Reference a conversation yesterday with Maj. IGI and an officer from the Comando Genio.

1. I understand that No 6 Mine Clearance Zone HQ and 562, 563 and 564 Mine Clearance Coys are unable to do a month's work owing to an insufficient ration of petrol. Urgent work on the many minefields in the area under your command, and especially on those in river banks where action of the water may disturb the mines and cause the banks to be destroyed, is therefore held up. An increase of at least 50% of the present allotment of petrol was requested.
2. I have referred this question to HQ MMIA, who made the following comments:-
 - a) No 6 Mine Clearance Zone HQ, which employs exclusively civilian labour and vehicles, is NOT entitled to a share in the monthly allotment of ROL to your HQ, but should obtain it from the Ministry of the Interior;
 - b) MMIA realises the inadequacy of the present petrol ration and is continually attempting to have it increased. It is, however, controlled by higher authority, and the only solution at present is more stringent rationing by Territorial Commands of the allotment they receive;
 - c) MMIA has noted my request for an extraordinary issue to the three a/m Coys this month, and will attempt to meet it if possible. No grant, however, can be made to No 6 Mine Clearance Zone HQ from military sources.

In considerazione della grave deficienza di automezzi in cui si trova il 1° Battaglione Rastrellatori mine, i cui reparti dipendenti (562^a-563^a-e 564^a compagnia rastrellatori mine) sono dislocati in una vastissima giurisdizione territoriale, si prega di assegnare definitivamente al btg. stesso l'autocarro Fiat 626 RN targato CH.1004 (telaio 000002-motore 000430) in possesso del Signor BENASSI Guido di Chieti.

Tale automezzo fu fermato perchè di provenienza militare ed assegnato temporaneamente, in data 5 giugno 1945, alla 562^a compagnia rastrellamento, in attesa della definizione della pratica.

Il Comando del 1° battaglione rastrellatori mine, provvederà ad impiegare l'automezzo nel modo più opportuno presso i reparti dipendenti.-

Il Comando della Legione CC.RR. degli Abruzzi - come si rileva dalla sua lettera n° 162/26 datata 5-6-1945, allegata in copia, ha presso di sé l'automezzo civile Fiat 1100 - al quale è applicata la falsa targa N° R.E. 08012.-

La macchina è sfornita di documenti di circolazione ed è guidata da un Sergente Maggiore in servizio al Comando del Presidio del luogo (541° Reggimento Fanteria).- (1)

Poichè il Commissario di P.S. Dott. Pantalone Pasquale - alle dipendenze di questo Ufficio ha segnalato la irregolarità suddetta, lo scrivente si è subito portato oggi presso il Comando di Legione CC.RR. di Chieti perchè l'automezzo in questione fosse passato in consegna all'Ufficio Recupero di Chieti, in attesa delle disposizioni che in merito codesto Ministero vorrà emanare.-

In considerazione delle necessità di servizio prospettate dal Comandante la Legione, l'automezzo è stato lasciato presso il Comando Gruppo CC.RR. di Chieti in attesa delle superiori decisioni.

Si rappresenta l'opportunità di assegnare l'autoveicolo in parola al 1° Battaglione Rastrellatori Mine, che, in base alla recente sua distruzione, stabilita dal Comando Alleato, ha una giurisdizione da Pescara a Pesaro, da Ravenna a Bologna, da Modena a Pavullo. Il fabbisogno di automezzi è assai rilevante per tale Reparto.-

HEADQUARTERS ALLIED COMMISSION

CIVIL AFFAIRS SECTION

1 March 45.

Ref: 9/8A/CA

SUBJECT : Mine Clearance.

TO : Land Forces Sub Commission. ✓

Particulars are being obtained of the transport at present held by the 561 and 562 Mine Clearance Companies and this will be forwarded to you as soon as received. In the meantime it is pointed out that both Companies are short of transport and if an allocation of two vehicles could now be made to each Company it would help their transport problems. The 561 Company now have only two vehicles on the road and an allocation of two more would not exceed their establishment. It is hoped that you can arrange this allocation.
