In reply to your letter BU/16/45 dated 26 April and confirming conversation Capt MURPHY - Capt GALT, supplies of P.O.L. products to this theatre are improving, and C.I.P. should in the very near future be in a position to deliver all requirements.

1. The delivery of P.O.L. to the "Folgore" by C.I.P. is causing concern.
2. During March against an assignment of 180,000 Kgs. Petrol, C.I.P. FLORENCE were only able to deliver 56,476 Kgs.
3. The Agenzia Provinciale C.I.P. - zone Office in FLORENCE - states that as only a portion of the total monthly allocation for all categories of consumers was received, they were compelled to reduce their individual deliveries pro rata.
4. This reduction not only interferes with the normal transport details, but makes it impossible for even a small reserve to be built up to provide for any emergency movement of Troops requested for public safety duties.
5. It appears desirable that the provincial C.I.P. Depots should be instructed to give priority to the needs of the Italian Armed Forces before proceeding to a general distribution to civilian consumers.

SUBJECT: POL Supplementary Allotment.

TO: HQ. A.C., Land Forces Sub-Commission, (MMIA)
APO 394.

43

1. Reference your ST/1610 dated 27 December 1945.
2. It is called to your attention that the action of 217 Area in giving POL to the 87 Regt Friuli Division is highly irregular.
3. For your information, the Italian Supply Program is at the present time a U.S. responsibility and the Italian Government is entitled to only the amounts slated for, which are those that they have agreed to pay for in dollars.
4. Such authorizations as that of ²¹⁷~~217~~ Area can easily result in the slated requirements being exceeded, and in such circumstances the Italian Government may either not have the dollars or refuse to pay for the excess. If this happened the supplying nationality would undoubtedly be the loser.
5. It does not appear that the move of this regiment was unforeseen from the facts presented. It is requested, therefore, that any similar arrangements hereafter be first presented to either this unit or the Italian Government Agency that will eventually replace if for confirmation.
