To: O.C. DAA & QMG
2 British Liaison Unit

We thank you very ³⁸ much for all the information contained
in your letter Q 7/1/C dd. 19/12/46

Instructions have now been issued to the purpose that all
quantities of pet, oil and lubs be marked on wk tickets in ink as
you suggests.

*agreed as suggested

O C EQPT TK,
6 S A A D

A sup of liquid held in this unit stores and previously supposed to be anti-freeze mixture has turned out to be another preparation.

In view of the cold weather now prevailing it would therefore be greatly appreciated if you could sup a sufficient qty of anti-freeze mixture to cover the needs of the 5 vehs held by this unit.

2 British Liaison Unit,
Tel: 52278
Q 7/1/C

19 Dec 46.

To:- Officer i/c Domestic MT,
6 SAAD Eght Pk.

Following enquiries into the drawing of POL by drivers of this HQ it has been found that there have been considerable thefts of petrol and oil as a result of which one civ driver has been dismissed and another heavily fined.

Among the reasons which made these thefts possible are the facts that your employees working the pet pump are in the habit of marking on the erasable driver's wk ticket the qty of petrol drawn in erasable pencil and that the word of the driver is taken if he states that the odometer is not working.

With the exception of HUMBER 4 x 4 Staff Car M 1520215 all odometers on this HQ vehicles are in working order and that on the HUMBER will shortly be repaired.

It would therefore be most appreciated if you could instruct your pet pump personnel to mark on this HQ's wk tickets in pen or indelible pencil the exact qty of petrol, oil and lube as they are issued and report any discrepancies you may notice to this HQ. It is proposed to send a rep periodically who will compare entries on this HQ wk tickets with those in your books - is this agreed?

Subject: Issues of POL from CIP.

CIP - COMINGIANO

1. It is anticipated that shortly this unit will become entirely dependant upon you for supplies of Petrol, Oil and Lubricants for its vehicles.
2. It is appreciated that, even at present, these commodities may be drawn from your COMINGIANO Depot but it is NOT intended to utilize this facility until the closing of the South African Military Petrol Point.
3. In order to safeguard the interests of this HQ once it starts drawing from your depot it would be most appreciated, if HQ Petrol, Oil or Lubricants were issued to 2 British Liaison Unit vehicles unless the driver of the vehicle submits to your operative a demand voucher as at the attached. You would then be asked to issue Petrol, Oil or Lubricants only to the quantities stated.
4. The driver of the veh would of course, still be obliged, to furnish this HQ with a copy of your voucher normally given with the issue of Petrol, Oil or Lubricants.
5. It is appreciated that this will, to a certain extent, duplicate your work, but as this HQ will soon be wholly dependant upon civilian drivers it will be seen that the precaution is necessary.
6. Please acknowledge receipt.

Q/36/2

8 Apr 46

Ref. Special ARO 487 of 5 Apr 46.

1. This unit, being a part of the Military Mission, is operationally directly under the Land Forces Sub-Commission AC (HQ MMIA).
2. The duties of the unit are to act generally in an advisory capacity to the Italian Territorial HQ of Lombardy and to carry out visits to units as necessary.
This necessitates journeys by Officers and OR's on duty for inspection or in a liaison capacity, not only within the territorial limits of the whole of Lombardy but frequently to neighbouring BLU's.
3. From time to time visits by Officers to HQ MMIA Rome for conferences or on urgent matters, have to be undertaken.
4. In view of the above, it is submitted that it is essential for the adequate functioning of the BLU that the GSO I should be authorised to approve journeys on duty outside the limits laid down in ARO 487.
It is requested that your approval for this be given.
5. As far as Recreational journeys are concerned this unit comes under local admin of your HQ and will of course conform with the order.
