"Subject : Centro Alloggio No. 3
Location : Roccaforzata - near TARANTO
Personnel : 5 Officers
7 EM
Comdg. O. : Major La China

Attached herewith is an inventory of the clothing that was transferred from the above mentioned unit to Bari. This is the only Centro Alloggio visited that had any clothing or equipment other than the necessary casermaggio.

This unit has a capacity of 450 PWs, the only type of refugee it receives. It is the only center visited by me that has been kept consistently busy since it became activated one year ago. At the time of the visit there were only 7 PWs the last of a recently arrived bunch, but more were expected in the near future.

Ref 3-AR No. 1/1274 of prot serv. of 25 March

1. It is noted that the Garibaldi Division Base, an unauthorized unit, will be disbanded with effect 31 March.

2. As stated in your letter, the rations consumed by this unauthorized unit for the period September to February amounted to 6472. The rations for the unit for the month of March amount to 1116, making a total of 7588 rations consumed by this unauthorized unit until its disbandment. The fact that other units have underdrawn rations during the same period has no bearing on this matter as this personnel was not authorized and should not have been used on this duty. Therefore, the total number of rations to be charged back to the Italian Army will be 7588, and this amount will be taken into account on the next reduction of scale of rations for Italian troops in order to make up for unauthorized use of rations.

3. Issue necessary instructions to your depots to stop the issue of rations as of 1 April 1945, and send a copy of your instructions to this Headquarters. 609

Although this unit is not up to full strength, the T/O calls for a Regimental set-up. Due to the small amount of overseas personnel that is sent here, the C.O. has not asked for replacements as the Officers or men were transferred.

The camp has sufficient space, in the form of requisitioned buildings to care for 860 men. At the time of the visit there were 40 refugees. The Colonel stated that he has brought this situation to the attention of the War Ministry in November but was told to retain the present organization for eventual increase in arrivals.

The situation here is analogous to the other camps visited, namely large staffs with practically nothing to do.

There is no clothing or equipment here, only the necessary casermaggio equipment for the number of places in the camp. As a matter of fact the men stationed here are very badly in need of clothing and shoes.

The purpose of this Commission is to interrogate all officers and regular Army Non-Coms returning from Allied Prisoner of War Camps. About 15 days ago the work of interrogating military personnel coming from German camps and from the Balkans was turned over to a newly organized Commission with Headquarters in Bari.

This Commission has examined a total of over 3000 officers and Non-Coms, not a very great number. Detailed records of the interrogations and statements are forwarded to the War Ministry for final disposition, perhaps the lack of numbers may be somewhat compensated for the responsibility of the work assigned to this Commission. However, they are not overworked.

1. I have had from the Italian War Office the task of providing supplies for about 15.000 Italian Soldiers who are in Albania.-

These Soldiers who had not the chance to come back home (certainly neither for the Italian Government's nor for Allied Authorities's carelessness) live in very bad conditions.-

They need mostly clothing , especially boots , battle-dresses , overcoats , blankets , woollen dresses.-

Comdg. O. : Capt. Cillo

This is one of the largest, most complete and most efficient repair plants I have visited, in addition to being orderly and very clean. The activities consist of making some new uniforms, which is to be discontinued and repairing Italian and Allied clothing, repairing Allied shoes, at the moment all American, a shop for making the little stars worn by Italian military personnel, repairing mess equipment etc. Making and repairing woolen articles such as socks and underwear and a dye plant will be soon ready. From scraps of clothing the shop also makes the flashes worn by Combat Groups and other Italian units and weave branch of service insignia to be placed on headgear.

The Co. G. stated that there is a deficiency of needles, bulbs and other necessary electrical equipment which at present must be purchased on the open market at very high prices. If there is a possibility of obtaining this material through Allied sources it would be well worth the effort because these repair programs appear to be the life blood for dressing Italian military personnel.

One of the officers is also the C.O. of the 9th Reparto di Sussistenza, a Headquarters set up to administer 67 EM, 44 who work with the repair plant and 23 who are employed in the Magazzino Viveri and Casermaggio.

Comdg. O.: Lt. Zerbo

This Company provides for the services of the Bari Presidio. It has no automotive equipment, but instead has 140 horses and mules with carts with which they provide much of the transportation, in addition the men do guard duty, act as waiters, etc.

The Company is located in barracks at the outskirts of the city. They are in good health, work willingly and the C.O. stated that there has been no trouble in the couple of months that he has taken over.

They have the necessary casermaggio equipment but are especially short of shoes and overcoats, and therefore the overcoats are allotted only to those doing guard duty in the open. The mess is good, but the kitchen facilities bad and could be easily remedied with a bit of initiative as brought out.

Comd. O.: Col. Gentile Mario

The purpose of this Commission is simply to question every man that returns from the Balkans and obtain a statement from him of his activity since Sept. 1943. In addition personal information concerning the man is obtained for War Ministry records. Should the activities of the man be suspicious he is turned over to SIM for further questioning, thereby reducing the responsibilities of this Commission to one of a screening agency. With the exception of the high rank of the C.O. which seems not called for, the activities of this Commission appear justified as it is apparently the only unit that performs this activity.

From Dec. 16 to Dec. 31 it examined 2215 men. It has never found any collaborators with the Germans because Allied sources get them before releasing them for questioning by this agency.

1. The above transit camp, strength 3 officers (including a Lt Col) and 5 other ranks has been visited recently by an officer from this HQ.
2. He reports that the camp was recently set up to accept military personnel coming from the BALKANS and has accommodation and casernaggio equipment for 400 men, but has never, in fact, been called upon to accommodate any men and due to the decreasing number of men returning from the BALKANS it is apparent that this camp is unnecessary.
3. It is understood by MIA that the Military Barracks at Castellana are earmarked for repatriated personnel as and when needed, (your letters 400350/RFCR of 24 Nov 44 and 400526/RFCR of 3 Dec refer). No authority has been granted, however, for assigning Mil personnel or stores to any of the barracks or accommodation reserved for this purpose.
4. You are requested to close this camp forthwith returning all casernaggio equipment to the Bari Depot. Other rank personnel will be despatched to TRANI Camp and officer personnel disposed of under your own arrangements.

The personnel for the Ufficio Informazione and Infermerie Presidiaria are detached from the Guard Battalion, whereas the personnel for all other units has been detached from the 404 Pioneer Regt.

The units perform the functions assigned them, their main work being with transit military personnel.

Difficulty is being experienced by the personnel of the Presidio units in obtaining clothing and equipment, because they are detached from a BR-ITI formation and therefore the 404 Regt and the Guard Bn do not feel justified in authorizing clothing and equipment. On the other hand this is the only channel through which this personnel can be equipped. A mutually satisfactory answer should be worked out. Are these units authorized?

Henry J. Pacini "

2. It appears that these people are really BR-ITI for the most part. I do not understand this. No such unit is authorized. The people must be returned to their units and the work performed by Bari Territorial Headquarters, or a District Headquarters. Please have this done.

"Subject: 9th Reparto Sussistenza
Comdg. O.: Capt. Guarnieri

This is the unit under which are grouped all the E M working for the numerous Commissariato units plus those that go on guard duty on trains which totalled 213 on the day of the inspection and are included in the attached report under the heading "In servizio isolato."

The barracks, former armored car garages, were clean and orderly but also cold and uncomfortable to men who are coming off long train trips and rest only about 24 hours before returning to duty.

The discomforts of train guard duty was emphasized by the C.O. and hoped that I would see fit to recommend a more ample and varied ration than the existing one, consisting of hard tack, a can of Spam that serves for 3 days and two oranges or nuts and figs.

This unit also includes 78 men located at 3 Via Carriba who constitute a band. The band was also investigated and it was found to consist of Non-Coms of the regular Army. They have not played since 11 November, with the exception of a few who play with some of the Allied units. The attached report also shows that there are 70 men on leave, of these 28 are members of the band.

RECOMMENDATIONS: That the Non-Coms constituting the band be ordered to more active work or if it is felt that the band is good for morale purposes that it play in hospitals and camps.

This camp was recently set up to accept the excess of military personnel coming from the Balkans. It is large enough to hold 400 men and has the necessary casermaggio equipment for the purpose. However, there has never been any one sent to this camp and very likely no one ever will, due to the fact that the number of incoming personnel is decreasing, according to the latest reports.

Recommendation: That the need of this and other similar camps be investigated. By eliminating such camps it would free, for more useful employment, both men and considerable casermaggio equipment.

The majority of this clothing will eventually be sent to Naples when transport permits but at the moment there is a lot which has not been lifted from Catanzaro. There had been a robbery from the clothing depot a few days before my visit. Over 100 sheets and some under-pants had been stolen.

The clothing depot was clean and in good order. The depot on the whole appeared to be well run. The only means of transport is 1 cart and 1 mule.

"PLOT" FOR DISPOSAL OF PERSONNEL AT 31 INF. RECT. DEPOT

1. REINFORCEMENT BATTALION

Formation of "Reinforcement Battalion" was authorized by the War Ministry in their letter 10500/II of 12 July 1944. This battalion began to function on 1 August 1944 taking in its strength all unassigned personnel accumulating in NAPLES from a variety of sources. *1/12*

The men received in the depot fall into following categories:-

(a) Reduction of Territorial Establishments:

Few of these left except officers and senior N.C.O.'s.

(b) 21 Class Call-Ups:

These still arrive in small numbers but are normally soon disposed of to 212 Command when there is a small accumulation.

(c) Ex Hospital and Convalescence:

(d) Absentees Rounded Up by C.C.R.R.

(e) Awaiting Discharge:

31 Depot is a mobilization center and handles these men; sometimes difficult to dispose of because of lack of transportation.

(f) Ex C.E.R.S.E.T.I.:

These are disbanded military sent from ROME. Some are available for assignment; others are still waiting for interrogating commission to decide.

The strength at the Depot has been continually fluctuating, men moving out as others moved in. Until the quarantine, a weekly return of men available for assignment had been sent to the War Ministry, from whom disposal instructions were received.

2. PRESENT POSITION

The strength during the quarantine period has been as follows:-

Officers	73
Senior N.C.O.'s (Sottufficiali)	260
OR's	687
	1020

There are plans for immediate disposal, after the quarantine lifts, of 408 of the above including 50 "Sottufficiali". This leaves approximately the following to be assigned: *560*

Officers	70
Senior N.C.O.'s	200
OR's	300
	570

Round Figures allowing for a proportion of absentees.

where they are assigned?

-2-

Of these 570 a small number will be unassignable: a few discharge candidates and certain C.E.R.S.E.T.I. personnel (100 are still under investigation). The officers and N.C.O.'s are surplus to local requirements and will be difficult to dispose of.

3. PROPOSED ACTION

- (a) Immediate disposal of the 408 personnel mentioned in para. 2. Any that are held ^{should} be sent to AFRAGOLA Camp for screening.
- (b) Bulk assignment to 212 Command of as many as possible of the remaining 570. This will leave a "hard core" of officers and "Sottufficiali" for which SMRE should make arrangements.
- (c) Acceleration of procedure for C.E.R.S.E.T.I. personnel and quick removal of all cases now pending.
- (d) Stop all future arrivals from C.E.R.S.E.T.I.
- (e) Make one Italian truck ex FUORI GROTTA Park available at Depot to take all assignable personnel daily to ASTRONI or AFRAGOLA according to instructions.
- (f) It is suggested that War Ministry might devise a procedure whereby men are discharged direct from their units under Regimental or Division arrangements and travel home from unit location thus avoiding such centers as 31 Depot.

NOTE: (i) The assignment of all above personnel is subject to screening for muleteers and specialists which is beginning shortly.

(ii) When it comes to the point of removing these men physically, many will be absent. It is believed the best attendance is to be found at mealtimes.

LAND FORCES SUB. COMM. A.C.
(M.M.I.A.)

G/2/B

3 December 1944

To: Comando Militare Campania
(Attention of Chief of Staff).

1. It has been decided by Land Forces Sub. Comm. A.C. (M.M.I.A.) that the present position of 31 Inf. Regt. Depot is unsatisfactory, and that the only solution to the problem is to have all personnel of the Reinforcement Battalion, except those immediately assignable to 212 Command, transferred forthwith to the Italian Transit Camp AFRAGOLA. This will refer principally to the Officers and "Sottufficiali", believed to total 300--400.

2. You are therefore requested to:-
(a) Inform this office as soon as possible of the number of trucks required daily to lift the above mentioned personnel to AFRAGOLA.
(b) Arrange with 212 Command for the speedy collection of all personnel assignable to them.
(c) Issue instructions for all personnel reporting to 31 Depot in future to be transported immediately to ASTRONI or AFRAGOLA as follows:-

To ASTRONI: All call-up personnel and other assignable men.

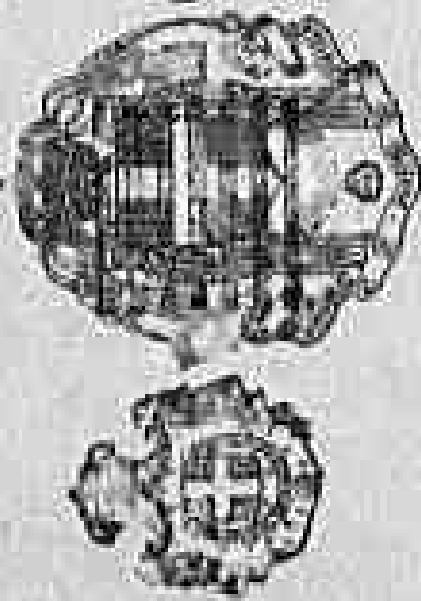

To AFRAGOLA: All personnel not immediately assignable and those delayed by lack of transportation.

For this purpose, one truck will be exclusively at the disposal of 31 Depot daily from now on. **558**

3. Please send copies to this office of all instructions issued by you.

In base ai rapporti pervenuti ed alle informazioni direttamente assunte, si chiarisce :

La forza "vettovagliata" di 2386 sottufficiali e truppa, riportata nello specchio del 24 ottobre 1944 compilato da questo S.M., corrisponde all'esatta consistenza di detto Deposito alla data indicata.

I dati sono stati confermati dal Comando del Deposito, dal Cco militare Puglia e Lucania e dal magg. Purcell dell'ufficio di collegamento della M.M.I.A. — La cifra di 1285 uomini, da quest'ultimo segnalate, si riferiva solo al personale "disponibile" al 1° novembre, esclusa la maggior parte dei "sottufficiali" e dei "non idonei". Il comandante del Deposito aveva perciò esattamente compilato lo specchio.

Al 9 novembre, la situazione del btg. complementi dello stesso Deposito era la seguente :

forza effettiva	: uff. 113	-	sott.e truppe	3115
" presente	: " 101	-	" "	2208
" vettovagliata	: " 103	-	" "	2319

La forza di questo btg. complementi fu sempre riportata nelle situazioni quindicinali ed è stata precisamente di:

99 " - 976 " al 9 ottobre 1944 (f. vet totagliata)	
109 " - 979 " al 24 ottobre 1944 (f. vet totagliata)	

Sono state sempre regolarmente prelevate le razioni corrispondenti.

La situazione dello stesso btg., riferita alla data del 9/XI, personalmente rilevata dal magg. Majocchi di questo Uff. Operazioni, nel suo recente sopralluogo presso il Cdo mil. Campania, era la seguente:

forza effettiva	: uff. 183 - sott. e truppa	984

" vettovagliata	: " 73 - "	708

Di detto personale:

- 40 militari erano già assegnati al Cdo P.B.S.
- 216 erano già assegnati al Cdo III Distretto
- 17 erano volontari per gruppi di combattimento.

I rimanenti, che costituiscono la massa "disponibile" non è però immediatamente impiegabile, perché tutto il btg. The Italian O.C. - Col. SALVONI - has been empowered to demobilise personnel who are due demobilisation; he has the appropriate staff for this. There will, however, still be cases where a man's medical category - e.g. "sedentario" - does not justify demobilisation, and where a man can not be demobilised owing to his home being in E.O.T. It would, therefore, be appreciated if instructions could be sent as to the disposal of such unproductive personnel.

- (b) I mentioned in my previous letter to you that, as Col. SELVAGGI and Capt. RIVOLTA had been sent down from the War Ministry specifically to assign Offrs. and N.C.O's, I had only assigned the O.R's to units in the programme. The total O.R's on 28 Oct. was 1329, you say that I assigned 1285 personnel. If that is the case the reason for this is that on 2 Nov. when nominal rolls were submitted to me that only those assigned by me were present on that day, the others having been sent on leave or demob. or due for it shortly.
- (c) The Offrs and N.C.O's who brought the total figure to over two thousand, did not interest me as they were being dealt with by two Offrs from the War Ministry.

2. You say in para.4 that during the 60 days prior to my visit i.e. 31 Aug. to 31 Oct., less than 100 personnel were sent out to units the following, instead is the correct position for period 23 Sep. to 28 Oct. only 35 days prior to my visit.
- Personnel on-routed from 47 Inf. Regt. LECCE week 23 Sep. to 30 Sep.

Total for week 5 to 11 Nov. :- 1022.

For the period 30 Sep. to 11 Nov. therefore, a total of 4,077 personnel were sorted out and on-routed.

3. By allowing the Italians to reinforce units, and by guiding them, as I often did, in the assignment of rfts. to particular units who had asked me for rfts., I do not consider that I was sabotaging the war effort, as implied in your para.4 of letter SD/46 of 11 Nov.

4. Arrangements have been made, as you know, to close down the existing organisation at 47 Regt, and the ration strength is to be reduced to 10 on 20 Nov. By this date all personnel except for 55 drivers and 150 Engineers, and ofrs and N.C.O's screened by Min. of War ofrs, who have not yet moved, will be in TRANI. I have phoned G Branch MMIA and asked them to chase the Min. of War in their movement of remaining ofrs and N.C.O's, as I am not prepared to accept them into TRANI.

It is to be hoped that AFHQ will have arranged the movement of the 55 drivers and 150 Engineers by 20 Nov. or the ration strength from 20 Nov. until the above are moved will be 195.

5. In my several telephone conversations with G1 SD MMIA I have obtained that O.R's of all categories are sorted out by Capt. O'DONNELL at TRANI who will now be receiving the influx of isolated personnel from hospitals, convalescent homes, prisons etc.

6. (a) As TRANI, for the moment, is of limited capacity, it is requested that MMIA make arrangements for early movement of screened personnel as signalled to you.

(b) We are warned of the following arrivals in the very near future.

600 AA and CD

197 of 253 Forestry Coy.

112 from ST ANDREWS Camp TRANI.

likely to rise to 1500, call-ups from FOGGIA if they materialise.

7. If on the other hand early movement is not possible it is requested that tentage and accn stores as already demanded be made available soonest so that we can cope with a maximum of 5,000 as laid down by MMIA

Land Forces

Rome
SD/46
11 November 1944

To : Liaison Officer, Land Forces Sub Comm, AC (MMIA)
o/o 54 Area.

Reference your MF/93 of 7 November 1944

1. Your letter has been read with considerable interest. Were it not for your signature at the bottom, I would have thought the letter had been written by the War Ministry to justify their complete disregard of instructions regarding the rationing and holding of personnel in depots, sitting on their bottoms doing nothing.
2. Orders have been issued to reduce the number of rations in the Lecce Depot to ten. If you are not capable of seeing that this is done, we'll send somebody down there who can do it.
3. The mere fact that the depot strength submitted by you with your letter of 5 November shows 2189 persons present and you state that you can only take out of the depot 1285 is the reason these depots cannot be allowed to continue. It is also noted that there are 130 men in the depot awaiting demobilization. There is no reason that these men cannot be demobilized within 24 hours.
4. The Italians report a depot strength of over 3,000, and while the Allied Armies are crying for replacements, you are sympathizing with the Italians and presenting proposals to us to keep the Allied Armies from getting these reinforcements. In the last 60 days prior to your visit to that depot not 100 men were sent out to units.
5. You state that there is a quota of unfit men whose homes are north of the line and who are not employable. These men must be discharged and must not be fed military rations. If they are physically fit, they should be assigned to service units.
6. It is very obvious that no unit must be allowed to carry out what you call necessary work in that area. There is no need for transit personnel.
7. We do not want a mass of Italian soldiers sitting in the heel of Italy. We're not going to have it. Orders have been issued that the strength of a depot and the number of rations to

be issued in a depot will not exceed ten and that transit camps as such are abolished. These orders stand. What we want to know now is whether or not you are capable of seeing that the Italians are obeying these instructions.

CLAYTON P. KERR, Colonel

P. S. In addition copies of letters sent by you to this headquarters will not be repeated to Italian headquarters. Sending a copy of your opinion to the Italian headquarters is not only bad practice but shows an utter disregard or failure to understand the proper functions of a Liaison Officer of this command.

Land Forces Sub Comm. A.C. (M.M.I.A.). ROME.

1. To reduce the 47 Inf. Regt. Depot staff suddenly from its present figure to the authorised figure of 10 all ranks is not practical, owing to the large numbers of personnel to be administered.

2. (a) The function of this Depot Regt. has been that of a funnel into which Italian Soldiers from several sources have been poured.

(b) Soldiers from beyond the line filtering through have reported to Military Districts or other Depot Regts which, having only the minimum number of rations allowed them for their authorised strength, have passed them on immediately to 47 Regt. Depot.

(c) Others who arrived at 47 Regt. are soldiers who have completed sentences, excess personnel of other reduced Depot Regts. and Military Districts, escapees from GREECE and the Islands, or JUGOSLAVIA.

3. At LECCE these soldiers are dealt with as necessary. They are medically examined and graded, sent on leave or demobilised, paid their arrears, or held pending posting to units.

4. In the last few days the average daily intake from all sources has been 100 and the output about the same normally, though larger on some days.

5. Soldiers are only kept on in the Regt. over a period of three or four days if they are men fit for assignment to units, the others, as soon as they are dealt with, which is usually from two or three days after arrival, are sent on leave or demobilised.

6. There is always a quota of unfit men, not employable, whose homes are North of the line with whom nothing can be done. Convalescent homes will not have them and they cannot be left to starve, so 47 Regt. looks after them.

7. It is obvious that some unit in this area must be allowed to carry out this necessary work. There are two Campi Sostate Contumacia one in BARI and one in TARANTO which could do it but they must be allowed the necessary staff and also they must be allowed to draw rations for transit personnel.

8. My suggestion is that 47 Inf. Regt. be allowed to continue this job of theirs as accommodation is available there and in addition that LECCE be used instead of MINERVINO as a centre for call-ups etc.. Movement East Italy say that tpt to and from LECCE is a much better proposition than to and from MINERVINO which is off the beaten track.

razione che possa essere effettuata entro il limite di tempo eccessivamente ristretto (1° novembre) stabilito da codesta M.M. I.A.; occorre che l'operazione stessa venga effettuata previ opportuni accertamenti in posto per i quali ho già disposto (v. capo 3).

Qualora cotesa M.M. I.A. concordi prego compiacersi di dare le disposizioni del caso per l'assegnazione delle forze - ni secondo la ripartizione di cui sopra.
