GIFFI Bartolomeo son of Manlio

Born at AVEZZANO (L'AQUILA) on 18 Aug. 1922.

Fought with a small unofficial partisan gang from Sep 43 to July 44.

SUBJECT: Exemption from Military Duty.

TO : Col. Norman E. Fiske, M.M.I.A., Rome, Italy.

1. Request that CARLUCCI NICOLA be exempted from Military Duty. Mr. Carlucci's services in the Base Supply Office are invaluable and the efficiency of this office would be impaired by his loss.

2. Mr. Carlucci is employed in this office as a Property Clerk and the performance of his duties are a necessary part of maintaining accountability for Government property on this base. Recent heavy losses of military personnel have reduced this office to virtually no experienced property clerks with the exception of him.

3. It is estimated that a period of six months or more would be necessary to train a replacement for this man and the present critical shortage of personnel makes it impractical to secure a good replacement. Therefore, it is requested that every possible effort be made to prevent the loss of Mr. Carlucci to this office.

Tacchi Alessandro of Oscar is a civilian employee of this unit and has shown to be a very willing man during the seven months he has been working for us. As he was born on the 12th of October 1925, he is going to be drafted into the Italian Army thru the Military District of Pisa. It would be appreciated very much the subject civilian be not taken out of his job which is very necessary.

In relazione alla richiesta fatta col foglio sopra citato, si comunica che il giovane indicato in oggetto non è stato chiamato alle armi per soddisfare i suoi obblighi militari, ma solamente chiamato alla leva con la sua classe per essere sottoposto alla prescritta visita onde accertare la sua idoneità, o meno, al servizio militare, cosa che comporta l'allontanamento soltanto per poche ore dal suo attuale impiego civile presso la autorità militare.

Al ogni modo, per poter accertare la reale posizione del BORTOLOTTI, ai fini censuriali, si prega di voler indicare la data ed il nome di nascita del medesimo.

Ref. your letter A/223 dated 30 Sept. 46.

In accordance with the above letter, we would inform you that LA CAVA Roberto, son of Vincenzo, has not yet been called up.-

Since he belongs to the 1926 class, he must first of all answer to the call up of his class in order that he may be medically examined and if found fit for military service he will be sent on temporarily unlimited period of leave pending call up of his class which will occur after the 31st Jan. 47.-

Since said medical examination would ~~cause~~ ^{CAUSE} LA CAVA to be absent from his normal occupation only for one day, no further action on ~~his part~~ ^{OUR PART} is necessary.-

Bearing in ~~mind~~ ^{view} information received, this Ministry arranged so that the Recruiting Provincial Office of Rome order LA CAVA to report for medical examination after the 19th Dec. 46.

In relazione al sopra citato foglio, si comunica che il giovane LA CAVA Roberto di Vincenzo non è stato finora chiamato alle armi.

Ma però, appartenendo alla classe 1926, deve rispondere prima alla chiamata alla leva della sua classe per essere sottoposto a visita di arruolamento, subita la quale, verrà, se dichiarato idoneo, lasciato in congedo illimitato provvisorio in attesa di chiamata alle armi con gli arruolati della sua stessa classe, che avverrà dopo il 31 gennaio 1947.

Poiché tale visita di arruolamento distoglie il LA CAVA solo per un giorno dalle sue normali occupazioni da onesti uffici, non sarebbe necessario adottare nei ri riguardi alcun provvedimento.

Tenuto conto tuttavia della segnalazione qui pervenuta, questo Ministero ha disposto presso l'Ufficio provinciale di leva di Roma che il detto LA CAVA sia prelevato per essere sottoposto a visita di arruolamento il 19 dicembre 1946.

SUBJECT: Italian Army-Call-up.

TO : Allied Force Headquarters.

1. AFHQ Administrative Memorandum No. 10 dated 20 February 45 entitled "Conditions under which Italians will be exempted from Military Service" was written at a time when Italy, as far as liberated, was under control of the Allied Authorities and when the Italian Army, for which recruits were being called up, was largely operating under control of AFHQ. Since then practically the whole of Italy has been handed back to the Italian Government and the interim Italian Army has been returned to the control of the Italian Ministry of War vide AFHQ AGOWI.711 GSD/O of 2 December 1945.

2. The Italian War Ministry is now calling up new age groups for limited service in the Italian Army in order to maintain it at the strength authorized by the Combined Chiefs of Staff as laid down in the above-quoted letter. Now that active operations have ceased and in view of the fact that the labour market is far more open to the Allied authorities due to unemployment and also that few men liable to military call-up can be regarded as key men, the retention by Allied military authorities of these young men would not appear to be advisable.

3. In these circumstances it is recommended that exemption from Military Service should now be left entirely in the hands of the Italian Government and that the above quoted Administrative Memorandum either be cancelled or suitably amended.

DRAFTTO: A.F.H.Q.

A.F.H.Q. Administrative Memorandum No 10 dated 20 Feb 1945 entitled "Conditions under which Italians will be exempted from Military Service", was written at a time when Italy, as far as liberated, was under control of the Allied Authorities and when the Italian Army, for which recruits were being called up, was largely operating under control of A.F.H.Q. Since then practically the whole of Italy has been handed back to the Italian Government and the Italian Army has been returned to the control of the Italian Ministry of War vide AFHQ AGOPI.711 GSD/G of 22 February, 1945.

The Italian War Ministry is now calling up new age groups for limited service in the Italian Army in order to maintain it at the strength authorized by the Combined Chiefs of Staff as laid down in the above quoted letter. The employment by Allied authorities of young men such as are likely to be called up would not appear to be so vital a matter as it was during active operations and is likely to become less so, none of them would appear to be key personnel.

In these circumstances it is recommended that exemption from Military Service should now be left entirely in the hands of the Italian Government and that the above quoted Administrative Memorandum should either be cancelled or suitably amended.

Grotto, 22 April 1946

To : The Allied Force Headquarters - Cassino -

I, the undersigned, Sergeant Ferruccio Loreti, son of Alfredo, Army Serial Number 12374, beg to beg you to kindly forward to the Draft Board of Spoleto all the documents pertaining to my case so that my position may be clarified, as I am unemployed and my family finds itself in dire financial conditions.

I have been serving for seven years in the Royal Army as a Sergeant of the 30th Infantry Regt, Division "Napoli", always loyal to my Motherland and oath.

From the beginning, after a long and hard struggle with the Germans I hid myself in the island of Grotto where the Allies assisted and fed me for five months. Unfortunately, because of the shortage of available food and of continuous German shelling, I have myself been fed, while with the Allies, I also assisted the persons held in the Grotto and tried to alleviate their conditions.

Indeed, I have never had sinister feelings as may be ascertained from information gathered either at Grotto and at Spoleto.

In the certainty that my documents will be sent to the Italian Draft Board of Spoleto, I thank you sincerely.

s/ Ferruccio Loreti.
