This ministry is not able to forward the information referred to in the last para. of letter 53/N dated IO/I/46 due to the fact that the enquiries carried out in order to trace the C.R. Capt. who commanded the concentration camp at Bari during April 1943 have up to date been unsuccessful.

The Gen.HQ of the C.R.Corp has pointed out that it is meeting serious difficulties in tracing the officer in question owing to all the documents of the HQ, because of the known war events of the 8^o of Sept.1943, having been destroyed or taken away to the north and ~~where~~ we ask you to be patient for the information required, which will be reported as soon as possible.

We will therefore inform you of any further information.

Questo Ministero non è ancora in grado di sciogliere la riserva fatta nell'ultimo capoverso del dispaccio 53/N. in data 10 gennaio u.s. in quanto le ricerche esperite per il rintraccio del capitano dei CC.RR. che nell'aprile 1943 comandava il campo di concentramento di Bari hanno dato finora esito negativo.

Il Comando Generale dell'Arma dei CC.RR. ha rappresentato che incontra gravi difficoltà nelle ricerche dell'ufficiale in questione dato che tutto il carteggio del Comando medesimo, a causa dei noti eventi bellici dell'8 settembre 1943, è ammassato distrutto o trafugato al Nord e prega di pazientare le notizie richieste, che saranno comunicate non appena possibile.

Si fa pertanto riserva di ulteriori comunicazioni.

FROM: C.M.L.

REF: 534/1 - H

TO: Ministry of War

DATE: 29.12.45

The Council of the C.M.L., having met immediately after the incident which occurred on the premises of the C.O.S.E.A.T. on the morning of 28.12.45, has approved the following order of the day:

The "Camera del Lavoro" of Codroipo, with the memory of the cruel misfortune which occurred at the ammunition depot still clear in their minds, thinking of how the scythe of death, sweeping unexpectedly by, has taken 22 persons with it leaving entire families in grief, despair, sadness and misery;

considering that the excessive concentration of explosives which is being built up in the depots around Codroipo, besides constituting a danger to the workers employed there, continues to keep the entire population under the fear of a recurrence of similar incidents and with the thought that the war is not yet finished and peace still a far off vision;

that piece-work to which some workers are bound, employed by the contracting firms, is a remnant of exploitation on the part of capital of the working man

decides

to send this Order of the Day to all the authorities in order that they take action:

either for a decentralisation of the explosives, sending them to other areas, or for the immediate commencement of unloading operations; to eliminate the piece work system, bringing pressure to bear on the contracting firms and ratifying new fair work contracts and wages;

to send competent administrative personnel to the depots, who will observe, and have observed, all the due precautions in dealing with this special and delicate work;

requests

all the workers of the branch and union to contribute one hours pay to the grief stricken families, considering their comrades who fell at their posts as heroes of labour, brilliant examples of that exacting duty which in all parts of the world, in the nobility of labour, finds the sublime affirmation of the right to live.

LAND FORCES SUB COMMISSION A.C.

(M.M.I.A.)

ROME

A.

The undersigned, Piermaria ISOLINA in Bernardi, resident at No. 54 Via Cesare Baronio, Rome, begs to submit to your Mission the fact and the circumstances in which the family finds itself after the death of her husband BERNARDI Turno di Genzano, aged 50.

On the 8th. December 1945, whilst Bernardi was going to work on an Italian vehicle, license number 3613, it was, about 8 Km. along the Via Appia, collided with in rear by an Allied vehicle, license number 315430-5005, which caused the Italian vehicle, loaded with workmen, to overturn thus causing the death of some of the workmen and injuries to others. BERNARDI was among the seriously injured and on being removed to the S. Giovanni hospital died after ten days of terrible suffering.

Bernardi's family is composed of a wife and four children who were supported by the daily wage received by Bernardi from his work. After his death the family found itself in the most squalid misery since there was no longer anyone who could be expected to provide for their minimum essentials.

A prey to this misery, shocked by the sorrow caused by the loss of their dear husband and father, they desperately appeal, calling on the generosity of your Allied H.Q., for the granting to them of some modest pension in order that they may partly alleviate their miserable conditions of life.

With expressions of grateful thanks,

PIER MARIA ISOLINA

Sir,

Having been regraded by a British M.O. as a result of an illness contracted during Military Service, I cannot afford to buy Medicine ECT, or to replace clothes which were looted. A few days ago the Allied Commander distributed clothes Blankets and shoes through the Italian Commander. I applied to the British Officer i/c and his answer was that I must apply to the Italian C.O. I made an application to him and he told me that he had no authority because I served in the British Army at the time that the remainder returned home from a prison camp and they received some benefits and I got nothing. I now apply to you to find out whether, in consequence of my service in the British Army the Italian Commander should recognise it as continuous service and give me the same treatment as the sick and disabled soldiers.

what is it?

Yours respectfully

The failure to produce a handing-in receipt on the part of the above mentioned NCO, and the vague and incomplete information supplied by the party concerned, do not permit, for the moment, of this Ministry ordering the reimbursement of the 12,000 It. lire which STANISIC asserts were taken away from him by the Italian authorities in charge of the BAR concentration camp, in which he was interned.

This Ministry, however, has taken action to try and trace the CC.RR captain notified by STANISIC as the Camp Commandant at the time that the sum was taken away from him, in order that we may ascertain the justification for the request made by STANISIC.

But since the BAR camp was disbanded at the time of the declaration of the armistice and all the files relating to the internees were lost or destroyed by the German troops who occupied the locality, there is reason to believe that this enquiry will have negative results.

In any event, this Ministry will keep your Mission informed as to the progress of the matter.

La mancata esibizione della ricevuta di versamento da parte del sergente in oggetto nonché le vaghe ed incomplete notizie fornite dall'interessato non consentono per il momento a questo Ministero di disporre per il rimborso della somma di Lit. 12.000 che lo STANISIC asserisce essergli stata ritirata dalle autorità italiane preposte alla sorveglianza del campo di concentramento di BAR dove era internato.

Peraltro questo Ministero ha in corso le pratiche intese a rintracciare il capitano dei CC.RR. segnalato dallo STANISIC quale comandante del campo all'epoca in cui venne ritirata la somma in questione, al fine di poter avvalorare la richiesta dell'interessato.

In considerazione però che il campo di Bar fu sciolto all'atto della dichiarazione di armistizio e tutti i documenti relativi agli internati andarono smarriti o distrutti ad opera delle truppe tedesche che occuparono la località, si ha ragione di ritenere che le ricerche in corso abbiano a sortire esito negativo.

The Land Forces Sub Commission A.C. (M.M.I.A.) has pointed out that it has become a habit among the military personnel in service and discharged from the army to address applications, petitions etc. directly to the Allied Authority and not through the Italian HQ.

Such procedure in addition to causing useless work to the Allies, who in most cases cannot resolve the matter put forward, ^{causes} ~~determines~~ complications and delay in the clearing of such applications.

In connection with the above, we beg the addressees to instruct ~~the~~ military personnel that it is necessary to abstain from sending applications directly to the Allies, who take into consideration only the applications that they receive through the Italian Authorities.

We beg to inform MMIA that as things are - owing to the loss of the correspondence and accounts of the concentration camps through the fortunes of war- it is not possible to take any action regarding the request made by Sergeant STANISIC ILIJAI (formerly belonging to the Royal Yugoslav Forces, and at present, interned at the Yugoslav camp of El Arish (Middle East)), for the restitution of the sum of L. 12.000, withdrawn from him by the Italian authorities in charge of the Bar (Montenegro) Concentration Camp.

In order to carry out the necessary enquiries, it would be necessary that the said sergeant should be able to supply more precise explanations regarding the handing-over of the said sum to the said authorities, giving some details of the officers who personally supervised this withdrawal.

We beg you, therefore, to approach the said soldier, regarding the above.

OGGETTO Restituzione di somma depositata presso autorità italiane.

A.

Si significa a codesta Land Forces Sub Commission che allo stato delle cose - in dipendenza del disperdimento del carteggio e delle contabilità dei campi di concentramento per effetto di eventi bellici - non è possibile prendere alcun provvedimento in merito alla richiesta fatta dal sergente STANISIC ILIJAI, già appartenente alle R. Forze Jugoslave ed attualmente internato presso il campo jugoslavo di El Arish (Medio Oriente) per ottenere la restituzione della somma di £.12.000 ~~==~~ ~~minori~~ tagli dalle autorità italiane preposte al campo di concentramento di Bar (Montenegro).

Per proseguire le necessarie indagini si renderebbe necessario che detto sergente potesse fornire spiegazioni più precise in merito all'effettuato versamento di detta somma alle autorità predette dando qualche ragguaglio sugli ufficiali che effettuavano personalmente tale ritiro.

Si pregerebbe pertanto interessare al riguardo detto militare.

I am Di Santo Omero son of the late Filippo and Vittoria Lepori
born on the year 1901.

During my military service at Tripoli I got ill and was sent for
psychical alteration was sent to the Hospital of that Town where I was o-
bliged to remain until the end of my military service. If I was sent home
I could have had assistance and have recovered from my infirmity, instead
they kept me in the Hospital doing nothing to improve my health conditions.

Later I was sent to the "Ospedale Principale" of Bari for medical
control. The medical Commission recognised the infirmity of "diffuse sclerosi"
and certified that I was permanently unfit for military service.

As I was an antifascist I never had any compensation although I presented
several medical certificates stating that my infirmity did not depend from me
or from inheriter infection following the lumbar injection and 4 Wasserman
reactions.

Please give the assistance in order to let me have the military pension
as I cannot do any work.

1. It is not clear in what way the sum of 2,750 lire has been recovered from a soldier of the Italian Army, attached to your unit.
2. This Office is not concerned with the pay of the Italian Army, but it can be stated that Officers of the British Army have no direct disciplinary powers over personnel of the Italian Army.
3. If the fine has been ordered by a British Officer, then the matter is highly irregular, unless the fine is within the powers of an Italian Officer responsible for the administration of your Italian personnel and he is prepared to accept the award as having been made by himself.
4. If, however, the money is held by you as the result of a disciplinary award by an Italian Officer then it is suggested that the money be paid to the nearest Field or Area Cashier for credit to the public, your local Officer B. advised, and authority sought through the normal channels for the write-off of the balance. Under normal British procedure, higher authority should be obtained before the disposal of a charge when it is proposed to recover only part of the loss or damage.
5. In any case, you are strongly advised to obtain the advice of the MIA Liaison Officer at your Area or District B. regarding the powers of the Italian Officers to deal with offences of this nature, and the best means of obtaining redress for loss or damage caused by Italian personnel to stores on your charge.

1. It is understood that Sgt STANISIC, ILIJAI formerly of the Royal Yugoslav Forces and now located at the Yugoslav Camp, EL ARISH, ME, was taken by the Italian Police Authorities as a CHEVNIK and sent to the concentration camp in KLOS (ALBANIA). Later, at the commencement of 1943 he was transferred to a similar camp at BAR, (MONTENEGRO (YUGOSLAVIA)). where in Apr 43 he received a sum of 13,000 Lire from his wife, 12,000 Lire of which were handed over to the camp authorities, no receipt being given for this sum. In Aug 43 STANISIC was transferred from BAR to a Camp at BARI (ITALY).

2. Application for repayment of this sum was made by STANISIC to the Italian Military Authorities on 13 Mar 44 and he was informed by the General Commanding the IX Italian Army Corps (Gen Roberto LERICI) that action could not be taken on the application at that time since no check could be made on the claim owing to the war situation and special authority for repayment would be required from the Italian Military Command.

3. A fresh enquiry has now been received from STANISIC as to whether he can obtain repayment of the sum impounded now that a more settled form of Italian administration is in existence. May enquiries please be made as to whether this sum can be located and the claim checked and, if admitted, may it please be refunded through the usual channels to this HQ for onward transmission to STANISIC.

Excellency !

I, the u/signed, Pvt. Lisi Achille, son of Peter, class of 1922, a member of this Infantry Regiment, 2nd Medicine Unit Bolzano Mil. Hospital, bed No. 83, after 15 months of military service ~~was suffering~~ a high fever and other ailments. After a period of time, the fever went down each ~~day~~ and enabled me to go home for a convalescence leave of 6 months.

During the first 6 months, my Commune granted me an allowance for my family and for my parents. When these 180 days were over, I returned to the Hospital where the doctor granted me another 180 days. The Commune where I reside, that is, Veroli, did not recognize me, but if I was accepted by the Government it is a sign that I was in good health, and I repeat that the illness broke out fifteen months after I had entered the service for my country. The Commune does not intend to grant me the allowance for the second convalescence leave of 6 months.

Excellency!

In one year I have spent two convalescence leaves of 6 months each at home. I requested said allowance several times. After a long time they replied that I could not receive the allowance because I was sick before getting into the Army.

Excellency!

All of the people of this town can testify whether or not I was sick before being called to arms for the country. Here at my Commune, there are no worthy people, but there are scoundrels who always try to cause discord among its people.

My trust is in you, excellency, who can remedy these bad disorders that reign here at my Commune of Veroli.

My respects. Your devoted,

Lisi Achille, son of Peter

1. I enclose herewith original letter and translation thereof in respect of essential alterations to the above Italian Government property. This matter has been discussed with HQ Comando Genio Militare particularly in regard to the reason for their having written to the Allied Military Authority as the question is in respect of Government property.

2. Apparently there is no question of recording a possible claim against the British Government but the Italian Ministry of War is of the opinion that the alterations and removals are such that the whole safety of the structure is being jeopardised.

3. The correspondence is forwarded to you for any investigation and subsequent action you may think necessary.
