Dec. 1945 - Jan. 1946

C O P Y

G.R.O. dated 4 January 1946 Serial No.1

10. Vehicle Census - Transfers to Italian Government.

1. Numbers of vehicles of British origin and vehicles of captured Italian origin are now being handed over to Italian Government ownership for the Italian Army or civil use.

2. It is evident from information received from GHQ MEF Census that units are not complying with census regulations and Part X Orders are not rendered in all cases. Furthermore, the present system is inadequate owing to the ~~fact~~ fact that when a Part X Order is submitted only one side of the transaction is reported and no cross-check is provided by any receiving unit.

3. In order that complete records may be maintained and the necessary vouchers issued so that charges may be recorded against the Italian Government, the following system will be put into immediate effect:-

(a) Authority. In no circumstances will transfers of either British or captured vehicles be made without the prior authority of GHQ CMF.

(b) Part X Orders will be published in the normal manner by the Unit or Vehicle Park from whose charge the vehicle is being transferred. Part X Orders will be published on the day transaction is effected and will quote the authority of GHQ CMF.

(c) Vehicles transferred to Italian Army.

(i) Copy of Part X Order referred to in ~~xxx~~ 3(b) above will be forwarded to ADOS MMIA. 3357

(ii) ADOS MMIA will record the appropriate charges, in respect of vehicles of British origin, against the Italian Government in accordance with established Ordnance procedure.

(iii) ADOS MMIA will forward a consolidated statement, made up to the last day of each month, of all transactions recorded during the month, direct to STATCENTRE (CENSUS), GHQ MEF, copy to GHQ CMF. This statement will quote the authority, WD Number, Type and Make of each vehicle transferred.

(d) Vehicle transferred to Italian civil use.

(i) Copy of Part X Order referred to in 3(b) above will be forwarded to HQ 38 Vehicle Coy.

(ii) HQ 38 Vehicle Coy will record the appropriate charges, in respect of vehicles of British origin, against the Italian Government in accordance with established Ordnance procedure.

....

- 20 -

- (iii) HQ 38 Vehicle Coy will forward a consolidated statement, made up to the last day of each month, of all transactions recorded during the month, direct to STATCENTRE (CENSUS) GHQ MEF, copy to GHQ CME. This statement will quote the Authority, WD Number, Type and Make of each vehicle transferred.
 - (iv) HQ Allied Commission will also forward a consolidated statement made, up to the last day of each month, of all vehicles taken over by the Italian Government during the preceding month, direct to STATCENTRE ~~XXXXXX~~ GHQ MEF, copy to GHQ CME. This statement will quote the WD Number, Type and Make of each vehicle taken over.
4. The importance of the proper accounting of all vehicles, both British and Captured, cannot be too strongly emphasized, and it is the responsibility of COs to ensure that all transactions are properly reported.

(Applicable to British troops in Italy and Austria).
