V.E.1

Herewith Petrol a/c for L.B.L.U for January and three closing down a/c in February.

All vehicles have been handed in. and the unit has ceased to exist.

I brought this account down with me to Rome, as we were under the impression that some Offic was here and I was handing in our last two vehicles to H.Q. M.M.I.A.

The work tickets were handed in with the other vehicles as both my D.A.D.A.G and M.T. Sergt were under the impression that this was the correct procedure.

As I was in some doubt, I made enquiries from S+T at this HQ, who told me that they should have been retained to support the final a/c.

I am therefore attaching the work tickets for the two last vehicles.

The other vehicles to which Petrol was issued in February were disposed of as follows:—

5905869 To Ministry of Supply Depot

5661936 " " "

Signor Angelo Malcolli - Ground floor was NOT present. The letter was signed in his name by his Secretary whose name is Scapolla Also NOT present.

Signor Bensa stated that he had NOT signed the letter in question because he did not agree with the contents and said he had No complaints.

Avv Camuffo Does not own one of the requisitioned apartments. He lives in an apartment in the building

486

Declassified E.O. 12356 Section 3.3/NND No. 785020

He stated that he had seen both British and Italian Soldiers cutting up wood on the stairs. On examination of the stairs, which were also seen by Sons Representative, some small chips were found about half way down a flight of stairs. This appears to be an unlikely spot to choose for cutting wood.

This was his only reason for putting his name to the letter, but since then he complains of damage to the ceiling of his flat owing to water leaking through from a requisitioned apartment above his.

Mrs Gabrielli had no concrete complaints to make.

Signora Carla Wocna Pratis

Her daughter stated that when she had visited the Block of Flats she had heard from someone that Soldiers had used chairs - Drawers - Door of Cupboard etc for firewood. This happened a year or more ago

Her mother was a very old lady and had signed the document when it was brought to her on the hearsay evidence.

Signor Ettore

185

Complained of structural alterations. A partition wall having been erected to make 2 unmixed quarters out of one flat.

Dr Rocca

through from a requisitioned apartment above his.

Sig Gabricelli had no concrete complaints to make.

Signor Ettore

185

Complained of structural alterations. A partition wall having been erected to make 2 married quarters out of one flat.

Dr Rocca

Has lost Marble Table - Gas Cooker - Kitchen Cupboard 3 mirror with small tables, 4 Cupboards, a glass fronted bookcase a Lavatory Pan and a Piano.

Stated that all this loss occurred when 2 Coy R.E. left about a year ago. He holds a receipt signed by an Offr of this Company for the Piano

Declassified E.O. 12356 Section 3.3/NND No. 785020

Avv Martinola

Stated that damage, as stated in the letter, had been done about a year ago, To wit:- Parquet-floor ruined - Scalda Bagno, Marble Table, china wash Basin and Drawer from Cupboard missing.
All these items had become lost about a year ago.

The Administrator for the Bosco

Nothing to add, but stated that he wished it to be understood in the names of all persons present that they had taken the step of writing to the Capo del Governo because they had already tried, without success writing to the Prefetto - the Sindaco and individually had written to Colonel Fiore (who was Regional Commissioner R.R.G. Piemonte)

This pretty well clears the complaints.

I am satisfied from the above meeting that the only justified complaints any of them have against this unit - i.e. in the last year, are as follows:-

(a) Chopping of wood on the stairs - Doubtful

(b) Damage caused to a Non Requisitioned Flat owing to water coming through the ceiling from a Requisitioned flat above it.

[illegible] of all persons present that they had taken the step of writing to the Capo del Governo because they had already tried, without success writing to the Prefetto - the Sindaco and individually had written to Colonel Fiore (who was Regional Commissioner A.R.A. Piemonte)

This pretty well details the complaints.

I am satisfied from the above meeting that the only justified complaints any of them have against this unit- i.e. in the last year, are as follows:-

(a) Chopping of wood on the stairs - Doubtful

(c) Structural alterations unauthorised.

This unit took over the appartments in the building 22 Corso Galileo Ferraris from 269 R.E. Works Section about the end of March 1946

Certain Structural alterations i.e. Turning 2 Flats into 4 have been carried out in order to provide

married Quarters. Those allocations have involved improvements i.e. Baths complete with Heaters - Electric Stoves and general renovation.

It should also be noted that on the Hand over to Claims & Hirings Representative today, the amount of deficiencies since this unit took over accordingly on the marching in state consists of 3 items A Settee - A mirror and a glass shelf.

I do not think, however, that the distribution of furniture on our marching in state is the correct distribution of the furniture by Pte's B and it is quite possible that bits of furniture were moved about before our time and that this started the rumours that furniture was being taken away. Many of Dr Rocca's missing pieces for example may come to light in another flat.

I am quite satisfied that the allegations contained in the letter do not apply to this unit and this was in fact made quite clear during the meeting with the owners.

Statement by 14315653 Pte LOY G, Leicester Regt, states :-

On Sunday 24 Nov 1946, I was Duty Orderly at 1 P.W.E. Camp Office, and as such slept in the Camp Office. At about midnight I fetched my bed down from my billet, and went to sleep. About an hour later I was disturbed by some movement outside the Camp Office door. The light was on as I go to sleep with the light on, the door was an I had left it just ajar: I opened it and on a table in the lobby I noticed a parcel lying opened: this parcel had been in the office when I went to bed. I returned to the office and noticed that the typewriter was missing. I went out in the street to see if there was anyone about; there was no one in sight. I then went up to Cpl GILDING's room and reported the theft. I then searched the ground floor with Cpl GILDING and we found nothing.

I am the only NCO of the unit in the Offs billet. On Monday 25 Nov 46, at 0120 hrs I was awakened by Pte LOY, to say that the typewriter was missing from the Camp Office and that a parcel had been opened. I dressed immediately and went downstairs and conducted a search of all the rooms on the ground floor and the area outside. I found no trace of evidence.

It was approximately five minutes from the time Pte LOY woke me up till I got downstairs.

Statement by Maresciallo OPPO Salvatore, 298 Sec CC., Turin, states :-

On Monday 25 Nov 46, I was informed that a typewriter had been found missing from the Camp Office of 1 B.L.U.

I investigated the matter but have not yet met with any success.

It appears to me that the theft is an inside job done by someone who could move about the B.L.U. building without arousing suspicion.

Signed Mar.llo OPPO Salvatore.

It is the opinion of the Court that the theft was caused by an unknown person or persons coming from either inside or outside the building.

Pte Loy, the duty orderly is not to blame.

Commanding Officer's Opinion

In view of the fact that orders for the Duty Orderly at Camp Office had been issued (copy attached) responsibility, in my opinion turns on the question of whether Pte Loy had in fact locked the outside door as he should have done. Unfortunately the Court did not check this information and Pte Loy went on Release shortly afterwards and before the typed copy of the Court came in front of me.

It appears likely [illegible] theft was done by a man who knew

Commanding Officer's Opinion

In view of the fact that orders for the Duty Orderly at Camp Office had been issued (copy attached) responsibility, in my opinion turns on the question of whether Pte Loy had in fact locked the outside door as he should have done. Unfortunately the Court did not check this information and Pte Loy went on Release shortly afterwards and before the typed copy of the Court came in front of me.

It appears likely that the theft was done by a man who knew his way about, but no trace has been found.

From my knowledge of Pte Loy, I am satisfied that he had no hand in the theft.

P/151/9 9/Jan/47

1. With reference to GHQ letter 10.76../A-1 Serial 5999.... dated 30.Dec.46 notifying the disbandment of your unit, your attention is directed to GRO 683/43 dated 17 Dec 43 as amended by GRO 1512/45 dated 7 Dec 45 and GRO 588/46 dated 23 Aug 46, which indicates the action to be taken by you in connection with the disposal of correspondence addressed to personnel now serving with your unit, and which may come to hand in the British Army Postal Service after your unit has been disbanded. A copy of the GRO as amended is connected for ready reference.

2. A redirection section is attached to the British Base APO to meet the requirements of the GRO. In order that it may function to the best advantage to all concerned, compliance with the GRO and with the following points not specifically covered therein is essential:-

(a) The nominal rolls and, where appropriate, the unit representative, should be despatched in time to reach the British Base APO VILLACH at least two clear days before the date of disbandment. Unless this is done continuity of postal services cannot be provided. If the future addresses are not all known when the nominal rolls are despatched, supplementary details can be sent later by post. The Postal Address Redirection Card, AF A2042G, should not be used for this purpose.

(b) In addition to the particulars of personnel serving with the unit at the date of disbandment the nominal rolls should include full particulars with new addresses of all personnel who left the unit within the previous month. This should include personnel returning to U.K. together with their addresses there. If the address in U.K. is unknown the indicator "Returned UK release" or "Returned UK Python" etc., should appear.

(c) It will be seen that the GRO requires the Post Orderly to be attached to 15 Base APO for a period not exceeding six weeks. The selection for this duty of an individual with less than six weeks to serve within the Command will prejudice speedy and accurate redirection of the unit mail. You are requested, therefore, to ensure that the representative despatched to 15 Base APO is not due for Python or Release within six weeks and is not under consideration for compassionate posting etc.

(d) It is not intended to continue redirection beyond two months from the date of disbandment and it is, therefore, imperative that you ensure that all ranks take action in accordance with para. 4 of the GRO. At the expiry of two months any correspondence still received for the old address will be returned to the sender. 406

3. Should the major portion of your unit be re-posted to another unit in the Command, you may consider it more desirable to have all mail for your present unit sent there. In that event this Directorate should be informed without delay of the unit to which your mail should be delivered and from what date. Complete nominal rolls should be made available to the new unit in order that any

To :- Land Forces Sub Comm AC
(M.M.I.A.) ROME

Enumerated below are the main problems which affect us :-

1. Families

We have 9 and everything depends on their disposal, 4 Officers, 1 W.O. and 4 ORs.

Until they are evacuated Quarters cannot be handed over and furniture, bedding etc returned.

To complicate matters, 2 are expecting to be confined after the 10 Jan. One must allow for 10 - 14 days in Hospital followed by a period of rest before they can undergo a long journey.

The question of their husbands posting is also affected as they can hardly be expected to return to an empty quarter and fend for themselves without some assistance.

In every case it would simplify things if husbands were not posted before the families were evacuated.

2. Officers Mess

At present accomodates only Capt R.E. NORTHEY REME and an M.R.E.S. R.A.F. Officer.

As far as we are concerned it can be closed as soon as Capt R.E. NORTHEY is posted, but the R.A.F. Officer will have to make other arrangements unless the R.A.F. consider that they should take over the mess.

3. Attached Troops

At present 2 R.A.F. personnel and 1 Veh. (see para above).

4. Rations

We are rationed up to end of Jan. Any postings prior to this date would leave a reserve for any rear party left.

5. P.R.I. A/c

Can be closed after 18 Jan when payment on next M.A.A.F.I. issue will be made.

6. Imprest A/c

388

Must be kept open until the end.

(a) Fresh rations are purchased for us by Italian Terr Comd's Catering Officer.

(b) Fuel is purchased.

Formations, units etc concerned will therefore ensure that any amendments to their nominal rolls are notified to GHQ not less than four clear days before the departure of the train. Any amendment occurring after this will be notified direct to Headquarters 86 Area not less than two clear days before the departure of the train. Dear Egerton

AFHQ and GHQ are beginning to consider ways and means for the closing down of our Mission. Nothing definite has been decided yet but I thought it would be as well if I gave you an idea of how things are shaping.

As you know the work of the Land Forces Sub Com, AC ceases automatically on the day on which the Peace Treaty is ratified. No one can say when that event will take place but the latest idea is that it may be somewhere about 15th March 47.

After that date the only work for this Mission will be :-

(a) Closing down files and handing them in to AC Archives,

(b) Handing over information and dossiers to the body set up to supervise the Peace Treaty,

(c) Liaison betweeb ITALIAN and ALLIED Armies in the take over by the latter of responsiblities in XIII CORPS Territory,

(d) Assistance to the ITALIAN Army in the acquisition of such amn and other eqpt as may become available as ALLIED Troops pull out.

There is no knowledge at present as to whether the ITALIAN Government will ask for a Military Mission after the Peace Treaty nor as to what the composition of such a Mission would be if asked for, but it seems probable that it would be much smaller than the present one, would be concerned mainly with technical advice and would not include BLUs.

We had expected that BLUs would continue until Ratification ('R' Day) and we had thought that we should be able to discuss details of the close down at the Conference Room in ROME at the end of January.

However we have just learnt that GHQ and AFHQ are discussing proposals with the War Office and WASHINGTON for closing down BLUs (less 4 & 5 BLU) at an earlier date and reducing the functions of this HQ at the same time to those given in (a) (b) (c) and (d) above.

4 & 5 BLUs would remain in being until a later date in order to assist in the handover in the North.

The matter is still under discussion at a high level and I am afraid that I can give no idea of when the closing down date will be.

It seems likely that a certain date will be fixed on which BLUs will cease their function of advice and assistance to the ITALIAN Army and that they will have 14 days in which to close their files and wind up their affairs after which period they must be ready to disband.

...../2

Declassified E.O. 12356 Section 3.3/NND No. 785020

I should think it very unlikely that you will be ordered to stop work before the middle of January (which would mean ready to disband at the end of the month) but, as I have said above, I have no information on the matter at all.

All orders and instructions for the implementation of your close down will be sent you when more details are known. This letter is only a warning to you that you should not count on remaining in being much longer than 1st February 47 and in order to allow you to start considering the problems of your close down.

A decision as to whether the BLU Conference will be held at the end of January will be made later.

From what I have seen on my tours and from what I have learnt from conversations with Territorial Commanders when I meet them in ROME or in their Commands I am certain that the closing down of your work will be very much regretted by the ITALIAN Army. However it has got to happen sooner or later and the fact that you will be missed is a clear proof of the usefulness of the work that you have been doing.
