Further to my Q6-482 dated 2 Nov 45.

1. My SO DEIA has been informed under 2 Dist DEIA letter 6362/11 dated 1 Nov that it is not proposed to fill the deficiency of four recy vehs on Folgore est.

2. (a) Workshops are working at pressure under severe conditions, due partly to shortage of tradesman personnel and partly to an abnormal number of repair cases resulting from the simultaneous ageing of the Division's original vehs after a year's uninterrupted wear.

(b) This position is aggravated by the shortage of recy vehs, which not only slows down evacuation of casualties, but makes the impending move of the wkps with the Division appear impossible in view of the number of non-runners to be dealt with.

3. Will you please assist by bringing this matter to the notice of the appropriate authority? I regard the replacement of these vehs as essential to the working of an efficient maintenance and recy^{service} within Folgore Inf. Div.
