1. During the period 24 - 30 Sep the undermentioned bids were made by you and accepted for movement of Italian Army Leave personnel from BARI:-

To BOLOGNA	2240
ROME	1120
NAPLES	1120
	<u>4480</u>

(ie 640 per day)

2. Mov Bari state that during this period personnel entrained at BARI amounted to 331 per day, and from BARLETTA 26 per day making a total of 357. This represents only 56% of the numbers bid.
3. Originally 7 wagons per day were allocated to BARI but this number was insufficient and, at the request of MIA was increased to 16. It was then found that Italian leave personnel filled only a portion of this number of wagons and that unauthorised Italian civilians were occupying the remainder.
4. It is requested that this question of bidding in excess of requirements be taken up with MIA, as in view of the shortage of wagons in the theatre it is essential that stock is used to the utmost advantage, and this cannot be done unless accurate bids are submitted.
5. Your comments on the above would be appreciated.

1. No 1. Infantry Reinforcement Regiment has left the Area of URSANO and is now stationed at CIVITAVECCHIA.
 2. It is therefore requested that a Sunday leave train be introduced from CIVITAVECCHIA to ROME and return, with accommodation for 600 troops.
 3. It is suggested that the train leave CIVITAVECCHIA at 00.00 and return from ROME at 20.00 hrs.
 4. This new service would in no way affect the Sunday Service at present in operation between MARZIANA and ROME and return.
 5. It will be appreciated if this request be given immediate consideration.

22 September 45

1. It has been reported to this HQ by MILA LO 54 Area, that the 8 box cars allocated weekly for Italian Personnel travelling on leave between Bari and MICO are at present being attached to freight trains. These trains take approximately four days to make the journey.
2. Previously the stock was attached to Civil Passenger train TV 1894, which took only two days to make the journey.
3. As Italian soldiers are only given 48 hours' rations when they proceed on leave, this new arrangement causes considerable hardship, as well as wastage of time spent in travelling. Moreover, discipline is likely to suffer and attempts have already been made by Italian Military to board the civil passenger train.
4. In view of these difficulties, it will be appreciated if the former arrangement be resumed of attaching the stock to TV.1894.

Further to and in partial amendment of War cabinet letter No. 216800/II dated 1/8/45. These present instructions will be issued by the Military territorial Commands addressed to all, repeat, all units under their command or not under their command, stationed in the territory under their respective jurisdiction. Authority for Italian military personnel sent on leave or on duty in places located inside the known prohibited band, 25 Kms deep, along the Western, Northern and Eastern frontier up to the Morgan line, will have to be requested, by the Military territorial Command concerned and through the respective M.M.I.A. officer., to H.Q. 13th British Army Corps, instead of the Rear 8th Army H.Q.. All remaining instructions established with a/m letter No. 216800/I are unchanged.

To : MRS, for Capt. GRAY.

1. A request has been received from SMRE for the addition of two box cars to the daily civil passenger train ROME - VITERBO. These box cars would be for the exclusive use of Italian Military personnel returning to the Reinforcement Camps at CESANO, BRACCIANO and LANZIANA.
2. In view of the large numbers of Italian Troops in the CESANO Area, this is, in my opinion, a very reasonable request, and it will be appreciated if you give it your consideration.
3. It is alternatively suggested that, in the event of the Daily Workmen's Train being inaugurated between ROME and CESANO, the two box cars be added to the stock allocated for same.

2. To the above letter which is in itself explanatory, can be added other advantages accruing from the inauguration of a military train on fixed timings.

(i) It is calculated that less box wagons would be used than at present as it would be possible to make ~~further~~ ^{greater} use of the wagons provided, and no local demands would be made.

(ii) It would make it more difficult if not possible for deserters, repatriates and black marketeers dressed in uniform to avail themselves of facilities granted to authorised military personnel.

(iii) When the timings of the trains became generally known, as would happen comparatively quickly, Italian soldiers would not invade the stations at all times of day and night as at present.

3. The main disadvantage would be the fact that the Italian Army has no transit camp facilities, but this should be overcome by proper advertisement of the train timings to all units and on all stations concerned.

4. Although over short distances with a bi-weekly service an individual's time might be lost, over long distances however, it is felt that travel time would be greatly decreased.

5. The train would be available to all individual authorised Italian military personnel, whether on duty or leave and for small parties of up to 2

6. It is felt therefore, that the inauguration of such a train would be economically advantageous and it is requested that the proposition may be examined in the light of the foregoing.

TRANSLATION

Subject : Inauguration of Military Train BRINDISI - BOLOGNA.

Ref. : 6745/F

Dated : 30 July 45

The delegazione Trasporti Militari di Bari reports that the number of military personnel leaving Brindisi, Bari and Foggia is continually increasing and is around 2000 personnel per week. Accordingly it is requested that the possibility be examined of inaugurating a bi-weekly troop train on the lines laid down in the attached scheme.

The following advantages would thereby accrue :

- (1) The transport would be co-ordinated with the effective number of personnel moving.
- (2) Discipline would be improved, since, by preventing access to civil train TV 1894, a stricter control could be kept over the movement of military personnel both on the train and in the station.
- (3) A through service to BOLOGNA would be assured, thus avoiding intermediate halts and changes and the inconveniences deriving from them, also economy in stock would be realized by the cutting out of unnecessary delay.

Composition of Troop Train Brindisi - Bologna.

6 Coaches and 1 Baggage Van from Brindisi for military proceeding from that city, from overseas, from transit camps, from the Lecce line and particularly from the localities of the SALENTINE peninsular served by the SUD-EST Railway.

4 Coaches added at Bari for military proceeding from that city, from overseas, from Transit Camps, from the line TARANTO - CALABRIA - SICILY, from the station between BARI, BRINDISI, from the railways of the SUD - EST and the railway CALABRIA - LUCANIA.

3 Coaches added at FOGGIA for military proceeding from that city and from the lines POTENZA, BENEVENTO, MANFREDONIA and from the station between BARI and FOGGIA.

Total : 13 Coaches and 1 Baggage Van (or in default of coaches, 25 box cars, fitted out, if possible)

Sgd. Chief of Ufficio Trasporti

1. There is no actual order published by any Allied (British or American) HQ, which orders the transport of Italian Army Leave Personnel in War Department vehicles. However, since the attached extract recommends that all assistance be given to OOs of Italian Army Units, it has been suggested that all leave personnel be furnished with a completed form such as the one attached, and be instructed to report to the nearest Traffic Control Post (white caps - not red caps) who will assist in obtaining rides for the Italian Army Leave Personnel.
2. The traffic control posts have been instructed to give as much assistance as possible.
3. This I realize, is not a solution to the problem of transport, but it may help considerably.

Extract from AFHQ letter AG. 091/209 GAP-O
dated 1 Jul 55.

- "1. Owing to shortage of transport the greatest difficulty is being found in moving Italian Army personnel when proceeding on leave or demobilisation. Moreover British and American drivers are often unwilling to give lifts to Italian Army personnel, so that the difficulty of reaching their homes and returning on time to their units is considerable. Lack of leave is the main cause of absence in the Italian Army.
2. In view of the fact that a considerable amount of Allied transport is constantly moving empty, it is considered that Italian personnel could be moved by local arrangements with Allied Commanding Officers.
3. It is requested therefore that you instruct Unit Commanders that they should, if approached by Italian Commanding Officers, give every assistance to facilitating the movements of properly authorized Italian Army personnel, when such assistance will not interfere with the mission of the transport concerned."

The following Italian Soldier is an authorized member of the Italian Army _____ and has been told to contact the nearest Traffic Control Post, C.M.P., for assistance in obtaining a ride from _____ to _____.

riding BSA M/Cycle C.1420477 with an Italian type Work Ticket endorsed
"Entitled to draw POL from Allied Military Stocks" reported to this Depot.

A journey had been authorised from MAESTRE (which is, I understand
near TRIESTE) to CUNEO - and he and another DR had been sent on leave
with a motor cycle each. Since the Work Ticket was endorsed "Entitled
to draw POL from Allied Military Stocks", this is simply equivalent to
allowing him a week's leave to tour the North of Italy.

I feel that this practice of authorising Italians to use WD
transport on leave is a matter which should be taken up with the British
Liaison Authorities.

1. Commencing SUNDAY, 15th instant, railway transportation of leave details on short pass from this Centre and to ROME is instituted.
2. One single service is undertaken operating on SUNDAYS only and is estimated to cater for 700 men on each journey.

ITINERARY

Depart CERGANO	1300 hrs	Arrive ROME	1500 hrs
Depart ROME	2230 hrs	Arrive CERGANO	0030 hrs

The station of arrival and departure in ROME will be communicated when finally ascertained, but in the meanwhile, it should be assumed to be the Terminal Station.

3. It is thought that the provision of this service should serve the whole of the official leave parties and men on authorised pass from this Centre. Later it is hoped to extend the service to Italian troops stationed in the areas of BRACCIANO and MANZIANA of whom there are considerable numbers.

4. A small Carabinieri element will travel with the train and there will be appointed an Italian officer of not less than Field rank to command the details in transit and on duty as i/o leave train.

5. Thus, Italian troops of this Centre detained by the Allied Military police, or whom the Allied Military police desire to return to their Units should be aggregated and escorted to the Station and there, if further investigations are required, handed to the duty Carabinieri, or, if it is merely desired to return the soldiers to their Units, to the Italian Officer i/o Train.

6. The existing Carabinieri and Infantry patrols within the POMER MILVIO area will remain until it is seen to what extent the train service eliminates the need thereof. Such patrols will also receive Italian CEs of this Centre from the Allied police authorities.

7. For your information all Italian troops of this Centre are required to be in possession of a written pass or evidence of duty, while in ROME.

AFHQ have advised Allied Headquarters that Italian military personnel may be transported on Allied vehicles, which would otherwise be travelling only partly loaded, providing that such military personnel are in possession of the necessary authority to travel on duty or leave.

2. Furthermore, Allied Unit Commanders have been informed that, if approached by Italian Commanding Officers, they are to give every assistance possible to facilitate the movement of such authorised Italian military personnel, always providing, of course, that such assistance will not interfere with the duty to be performed by the transportation concerned.

Subject: Military Sea-Lane NAPLES - CAGLIARI.-

From: STAMBORE TRASCENTI

25 Jun 45.

To : MINISTRY OF MARINES

Info: Land Forces Sub-Comm. A.C. (DEMA) Movements L/O. RESE

Ref.: No. 1175/M.

In order to answer the needs of military traffic from Sardinia to the Mainland, this S.M.R. asks you to examine with the relevant Authorities the possibility of organizing an exclusively military sea-lane Naples - Cagliari using a ship with a capacity of about 500 men.

If this is granted the advantage would be to satisfy the bids for military personnel moves increasing every day (military on leave or discharge, on duty or repatriated), also a better transport discipline and facilities for civilian traffic, because this S.M.R. could resume the 1400 places allotted monthly on the S/Es ARBAZIA & CAMPIDENEDU working between NAPLES and CAGLIARI.

As the General Direction of the Merchant Marine has reported, the following S/Es could be available:

SEANERA, LUSINO, SOLO, SELENICO.

3915

Would you please inform us if there is any opposition to the temporary concession for the a/m purpose of one of the 4 ships listed above or another one considered more convenient, after the administrative details are fixed with the authorities concerned.

Col Kerr (on return)

Above named 2nd Lt. in Italian Army came to MMIA for an Air Passage to Trento on leave. I knew of no authority for Italians (or British) to go on leave in Italy by air - nor any reason why individual Italians should come to MMIA for anything. I sent him away.

① Lt Sardinia called properly in giving
log over 2 seats on Iti plane from
Sardinia to Rome, and would have
 to write such a letter to do it.

From Rome to Trento is another
 matter. by air, but the travel by
 surface transportation is OK. He does
 need an MMIA pass to Trento according
 to last information given Albert.

Italian Army Personnel - Transportation.

The greatest cause of absence in the Italian Army is lack of leave.

The greatest difficulty about giving leave is the manner of transportation.

Some official transportation has been and is being arranged but the majority still have to walk or hitch hike.

There is a great deal of Allied transport moving in all directions empty or partly loaded, which might be used by mutual arrangements made locally.

It is recommended that you notify Allied Commanding Officers by means of a CRO that, if approached by Italian C.O.s with requests to carry properly authorized Italian Army personnel on leave, demobilization or duty, they should give every assistance possible by way of making full use of load space on journeys already authorized.

If you agree I will inform Ministry of War so that Italian C.O.'s can approach local Allied Commanders.
