Dear Sir,

I am informed by Sgt. A. M. Guard, S/2148135 R.A.S.C. that he is to be deferred from release from H.M. Forces for an unknown period.

Whilst it is appreciated that the strength of H.M. Forces has to be maintained, I must point out that the Board are keeping Guard's position open for him and, in fact, are making up the difference between his army pay and his salary with the Board. In view of the work involved in the transition to peace-time arrangements it is essential that the Board's Permanent Staff should resume their positions with the Board at the earliest possible moment, and I may mention that other employees of the Board in the same age and service Group have already been released from H.M. Forces.

In all the circumstances, I should be obliged if you would reconsider your decision, and arrange for Guard to be released from service with H.M. Forces with his Group, in order that he may resume his employment with the Board.

I am,
Yours faithfully,
Henry F. Lowe

Lt.-Col A.H. GILMORE (OBE)
AAG MMIA.

Sir,

I have been abroad just on 4 years and 7 months (Embarkation 4 Dec '41, LILOP Sep '45) and feel that this length of overseas service should not justify my retention when A/S Gp 37 comes up for release.

Also, my firm (Mersey Docks and Harbour Board, Liverpool) are keeping my job open for me and I sincerely do not wish to prejudice my chances of position and promotion with them by remaining away longer than absolutely necessary.

I feel very strongly indeed on this subject and if DOWd would be prepared to revert to Pte to prevent this.

I trust, Sir, that this application meets with your approval.

I am, Sir, your obedient servant.

1. With reference to correspondence in regard to the above mentioned persons (your [illegible] of 9 May 45 and our A 285, 7 May 45 refer). A considerable amount of misunderstanding has arisen over the case, in view of the contents of the letter No. [illegible] dated 14 May 45 (copy to you)

2. Upon receipt of the last quoted letter cancelling the civil authority for the release of the officer and in view of the more recent date it was assumed that the contents cancelled any previous instructions regarding this officer. It now appears via telephone conversation with [illegible], MARYLL APO, this HQ on 19 May that this is not so.

3. It is requested that in so far as this matter when two conflicting courses of action are contemplated some indication should be given as to which letter takes precedence. In the case under reference action was taken on the latter and not until the call by telephone was received as it enabled this office and in my view the incorrect procedure.

Subject:- DOV OF OFFICERS

To:- HQ BTA (10)
HQ 13 Corps (10)
HQ 3 District
HQ RAAC
HQ Army Troops NORTH AFRICA
HQ MMLA

1. Attached at Appendix 'A' is a summary giving the surplus or deficiency of officers in certain arms and services after the departure of those in Age/Service Groups 27 - 37 (inclusive) and PYTHON, working upon minimum strength. No allowance has been made for any ERE or Staff requirements as it is assumed that in future officers filling these appointments will be liable to DOV in exactly the same way as Regimental officers. It is difficult to estimate the DOV incidence in these cases as the true run-down cannot be determined.

2. The following points should be noted with regard to the various arms and services:-

(a) RAC:
(i) Approximately 32 officers from 23 Armd Bde included.
(ii) Eight officers expected early JUNE not included.

(b) RA:
(i) 16 officers in Fd units of 13 Corps due for PYTHON have been deferred one month.
(ii) Reinforcements from UK have up to now averaged 10 per month.
(iii) Five officers en route not included.
(iv) Five officers (AA) expected JUNE not included.

(c) RE:
Although 20 below minimum strength, only in certain specialist individual cases has DOV been applied and, owing to accelerated disbandment programme, the minimum operational requirement at 1 Jun 46 can be met with approximately 40 officers in hand at 1 Jul 46.

(d) R Sigs:
(i) As R.Sigs are down to approximately FFC 39, only slight relief can be expected from disbanding units.
(ii) Six officers promised in MAY not included.

(e) Infantry:
(i) It is estimated that 60 officers will arrive in MAY and JUNE and these have not been included.
(ii) All possible benefits from disbanding units have been included.

(f) RASC:
(i) Included in availability figures are 82 officers of other arms in Age/Service Group 27 running down to 58 officers in Age/Service Group 32.
(ii) 10 officers have already been DOV in Age/Service Group 27.

No reinforcements notified.

3. It will be noted that units of some arms are below the strength which was decided upon as being the operational minimum, and where these arms, i.e. RA (AA), are down to FFC 39 no amount of DOV will bring them up to required strength.

Amend para 5 to read:-

RAC:

10 officers on loan to RA (Fd), 6 officers on loan to R Sigs (for administrative duties). These officers are in addition to the 6 for attachment to PROFORMA in accordance with GHQ letter 387/5/A-1 dated 16 May.

6564

4. In order to try and even out the DOV in this Theatre between the 'haves' and 'have nots' it is intended to loan from those arms and services showing a surplus, as given in Appendix 'B' attached, to those arms having the most serious deficiencies.

5. To implement the plan proposed in para 4 above, certain officers will be loaned to other arms as follows:-

RAC:

20 officers on loan to RA (Fd), 10 officers on loan to R Sigs, for administrative duties.

REME:

10 officers on loan to RA (AA) for RADAR.
6 officers on loan to R Sigs for Tele Comms.
20 officers on loan to RASC for Workshops.
15 officers on loan to RAOC for Workshops and MT Stores.

These loans will be on a three-monthly basis and subject to review at the end of this period. The attachment of these officers will be effected by 1 Jun 46. Officers for attachment to other arms will be in Age/Service Group 38 or later. Postings will be effected by this GHQ in conjunction with the Directorates concerned, bearing in mind the type of appointment for which the officer will be required.

6. Subject to the C-in-C obtaining the concurrence of the GOC LONDON District, it is also intended to transfer 27 Guards officers to Infantry battalions.

1. While it is fully appreciated that this officer's claims to release have very considerable merit, it is considered that it would be unfair to other officers in the same release group to prejudge the case before full consideration is given to all appeals.

2. If you will therefore initiate deferment action in the manner described in this GHQ letter 4002/24/ST dated 6 May 46, the complete case will be placed before the "LOV Committee" at the earlist possible date, and the decision of the committee will be forwarded to you immediately.

3. It should be realised that in the event of Capt. MORROW's appeal being favourably considered by the "LOV Committee", it is most unlikely that a replacement will be found for him in 7 ELU.

APPENDIX "A" TO GHQ LETTER 12065/A1 DATED 28 FEB 46.

1. GENERAL POLICY.

(a) - All deferments must be on an individual basis and no general application for deferment in bulk of any particular class or category of personnel is permissible.

(b) When considering compulsory deferment, Commanding Officers must be prepared to accept a reduction both in the efficiency and numbers of their units and no deferment will be recommended unless it is considered to be absolutely vital.

(c) When the deferment is vital owing to shortage in numbers this will be reported to Formation Commanders who will investigate whether or not it is possible to produce the necessary replacements by reducing numbers used in other parts of their command which are less vital.

(d) The retention of a person is only authorised because it has been found impossible to replace him in the job he is doing at the time he becomes eligible for release. In general, therefore, a person retained for a specific job should not be moved to any other employment during the period of his deferment.

2. METHOD OF APPLICATION.

(a) When a Commanding Officer considers it vital to defer an individual as outlined in para 1 above, application should be made on Appendix "A" to AFHQ Release Instructions (completed in triplicate) and forwarded through normal channels to the Head of the Service concerned at this GHQ. An individual is entitled to appeal against this deferment and it must be stated on the application if the individual does not intend to do so.

(b) Appeals must be submitted with the application for deferment, and in every case be accompanied by documentary evidence. Appeals can only be considered if submitted on compassionate grounds and the instructions for submission of applications given in GRO 1183/45 which amends para 2 of GRO 1088/45, will apply to these cases.

(c) Heads of Services will confirm that replacements are not available and will forward all copies of the applications to "A" Branch of this GHQ with any necessary comments. A definite date when it is considered the individual can be released must be entered at para 13.

6540

(d) Cases submitted will be carefully considered and units will be informed by signal whether or not the individual is to be retained. Units should give individuals the maximum notice possible that they are liable to be deferred, but Commanding Officers will not tell individuals that they are deferred until the authority

(d) Cases submitted will be carefully considered and units will be informed by signal whether or not the individual is to be retained. Units should give individuals the maximum notice possible that they are liable to be deferred, but Commanding Officers will not tell individuals that they are deferred until the authority for deferment is received from this GHQ.

(e) Units in conjunction with Formations and Heads of Services will review each case monthly, and Heads of Services will inform "A" Branch this GHQ by the last day of each month whether or not the retention is still necessary.

1. RESETTLEMENT GRANTS.

Pending the issue of a revised print of the leaflet R.G.L.1. it will be interesting to Resettlement and Welfare Officers to have the following information with regard to persons eligible for grants under the scheme:-

(a) The scheme applies to men and women who have given whole-time paid service for any period since 25th May, 1939 in any of the following:-

H.M.Forces.
Womens' Auxiliary Services.
Merchant Navy.
Civil Defence Services, including the National Fire Service and Auxiliary Police.

(b) Restarters - Persons who are not disabled will be eligible for grants only if they are restarting in their former business, or, having previously worked on their own account, are resuming such work and need assistance to do so.

(c) Disabled Persons - A person who, at the time of application for a grant is disabled as a result of his 1939 war service will be eligible even if he has not previously been in business or in work on his own account, provided that, having regard to all the circumstances, such business or work would afford a better form of resettlement than any other available for a disabled person, and he is in need of financial help. The degree of disablement necessary to qualify will be such that it entails a substantial handicap in obtaining or keeping employment, which would otherwise be suitable, and that the disablement is likely to last for a considerable time.

Disabled persons who wish to restart their former business will be considered as restarters and will not have to satisfy these conditions.

(d) Partnerships and limited liability companies - In the object

be interesting to Resettlement and Welfare Officers to have the following information with regard to persons eligible for grants under the scheme:-

Civil Defence Services, including the National Fire Service and Auxiliary Police.

Disabled persons who wish to restart their former business will be considered as restarters and will not have to satisfy these conditions.

(d) Partnerships and limited liability companies - As the object of the scheme is to assist former one-man business owners to restart their former businesses and in certain circumstances to assist disabled persons to start one-man businesses, applications from persons wishing to set up or resume partnership are not normally within the scope of the Scheme, but if the partnership falls into

one of the three following categories an application will be considered:-

(1) Family partnership of close relatives.

(2) Partnership of not more than three persons all of whom are eligible for consideration under the scheme.

(3) A pre-war Service partnership, which consisted of not more than three persons in which an applicant needs assistance to resume his previous position as a partner.

Applications from members of limited liability companies, or persons wishing to form a limited liability company, cannot be considered under the scheme.

(e) Tool Kits - grants may also be made to persons otherwise eligible, who need a kit of tools, which they are unable to purchase wholly from their own resources, to enable them to accept an offer of work or to keep employment in a trade where it is the custom for employees to possess their own tools.

2. RE-INSTATEMENT IN CIVIL EMPLOYMENT.

It was stated by the Minister of Labour and National Service in reply to a question in the House of Commons on 22nd November that the number of cases dealt with by Re-instatement Committees in the fifteen months up to 31st October, 1945 was 298. In 168 cases the decision of the Committee was in favour of the applicant.

3. DISABLED PERSONS.

A special meeting of medical authorities and others with experience of psychiatric disorders was held on 15th November at the Ministry's Headquarters to consider what further measures are necessary for the resettlement of this difficult group. The recommendations made included the establishment under medical auspices of two special Rehabilitation Centres, one for England and Wales, and one for Scotland. On 21st November the Minister addressed the representatives of 51 Ex-Service and Voluntary Organisations on the Disabled Persons (Employment) Act, and, in particular, the Register of

5. Units will submit to this HQ as soon as possible, a nominal roll of officers in Age Service Group 26, who require movement to the Assembly Centre, MILAN.

6. It has been reported to this HQ by 56 Rest Camp, that a considerable number of officers and OR's, whose release has been delayed for various reasons, have been reporting to them for movement to MILAN.

7. While it is appreciated that these personnel are anxious to get away, by reporting to 56 Rest Camp without movement instructions from this HQ, they tend to delay their departure rather than to expedite it.

8. All Commanding Officers are requested to ensure that no movement of personnel to 56 Rest Camp under their command takes place without prior authority from this Headquarters.

APPENDIX "A" to
HQ RAAC letter 56A
dated 5 Mar 46

1. GENERAL POLICY.

(a) All deferments must be on an individual basis and no general application for deferment in bulk of any particular class or category of personnel is permissible.

(b) When considering compulsory deferment, Commanding Officers must be prepared to accept a reduction both in the efficiency and numbers of their units and no deferment will be recommended unless it is considered to be absolutely vital.

(c) When the deferment is vital owing to shortage in numbers this will be reported to Formation Commanders who will investigate whether or not it is possible to produce the necessary replacements by reducing numbers used in other parts of their command which are less vital.

(d) The retention of a person is only authorised because it has been found impossible to replace him in the job he is doing at the time he becomes eligible for release. In general, therefore, a person retained for a specific job should not be moved to any other employment during the period of his deferment.

2. METHOD OF APPLICATION.

(a) When a Commanding Officer considers it vital to defer an individual as outlined in para 1 above, application should be made on Appendix "A" to AFHQ Release Instructions (completed in triplicate) and forwarded through normal channels to the Head of the Service concerned at GHQ. - An individual is entitled to appeal against this deferment and it must be stated on the application if the individual does not intend to do so.

(b) Appeals must be submitted with the application for deferment, and in every case be accompanied by documentary evidence. Appeals can only be considered if submitted on compassionate grounds and the instructions for submission of applications given in GRO 1183/45 which amends para 2 of GRO.1088/45, will apply to these cases.

(c) Heads of Services will confirm that replacements are not available and will forward all copies of the applications to "A" Branch of - GHQ with any necessary comments. A definite date when it is considered the individual can be released must be entered

(d) Cases submitted will be carefully considered and units will be informed by signal whether or not the individual is to be retained. Units should give individuals the maximum notice possible that they are liable to be deferred, but Commanding Officers will not tell individuals that they are deferred until the authority for deferment is received from this GHQ.

(c) Units in conjunction with Formations and Heads of Services will review each case monthly, and Heads of Services will inform "A" Branch - GHQ by the last of each month whether or not the retention is still necessary.

SUBJECT:- Compassionate Reversion to UK

2 Mar 46

A 110

Distribution List "B" British

Further to this HQ letter of even reference dated 13 Nov 45, with particular reference to para 5 thereof.

1. Under the rules hitherto in force, compassionate reversion to the UK and compassionate release in "one - man" business cases have been permitted only when the business is still in existence and when the soldier's presence is essential to save it from collapse. It has not been the practice to release a man to re-open a business which has been closed for a considerable period of time.

2. A case may, however, occur in which a unique opportunity offers of re-opening a closed business, which, if not taken, is unlikely to recur. The War Office have now agreed to modify the current rules to permit compassionate reversion and release in such a case.

3. Release will only be authorised in a most exceptional case and it must be shown that the business was closed by reason of the soldier's military service or through enemy action and that the prospects of further opportunity of re-opening it are so remote as to be negligible.

4. Applications in respect of closed businesses based on circumstances which are held to satisfy the conditions laid down in para 3 above may now therefore be submitted to this HQ.

5. In submitting cases of this nature, full particulars must be given in accordance with GRO 165/45 and Appendix thereto, together with full supporting evidence.

6514

6. In this connection, the usual business details (where applicable) required by this HQ above quoted letter must always be given together with such further information as is necessary to establish the case.

Distribution "B" British

RECEIVED 28 FEB 1946 2302.

1. A complaint has been received from the War Office concerning the documentation and equipment of troops returning to UK particularly on release.

2. A four day check was instituted on the documentation and equipment of troops arriving in A MEDLOC Camp. Results are attached at Appendix 'A' to this letter.

3. It will be noted that omission in documentation and equipment of men proceeding from this theatre on LIAP and duty is far more pronounced than in the case of those proceeding on Release. In particular, 10% apparently arrive without AF H1157, making it impossible for the transit camp to decide whether a man has been properly equipped or not by his unit, and whether or not he is deficient of equipment through his own negligence.

4. It is particularly essential that all release personnel are in possession of full entitled retention scale in accordance with Regulations for Release from the Army 1945, Appendix 'D' Sec 1, para 13. This includes two sets of woollen underwear in addition to two pairs drawers cellular. All warm clothing is particularly essential. Attention is directed to ACI 1180 of 1944 in respect of a long sea voyage. Air trooping scale is limited but retention scale must be included.

5. In all cases AF H1157 will be completed to show articles in possession in accordance with the above-mentioned regulations Section 11, paras 4, 5 and 7.

6512 -

6. For release under class 'A' the AF H1157 will, in addition, be endorsed to show in detail any articles which are unavoidably deficient from individuals entitled retention scale through no fault of their own. Endorsement will be signed by individual and countersigned by OC unit before departure. Completion to scale

SUBJECT: Release - Age Service Group 26

26 Jan 46

TO : Distribution "B" British

A.

1. With effect from Party III, Release Group 26, and until smaller Release Groups are reached, units will only be allocated a percentage of their total number of personnel due for release. It is pointed out that it will not be possible to allot vacancies on each party, as the numbers involved in this, and the next release group, are considerable. The vacancies allotted will be filled by personnel who have been away from the UK for the longest period. The object of this priority is to allow, as far as possible, equal opportunities to individuals in making domestic and business arrangements. It will be clear therefore that a man who has recently been to UK on LLP or on leave of any sort should not be sent off with the first party, even if he has served for a long period overseas.

2. Priority of movement for those who have been in the United Kingdom during the six months before their release will be based on age.

3. It is emphasised that once these figures have been published, no deviation from them will be permitted, and units will have to fill these vacancies as they are allotted. Further, it is pointed out that no requests for vacancies on any particular party will be considered.

4. Parties III, IV and V consisting of personnel of the undermentioned units will report to 159 Transit Camp on the dates shown below:-

Party III - not later than 1300 hours Wednesday 30 January 46.

Party IV - not later than 1300 hours Friday 1 February 46.

SUBJECT:- Personnel for Release - Testimonials.

Distribution "B" British.

1. In spite of detailed instructions published from time to time in GROs, soldiers are still arriving from this theatre for release in UK with inadequate testimonials or, in many cases, without testimonials. Specific instances of this are being forwarded.

2. The way in which a soldier is described in his testimonial may have a considerable effect on his return to civil employment and a badly or carelessly written testimonial may indirectly cause him financial loss. It is of importance that officers when writing these testimonials should describe the qualities in the soldier which may interest a civilian employer, bearing in mind the employment which the man wishes to take up on his release.

3. A man's efficiency in a purely military employment must therefore, be described in terms which will be understandable to a civilian employer. Officers who may be called upon to write testimonials should read ACI 1165/45; this gives guidance on the writing of these.

4. All officers will no doubt realise their responsibility for giving the men who have served under them as full and satisfactory testimonials as they merit and will give to their writing all possible care.

SUBJECT:- Retention of Individuals due for Release

Distribution 'B' British

1. A considerable amount of trouble has been caused recently by units delaying in carrying out the procedure laid down in AFHQ Release Instructions 1945 for retaining individuals due for release as operationally vital.

3. In future, wherever OsC units take or initiate any disciplinary action they will carefully consider the Age-Service Release Groups of all concerned, and if there is any possibility that any individual may have to be retained beyond his normal release date, Appendix 'A' to AFHQ Release Instructions 1945 (in duplicate) will be forwarded to G-1(Br) this HQ at once.

SUBJECT:- Class "A" Release - Dispersal

Distribution "B" British

1. It is not always possible to send Officers and Other Ranks to the Military Dispersal Unit serving the address given on page 1 (A.B.X803 and 804) and page 2 (A.B.X801 and 802) of their release book.

2. The reason is that the flow through Military Dispersal Units has to be controlled to meet their capacity, and in the case of York and London which serve densely populated areas, it is often necessary to direct drafts to other Military Dispersal Units from which they are released direct to their homes.

3. Similarly Military Disembarkation Units have a limited capacity, and drafts from ships are allocated to these Units according to the accommodation available at the time.

4. It is most important therefore that Officers and Other ranks should be warned against informing their relations of the actual place of their release until they arrive at Disembarkation Camp Units in UK. All Camps and Dispersal Units possess full postal and telephone facilities and the Disembarkation Camp staff will advise all ranks from which Dispersal Unit they will be released and the approximate time of day.

5. This instruction will be given the widest publicity in all Units and Transit Camps. The information contained herein does not alter any instructions issued on the documentation necessary to complete Release Books.

Parcelling of Release Books and Unit Documents for Class A Release Drafts

1. When drafts are being prepared for release it has frequently happened that release books have been separated from unit documents (AFs B122 and AFs H1157) when being made into parcels for the draft conducting officer to take with his draft.

2. The result has been that on the draft's arrival at a Military Disembarkation Camp all these documents have had to be sorted and attached to the correct release books. It will be appreciated that, if the draft is a large one, this takes considerable time.

3. Attention is drawn to page 3 part 1 of AB X801 and AB X802 and to page 2 part 1 of AB X803 and AB X804 on which it is stated that unit documents will be attached to the release book. This instruction will be followed, and AF B122 and AF H1157 will be inserted in the correct release book from the start and will remain there throughout the journey, until the arrival of the draft at a Military Disembarkation Camp.

4. In future all units will attach AF B122 to page 3 of AB X801 or AB X802 (other ranks) : and will attach AF H1157 to page 4 of AB X801 or AB X802 (other ranks) or page 3 of AB X803 or AB X804 officers.

5. Draft conducting officers will be informed of this procedure.

SUBJECT:- Testimonials - Release

Distribution "B" British

1. It is reported by War Office that out of 103 soldiers recently arrived in UK for release, 7 only had testimonials.

2. The result of such failure in administration is that testimonials have to be completed in UK by officers having little or no knowledge of individuals, which produces complaints from soldiers with good and long service who have received inadequate testimonials.

3. Units will therefore ensure that testimonials are completed before personnel leave their unit for release (vide CRO 1225/45)

4. It is emphasized that failure to comply with this instruction may produce inconvenience and hardship to individuals.

8 Nov 45.

Distribution:- as below.

1. In order that the policy within this Theatre, with regard to the deferment of release of officers in Age/Service Groups 21 to 24, may be brought into line with that of the India and South-East Asia Commands, it has been decided by GHQ CMF that the release of officers in Age/Service Group 21 shall be permitted, unless considered operationally necessary.

2. The aim of the scheme is to release all officers of Age/Service Release Group 21 between 12 Nov 45 and 1 Mar 46. However, it is eminently desirable that as many officers as possible be released earlier rather than later during that period.

3. Accordingly, Commanding Officers will complete the pro-forma at Appendix "A" to this letter, in respect of all officers under command, who are in Age/Service Release Group 21. This pro-forma will be submitted to this Headquarters, in duplicate, not later that 0900 hrs Monday 12 Nov 45.

4. Commanding Officers will make every effort to enable the officers concerned to be released as soon as possible and will state their recommendation on the pro-forma in detail. The final decision in the matter will, however, rest with the Commander British Troops ROME.

5. When an officer's release has been approved by Commander British Troops ROME, he will be called forward as soon as possible after the approved date of release, by this Headquarters. The letter calling forward the officer will be considered the authority for release.

6. This scheme applies only to officers of Age/Service Group 21 who have NOT voluntarily deferred their release.
