1. Information has been received from the British Cadre at 802 880 ORVINTO that on 22 September a draft of 26 men (20 being 1919 class and younger) arrived at 802 880 from 67th Infantry Regiment.
2. You are requested to investigate and report why this draft was sent, and on what authority.
3. You will appreciate that no formation can be expected to send men whom it does not like to Reinforcement depots.

Ministry of War.

1. The object of the letter is to clarify responsibilities with regard to movement of personnel out of SOE and SOG.
2. The executive order for all movements out of SOE and SOG, and details regarding the composition of drafts, will be given by the Ministry of War (M.O.W.) to the Italian G.P. These orders will be in accordance with standing or special instructions received from U.S.I.A.
3. Arrangements for rail movement out of MILITO, except for very small parties, will always be made through 'A' Branch, U.S.I.A. Normally U.S.I.A. will request rail transport through U.S.I.A. at the same time as giving the order for movement to the ASD. If, however, a move is being initiated in accordance with instructions previously received from U.S.I.A., then SOE and SOG will forward a request for rail transport to U.S.I.A. via the British Red Cross.
4. Very small parties of 50 or less may sometimes be dispatched by arrangement with local movements. When, however, local movements cannot accept them, the procedure will be as in para 3.
5. It is to be borne in mind that bills for rail transport are paid by U.S.I.A. each Thursday for the 7 days period beginning on the Monday 11 days later.

Ref. conversation (Major Dobbs - Major Hepburn) of today's date.

1. At the moment instructions for moving personnel are coming to this Depot in two ways. One is from your H.Q. direct to the British Cadre and thence to the Italian Commandant; the other is direct from S.M.R.E. to the Italian Commandant, cutting out MMIA and the British Cadre. In the latter case they are nearly always held up, if the number to be moved is a large one, until my authority for the move is given, and if I have not previously had notification I get in touch with MMIA before giving authority. Could these movement channels be more clearly defined please? It is felt that in the latter case the move is a purely Italian one, and should therefore need no further authorisation from us.

2. We are also receiving from time to time at the Depot men from the 1919 class and younger who strictly speaking should go to CESANO. It is appreciated however, that CESANO is too full for this. The two examples quoted to you were :-

(a) Arrived on 21st Sept 45
from Mulepack Group at MANTOVA
13 men (10 being 1919 class and younger.)

(b) Arrived on 22nd Sept 45
from 57th Infantry Regiment "Legnano" at BRESCIA
26 men (20 being 1919 class and younger.)

No previous notification had been received of these arrivals.

1. My weekly forecast is made up to Sunday of each week, and any demands such as demands by 231 Div. and 228 Div. which arrive on Monday should be deducted from the personnel available for posting as shown on the forecast.
2. In this instance there are 18 interpreters shown as available for posting but in point of fact there are none; as 231 Div. have demanded 26 Interpreters of which I could only supply 18 as shown in my BI/17 dated 29 March 45.
3. I have therefore reduced the number of interpreters available for 231 Div. to 9 and allotted the remaining 9 to Fossombrone in order to comply with your SD 2557 dated 1 April 45.

-----Italian Reinforcement Depot

10 Feb 45.
-----G.T.
Land Forces Sub Comm
(M.M.I.A.)

Ref the WE transport of this Depot, I find that the present strength of 5 3-ton lorries is insufficient.

It is necessary to continually borrow from No 1 District to help me out. A time limit is imposed for the return of the lorries from this source, and it so often happens that when stores arrive at ORVIETO by rail that help is not at hand which causes delay in the unloading of railway waggons, therefore may 3 x 3-ton lorries be added to WE please to cope with transport demands

The following are my daily demands on transport:-

- 1 lorry to bring in fresh straw and dispose of the old.
- 1 lorry to bring in fuelwood.
- 1 lorry for the removal of refuse and swill.
- 1 lorry to bring in fresh fruit and vegetables from AREZZO every 48 hrs.

This leaves one lorry only to unload material from the railway station i.e. rations, POL, Clothing and Equipment, baggages and kits of arrivals etc.

It will be seen that very little time is allowed for maintenance and repairs and should one be off the road as at present, my difficulties are made even worse. Apart from items enumerated above I often have to send to ROME to pick up Italian goods from various sources.

Dear Col. Riddell,

A strange request this may seem to you, for it's not many Comdg. Officers that request the Gen. Officer Commanding to pay them an official visit of inspection; but it is felt by the Italian Comdt. here that a visit by a British General would add that extra bit of morale to the troops, and also be a philip to all the Officers as well. I am inclined to agree with him, and I am certain if the G.O.C. District could spare the time it would do a lot of good.

I attach herewith a programme of inspection and although there are many things missing off the usual procedure of inspections, this one is meant to be in the light of a pep visit rather than a normal one, and I fancy to shew the Gen. what they really are doing for the cause.

The Officers are working damnably hard these days, and I feel sure it will make them think that notice is being taken by the higher British Comdrs, and will I am certain go towards the improvement of their efforts.

I have spoken to HQ MMIA on this subject and they are in entire agreement.

May I further suggest that any day the G.O.C. can spare from his many duties after Tues 27th would be welcomed.

Dear Tungle

Many thanks for your BI/4/229 dated 23 March

I have spoken to the GOC, who will be very pleased to make an official inspection of the Base Rft. Depot at ORVIETO. It is not possible at the moment to say when this visit will be but I will ensure that you get three or four days notice.

You will appreciate, I am sure, that the GOC has a very large area to cover and the calls on his time are numerous. I feel therefore that the length of his visit to you will have to be shorter than that suggested in your letter and suggest that the inspection starts at 1100 hrs and the timings are so arranged that he can leave you not later than 1615 hrs.

Perhaps you will let me have a revised programme on these lines.

Yours Sincerely,
Signed, J.T. Riddle
