To : G-1 American

1/. The French Authorities in North Africa hold approx ~~37,000~~ 37300 Italian PW. They are willing to release 25.000 of these individuals but will only agree to the release of the remainder (some 12.000) if they are replaced by German PW transported by us as follows:

to Tunisia		2445
Algeria -	Oran	2000
	Philippeville	2000
	Algiers	2000
Morocco		5700

The Italians have only one cruiser (capacity 600) available for this work and if these replacement German PWs were to be found from France a round trip from Italy to Marseilles to North Africa and return to Italy would be involved. To complete this movement would take many months.

2/. It is however understood that the USA are contemplating sending healthy German PWs to France in exchange for sick German PW at the rate of 50.000 per month. Copy of a report No. 12508/1475 dated 25 Oct 45 emanating from the Embassy at Washington, refers and is attached.

3/. May steps please be taken to investigate the possibilities of sending 12.000 healthy German PW to French North Africa (instead of France) to secure the release of the 12.000 Italian PWs. If this proposal could be secured the saving of time and shipping space would be immense.

4/. The Italian Government are constantly stressing the urgency of releasing their PWs from French hands on account of their abominable treatment. The undersigned has personally visited these PWs in French hands and strongly recommends that all possible steps should be taken to secure their speedy release.

N° 12508/1475 . Washington, 25 October 1945.

Subject : German prisoners in French custody.

For quite a long while the press of the country has been calling to the attention of the public, the particularly hard treatment shown by the French to the German POW in their custody.

As is known this matter, not only in contrast with the Geneva Convention, but also contrary to all human principles, was also discussed in the French Press.

Following these attacks and due to the result of inquiries conducted by the American authorities , the latter suspended awhile ago, the assignment to France of the German prisoners that they had agreed to turn over.

The Press has now announced that a favourable and complete solution of the problem has been rejoined and assurance, on the part of General Juin and General Eisenhower have been given that from now on, the German Prisoners will be treated according to the Geneva Convention. In consequence of this agreement the transfer from U.S.Custody to French Custody will begin at the rate of 50,000 men a month, at present in the U.S.A.while the American Army will receive from the French about 90,000 prisoners who are in bad health who will be taken care of and subsequently released. The United States will in more, for each prisoner assigned to the French, furnish a certain quantity of food and clothes.

It is noted with great satisfaction that owing to this agreement 200,000 men of the Africa Corps will be transfered to France, who have been housed and well fed in the American camps, and are considered as being ardent nazis and therefore a source of trouble for this country.

For quite a long while the press of the country has been calling to the attention of the public, the particularly hard treatment shown by the French to the German PGW in their custody.

As is known this matter, not only in contrast with the Geneva Convention, but also contrary to all human principles, was also discussed in the French Press.

Following these attacks and due to the result of inquiries conducted by the American authorities , the latter suspended awhile ago, the assignment to France of the German prisoners that they had agreed to turn over.

The Press has now announced that a favourable and complete solution of the problem has been rejoined and assurance, on the part of General Juin and General Eisenhower have been given that from now on, the German Prisoners will be treated according to the Geneva Convention. In consequence of this agreement the transfer from U.S.Custody to French Custody will begin at the rate of 50,000 men a month, at present in the U.S.A.while the American Army will receive from the French about 90,000 prisoners who are in bad health who will be taken care of and subsequently released. The United States will in more, for each prisoner assigned to the French, furnish a certain quantity of food and clothes.

It is noted with great satisfaction that owing to this agreement 200,000 men of the Africa Corps will be transfered to France, who have been housed and well fed in the American camps, and are considered as being ardent nazis and therefore a source of trouble for this country.

TRANSLATION

From : Ministry of War, Autonomous Bureau for Former P.O.W.'s and repatriated Veterans.

August 1945

This is a speech delivered, by
Count Stefano JACINI, Minister of War,
to Italian P.O.W., and interned soldiers.

There are no words apt to express the anxiety of the whole nation, which for years, is doing its best in your behalf, POW's and all other soldiers scattered abroad because of the war. Your country has been sharing your very torments and hopes and has been embodying your very passion.

It is incredible not to have sented this stream of profound affection which spontaneously originates from the heart of the people and which rejoint all of you, more tenaciously than ever before, to your dear ones and to your country; it is incredible not to have perceived how your country, although unfortunate it is slowly but securely emerging to a new life, has always considered you in a light of pride and of unchanched faith.

The numerous messages addressed to you were meant to materialize the firm and affectionate spiritual communion which joins the entire country to you. Perhaps only few of them have reached you, if they ever have, due to the insufficiency of reliable communications: our worries our soul, have been and are always outstreched in your direction.

These sentiments of which you can rightfully be proud and which have rendered the impatient waiting for your return more hectic should constitute a consolation as well as a help in enduring better the suffering deriving to you as prisoners, especially if we consider that you might be held as prisoners for a long period of time.

The Government, which directly emanates from the people whose anguish it shares, is since tackling the difficulties concerning your repatriation. These difficulties are of a various and complex nature due to the impossibility to reach and immediate and definite solution because of the Armistice-determined juridical status of Italy in regards with the United Nations.

I cannot for obvious reasons, furnishe details on the delicate and tenacious job being carried out earnestly by the Government in this field.

Declassified E.O. 12958 Section 3-403/NNDC NO. 785020

Nevertheless, as you can assume from the figures I am going to quote to you, some favorable results have already been obtained, thanks to the spirit of comprehension of the Allies. It is for this reason that we fore see that the gradual betterment under way will lead to a definite solution of the problem, as a consequence of the likely new diplomatic status of our country.

Up to 20 July either POW's and Interned soldiers whose repatriation was made possible, amount to over 180.000 persons and to be exact:

22.000	from Africa
2.500	from India
800	from the U.S.
71.500	from the Balkans, Greece and Bulgaria.
22.000	from Switzerland, France

It was so far impossible to gather the exact data on the amount of the strong grove of people repatriated from Germany, either soldiers and interned civilians or POW's.

Soldiers alone amount to several thousands. All those of you who are about to realize your longed return from Germany or still waiting to commerce the journey back home, be certain that your welcome was planned with the utmost care by authorities fully aware of the particular gravity of the moral and meterial sufferings you have endured: receiving centers, relief organizations, stations of medical care are all set to house you.

It is hoped that your repatriation can be completely effected within the month of September.

We hope that also repatriations from the Balkans, Greece and Albania will be shortly accomplished: the amount of military prisoners stationed in such regions has been repatriated almost entirely.

The long months of strenous struggle carried out against the Germans under difficult conditions of environment and with scarce and insecure supplies, but in very high hopes, are apparent on the faces of these brave soldiers.

Every effort has been and is being made to cope with the first and greatest difficulties of these brothers of ours who so much deseque their own country's gratitude.

If the material means available were sometimes not proportioned to the necessities, yet they represent the climax of our possibilities.

Compared with the huge number of POW's awaiting repatriation home to their families, the figures of persons repatriated might appear limited, especially to those who have no possibility to verify either the largeness and complexity of the problem concerning repatriation of POW's.

Being fully aware of your state of mind, of the insufficient

Declassified E.O. 12065 Section 3-402/NNSC NO. 785020

exactness of news that might get to you and might increase your spiritual affliction, of your infinite suppositions, inevitably optimistically or pessimistically exaggerated, I believe it is my duty to inform you better of the situation, how it is in reality. This situation, though delicate and difficult, does not justify, however, exaggerated worries.

Apart from the grave difficulties deriving from shortage of means of conveyance, aggravated by the continuation of war in the east and by the conditions of our railroads, the problem of repatriating POW's bears directly on the economic-social conditions of the Nation.

Our country which is now slowly raising again by dint of laborious efforts is hampered by an economic depression which, perhaps, does not appear in its entire reality to one who is unable to observe all of its features. Said depression is determined by the grave difficulty of realizing food supplies, by the utmost shortage of clothing, by the conditions of agriculture so heavily stricken by war, by the scarcity of the most commonly used goods indispensable to life. The help being lent by the Allies, who are supplying us animated by a spirit of understanding in every field of national activity, has enabled us to make the first step towards a gradual but secure rebirth.

You, as well as myself, being veterans and jealous defenders of our traditions of heroism and sacrifices, hold particularly dear this tangible aknowledgment of our contribution to the struggle against the common enemy, of the bravery of our fighting soldiers, whose blood so generously profused is a secure proof of the tenacious will of the Nation to be redeemed and be returned to life.

In addition, it is also an aknowledgment of the silent and active contribution of the remarkable number of you which has been used by the Allies as cooperators. This contribution, while highly appreciated by the Allies deserved the gratitude of the country which fully estimates its importance as directed to accelerate its resurrection.

But the help furnished by the Allies, though given with generosity, cannot substantially alter the present conditions of general misery which will be bettered and definitely overcome one day, only through hard work.

The Italian people do not lack the will to work as we are every where well known and enjoy a good reputation of being intelligend and stubborn workers.

3429

The possibility to obtain from foreign countries those credits which are indispensable to the supply of raw materials for our industries mostly spared, for our agricolture, for the resumption of our activities depends mainly on our seriousness, on our capacity to work honestly, on the discipline we will demostrate to be endowed with as a guarantee of the credits we need and which will thus be made into either work and bread for our families.

Declassified E.O. 13526 Section 3-403/NNDC No. 785020

This is the ultimate only secure base on which to found the rebirth of our country.

You, POW's and interned people who are living in the heart of the people more than ever being the natural and jealous custodians on its noblest accomplishments and having kept your faith in the national flag inalterate and your most profound devotion to your country throughout these long years of torment, have also the pride to be an example of order, discipline and faith in every field.

Raise your sould anew beyond the moral sufferings of this undeserved captivity of yours inthe pride of the duty accomplished by you and in the certainty of shortly returning to the affections of your dear ones and to your status of free and active men.

The country which is waiting for you with so much warm impatience sees in all of you the support of orderly energies, of disciplined and tenacious will, which will aid it to overcome better this critical moment.

But your country, very generously, in spite of the very grave economic restrictions, is contributing and will contribute also thru the after-war Ministry of Assistance, instituted for this purpose. To the activity of caring for your families and those veterans who have already returned.

A complex organization has been prepared by the Government welfare organizations to welcome you back home.

Receiving centers, scattered by the Military Authorities all over the National territory, are ready to welcome you at your arriving locations at home and to care for your first necessities.

With the least loss of time - the stay at the receiving center is no longer than four or five days - upon completion of the processing and administrative operations and upon liquidation of the due amounts, the veteran is expeditely routed to his residing place being entitled to a two-months leave with complete war compensations paid in advance.

During the same leave and by the After-war welfare Ministry, it is provided that, upon expiration of leave, the veterans may be secured with the maximum possible help in his efforts to secure a definite settlement to work.

It is impossible to express to you how numberless and grave the difficulties are being coped with and devolved daily for this purpose, and there is no word capable of depicting the affectionate passion which pervades the entire Nation adds to this opus, by dint of hard sacrifices.

You shall deserve so much affection and shall prove worthy of the faith the country entertains in you.

Upon your return you will face some living difficulties which

Declassified E.O. 12065 Section 3-402/NNDB No. 785020

you will be able to overcome only if you'll face them with calm, without unchecked stirrings, being fully aware of your duty towards your dear ones and yourself.

Your sense of responsibility, your firm faith, the sentiment of discipline which can only assure the cohesion of a whole country in its noble effort to find its own greatness in a serene and fecund peace, your pride of being free men, morally and spiritually strong, constitute those values indispensable to our country to regain its prestige in the world.

Soldiers, POW's and Internees who are the most beloved sons of this Italy of ours so great even in its Misfortune!

Raise from every field your thought to the flag which is the sacred and eternous expression of our people, greet these people who, still covered with profound wounds, is already marching with determination and faith in a pacific and noble competition along with civilized Nations.

Il Conte Stefano JACINI,

Ministro della Guerra, parla ai prigionieri di guerra ed internati italiani

---

Nessuna parola può esprimere l'ansia con la quale la Nazione intera, da anni, ha l'animo proteso verso di voi Prigionieri di guerra, militari comunque all'estero per cause di guerra, condividendo il vostro tormento e le vostre speranze, vivendo la vostra stessa passione.

Non potete non aver sentito questa corrente d'affetto profondo che sgorga spontaneo dal cuore del popolo e che vi ricongiunge tutti più tenacemente che mai ai vostri cari e alla Patria: non potete non aver sentito come il Paese, anche nella sventura dalla quale sta lentamente ma sicuramente sorgendo a nuova vita, abbia sempre guardato a voi con fierezza e con immutata fiducia.

Numerosi messaggi a voi diretti avrebbero dovuto materializzare il collegamento spirituale saldo ed affettuoso che unisce a voi tutto il Paese, ma forse solo qualcuno di essi vi è giunto, se pure vi è giunto, a causa della insufficienza di trasmissioni sicure: il nostro pensiero, l'animo nostro è stato ed è sempre proteso verso di voi.

Questi sentimenti dei quali bene a diritto potete essere orgogliosi e che hanno reso ancora più febbrile l'impaziente attesa del vostro rientro, debbono esservi di conforto ed aiutarvi a sottoporre meglio la sofferenza del vostro stato di prigionia che non è prevedibile possa ancora protrarsi per lungo tempo.

Il Governo, emanazione diretta del Popolo e che del popolo condivide ogni palpito, da tempo ha affrontato e con ogni mezzo si adopera per eliminare le difficoltà connesse con il vostro rimpatrio, difficoltà di varia indole e molto complesse, talchè non è stato ancora possibile addivenire ad una soluzione immediata e definitiva, resa impos-

Nè mi è possibile, per motivi che sono facilmente intuibili, scendere a particolari sul delicato e tenace lavoro che anche in questo campo il Governo sta alacremente svolgendo.

Tuttavia, come rileverete dalle cifre che vi esporrò, è già stato ottenuto qualche risultato positivo dovuto essenzialmente allo spirito di comprensione degli Alleati, e ci è consentito prevedere che il graduale miglioramento in corso potrà mutarsi in una decisiva soluzione del problema in seguito ad una probabile nuova posizione internazionale del nostro Paese.

Archivio P.C.M. 1943 Sezione 3-6/2 Fascicolo n. 28/020

Al 20 luglio i prigionieri di guerra e militari internati dei quali è stato possibile ottenere il rimpatrio ammontano ad oltre 119.000 unità, e precisamente:

22.000	dall'Africa
2.500	dall'India
800	dagli Stati Uniti
71.500	dalla Balcania, Grecia e Bulgaria
22.000	dalla Svizzera, Francia

Non è ancora possibile avere dati precisi sull'entità della forte massa di rimpatriati dalla Germania, militari e civili internati o prigionieri di guerra. I soli militari ammontano a molte migliaia.

Tutti voi che siete in movimento per il sospirato rientro dalla Germania, od ancora in attesa di iniziarlo, siate certi che si è provveduto con la massima possibile cura al vostro accoglimento, edotti delle sofferenze morali e materiali particolarmente gravi cui siete stati sottoposti: centri alloggio, enti assistenziali, luoghi di cura sono pronti a ricevervi.

Si spera che il vostro rientro possa essere completamente ultimato entro il prossimo mese di settembre.

Anche i rimpatriati dalla Balcania, Grecia ed Albania si spera possano essere in breve tempo ultimati: la quasi totalità dei nostri prigionieri militari dislocati in tali regioni è ormai rimpatriata.

I lunghi mesi di durissima lotta condotta contro il tedesco in difficili condizioni di ambiente e con rifornimenti scarsi ed incerti, ma con altissimo spirito, sono chiaramente visibili sui volti di questi valorosi soldati.

Ogni sforzo è stato compiuto e si compie per provvedere alle prime maggiori necessità di questi nostri fratelli che tanto hanno meritato la riconoscenza del Paese. Se i mezzi materiali disponibili purtroppo non sempre sono pari al bisogno, essi rappresentano tuttavia tutte le nostre possibilità.

Di fronte all'ingente massa dei prigionieri di guerra che attendono di essere restituiti alle famiglie ed al Paese, le cifre dei rimpatriati possono apparire limitate, specialmente a chi non abbia [illegible] possibilità di rendersi conto di tutte le difficoltà e [illegible]

Perfettamente edotto del vostro stato d'animo, della insufficiente esattezza delle notizie che possono raggiungervi aumentando così il vostro tormento spirituale, delle vostre infinite congetture, inevitabilmente esagerate in ottimismo ed in pessimismo, ritengo doveroso mettervi meglio a conoscenza della realtà della situazione che, sebbene delicata e difficile, non giustifica tuttavia esagerate apprensioni. ./.

Declassified E.O. 12065 Section 3-402/NNDB No. 785220

Prescindendo dalle gravi difficoltà conseguenti alla deficienza di mezzi di trasporto, resa più acuta dalla continuazione della Guerra in Oriente e dallo stato delle nostre ferrovie, il problema del rimpatrio dei prigionieri di guerra incide direttamente sulle condizioni economico-sociali della Nazione.

Il nostro Paese che a prezzo di faticoso sforzo sta gradualmente rialzandosi, è inceppato da uno stato di depressione economica che forse non appare in tutta la sua realtà a chi non sia in grado di osservare tutti gli aspetti. Esso è determinato dalle gravi difficoltà degli approvvigionamenti alimentari, dalla estrema penuria di effetti di vestiario, dalle condizioni dell'agricoltura così duramente colpita dalla guerra, dalla scarsezza delle merci d'uso comune e indispensabili alla vita. L'aiuto degli Alleati, forniteri con largo spirito di comprensione in ogni campo di attività nazionale, ci ha permesso di fare un primo passo verso un progressivo sicuro miglioramento.

A me come a voi, vecchi combattenti, gelosi tutori delle nostre tradizioni di eroismo e di sacrificio, è particolarmente caro questo tangibile riconoscimento del contributo dato nella lotta contro il comune nemico del valore dei nostri combattenti, il cui sangue tanto generosamente versato è sicura prova della tenace volontà di riscatto e di rinascita della Nazione.

Ed è un riconoscimento anche dell'opera silenziosa e feconda di quella grande parte di voi che gli Alleati hanno potuto impiegare quali cooperatori, operosità che gli Alleati altamente apprezzano e di cui il Paese vi è grato, valutandone pienamente la grande importanza ai fini di un suo più rapido risorgimento.

Ma gli aiuti Alleati, per quanto generosamente concessi, non possono mutare sostanzialmente le attuali condizioni di generale miseria che potranno essere migliorate e un giorno superate decisamente, soltanto in virtù del nostro lavoro.

Non è certo la volontà di lavoro che manca al popolo Italiano, ovunque ben noto ed apprezzato come lavoratore intelligente e tenace.

La possibilità di ottenere dall'estero i crediti indispensabili ai rifornimenti di materie prime per le nostre industrie in massima parte sciupate, per la nostra

La possibilità di ottenere dall'estero i crediti indispensabili ai rifornimenti di materie prime per le nostre industrie in massima parte salvate, per la nostra agricoltura, per la ripresa di tutte la nostre attività, dipende principalmente dalla nostra serietà, dalle nostre capacità di lavoratori onesti, dalla disciplina di cui sapremo dar prova, a garanzia dei crediti di cui abbiamo bisogno e che si tradurranno così in lavoro ed in pane per le nostre famiglie.

Questa è difatti la unica base sicura su cui poggia la rinascita del nostro Paese.

A voi prigionieri di guerra ed internati che oggi più che mai vivete nel cuore del Popolo, naturali e gelosi custodi delle sue più nobili doti, a voi che attraverso questi lunghi anni di tormento avete conservato inalterata la fede alla Bandiera e la più profonda devozione alla Patria, a voi anche l'orgoglio d'essere in ogni campo esempio d'ordine, di disciplina e di fede. ./.

Risollevate gli animi oltre le sofferenze morali di queste vostre immeritate prigionia nella fierezza del dovere compiuto e nella certezza di un ritorno ormai non lontano agli affetti dei vostri cari ed al vostro posto di uomini liberi ed operosi.

Il Paese che vi attende con così viva impazienza vede in voi tutti un apporto di ordinate energie, di volontà disciplinata e tenace, che lo aiuteranno a meglio superare questo periodo di crisi. E generosamente, il Paese nonostante le gravissime ristrettezze economiche, concorre e concorrerà anche a mezzo del Ministero Assistenza Post-Bellica, appositamente istituito, nell'opera di assistenza delle vostre famiglie e dei reduci già rientrati.

Tutta una complessa organizzazione è stata predisposta dagli enti governativi ed assistenziali per il vostro accoglimento in Patria.

Centro alloggio, distribuiti dall'Autorità Militare in tutto il territorio nazionale, hanno il compito di accogliervi alla località di arrivo in Patria e di provvedere alle vostre prime necessità.

Nel minor tempo possibile - la sosta al Centro Alloggio non supera in media i quattro-cinque giorni - effettuate le operazioni matricolari ed amministrative e soddisfatte le competenze spettanti, si provvede per l'immediato avviamento del reduce alla località di residenza con diritto ad una licenza di due mesi con assegni completi di guerra anticipatamente corrisposti.

Durante la licenza stessa, a cura del Ministero Assistenza Post-Bellica, si provvede perchè al termine di essa possa essere assicurato al reduce il massimo aiuto possibile nella ricerca di una definitiva sistemazione al lavoro.

Dirvi quali innumerevoli e gravi difficoltà vengano giornalmente affrontate e risolte per questo scopo non è possibile come nessuna parola può dirvi lo slancio affettuoso col quale l'intera Nazione concorre in questa opera, a prezzo di duro sacrificio.

Voi saprete essere meritevoli di tanto affetto e degni della fiducia che il Paese ripone in voi.

TRANSLATION

SPEECH DELIVERED BY THE MINISTER OF THE POST-WAR ASSISTANCE TO PRISONERS OF WAR

As Minister of the Post-War Assistance, I desire to appeal to our prisoners of war: to those who still live the hard life of the concentration camps and who are still longing for their return home.

I desire to greet them all, aware that their misfortune, among those which afflict Italy, without any responsibility on our part being a democratic government, is the one which grieves and torments us most.

I extend my greetings not only to them but to their families who number almost a million, many of whom besides eagerly awaiting the return of their loved ones are also experiencing anguish over the uncertainty of their present lot.

We feel that your fate, prisoners of war scattered all over the world, is the same fate as that of our country. You represent the youth which Fascism removed from its peaceful pursuits and crazily threw into a very deep abyss, by forcing it to fight against those peoples most loved by the Italian people.

You have not been defeated; defeated are those who are responsible for your fate. You are the victims of a great injustice. But all those of you who have kept in their souls a profound humane and conventional feeling of justice, in reality, are the unconguerer and not the vanguished.

You find yourself in such a situation as to need you country's help while your country needs your own help. We all sense that the return to normal of your Nation without you is impossible and that without you the Nation is mutilated and incapable of rebirth.

I know that my words will not reach all of you; too many difficulties have compromised our mutual relationships. The Government is aware of your situation, but it cannot do anything to bring back to normal our relationships. I want you to know your immediate repatriation to Italy does not depend upon us.

34.1

The Allies have willingly helped us for as much as they could, but they, have still to face the problem of transportation in Central Europe, the problem of the transferment and demobilization of their Armies in Europe, Africa and Asia and that of supplying the most war-striken populations.

Declassified E.O. 12065 Section 3-402/NARS No. 785020

Due to such difficulties, the repatriation of all of you was not yet been effected. It still is an extremely difficult operation.

Nevertheless, 300.000 prisoners have been repatriated from the most remote countries of the earth, mainly from Central Europe, either individually and collectively. This is an esiguous figure indeed but the number of returnees is increasing every day. And we hope that, gradually the means of transportation will become increasingly available, so that even the prisoners overseas will be able to return home. We hope that everybody will celebrate next Christmas with his own family. However it is known, thru the data available to this Ministry, that all our prisoners who are in Germany, Austria, France and in the large zone controlled by the Soviet Army, will be repatriated by next September.

You, well know, that Italy is terribly battered; this is the sad inheritance of Fascism. For this reason it is difficult to grant to every one that help which he deserves. But our Government will do the best it can so that the sick be given medical care and the others, either professional persons, employees, workers, farmers, be enabled to resume their place Society. Some legislative provisions have already been adopted, while others are under enactment, which will better the assistance given to the prisoners so that they won't feel neglecteded, either upon their arrival in Italy or upon their return to their communities.

The country has suffered much both from the Fascist regime and from the war; over one million refugees and war-stricken people are suffering too and are entitled to support from the Nation. Italy is a poor nation: what she is doing in their behalf is more a moral partecipation in their sufferings than actual help.

I have been head of this Ministry a short time, which is your own Ministry, and in which there are as my close cooperators the Great National Association of Veterans, the Association for Disabled Veterans and the Committee for Former POW's which was constituted within the main association. Ours is a very great family, indeed, while the assistance is accepted not as a beneficence but, rather as an act of unified solidarity.

I am convinced that some great problems, among those regarding you, will be quickly solved by means of the genuine love of your Country as I am sure that yourselves will be the first originators of your own rebirth.

We have to accomplish many things in unity of purposes and of aims in order to bring about the rebirth of Italy as a free, peace-loving, industrious Nation.

Declassified E.O. 12065 Section 3-402/NNDS NO. 785020

It is in order to attain this aim that we await you: we must reconstruct Italy together.

IL MINISTRO DELL'ASSISTENZA POST-BELLICA AI PRIGIONIERI DI GUERRA

Come Ministro dell'Assistenza Post-Bellica, desidero oggi rivolgermi solo ai nostri prigionieri di guerra: a quelli che ancora in paesi lontani vivono la dura vita dei campi e attendono ancora il ritorno in Patria.

Desidero salutarli tutti, consapevole che, fra tante sventure che gravano sull'Italia e di cui noi, governo democratico, non siamo responsabili, la loro è fra quelle che più ci feriscono e ci tormentano.

Insieme con loro io saluto le loro famiglie, quasi un milione di famiglie, di cui tante, all'ansia comune dell'attesa, aggiungono l'angoscia per la sorte tuttora incerta dei loro cari.

Noi sentiamo la vostra sorte, prigionieri di guerra disseminati per tutto il mondo, come la sorte stessa della nazione. Voi rappresentate la nostra gioventù che il regime fascista ha tolto al lavoro e ha lanciato, follemente, nella grande sventura; contro i paesi che il popolo italiano amava maggiormente.

Voi non siete dei vinti; i vinti sono i responsabili della vostra sorte. Voi siete le vittime di un'immane ingiustizia. Ma quanti fra voi hanno conservato nell'animo, profonda un'ispirazione umana e civile di giustizia, sono vincitori e non vinti.

Nella condizione in cui siete, voi avete bisogno del paese, ma anche il paese ha bisogno di voi. Tutti sentiamo che, senza di voi non può riprendere la vita del paese, che senza di voi la nazione si vede mutilata e che, senza di voi, non si ricostruisce l'Italia.

Io so che non a tutti fra voi, o prigionieri, arriveranno queste mie parole; molte sono state le difficoltà che hanno reso così manchevoli i rapporti fra voi e noi. Il Governo conosce la vostra situazione, ma non dipende solo dal governo far sì che i rapporti fra noi siano regolari. Sopratutto non dipende da noi far sì che voi possiate rientrare immediatamente in Italia.

Gli Alleati ci hanno dato la loro buona volontà: ma anch'essi debbono risolvere il problema dei trasporti, nell'ora Centrale, che è ancora una delle

Sopratutto non dipende da noi far si che voi possiate rientrare immediatamente in Italia.

Gli Alleati ci hanno dato la loro buona volontà: ma anch'essi debbono risolvere il problema dei trasporti, nell'Europa Centrale, che è ancora una bolgia, e debbono risolvere il problema dello spostamento e della smobilitazione dei loro eserciti in Europa, in Africa, in Asia e debbono rifornire le popolazioni maggiormente devastate dalla guerra.

Per tali difficoltà, non è ancora avvenuto il rimpatrio di tutti voi. Questa è tuttora un'operazione estremamente difficile.

Malgrado ciò, a tutt'oggi, sono potuti rientrare in Italia dai più disparati paesi del mondo,

./.

collettivamente e individualmente, e principalmente dall'Europa centrale oltre 300.000 prigionieri. E' una cifra certamente esigua, ma ogni giorno va aumentando il numero di quelli che rientrano. E noi speriamo, non sono che i mezzi si renderanno disponibili in maggior quantità, che, anche i prigionieri d'oltre mare possano rientrare nelle loro case. Noi abbiamo la speranza che per il prossimo Natale ciascuno celebri la pace nel seno della sua famiglia. Comunque è certo, dai dati che Questo Ministero possiede, che entro il prossimo mese di settembre tutti i nostri prigionieri in Germania, in Austria, in Francia e in tutta la grande zona controllata dall'esercito sovietico saranno rientrati in Italia.

Voi sapete che l'Italia è in rovina, è la triste eredità del fascismo. Non è quindi facile dare a ciascuno di voi tutto l'aiuto che egli merita. Ma questo Governo farà quello che è in suo potere perchè gli ammalati possano essere curati, perchè gli altri, professionisti, impiegati, operai e contadini, possano presto riprendere il loro posto di lavoro nella vita civile. Alcuni provvedimenti legislativi sono stati già adottati, altre provvidenze sono in corso di attuazione per far si che l'assistenza ai prigionieri sia migliorata sicchè essi non si sentano isolati, nè al loro arrivo in patria nè quando rientreranno ai loro comuni di origine.

Il paese ha molto sofferto e dal regime fascista e dalla guerra: oltre un milione di profughi e di sinistrati di guerra soffrono anch'essi e hanno il diritto al sostegno della nazione! L'Italia è povera: quanto essa fa per i suoi figli più bisognosi significa partecipazione morale alle loro sofferenze.

Io sono da poco in questo Ministero, che è il vostro Ministero, e in cui collaborano con me, strettamente, la grande Associazione Nazionale dei combattenti e quella dei Mutilati e il Comitato reduci dalla prigionia che si è costituito nel seno dell'Associazione madre. E' tutta una grande famiglia la nostra, e l'assistenza è sentita non più come una beneficenza ma come un atto di solidarietà famigliare.

Io sono convinto che con lo sforzo dei più generosi e con l'amore di cui il paese vi circonda alcuni grandi problemi che vi riguardano possono essere rapidamente risolti, poichè sono certo che voi stessi sarete i primi artefici della vostra rinascita.

Molte cose dovrete fare appena sarete

3/. Procedure on IPW arriving in Italy

(a) Overland. IPW are met at railway stations or points of debussing by Italian officers who assume complete responsibility. They are then taken to PW camps, where they are medically examined, deloused and given clothing. All documentation is completed at the camp and the men are given 2 months leave. Transport is arranged by the camps to carry the men to the districts of their homes. On completion of his leave the man reports to his Distretto Militare for clearance and is either demobilised or continues his service if eligible.

(b) From overseas. On arrival IPW are met at ports of disembarkation by Italian officers who assume complete responsibility for them. They are then transported to camps in transport supplied by NMIA. On arrival in these camps each man is documented, fed and accomodated. IPW returning from British and American hands are well clad so that issue of clothing at these camps is very small

Procedure for sending men on leave and eventual demobilization or otherwise is the same as stated in para 3 (a).

1. Para 2 of your inter-office memorandum 297/86/Tn 3 dated 18 Sep does not clearly set out the position. The general question of how the returning Italian Ex P.W. are to be treated has not so far as is known to this branch been settled and a good deal depends upon whether they are treated as Military repatriates, Prisoners of War or Displaced Persons.

2. What was settled in the conversation between the undersigned and Major WORSHINGTON was that a parbicular lot of Ex PW which were scheduled to arrive by sea from MARSEILLES to LEGHORN would move from LEGHORN to NAPLES as an American pwil committment, this having been agreed with Tn(A).

3. It is suggested that a ruling must first be obtained as to the categorisation of these men before the principles can be laid down on their movement.

- uno sottotenente pilota, deceduto in un incidente di volo;
- due volontari di guerra, hanno combattuto rispettivamente col Gruppo di Combattimento "Legnano" e "Friuli" per la liberazione del nord Italia;
- gli altri sono in tenera età e vivono con la mamma in ristrettezze finanziarie.

Il Maggiore MIRRA, cooperatore dal 1943, non avrebbe trovato possibilità d'impiego, per cui sarebbe rimasto sempre in campi di concentramento.

Your 80166 FWl dated 27 March not to MIDEAST.

1. No objections here to number of Italians whom you consider have to be found from British sources for proposed build up of Italian Army.

2. Agree all selected from British held PW should be of Co-operator status.

3. Though all 2550 Officers which have to be found from British sources could doubtless be provided from Co-operators in INDIA we possess in ITALY and North AFRICA surplus Co-operator Officers some of whom should be suitable. Consider geographical location no bar to chance of employment. MIDEAST understood to be similarly placed.

4. Proposal that 21000 Italian Other Ranks could be provided for Italian Army from among Co-operators now held by us in North AFRICA ITALY and MIDEAST is not acceptable here. Such Co-operators are largely held as dilution within British units. No personnel available here to make good deficiencies arising in consequence of their removal. Proposal would merely build up Italian Army at expense of British Army with inevitable loss of efficiency.

5. For MIDEAST. Please confirm or refute above direct to TROOPERS.

1. We are considering proposal on lines that Italians should be found by US and UK in proportion to their Italian holdings. This would be from US holdings 850 officers, 7000 ORs from British holdings 2550 officers, 21000 ORs.

2. Considered essential these should all be cooperators because:

(A) Early return of non-cooperators to ITALY would have disastrous effect on work of cooperators;

(B) Non-cooperators are unlikely to be willing and efficient soldiers.

3. If first and second agreed, we propose find British share of Officers from INDIA. Can British share O/R be provided from British holdings cooperating NORTH AFRICA and MIDEAST.

1. Further to your conversations with this HQ on the proposal to repatriate Italian PW officers and ORs required for re-employment in the Italian Army. MMIA now is prepared to furnish recommendation for the breakdown of the total established at 3,400 officers and 28,000 ORs, to which has been added an additional 500 interpreters of any rank because greatly needed.

2. The breakdown is based on the following criterions :-

(a) Present pressing needs known to this HQ.

(b) Attrition caused by Combat and normal wastage.

(c) Getting the most urgently required as soon as possible for training and employment, emphasis having been placed on junior combat officers and on ORs specialized for combat and supporting formations.

3. Should it be found necessary to alter the numbers available for shipment in each brick, it is recommended that the percentages be maintained as per the attached appendices 'A' and 'B', with emphasis, in the case of officers, on Infantry, Medical & Quartermaster Corps. Should a reduction be absolutely necessary in the number of ORs, it is suggested that a reduction of infantrymen be considered first, giving always preference to the specialists.

4. The selection of officers is to be based on the following :-

(a) Age limits for each branch of service and rank :-
See Appendix 'C'.

(b) Conditions - Every officer will sign, in duplicate, without reservations the prepared statement as per Appendix 'D', one copy to be sent to this HQ.

(c) Screening - Only those Italian PW known to be favorable to the Allies and their cause are to be considered.

(d) Origin - It is strongly recommended that the greatest possible number be obtained from military personnel whose residence and origin is in North Italy.

(e) General - It is important that emphasis be placed on the leadership, ability and willingness displayed by the officer and, if known, weigh these qualities with his knowledge and experience in his branch of service. Whether an officer is a regular or reserve should have no bearing on the selection, the qualities required being leadership and ability.

(f) Fitness for active service is essential.

5. The selection of ORs is to be based on the following :-

(a) Age limit - Born in 1915 and later, with preference for the younger elements.

(b) Conditions - Same as 4(b) above.

(c) Screening - Same as 4(c) above.

(d) Origin - Same as 4(d) above.

(e) General - The success of this entire scheme depends largely on the careful selection of the required specialists; a fair percentage of Non-Commissioned Officers to be included in this number. Fitness for active service is essential.

6. In order to accomplish the above, it is realized that a selection of individuals is necessary based on previous knowledge by those making the selection. It is therefore recommended that every available source be utilized, e.g. Allied Officers and men under whom Italian personnel has worked, Italian Officers and men who have shown keen judgement for judging the qualities and merits of those working with or under them, the Italian Camp Commandant, available information such as personnel records, etc.

In view of the above, it is suggested that the selection board be composed of the Allied Camp Commander and such members of his staff as he deems necessary, the Italian Camp Commander and such members of his staff as he deems necessary, a representative of MMIA familiar with the personnel requirements of the Italian Army who will act in an advisory capacity.

7. The present facilities will permit accepting 2 bricks (a total of 2,040) each month, subject to change depending on the existing exigencies and changing facilities.

In order to complete a brick, it is requested that 400 infantry men selected for their loyalty, physical condition, and previous training be included. Each brick will, therefore, be composed of the following :-

(a) - 100 Officers

(b) - 500 OR specialists

(c) - 400 Infantrymen

(d) - 20 English interpreters.
