for vehicles and railway wagons must be provided by Territorial HQ but it is also understood that these HQs have no means of doing so because ~~they have~~ their units have such a reduced W/E that they can hardly meet their own requirements. However, it is thought necessary to add to Comm/to Services, the necessary personnel to act as escort since this important duty cannot be excluded.

At present, escort duties on vehicles and railway wagons employ a large number of soldiers which cannot naturally be taken away from the strength of units and depots which carry out the dispatch of stores, neither can these duties be carried out by civilians. For the time being such duties are carried out by soldiers available for the north. When all units, for the whole of Italy, will be made up to W/E it will be impossible to meet with the requirements of such services.

- 2 -

However, it would be advisable to prepare for instance 50 soldiers for each Comm/to Direct., for the purpose of doing escort duties. BARI Comm/to alone employs at present 300 soldiers on these duties.

The total number of 550 men for such duties would be, however, distributed in accordance with the needs of each Comm/to Direct.

7) For each Comm/to Direct a W/E strength of 15 officers has been laid down. Over and above such strength, in reports forwarded to you in letter 2000/1/Sc. dated 3 Aug 44 also a staff war-establishment was taken into consideration. This staff W/E charged in number on a total number of 60 men, in accordance with the requirements of each Directorate to form acceptance commissions for purchases according to local resources of each district. Actually, only for external services of Bari Comm/to Directorate which deal with food supplies, an average number of 15 officers are employed daily (not including MOs etc.,). To this, it is added that personnel detached for external duties cannot be always re-called, especially if sent for despatch duties, considering delays in railway transport.

Considering, for example, that for victualling the present quantity of 35,000 Hectolitres of wine per month for Campania for which Bari Comm/to Directorate must do at least 25 deliveries, (each delivery and acceptance employs at least two or three officers for at least three or four days) and 70 despatch operations to be carried out from various railway stations (each despatch operation employs one officer often for more than a week).

The figures shown above refer only to one article and for the supply of one area. These naturally explain the reasons which advise a staff W/E of 60 men.

However, it is once more pointed out the necessity, unless contrary advised by you, to maintain such strength in addition to the W/E laid down for each Directorate.

Finally, in the carrying out of arrangements detailed above, W/E of Comm/to Services units should be increased as under:-

	Officers	ORs
Independent Comm/to Office, TARANTO	3	6
Independent Comm/to Section, CAGLIARI	8	26
6 Comm/to Section Det (including CATANZARO)	18	54
Men for escort duties	-	550
Staff W/E for Comm/to Directorates	60	---
	89	636

The above is forwarded for your decisions.

1599/IC/RIS

TO : MMIA (in reply to ST/93/7 of  
26 Apr.)

4 May 1945

SUBJECT:- Proposal for increase in War Establishment:  
Commissariat Units.

In our letter 1419/I.C./Ris dated 17 April this Ministry asked for an increase in 89 officers and 86 O.Rs for the formation of the Commissariat sections and for a workable and variable W.E. for the Commissariat Directorates. In all an increase of 175 men is required.

Since MMIA, in 2b of their letter SD/94 of 22 Feb, established that any increase in personnel for the constitution of new units must be detracted from units already formed, this Ministry has carefully examined where it can make the corresponding deductions. From this examination it has only been found possible and feasible to make a reduction of 26 officers, since a greater reduction of such personnel would prove gravely detrimental to the units already formed. Consequently this Ministry proposes the reduction of 149 O.Rs which will make up for the difference of 63 officers unable to be reduced as mentioned above.

To meet the necessity for an increase by 89 officers, it is intended to use the 26 officers taken away from units already formed and 63 other officers to be obtained as follows:

- a) officers eventually returning from prison camps abroad.
- b) officers in the liberated territories who present themselves for duty, when they have been examined and found suitable for further service.
- c) reinforcement officers called back into the service.

*Increase to overall calling*

These 63 officers correspond to the reduction in the other ranks.

Oggetto: Proposta di aumento di organico: Enti Commissariato.-

Riferimento lettera n. ST/93/7 - data 26 aprile u.s.

Con lettera n.1419/I.C./Ris. - data 17 aprile u.s. questo Ministero ha richiesto l'aumento di n.89 ufficiali e n. 86 sottufficiali e truppa per la costituzione delle Sezioni di commissariato e per l'organico funzionale variabile e complementare delle Direzioni di commissariato. In totale si richiedeva l'aumento di n.175 unità.

Poichè nel n.2 - comma b) della lettera n.SD/94 - data 22 febbraio u.s. di cotesta Missione si dispone che eventuali aumenti di personale per enti nuovi da costituire debbono essere detratti da quelli già costituiti, questo Ministero ha attentamente esaminato a quali organi apportare le corrispondenti diminuzioni. Da tale esame è risultata soltanto possibile ed attuabile la diminuzione di n. 26 ufficiali, in quanto una maggiore diminuzione di tale categoria di personale avrebbe arrecato grave pregiudizio agli enti già costituiti. Conseguentemente questo Ministero ha proposto la diminuzione di n. 149 sottufficiali e truppa, comprendendo in dette unità anche la differenza di n. 63 ufficiali, come sopra detto non potuti diminuire.-

Per far fronte alla necessità di aumento di n. 89 ufficiali si intende impiegare n.26 ufficiali diminuiti dagli enti già costituiti e altri n.63 ufficiali da attingere come appresso:

Riferimento lettera n. SR/93/7 - data 26 aprile u.s.

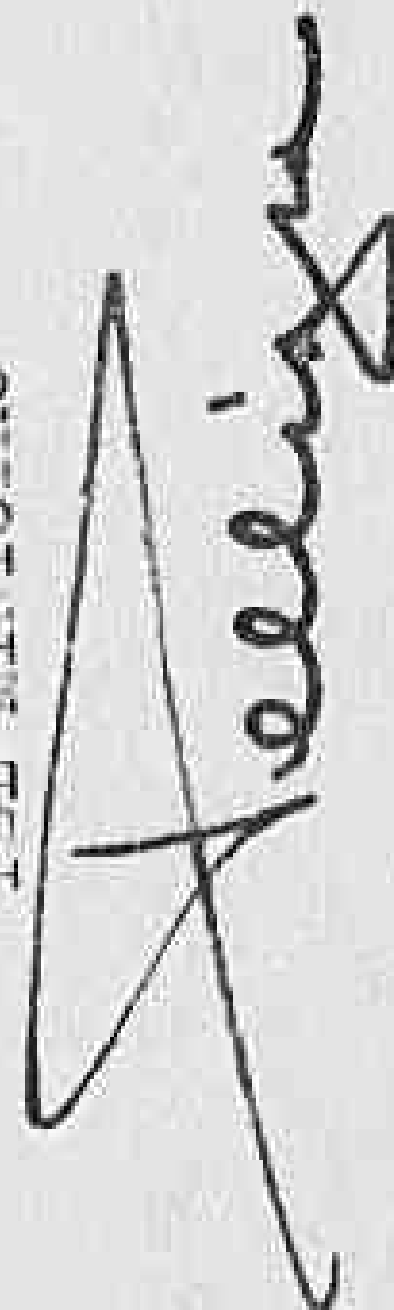

Con lettera n. 1419/I.C./Ris. - data 17 aprile u.s. questo Ministero ha richiesto l'aumento di n. 89 ufficiali e n. 86 sottufficiali e truppa per la costituzione delle Sezioni di commissariato e per l'organico funzionale variabile e complementare delle Direzioni di commissariato. In totale si richiedeva l'aumento di n. 175 unità.

Poichè nel n. 2 - comma b) della lettera n. SD/94 - data 22 febbraio u.s. di cotesta Missione si dispone che eventuali aumenti di personale per enti nuovi da costituire debbono essere detratti da quelli già costituiti, questo Ministero ha attentamente esaminato a quali organi apportare le corrispondenti diminuzioni. Da tale esame è risultata soltanto possibile ed attuabile la diminuzione di n. 26 ufficiali, in quanto una maggiore diminuzione di tale categoria di personale avrebbe arrecato grave pregiudizio agli enti già costituiti. Conseguentemente questo Ministero ha proposto la diminuzione di n. 149 sottufficiali e truppa, comprendendo in dette unità anche la differenza di n. 63 ufficiali, come sopra detto non potuti diminuire.

Per far fronte alla necessità di aumento di n. 89 ufficiali si intende impiegare n. 26 ufficiali diminuiti dagli enti già costituiti e altri n. 63 ufficiali da attingere come appresso:

  - c) richiamo dal congedo di ufficiali di complemento. -
- Detti 63 ufficiali trovano la corrispondente diminuzione in altrettanti sottufficiali e truppa.

SUBJECT:- Proposal for increase in War Establishment:  
Commissariat Units.

In our letter 1419/I.C./Rts dated 17 April this Ministry asked for an increase in 89 officers and 86 O.Rs for the formation of the Commissariat sections and for a workable and variable W.E. for the Commissariat Directorates. In all an increase of 175 men is required.

Since MIA, in 2G of their letter SB/94 of 22 Feb, established that any increase in personnel for the constitution of new units must be detracted from units already formed, this Ministry has carefully examined where it can make the corresponding reductions. From this examination it has only been found possible and feasible to make a reduction of 26 officers, since a greater reduction of such personnel would prove gravely detrimental to the units already formed. Consequently this Ministry proposes the reduction of 149 O.Rs, which will make to be the difference of 65 officers unable to be reduced as mentioned above.  
To meet the necessity for an increase by 89 officers:

Reference your 1419/I.C./Ris dated 17 April 45.

1. It is not understood how the increase of 89 Officers and 86 NCO's can be achieved by the method proposed by you in para 5.
2. If such method is put into effect, it appears that 26 Officers and 149 N.C.'s will be obtained.
3. It is requested that you state how you propose finding the balance of 63 officers to make the total of 89.
