Capt HEN SEWELL, SOA Base W/Shops,

1. I understand that some important Ordnance clerical work in connection with the MANTOVA Division is outstanding. I am therefore sending Sgt Green 56/10 BLU to Turin to help.

2. Sgt Green is being held back from FYTHAM for this purpose. I hope that everything possible will be done to free him for FYTHAM with the minimum delay.

3. I suggest that Capt Sewell late C.O. 56 BLU should be asked to assist with the work.

1. Stores issued to R.A. Increment.

Time elapsed since the issue was made is approximately 10 months, during this time the R.A. Increment has been disbanded and personnel have either been posted to other units or released from Military Service and this unit is not in any position to give vouchers for the stores as these stores should have been written off as ISSUED when the issue was made on the correct forms, and should not be showing them on charge after all this long time.

2. 2 Oxygen Acetylene Cylinders.

The matter of these 2 Oxygen Acetylene Cylinders is well known. DADOS 56 BLU Dump could not exchange on a 2 for 2 basis as their stocks were NIL, the unit therefore was instructed to go to the nearest 1 for 1 Exchange Depot, again no full ones were available and a receipt was given for the empty ones (this receipt will be found in ORD files retained at 2 BLU). Since that date the Regt. has been back to RIMINI on one occasion but the Storeholder at RIMINI would not countenance the receipt for empties saying that never did they take in empty cylinders except on an exchange basis. The Regt. then came to O.O. 56 BLU who immediately telephoned RIMINI and the same story was told (implying that 155 ARTY Regt never left empty cylinders for exchange without coming away with full ones). 60 Sub Area and 59 Area (MILAN) were both contacted in order to see if they had a surplus of Cylinders to help the Regt, out, they could not. It is suggested that (1) Receipt be obtained from 2 BLU office.
(2) Approach Territorial Command to issue from Italian Sources.

3. 18 Air Cylinders.

These Cylinders were handed into Magazzino Equipaggiamento, ARENZANO and NOT DADOS 56 BLU. O.O. 56 BLU gave instructions (in the presence of Sergeant Major of 155 Art. Regt) for the Magazzino to take these Cylinders for exchange to ADOS 59 AREA Dump located at Sesto S. Giovanni, MILAN. If this has not been done it is suggested that Magazzino Equipaggiamento be contacted.

4. Ref. 03/303 of 29 JAN 46 - Stores Issued to 2 NOO's.

This unit has no record of ever having a SGT. PEACOP or CPL. FRANK on it's strength. It is regretted that neither can we return the stores mentioned or give a voucher for them.

5. General.

Before 15 NOV 45 stores from ALLIED SOURCES were the concern of the British Liaison Unit to 5(MANTOVA) I.C.G. and therefore could be written off and brought on charge as NORMAL USAGE. On and after 15 NOV 45 all stores actually HELD repeat HELD in practice and not just on paper were the concern of 5(MANTOVA) I.C.G. Therefore all stores issued before 15 NOV were put against NORMAL WASTAGE. It is pointed out that at all times under authority of Chief of Staff, 5(MANTOVA) I.C.G. have been allowed to draw stores on proper Issue Notes that this was not carried out as seen from the above mentioned letters, the fault lies with the issuing units, who even now can quite simply strike them off charge and not require lengthy questions & answers.
