HQ 59 Area

It has recently become necessary to use mosquito nets owing to the ferocity of mosquitoes in the area of billets occupied by personnel of this unit.

An indent was made sometime ago to ADCS for nets and there were promptly received.

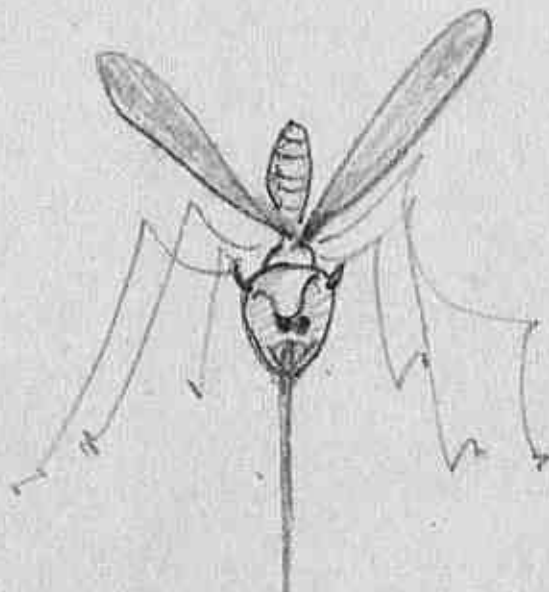

Unfortunately the type of net received by this unit are for bivouacs or persons sleeping on the floor. As all ranks of this unit have some type of bed and living indoors it has been found impossible to adjust these nets to ensure 100% immunity. Resulting from this personnel have been badly bitten.

It would be appreciated if the larger type of nets could be issued and the present ones to be returned.
