Frequently it is necessary for this office to make estimates of tonnage of certain items of clothing, ~~in~~ ^{either} in bundles or in sacks but not baled. In the absence of any official figures, this has been rather a matter of guess work. It would be much appreciated therefore if you would kindly have the relative figures entered on the attached copy of this letter to enable me to make more accurate estimates.

	Qty.	Weight.	Qty.	Weight.
