Property of deceased Italian Prisoners of War.

This request is not understood. We have had considerable correspondence regarding the disposal of the effects of deceased Italian prisoners of war. Originally we forwarded these articles to the Italian Red Cross but in November 1944 we were instructed by M.M.I.A. Italy to send them to :

Ufficio Albo D'Oro,
Ministero Della Guerra,
Rome.

This arrangement was agreed to by the representative of the Italian Government in London, to whom copies of the inventories of the effects are forwarded as each consignment is despatched.

So far as claims are concerned, we hold the receipts of the Albo D'Oro for property disposed of in this manner and any claims presumably would be referred to this Bureau.

From information received it appears that the man in question became an Italian citizen in 1937 when his father, TAYAR Salomone Sabbatai, detto Ugo, di Cesare, was granted Italian citizenship with Royal Decree dated 25th. January 1937.

He could, however, on attaining his majority, have elected his English citizenship of origin under the terms of Art. 12 of law No. 555 of 13.6.1912 on Italian citizenship. Since it does not appear that TAYAR has done so he must still consider himself an Italian citizen, despite his being able to consider himself an English citizen by birth.

We would add, however, that if, as it appears, the person concerned was not able to declare in time his election to English citizenship through reasons of "forza maggiore", he can request and obtain from the Ministry of Grace and Justice permission to make a delayed declaration to the above effect and thus lose his Italian citizenship.

2847

In view of the foregoing, TAYAR cannot at the moment be struck off the conscript roll and instructions have therefore been given to the Florence conscript office in order that the man be exempted for legal reasons until such times as he is discharged from the military service at present being carried out in the English Armed Forces.

Dalle informazioni assunte risulta che il giovane in oggetto divenne cittadino italiano nel 1937 allorché al di lui padre, TAYAR Salomone Sabbatai, detto Ugo, di Cesare, fu concessa la cittadinanza italiana con decreto reale in data 25 gennaio 1937.

Egli però all'età maggiore avrebbe potuto eleggere la cittadinanza inglese di origine, a tenore dell'art.12 della legge 13.6.1912, n.555 sulla cittadinanza italiana. This Headquarters is investigating the fate of the above named crew of a Liberator aircraft, which was reported missing from a bombing operation against the East Marshalling Yards at VERONA, on the night of 2nd/3rd March, 1945.

2. An enquiry, addressed to the Italian Air Ministry regarding Allied aircraft reported destroyed on the night in question reveals that documents found in the North of Italy indicate the first Group Battery A.A. Artillery Command, National Republic Air Force, claimed a probable that night.

1. The request made by Padre Don Schierano, contained in your a/q letter, was forwarded to GHQ for investigation and the following information has been received from 304 Transit Camp.

"Tenente Cappellano Mario di Schierano, Italian Army Padre, arrived at this unit from Canea sometime during May 1945. He stated that prior to leaving Canea (this unit was then stationed at Hiraklion) he handed some official Italian religious documents and other documents, relating to the deaths and burials of Italian soldiers on Crete, to a certain Pere Amedeo of the Catholic Church at Canea for safe keeping.

He requested the Commandant to try to recover these documents for him. Consequently this unit wrote a letter to Advanced Headquarters, Crete, stationed at Rethimnon, asking that these be recovered and forwarded to this unit for handing to Don Schierano. Don Schierano had handed this unit a letter of 'authority to collect' and this too was passed to HQ Crete.

Don Schierano left Crete on the 21st May 1945 without the documents as they had not been recovered by that time. Action in the meantime had been taken by HQ Crete and it is believed that the documents were forwarded to the Tenente Capellano via Italian Military channels in Italy. This is borne out by the fact that the original of our letter, which had been sent to HQ Crete is also in our files and has inscribed on it a note to the effect that the documents had been forwarded to the Padre, on 20 June 45.

The statement made by Don Schierano that this unit withdrew the documents that he possessed concerning military personnel located on the island is strongly denied and it is emphasised that at no time were any documents or personal possessions of any kind ever taken from Don Schierano by this unit or any member of it. He was treated at all times in accordance with the regulations concerning Protected Personnel.

It is hoped that the above information will be of assistance in clearing up this matter and it is regretted that this unit cannot be of further assistance.

For information the letters referred to above are still in our files and are available for perusal."

2. The original letter referred to above and marked in pencil "Sent to Italian Padre 20 June 45" is at present on our files.

Reference your P/2/1/G dated 3 Jan 46 and Italian Ministry of War letter 1244/V 1A dated 26 Nov 45 copy attached.

The following information is supplied for transmission to the appropriate authority :-

Tenente Capellano Mario di Schierano, Italian Army Padre, arrived at this unit from Canea sometime during May 1945. He stated that prior to leaving Canea (this unit was then stationed at Hiraklion) he handed some official Italian religious documents and other documents, relating to the deaths and burials of Italian soldiers on Crete, to a certain Rere Amedeo of the Catholic Church at Canea for safe keeping.

He requested the Commandant to try to recover these documents for him. Consequently this unit wrote a letter to Advanced Headquarters, Crete, stationed at Rethimnon, asking that these be recovered and forwarded to this unit for handing to Don Schierano. Don Schierano had handed this unit a letter of 'authority to collect' and this too was passed to HQ Crete.

Don Schierano left Crete on the 21st May 1945 without the documents as they had not been recovered by that time. Action in the meantime had been taken by HQ Crete and it is believed that the documents were forwarded to the Tenente Capellano via Italian Military channels in Italy. This is borne out by the fact that the original of our letter, which had been sent to HQ Crete is also in our files and has inscribed on it a note to the effect that the documents had been forwarded to tha Padre, on 20 June 45.

The statement made by Don Schierano that this unit withdrew the documents that he possessed concerning military personnel located on the island is strongly denied and it is emphasised that at no time were any documents or personal possessions of any kind ever taken from Don Schierano by this unit or any member of it. He was treated at all times in accordance with the regulations concerning Protected Personnel.

It is hoped that the above information will be of assistance in clearing up this matter and it is regretted that this unit cannot be of further assistance.

For information as the letters referred to above are still in our files and are available for perusal.

The above information has been supplied by Captain [illegible] Waller, of this unit who is the only officer at present with this unit who was also on Crete.

Such documents, which were confiscated by Allied authorities at the moment Rev. Scherani was disembarking, would be of great help to this office for assisting the families who are searching for their relatives.

Subject:- The fallen in Albania.

Ref. MMIA's letter No.A/298 dated 4th. inst.

The Italian Mission in Albania, hastened by the British Mission in Albania, to approach the Albanian Government with a view to obtaining permission for Don Giuseppe PICCARDO to enter Albania, has pointed out that a request of the kind would not be meet with the local government's approval.

The refusal, which is certain, would not please the Mission and hence it is considered advisible not to do so.

Should Don PICCARDO be able to indicate the exact location where the files and other documents relating to the fallen in Albania are to be found, the Mission would make the arrangements in order to trace and safeguard them, until a favourable oportunity to dispatch them to Italy, arises.

Awaiting your reply on the matter.

Il rifiuto inevitabile non gioverebbe alla Missione ed è quindi di consigliabile di non esporsi all'insuccesso.

Qualora Don PICCARDO potesse precisare il luogo dove sono nascosti il carteggio e gli altri dati relativi ai nostri Caduti in Albania, la Missione stessa provvederebbe a rintracciarli e metterli al sicuro, in attesa dell'occasione favorevole per trasmetterli in Patria.

Enclosure B re: letter No. 10954/ca of Sept 9th 1945

From: Ministry of War, S.M.R.E.

To: General, Deputy Commander, Rome

Ref. No. 4556/SP/1

Date: August 24, 1945

Subject: Shortage of envelopes containing money.

I wish to report the following concerning facts ascertained in cooperation with [redacted] Carabinieri Lieutenant Mario Avitabile, commanding the 201st Carabinieri Section on duty with SMRE, in connection with the disappearance of some envelopes containing money of ex-cooperators.

The questioning of the various officers, employees and soldiers produced negative results and excludes any responsibility on their part; in fact:

1) he who removed these envelopes must, of necessity, have had a certain amount of time to select those envelopes which, according to the accompanying list, were shown to contain larger amounts of money and which, therefore, it paid to steal. Ministry personnel did not have the time to make such selection.

? 4 days

Declassified E.O. 12356 Section 3.3/NND No. 785020

2) Among the envelopes which disappeared, two are shown to contain French Francs (10,700) the value of which - as is known - is absolutely nil ; this leads to the belief that the author of the theft was a person of limited education, not being familiar with well-known facts.

In view of the foregoing, and if possible, it would be advisable to approach MMIA in order to find out whether there are other clues which might explain the shortage of these envelopes.

Riferisco sugli accertamenti eseguiti, con la collaborazione del Tenente dei CC.RR. AVITABILE Mario, comandante la 201ª Sez.CC.RR. addetta allo S.M.R.E., in merito alla sparizione di alcune buste contenenti denaro di ex cooperatori.

L'esito degli interrogatori dei vari ufficiali, impiegati e militari, è risultato negativo ed esclude ogni loro responsabilità; infatti:

1°)- l'autore della sottrazione ha necessariamente dovuto avere un certo margine di tempo per effettuare la cernita di quelle buste che, sulla scorta dell'elenco di trasmissione, risultavano contenere maggiori somme di denaro e che pertanto conveniva trafugare. Il personale del Ministero non ha avuto il tempo di effettuare detta cernita;

2°)- fra le buste scomparse, due risultano contenenti franchi francesi (10.700) il cui valore, oggi è, come è noto, assolutamente nullo; ciò fa supporre che l'autore del furto, non essendo al corrente di circostanze assai note, sia persona di modesta levatura.

In considerazione di quanto sopra, qualora possibile, sarebbe opportuno potere interessare la M.M.I.A. per conoscere se vi sono altri elementi che possano chiarire in qual modo si sia potuto verificare la mancanza delle buste.

MMIA for info.

Subject: 2nd Lt. Enrico Valenti, deceased

Your communication concerning the death of my beloved son, Enrico Valenti, 2nd Lt, in Leghorn, on March 13, 1945 is evidently incomplete since American authorities failed to mention - as was their inescapable duty - the causes which led to the demise and the serious laceration as a result of which my relative died.

Said authorities, moreover, failed to mention the circumstances - i.e. whether the person concerned was on duty or not - leading to his death, such information being required for all legal purposes.

Your Ministry should [illegible] immediately such serious omissions, and

Declassified E.O. 12356 Section 3.3/NND No. 785020

should have required the aforementioned American authorities to furnish further accurate information in the matter.

While I am pointing out that this Commune has not forwarded to me any notification concerning the death of my son, I urgently request you to do everything possible to obtain from the American authorities concerned and at the earliest possible moment, information as to the causes of my son's death and the circumstances under which it occurred. It is obvious that this represents an inescapable duty which the aforementioned (American) authorities cannot avoid; neither can your Ministry escape the obligation to obtain from said authorities all the information which I have a right to expect.

This case involves the death of an officer who has served in the Army for 4 years, who sacrificed his youth for the good of his country; it involves a family who lost the object of its greatest love,

2124

Declassified E.O. 12356 Section 3.3/NND No. 785020

and its most important means of support;
therefore, your Ministry cannot drop the matter,
nor can the American authorities fail to
furnish the family of this unlucky officer with
all the information leading to the recognition
of its inalienable rights.

It is, moreover, strange that my son
should not have left any personal belongings.
I therefore request your Ministry to let me know
to which American Army unit I should apply
in order that the matter may be dealt with
further.

In the hope that your Ministry will
give the matter prompt attention in order
to ensure its further progress, I am awaiting
the information which will enable me to take
further steps for the protection of my rights.

Signed: Andrea Valenti

E' ovvio aggiungere che ciò costituisce un imprescindibile dovere, al quale l'autorità anzidetta non si può sottrarre; nè codesto Ministero potrà esimersi dall'obbligo di provocare dalla medesima tutte quelle informazioni che io ho il diritto di pretendere.

Si tratta della morte di un Ufficiale che ha servito l'esercito 4 anni, che ha sacrificato la sua giovinezza per la Patria; si tratta di una famiglia che ha perduto il suo più grande affetto ed il suo più valido sostegno; epperciò codesto Ministero non può disinteressarsene, nè l'autorità americana può mancare di fornire alla famiglia del disgraziato Ufficiale tutte quelle notizie che giovano al riconoscimento dei loro sacrosanti diritti.

E' assolutamente strano, altresì, che mio figlio non abbia lasciato effetti personali. Perciò prego codesto Ministero affinchè voglia indicarmi a quale unità militare americana debbo rivolgermi per le ulteriori procedure in proposito.

APHQ, for G-I (Br)

I. This HQ is receiving an increasing number of Army Forms W 3012 A in respect of Italian soldiers attached to British Units (examples of which are attached hereto). This practice is contrary to APHQ Policy (see A099I.7II/I69 GOT 0 of I6 Nov.44) which lays down that the Italian Military Authority shall be responsible for the internal administration of the Italian Army and that " All personnel of the Italian Army will be subject to Italian Military Law, which will be administered by Italian officers in accordance with the Italian Code ".

2. It will be noticed from the entry on the AF W 3012 A submitted by 52 Field Dressing Station, that Sold. BORSATO Giovanni was charged with absence without leave and punished with I4 days forfeiture of pay. This would appear to be illegal in view of the fact that BORSATO was not subject to British Military Law, according to which, having once been tried illegaly the charge and punishment must be cancelled.

3. It is therefore requested that consideration may be given to the issue of orders to all concerned (if necessary by CRO), to the effect that casualties affecting Italian soldiers attached to British Units must be forwarded through Italian channels to the local Italian Administrative HQ, and also that where Italian soldiers have committed an offence, " investigation, trial and punishment of such soldiers must be carried out by Italian Officers in accordance with Italian Military Law ".
