regard to civil disturbances.

DEFINITIONS

4. ITALIAN GOVERNMENT TERRITORY(IGT)

This term refers to that part of ITALY which has been returned to the Italian Government. Within this area the Italian Government is the lawful government, and is the responsible authority for the maintenance of order.

PROCEDURE

5. The Italian civil authorities have under their control the Carabinieri for the purpose of maintaining law and order. If the Italian authorities are unable to quell a disturbance with their own resources, they should call upon the local Italian Military Headquarters for the assistance of Italian tps. If no Italian tps are available, or if there is still need for additional tps, only then should they call upon the local Allied Comd for assistance.

6.(a) Upon receiving such a request the local Comd will refuse assistance, and will point out to the Italian Authorities that the quelling of civil disturbances is entirely a matter for the Italian administration.

(b) If, however, he is of the opinion that Allied Military Interests are or may be involved, assistance may be provided subject to the following:-

(i) Before rendering assistance he will warn the local Italian official making the request that the area is liable to be made fortwith into an Allied Military zone.

(ii) If time permits, the local Comd will also consult the local AC officer, and seek instructions from HQ 59 Area before the employment of tps is authorised.

3264

(iii) Comd 59 Area will inform HQ 2 District as soon as possible of any request made to him or to any subordinate comd, and the action taken thereon.

(iv) If Allied Military assistance is provided, Comd 59 Area will nominate the Comd of the tps being provided. Any Italian tps already at the scene of the disturbance will come under comd of the Allied Comd.
