1. It is regretted that all Italian transport, with the possible exception of m/o's must be withdrawn. It is urgently required for maintenance at Naples, which indirectly is for the benefit of Gruppi.
2. There is no objection to your retention of motor cycles against the deficiencies in cars.
3. Please advise if acceptable.

30 Oct. 44

1. Ref your ST letter ST/30/T of 26 Oct. 44, subject "Withdrawal of Italian Army Vehicles in possession of Gruppi di Combattimento" addressed to DAQM this HQ.
2. It is appreciated that as soon as Combat Group Folgore is re-equipped all their Italian Army tpt will be withdrawn and disposed of under your HQ instructions. It is also appreciated that this withdrawal of tpt should be effected as soon as possible.
3. However the present position is that their Italian Army tpt is the only tpt held to maintain the Combat Group, collect training stores, G 1098 equipment and clothing, and to use for training purposes.
A small amount of MP is being collected from 51 B.L.U. this week which will be used for training purposes.
4. No information is forthcoming from AFHQ as to when the release of even the maintenance scale of tpt as laid down in their Q(AE) Adm Instruction No. 3 will be made nor when the Combat Group will be equipped with tpt to G 1098 scale.
5. It will be seen from the above that the possibility of this Combat Group being able to release Italian Army tpt in the immediate future is remote. However as soon as it is possible to do so this HQ will inform your HQ requesting instructions for the disposal of this tpt.

2. Please confirm this and advise the number of vehicles concerned, whether Priuli can provide drivers to deliver them to 10 Autieri Regt, Naples, if not on what date drivers should be sent from Naples to collect.
3. I am directed further to state that under no circumstances must these Italian Vehicles be retained in the possession of the Division at the date when they move away from the training area.
