1. Owing to the large and increasing number of vehicles requiring urgent repairs and the general lack of maintenance, it has been necessary to form a British Cadre to repair and supervise the maintenance of vehicles in No. 2 Italian General Transport Coy.

2. It is considered that the chief responsibility for this state of affairs can be attributed to the unsuitability of the Italian Workshops Officer and the MSM.

3. CRASC 13 Gen Tpt Coln reports as follows:-

"Workshops Officer - Tenent VASTA Francesco

Has no control of the tradesmen under his command and no organising ability. His technical qualifications are of a doubtful quality.

M.S.M. - Sergeant Maggiore TIMPERI Antonio

Completely disinterested in the work and shows no power of command over the Wksp personnel.

4. It is requested that this Officer and Warrant Officer are removed from the unit as quickly as possible, and that suitable replacements be obtained.

5. It is further requested that a Senior Officer from 231 Division carries out a complete inspection of the unit. It has become quite evident that whilst the OC of the unit is doing his best, he obtains no support from his Officers and Senior NCOs, and the standard of discipline within the Coy is deplorable.
