1. Folio 8A+B + 9A+B show the funds allotted for Italian army welfare for the quarter to 30 Jan. 8A is the total grant + 9A is Lancosini's breakdown of the amount specifically at Rome disposal.
2. I appreciate that Finance is a purely Italian matter & does not concern us. At the same time a casual study of the figures is interesting in so far as it gives one an additional insight on the generous Italian welfare picture & an understanding of what is or is not possible.
3. As an example we asked on behalf of Commo if they could have 3000 gift parcels a month or 20 lbs each. We might be given 1363 lbs. Folio 10A is the answer 3000 rather than 1363 parcels each month, supplied by a large & presumably reputable firm in Rome (Rinascente),

2. To appreciate that pressure is a part of the picture + does not concern us. At the same time a casual study of the figures is interesting in so far as it gives one an additional insight on the general Italian welfare picture & an understanding of what is or is not possible.

3. As an example we cite on behalf of Cesano if they could have 3000 gift parcels a month or 20 lbs each would be annual weight be given 1363 lbs. Also 10a is the answer 3000 rather than 1000 parcels each month, supplied by a large & presumably reputable firm in Rome (Rinascenti), would cost lire 1,900,000.

ADAMS: I agree it is not worth trying to buy substitutes in the black market. Could the monthly 5 year contract or reservation of controlled prices. The period system is a waste of money. I wonder how the people to HQO are actually spent? Why do they want to update all kinds to their way? NP 15-20-48

Subject: Gift Parcels.

With reference to the conversation during the recent visit to Cesano, attached are the terms of an offer by the firm of Rinascete, of Rome, for making up a type of gift parcel.

In view of the scantiness of the contents of the parcels in relation to their high cost it is not considered advisable to proceed with the project: the expense would work out at L.1,950,000 monthly, and this, it is thought, would be adding a lot to the cost of the war without an appreciable result.

Dear Angeloni

Referring to our conversation of this morning on the subject of the finance available for welfare in the Italian army. I would be grateful if you could let me have a copy of the allocation of funds, for the quarter-April - June, which you showed to me.

I appreciate that the question of finance for welfare is a purely Italian affair. However so that I may be clear as to the procedure and the sub-allocation to the various welfare activities the copy mentioned above would be useful. It will also enable me to advise from the welfare point of view on the feasibility of welfare schemes proposed.

Yours

With reference to your memo. CR/9904 G-1(Br) dated 8 Jan 45. it is confirmed that lire for Italian Army Welfare should be obtained from Italian Government sources, and that none should be provided from British Army sources.

This is the normal method of financing the Italian Army and it is not considered that any difficulties will arise;

Provided it is agreed as a matter of policy to issue canteen rations bought in sterling from British Army stocks, adjustment can be made as for other issues to the Italian Army from British Army stocks as laid down in AFHQ instructions AG. 400/105 D-C. dated 22 Sep.44 and AG. 400/C31 GD-S dated 6. Oct.44.

Perhaps you would confirm with MMIA that this procedure is acceptable to them.
